Utility fees related to Hurricane Ian:

Discrepancy of the motion – Starts at the 3H 10M mark -- VM White made the motion as stated in the minutes, however, when Mayor restated the motion she added delaying payment and in times of emergency and left off other words.

VM White motion (as captured in the minutes): A motion was made by Vice Mayor White, seconded by Commissioner Emrich, to allow the owner to pay the base facility charges for a maximum of five years from the date the service was abandoned to the date the service was restored.

Mayor Langdon's restated motion: A motion was made by Vice Mayor White, seconded by Commissioner Emrich, to allow the property owner to delay payment of pay the base facility charges for a maximum of five years in times of emergency ~~from the date the service was abandoned to the date the service was restored~~

Not too sure what happens in this instance because the "intent" of the motion is a combination of the two. I understand "intent" is not captured in a motion only the words!
