Subject: RE: chamber and city logo

Jonathan,

The North Port Area Chamber of Commerce (NPACC) would like to “swap” logos with the City of North Port. There would be no expectation of benefits at any events or financial obligation by either of us. We (NPACC) would list the City as a Chamber Champion, this would put the city’s logo on all communications from the Chamber office used to promote any & all events. The logo would also be placed on our Champion Banner (next year as this year’s banner has already been printed) which is displayed at all of events. In addition, all of our Chamber Champions are introduced at the beginning of each event and if a representative is present they would be acknowledged by the emcee. In exchange, we would like to have the Chambers logo listed as a sponsor for your signatures events:

Firecracker 5K
Freedom Festival
Cocoplum Paddle-A-Thon
Trick or Treat at City Hall
Tree Lighting & Poinsettia Festival
Poinsettia Parade

This is a great opportunity to show the community our partnership and commitment to each other.

Thank you

Ray Witkowski Jr / Treasure
