March 8, 2022

Hi Janet,

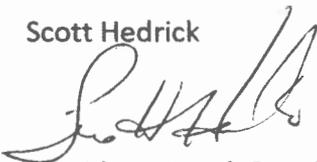

It is our intention to move forward with the rental of office B110 in the Family Services Center as proposed including internet access for a sum not to exceed \$130.00 per month. We may add the phone at a later date, but don't need it at the beginning of the term.

Please get started with the paperwork and let us know about the next steps.

Thank you for making us aware of this opportunity and please pass on our appreciation to the commissioners for making this office available for groups like ours.

Sincerely,

Scott Hedrick

President, North Port Meals on Wheels
