R009506-011023	1/10/2023	Mike Wasyluk	islandwalkpresident@gmail.com	As we discussed, we would like to review the inspection or quality control reports for the streets in IslandWalk that were constructed by Pulte-DiVosta. We do not need them all but a representative sample would be great. You stated that the streets most recently constructed might be easily accessible to you in an electronic format. Some of the streets in the newer section would be Tantino, Borrego, Rinella and Oriago. If any of these are readily available, please forward. If you think that you could look back further, you may reference IslandWalk Circle, Tantino,Bastiano, and Corradino. Obviously, some of these go back 10-15 years. We do not need complete or total field reports. A sampling would be adequate. Hopefully, my request is not confusing or too overwhelming of a task. We thank you very much for your efforts. Please reach out to me with any additional questions. Thank you very much.	1/10/2023	Full Release

R009446-010323	1/3/2023	Cheryl Cook	citymatters58@gmail.com	Recently, I was in contact with Orange Lien Data, which contact information was provided to me by North Port. In my discussion with their representatives, I found out that they engage in title searches for the city, and that this activity has been ongoing since 2021. However, I requested, through the city, the contract with this company and received a response there were no documents. I also requested invoices and payments to this company and received the same response. Where do I go from here? If there is no contract with, no invoices received from, nor payment made to this company but they are engaged in activities - which are highly sensitive, title searches - there would be reference somewhere in the city's records. Today I requested any production required under Florida Statute 119; however, I am aware that companies are not allowed by law to contribute their services to government jurisdictions. Can you please assist me in finding out why the city is requesting title searches to be done by this company, apparently for no remuneration, and I would want whatever document or documents are available which properties have been requested by the city for title searches, which property title searches have been completed as well as those not completed by this company. Thank you, as always, for your attention to this matter. Cheryl Cook	1/10/2023	Full Release

R009237-120122	12/1/2022	Kimlyn Walker	kwalker@lobeckhanson.com	<p>Thank you for taking the time to speak with me and go over the Herron Creek development rights. As we discussed, I am requesting the following information: 1. All correspondence/agreements between the Developer and the Planning and Zoning staff that determined the 133 MF units (made up of the 48 independent units and the 85 continuing care units) where not considered Multi-family and that they could be converted from the Office General square footage. 2. Please confirm that the Planning and Zoning staff determined that the 48 independent units and the 85 continuing care units are not considered Multi-Family. Please provide the applicable Code provisions as to Multi-Family, and Assisted living facility units, including definitions. 3. As we discussed, the Table in Section 3.01 shows the approximately 4,762 sq. ft. deleted from the Retail Shopping Center square footage, using the conversion chart in the DRI Ord. to provide for the 20 additional Multi-Family units reflected in Phase IV, but it does not show the approximately 33,000 sq. ft. subtracted from the 40,000 sq. ft. of Office General to provide for the 48 independent units and the 85 continuing care units, please explain why this was not documented. Does the Department have a Master List that tracks the buildout? 4. Please confirm that the Bi-Ennial Status Report that is submitted to the Planning and Zoning Department is not presented to the City of North Port Commission and only provided to the Planning and Zoning Department for their records and review. 5. Please confirm as you stated, that the Planning and Zoning Dept. is aware that the numbers shown in the Bi-Ennial Status Report for Heron Creek (from Nov. 2018 to Oct. 2020), Exhibit A - Development Activity Summary are not accurate. 6. Please provide me with copies of each of the extensions submitted, pursuant to the Executive Orders issued in response to Covid and Hurricanes, Sec. 252.363(1)(a), Fla. Stat., that extends the current buildout date of Phase IV to November 8, 2024. 7. Please explain what the current, existing, and approved planned use are for Parcel K in the Heron Creek Community. 8. Explain how the Developer's proposed Zoning/Special Use application for Parcel K expired. Provide time line of original application and expiration date. 9. Please provide me with all communication, Developer's proposed application, staff reports, comments from staff and City Dept.'s, Development Review Committee, etc. between the Planning and Zoning staff and the Developer during that process concerning Parcel K. 10. At this time, can any Multi-Family residential units be built on Parcel K? 11. Please explain what the current, existing, approved planned uses are for Parcels D, E, and F in the Heron Creek Community. 12. At this time, can any Multi-Family residential units be built on Parcels D, E, and/or F in the Herron Creek Community? 13. Confirm that Parcels D, E, and F are in the Development Order. 14. Has there ever been any proposal submitted to the Planning and Zoning Department to consider a proposed Rezoning/Special Use for either Parcels D, E, and/or F in the Herron Creek Community? 15. As adopted in the Comprehensive Plan, please provide the long-range development and descriptions within the Pattern Book, adopted and revised in 2016 by the City of North Port for each of the following Parcels K, D, E, and F. 16. Would any change to these Parcels require an amendment to the Pattern Book?</p>		Inactive

R009141-111722	11/17/2022	Karla Jacobs-Charles	karla@altaengineerin gco.com	Good morning, I am seeking the building plans for the Coach Homes II @ Grand Paradiso Condominiums. I did attempt to locate them on-line, but it seems there is not a database for North Port that provides plans. I did however locate the addresses for each building and the permit numbers. I hope packaging it as such will assist in providing me the plans. If I am contacting the wrong party, please re-direct me. In advance, thank you. R009373-122022	12/20/2022	Dan Lobeck	dlobeck@lobeckhans on.com	All records received or generated from 08/12/22 through the date of the response to this 12/20/22 request, related to the Heron Creek Development of Regional Impact (DRI) or Heron Creek Development Orders, with all attachments and exhibits, including but not limited to all staff review comments and questions, developer responses, internal emails and memoranda, and analyses. This is not intended to duplicate my separate records request related to the Heron Creek Apartments. Also, this is to request all other emails, letters, memos and other correspondence, with attachments, to or from anyone in the Planning & Zoning Division (including but not limited to Lori Barnes, Katherine Woellner, Carl Bengel, Noah Fossick, Randy Bowling, Sam Hudson and Sherry Willette), Alaina Ray, Jerome Fletcher II, Jason Yarborough, Margaret Roberts, Amber Slayton, Michael Golen, Juliana Bellia and (to the extent in the records of the City) special counsel Jennifer Cowan concerning that matter or otherwise concerning the Heron Creek DRI or Heron Creek Development Orders. Please be sure that the records provided include the latest available -- in the past I have seen an apparent cutoff date well before even the date of the request. Pursuant to s. 119.07(1)(e) and (f), Florida Statutes, if any record is withheld or redacted, this is to request that the records custodian specifically state the basis for the specific exemption from disclosure including the exact statutory citation and state with particularity the reasons for the conclusion that the record is exempt or confidential. A general reference to the exemption being the entire Public Records Act and with no explanation of how the exemption applies does not comply with the law and is insufficient. A record which is initially identified as potentially responsive and then redacted or otherwise withheld on the basis that it is not responsive to the request is nevertheless requested regardless of the subject matter and as such is within the scope of this request. Thank you very much.		Waiting for Payment
