FUTURE LAND USE:	Activity Center (Activity Center #5)

I. BACKGROUND & PROJECT SUMMARY

On June 14, 2024, the Planning & Zoning Division received an application petitioning the City of North Port to approve a Development Master Plan Amendment to develop a second phase of a mixed-use development comprised of three, three-story buildings totaling 66 multifamily units and 7,799 square feet (SF) of commercial space (**Exhibit B**). The application was deemed sufficient on July 24, 2024, and subsequently distributed to all reviewers.

The Development Master Plan Amendment proposes to amend DMP-21-246 for "Arbor Park," to include a second phase of the project "Ekos at Arbor Park," a mixed-use development comprised of three, three story buildings totaling 66-units of affordable multi-family and 7,799 square feet of commercial space. This project is proposed on approximately 4.4 acres of land within Activity Center 5 (AC5) and zoned Planned Community Development (PCD) district.

The original Arbor Park project, DMP-21-246, which was approved by the City Commission on January 11, 2022, authorized a four-story building consisting of 136-units of affordable multifamily with accessory uses including, but not limited, to a clubhouse, fitness center, swimming pool, and leasing office. The staff report for DMP-21-246 (**Exhibit C**) includes, Exhibit B-1, which identifies phase 2, the Ekos at Arbor Park parcel, as "Potential Future Development (Non-Residential)." The proposed non-residential use called out on the approved DMP plan set was the basis upon which staff found the project consistent with the intent of the Activity Centers and the Planned Community Development zoning district and thus recommend approval of the original Arbor Park. The maximum land area percentages for development types are established in Figure 1, Standards for Activity Centers of the Comprehensive Plan Future Land Use Element (**Exhibit D**). Below are excerpts from the Comprehensive Plan Future Land Use Element Goal 2 and Section 53-102 of the Unified Land Development Code,

GOAL 2: To promote an intensive mixture of employment, goods and services, and residential uses in Activity Centers; to promote a wide variety of residential and employment alternatives; to achieve the highest standards of quality in the urban environment; and to provide a balanced and healthy tax base.

I. BACKGROUND & PROJECT SUMMARY (continued)

Section 53-102. – Intent.

The purpose of the PCD Planned Community Development District is to provide an area for **coordinated development of industrial, commercial, service, residential and government uses with a park-like setting**. The establishment of this district provides a mechanism to attract major employers to the City, which can contribute to the diversification of the economic base in a manner consistent with the City's adopted Comprehensive Plan. The PCD District **provides for a variety of uses where project components and land use relationships are physically and functionally integrated**.

...

It is the intent of these regulations to facilitate the harmonious interaction of land uses not individually provided for in other industrial, commercial, service, residential or government use districts through grouping of similar uses. These regulations are designated to protect adjacent properties from the potentially adverse impacts associated with mixed-use development and **to promote efficient and economic land use among functionally integrated activities**.

The applicant is proposing residential units for the parcel, even though the parcel was identified as potential future development – non-residential under the previously approved DMP. Because the percentage of land allocated to residential use in AC5 has been exhausted, before scheduling public hearings, staff had multiple meetings with the applicant to discuss increasing the project's balance of uses to 35% non-residential versus 65% residential of the constructed building square footage. However, the applicant declined to increase the proposed commercial square footage of the mixed-use development and provided an administrative interpretation (**Exhibit E**) issued on January 24, 2022, by the interim Planning and Zoning Manager to support the proposed residential use. The administrative interpretation references Chapter 2: Future Land Use Policy 2.25 of the Comprehensive Plan, which states that increasing the residential uses within Activity Centers is prohibited, except for projects that include loft apartments or similar mixed uses that provide low-income housing. While the project includes affordable

I. BACKGROUND & PROJECT SUMMARY (continued)

housing, the balance of uses does not reflect consistency with best practices in planning for mixed use development.

The Planning and Zoning Division's policies regarding development proposing a residential component in Activity Centers/PCD zoning districts is to seek mixed-use development with no more than 65% of the floor area as residential in order to find the project consistent with the City's regulations and offer a recommendation for approval. This policy is based on best management practices in planning for mixed-use development. In instances where the City's ULDC does not address a development requirement, the Planning and Zoning Division utilizes accepted best practices found within the planning field. This is a common practice utilized by planning departments to fill voids where local development codes are not as specific. The City of North Port updates the references to best practices to ensure the City stays up-to-date with current development types. Before the revised ULDC, the City of North Port did not have specific mixed-use development standards and used planning best practices to address proposed mixed-use development within the City.

For some context, the Urban Land Institute's Mixed-Use Development Handbook identifies three characteristics of mixed-use development that 1) provides three or more significant revenue-producing uses (retail, office, residential, civic, etc.), 2) fosters integration, density, and compatibility of land uses, and 3) creates walkable community with uninterrupted pedestrian connections. Research by Urban3, 1,000 Friends of Florida, University of Florida, and Live Wildly based on the economics of development in Florida define mixed-use development as, combining two or more land uses on one site. A classic mixed-use development type is a building with ground-floor retail spaces and apartments above.

To support the staff position, mixed-use development projects throughout the state of Florida have been utilized as examples of best practices showing comparable amounts of mixed uses as the building square footage breakdown staff has presented to the applicant of DMA-24-093:

- One West Palm, which is an 829,000 square feet project that includes 410,000 square feet of office space and a separate 200-room, 96,000 square feet hotel with

I. BACKGROUND & PROJECT SUMMARY (continued)

84 residences. The development will also feature a restaurant, indoor and outdoor tennis courts, and health club. The development has roughly 61% non-residential uses.

- Millstream at Cascades (Tallahassee, FL) is a 161-unit multifamily project with a total of 200,000 square feet with 44,247 square feet of office space, 29,553 square feet of ground-floor retail and 770-space structured parking garage. This development has roughly 37% non-residential uses.
- Florida and Oak (Tampa, FL), is a development that has 30,000 square feet of residential and 10,000 square feet of commercial and a full parking garage. This development has roughly 33% non-residential uses.

Each of the previously mentioned projects provide an example of a physically and functionally integrated development by providing around 35% non-residential uses which offer possible employment options and help counter the property tax burden placed on the residents on-site and within the city.

In 2013, Smart Growth America released, "Building Better Budgets – A National Examination of the Fiscal Benefits of Smart Growth Development," concluded that:

"Smart growth strategies can help any town or city improve its finances. The studies included in the analysis constitute more than a series of one-time successes. Other communities can use these strategies to achieve similar results.

Smart growth development costs an average of 38 percent less than conventional suburban development for upfront infrastructure. This figure is conservative, and many communities could save even more.

Smart growth development saves municipalities an average of 10 percent on ongoing delivery of services as compared to conventional suburban development. The case studies included in our analysis consistently demonstrated this reduction in costs.

And, smart growth development generates 10 times more tax revenue per acre than

I. BACKGROUND & PROJECT SUMMARY (continued)

conventional suburban development. Smart growth development's potential for lower costs and higher revenues means that many municipalities can operate smart growth development at a surplus rather than a deficit. Every community is different and not all outcomes will be the same. However, our research consistently demonstrates the financial benefits of smart growth strategies...

For example, in Sarasota, FL, a smart growth residential project required \$5.7 million in infrastructure while generating \$1.98 million in property tax revenue per year, meaning it would take three years for the project to pay back its infrastructure cost. By contrast, a comparable conventional suburban residential project required \$10 million in infrastructure while generating \$239,000 in tax revenue per year, meaning it would take 42 years to pay back the conventional suburban infrastructure cost.

...These strategies can improve public balance sheets for decades to come. With at least one-third of local government spending sensitive to the geographic patterns of development, that could amount to billions of dollars each year in savings for local governments nationwide."

A similar research paper done in 2024, used for best practices titled, "Economics of Development in Florida", by Urban3, 1,000 Friends of Florida, University of Florida, and Live Wildly, highlights very similar issues regarding balanced development. The research paper discusses how communities struggle to afford essential infrastructure along with two major findings: 1) communities of all sizes are struggling to afford essential infrastructure, and 2) balanced mixed-use developments produce more tax revenue per acre than what is needed to pay for infrastructure. This report concludes that low-density suburban development does not produce enough tax revenue per acre to pay for its infrastructure liabilities. This form of development is fiscally insolvent over the long term. It is often the most dense, walkable, areas of a community that help subsidize the areas that are not as tax productive.

Balanced development can improve fiscal sustainability, which is what the City of North Port wants to promote within its Activity Centers. When development is not capable of

I. BACKGROUND & PROJECT SUMMARY (continued)

sustaining the costs of its infrastructure, it will rely on more fiscally productive places in the City to subsidize the costs. Without enough balanced neighborhoods, the City will face higher maintenance and capital costs. With less than 20% of the city's land being zoned for non-residential and mixed uses, the land area available for these uses needs to be preserved and protected.

For these reasons staff requested the applicant increase the proposed 9% non-residential use (commercial) to a higher more sustainable percentage of 35% to receive a staff recommendation of approval for the project. The City of North Port was platted long before it was a city with any regard to sustainability. It has been up to the City as an established entity to make up for the disproportionate zoning and land uses over the years through best practices updates to the City's Comprehensive Plan and ULDC.

II. MODIFICATION OF REGULATIONS

Through the Development Master Plan process, applicants may request modifications of regulations in accordance with ULDC Sec. 53-118. The applicant is requesting one (1) modification with their Development Master Plan Amendment.

Applicant's Request & Justification:

We are officially requesting a waiver to provide one lane of travel with parking on both sides in front of Building 1 between the building and W. Price Blvd. in an effort to save a heritage tree and allow additional parking in front of Building 1.

Staff Analysis and Recommendation:

Per an email exchange with the former Planning & Zoning Manager, Hank Flores, staff agreed to the modification request to allow the additional parking in an effort save a heritage tree on-site.

III. STAFF REVIEW

The following staff reviews are required for all Development Master Plan Amendment submittals prior to hearings held by the Planning and Zoning Advisory Board and City

III. STAFF REVIEW (continued)

Commission:

- Sufficiency review to verify all materials have been provided prior to review by Staff.
- Pre-Application meeting with the Staff Development Review (“SDR”) team.
- Formal submittal (and any requisite Resubmittals) and approval by SDR.
- Fiscal Impact Analysis (See Section VI).

IV. CONDITIONS & SAFEGUARDS

All reviews by Staff check for consistency with the Comprehensive Plan and the Unified Land Development Code (See Section VI), as well as any other applicable regulatory documents (i.e., Florida Statutes). For this proposed development, Staff reviewed for conformance with the Urban Design Standards Pattern Book.

The following table details all relevant reviewers and if they have conditions for future submittals. Fire/Rescue, Planning & Zoning, and Utilities have such conditions.

Staff Development Review	
Finance	No Objection
Fire/Rescue	Meets Requirements with Conditions
NDS/Planning & Zoning	Does Not Meet Requirements
NDS/Building-Arborist	No Objection
NDS/Building-Structural	No Objection
Parks & Recreation	No Objection
PW/Engineering-Infrastructure	No Objection
PW/Engineering-Stormwater	No Objection
PW/Solid Waste	No Objection
PW-PZ/Environmental	No Objection
Utilities	Meets Requirements with Conditions

After review, Staff has deemed the Development Master Plan Amendment has met requirements with the following conditions to be met with future submittals:

Planning and Zoning—

1. Require that the mixed-use development be composed of not less than 35 percent of the total building square footage for nonresidential use as long as the 65 percent residential.

IV. CONDITIONS & SAFEGUARDS (continued)

Fire/Rescue—

2. All proposed project or development shall comply with the Florida Fire Prevention Code (FFPC), 8th Edition (NFPA 1 – Fire Code, 2021 Edition with State of Florida Amendments) and the City of North Port Unified Land Development Code (ULDC), Chapters 37 and 60 as outlined prior to formal submittal. Emergency Access Plans (EAP) for Fire Apparatus Access must be submitted for review and approval prior to commencement of all new construction as outlined in FFPC, 8th Edition (NFPA-1 Fire Code, 2021 Edition), § 1:18.1.3 and § 60-10(A-C) of the ULDC.
3. Maintain Fire Department Access during construction and no combustible products or materials are to be delivered or placed on site until fire hydrants are installed, tested, certified, placed in service, approved by the City of North Port Utilities, and meet the requirements outlined in §60-10 of the ULDC.

Utilities—

4. Before FDEP permits will be signed, North Port Utilities requires the following:
 - a. Four complete sets of DEP permit applications (water and sewer) and four sets of construction plans both sets of items shall be signed and sealed by the engineer of record.
 - b. One engineer certified (sealed) estimate for the cost of utility construction.
 - c. A check for the Utility Construction Inspection Fee. The fee shall be 6.5% of the utility construction costs for projects \$0 to \$2 million, plus 2.5% of utility construction cost over \$2 million. The minimum fee is \$250.00.
5. Prior to commencement of utility site construction, three copies of shop Drawings plus any copies required by the applicant shall be submitted to the Utilities Department for review and approval.
6. Irrigation systems shall be designed and constructed to meet reuse standards.
7. Prior to utility site construction the Development Order, Department of Environmental Protection Permit, and Development of Health Permit shall be posted at the project site and provided at the preconstruction meeting.
8. A developer agreement shall be negotiated with the utility department and approved by the Utilities Director and City Staff prior to DEP or DOH permits and released.

V. DATA & ANALYSIS

Staff has reviewed the proposed Development Master Plan Amendment for consistency with the City's Comprehensive Plan, the Unified Land Development Code ("ULDC"), and

V. DATA & ANALYSIS (CONTINUED)

the Urban Design Standards Pattern Book (UDSPB).

COMPREHENSIVE PLAN

Future Land Use Element Goal 1

“Ensure that the character and location of land uses maximize the potential for economic benefit and the enjoyment of natural and man-made resources by citizens while minimizing the threat to health, safety and welfare posed by hazards, nuisances, incompatible land uses, and environmental degradation.”

Staff Response: The Development Master Plan Amendment proposes 76,840 SF of affordable residential and 7,799 SF of commercial space. This proposed development not only removes 4.42 acres of potential non-residential development from the City, but the proposed commercial use is also short of the City’s minimum expectations of mixed-use. Taking into considerations the required setbacks and 50% max lot coverage, the parcel has approximately 94,668 buildable square footage. A variety of non-residential uses could be developed on the proposed parcel that could be more economically beneficial than residential uses.

The approval of a residential development with minimal non-residential would significantly reduce the potential for increased ad-valorem tax revenue and job creation.

Staff concludes that the Development Master Plan Amendment is NOT consistent with Future Land Use Element Goal 1.

COMPREHENSIVE PLAN

Future Land Use Element Objective 1

Future development activities shall continue to be directed in appropriate areas as depicted on the Future Land Use Map and shall encourage the use of innovative land development regulations, consistent with sound planning principles, minimal natural limitations, the goals, objectives, and policies contained

V. DATA & ANALYSIS (CONTINUED)

within this plan, and the community character.

Staff Response: The Future Land Use (FLU) for the proposed site is Activity Center. Activity Center FLU allows industrial, commercial, professional office, residential, public and recreational uses. When petition DMA-24-093 was submitted, the allotted 4% high density residential and 4% medium density residential per the City's Comprehensive Plan (**Exhibit D**) was exhausted. The proposed project does provide 7,799 SF of commercial, which as previously indicated, falls short of the characteristic percentage mix necessary to yield a staff recommendation for approval.

Staff concludes that the Development Master Plan Amendment is NOT consistent with Future Land Use Element Objective 1.

COMPREHENSIVE PLAN

Future Land Uses Element

Goal 2

To promote an intensive mixture of employment, goods and services, and residential uses in Activity Centers; to promote a wide variety of residential and employment alternatives; to achieve the highest standards of quality in the urban environment; and to provide a balanced and healthy tax base.

Staff Response: The proposed project is not proposing enough non-residential area to provide an intensive mixture of uses to make a significant contribution to employment, goods, or services for the area. The proposed 7,799 SF makes up only 10% of the overall proposed building square footage. As proposed, job creation will be minimal, as will the impact on the tax base as compared to a more balanced mixed-use development.

V. DATA & ANALYSIS (CONTINUED)

Staff concludes that the Development Master Plan Amendment is NOT consistent with Future Land Use Element Goal 2

COMPREHENSIVE PLAN

Future Land Use Element Policy 2.1, Figure 1 & 2.2.5

Policy 2.1, Figure 1: Standards for Activity Centers shall be as shown in Figure 1. The densities and intensities established in Figure 1 for Activity Centers shall not be altered except by amendment of this Comprehensive Plan or as allowed in this Comprehensive Plan (excluding bonuses, incentives or transfer of development rights). The percentage figures in Figure 1 are intended to be used as guidelines and to reflect the desired land use mixture at build-out to achieve an economically feasible development pattern relative to taxes received and services provided. The City shall monitor every two years the development activity within the Activity Centers. If the percentages in Figure 1 are not being implemented, the City shall consider changing the percentage or amending the Unified Land Development Code to require the percentage mix.

Activity Center 5

Low Density Residential: 0% (0 acres)

Medium Density Residential: 4% (26.96 acres)

High Density Residential: 4% (26.96 acres)

Professional Office: 13% (87.62 acres)

Commercial: 44% (296.57 acres)

Industrial: 31% (208.95 acres)

Policy 2.25: Due to the fiscal importance of Activity Centers to the City's overall financial sustainability the geographic size of the Activity Centers shall not be decreased. In addition, any change of land use in the Activity Centers that does not further the financial sustainability of the City shall be prohibited. Land use changes for more residential use than is already permitted within the Activity Centers shall be prohibited, with the exception

V. DATA & ANALYSIS (CONTINUED)

of projects that include loft apartments or similar mixed uses that provide low-income housing.

Staff Response: The City's Comprehensive Plan identifies the percentages of land area authorized for various uses within, AC5. The total residential acreage 8% (53.92 acres). The total acreage is divided into 4% (26.96 acres) of medium density residential and 4% (26.96 acres) of high density residential. All of the AC5 allocated residential land area has been utilized by other constructed (or entitled) residential development. While the proposed project does not reduce the land area of Activity Centers, as disallowed by Policy 2.25, the project configuration does not meet the intent of the Activity Center future land use district or the PCD zoning district. While this policy speaks to the allowance of loft apartments or similar mixed-use development where other increases in residential are prohibited, the policy does not absolve the developer from complying with all other applicable provision of the City's Comprehensive Plan and ULDC.

Staff concludes that the Development Master Plan Amendment is NOT consistent with Future Land Use Element Policy 2.1, Figure 1 & Policy 2.25.

COMPREHENSIVE PLAN

Recreation and Open Space Objective 6

All new residential development within the City shall be required to continue to provide for their proportionate fair share of recreation areas via the impact fee ordinance and through the identification and development of open space necessary to accommodate the recreational needs of residents of such developments.

Staff Response: If the proposed DMA is approved the project will move forward to major site and development plan (MAS) review. As part of the MAS review, the project plans must show

V. DATA & ANALYSIS (CONTINUED)

compliance with the requirement for 30% of the total gross residential acreage as usable open space, per ULDC Sec. 53-106.B.1.

Staff concludes that the Development Master Plan Amendment is consistent with Recreation and Open Space Objective 6.

COMPREHENSIVE PLAN

Housing Element Objective 1

To provide a variety of housing types and affordability levels to accommodate the present and future housing needs of North Port residents.

Staff Response: The DMA is proposing 66 affordable housing units. The City of North Port is primarily developed as stand-alone single-family housing units. Single-family housing has shown to be more costly than multifamily options for individuals regarding maintaining the property, and to the municipality in which it is located who provides the public services to the parcel. Having a multi-family affordable housing project within the City does allow for more opportunities for new families, or those who wish to scale down.

Staff concludes that the Development Master Plan Amendment is consistent with Housing Element Objective 1.

COMPREHENSIVE PLAN

Housing Element Policy 1.7

Accommodate the production of a diversity of type and price of housing through the land use and zoning process to encourage a broad range of housing opportunities, including single/multi-family, owner/rental, and permanent/seasonal, to meet the community's residential and economic needs.

V. DATA & ANALYSIS (CONTINUED)

Staff Response: The proposed project will contribute to diversified housing types within AC5 by providing affordable housing based on area median income (AMI). According to the Sarasota Housing Authority in 2024 the AMI for Sarasota County is as follows:

- 30% of AMI: \$21,150 for a family of one and \$31,200 for a family of four
- 50% of AMI: \$35,200 for a family of one and \$50,250 for a family of four
- 80% of AMI: \$56,300 for a family of one and \$80,400 for a family of four

The proposed project contemplates a range of affordable of units based as follows:

- 30% of AMI: 12 units (18%)
- 60% of AMI: 18 units (27%)
- 70% of AMI: 36 units (55%)

Staff concludes that the Development Master Plan Amendment is consistent with Housing Element Policy 1.7.

COMPREHENSIVE PLAN

Housing Element Policy 2.6

Encourage the dispersal of affordable housing throughout the City with a preference for such housing in areas accessible by transit and in close proximity to local services and employment.

Staff Response: The proposed site for this affordable housing project is a continuation of the 136-unit affordable housing project adjacent to the site. The location of the affordable housing project is directly on W Price Blvd, which is an arterial road with the closest public transit stop location is roughly 3 miles away being North Port City Hall at Kramer Way via Breeze Route 9. However, the proposed project is located within the Breeze on Demand service area. The parcel's location within AC5 is between 400-1,000 feet from Publix, Walgreens, Aldi,

V. DATA & ANALYSIS (CONTINUED)

restaurants and other services offered at Price Crossings and other businesses at the northwest intersection of Toledo Blade Blvd and W. Price Blvd.

Staff concludes that the Development Master Plan Amendment is consistent with Housing Element Policy 2.6.

UNIFIED LAND DEVELOPMENT CODE

ULDC Sec. 53-103. – Permitted principal uses and structures

- A. Any development located within an Activity Center which is located within a Planned Community Development (PCD) shall be regulated by this section, Chapter 55, Activity Center Design Regulations, and the Urban Design Standards Pattern Book.

Chapter 55 – Activity Center Design Regulations, Article V.- Midway (Activity Center #5), ULDC Sec. 55-36.— Permitted principal uses.

- B. Permitted uses are as follows:
- (8) Childcare
 - (19) General office
 - (41) Retail sales and service

Staff Response: All uses have not been determined for this development at this time. However, of the uses that have been identified by the applicant (childcare, office, and retail) are permitted. All tenants will be required to complete certain building permits that will determine if the uses are allowed.

Staff concludes that the Development Master Plan Amendment is consistent with ULDC Sec. 53-103 and ULDC Sec. 55-36.

UNIFIED LAND DEVELOPMENT CODE

ULDC Sec. 53-106.—Minimum lot requirement

- A. Each lot or parcel of land proposed for uses as non-residential within the PCD District shall have a minimum land

V. DATA & ANALYSIS (CONTINUED)

area of at least one-half (1/2) acre as proposed in the Development Master Plan.

...

(2) Each lot or parcel of land within a Planned Community Development (PCD) District proposed for use as non-residential shall have a minimum frontage of one hundred (100) feet on an approved public or private street.

Staff Response: The proposed development totals 4.43 acres. The parcel exceeds the one-half (1/2) acre minimum land area. Additionally, the parcel frontage exceeds the requirement.

Staff concludes that the Development Master Plan Amendment is consistent with ULDC Sec. 53-106.

UNIFIED LAND DEVELOPMENT CODE

Site Development requirements—

ULDC Sec. 53-107.—Maximum lot coverage.

A...(3) Group 3, Commercial General (Activity Centers, CG, NC): Fifty percent (50%).

Group 4, Residential (RSF, RTF, RMF): Fifty percent (50%)

ULDC Sec. 53-109.—Minimum setback requirements.

A. Minimum setback requirements shall be as follows, unless otherwise modified in the Development Master Plan:

Group 3 – Commercial General (Activity Centers, CG, NC)
... Front Yards (feet): 0 ... Side Yards (feet): 0 ... Rear Yards (feet): 20.

Group 4 – Residential (RSF, RTF, RMF) ... Front Yards (feet): 25 ... Side Yards (feet):10 ... Rear Yard (feet):10

ULDC Sec. 53-110.—Maximum building height.

No buildings or structures in any land uses group within a PCD District shall exceed a maximum height of seventy (70)

V. DATA & ANALYSIS (CONTINUED)

feet, unless otherwise modified in the Development Master Plan.

Staff Response: The proposed development plans reflect the following site data—

- Lot coverage is 1.94 acres, or 43.8%
- All building setbacks meet the minimum requirements.
- The structures proposed will not exceed seventy (70) feet in height.

Staff concludes that the Development Master Plan Amendment is consistent with ULDC Sec. 53-107, Sec. 53-109, and Sec. 53-110.

UNIFIED LAND DEVELOPMENT CODE

ULDC Sec. 53-113.—General development regulations.

A. Perimeter buffer area ... Areas to be classified as Planned Community Development shall maintain a minimum buffer area of forty (40) feet measured from the property line ... This buffer shall only apply to the perimeter which abuts existing single-family recorded lots or drainage area.

...

B. Open space ... A minimum of thirty percent (30%) open space shall be required for the entire area unless modified by the DMP.

Staff Response: The proposed development does not abut single-family recorded lots or a drainage area; thus, no perimeter buffer was required. The development does provide 1.42 acres of open space which is 31.1% of the total area.

Staff concludes that the Development Master Plan Amendment is consistent with ULDC Sec. 53-113.

VI. RECOMMENDED MOTIONS

PLANNING AND ZONING ADVISORY BOARD—

The Planning and Zoning Division recommends that the Planning & Zoning Advisory Board recommend denial of DMA-24-093 and motion as follows”

I move to recommend denial of Petition No. DMA-24-093 and find that, based on the competent substantial evidence:

[Select one or more WITH SUPPORTING REASONS:]

1. The proposed Development Master plan **IS NOT** specifically adapted and designed for the uses anticipated, including but not limited to lot configuration, access, and internal circulation.
2. The Proposed Development Master Plan **DOES NOT COMPLY** with the City of North Port Comprehensive Plan, the zoning regulations, and other sections of the Unified Land Development Code and other laws, ordinances, and regulations.

[Include the section reference, as applicable]

CITY COMMISSION—

The City Commission deny DMA-24-093 and motion as follows:

I move to deny Petition No. DMA-24-093 and find that, based on the competent substantial evidence:

I. BACKGROUND

Chris Shear, representative of MHP FL X LLLP, affiliate of McDowell Housing Partners, LLC, has formally submitted a Development Master Plan application to the City of North Port to develop a ± 13.76 acre site into a 136-unit affordable multifamily development. The applicant proposes a 4-story building with accessory uses including, but not limited to, a clubhouse, fitness center, swimming pool, and leasing office. The development is located south of West Price Blvd, west of South Toledo Blade Blvd, and east of Citizen's Parkway. The parcel is zoned Planned Community Development (PCD) and has a future land use of Activity Center. The subject parcel is located in Activity Center 5—Midway. The proposed high density residential land use as shown within this project is permitted within Activity Center 5—Midway.

II. REQUESTED WAIVERS

Pursuant to ULDC Sec.53-118-Modifications of regulations., the Commission may approve waivers to regulations during the Development Master Plan hearing process. The applicant is not requesting any waivers from the ULDC.

III. NEIGHBORHOOD MEETING

Pursuant to Section 53-5.E. of the Unified Land Development Code, the applicant held a neighborhood meeting on November 17, 2021 at 6:30 PM at the Morgan Family Community Center. The meeting documents, including public notice, are attached as **Exhibit C**.

IV. STAFF REVIEW (continued)

The following staff reviews are required for all Development Master Plan submittals prior to hearings held by the Planning and Zoning Advisory Board and City Commission:

- Pre-Application meeting with the Staff Development Review (SDR) team
- Formal Submittal/Resubmittal to be reviewed and approved by SDR
- Review for consistency with the Comprehensive Plan and the Unified Land Development Code (See Section V)
- Fiscal Impact Analysis (See Section IV)

The conditions from Fire Rescue, PW—Solid Waste, and PW—Stormwater/Environmental have been addressed with Final Plans. Conditions from North Port Utilities will be required with future submittals and are listed in Section VI of this staff report.

V. DATA & ANALYSIS

Staff has reviewed the proposed Development Master Plan for consistency with the City's Comprehensive Plan and Unified Land Development Code (ULDC).

COMPREHENSIVE PLAN

Housing Development, Housing Element, Policy 1.7

To promote the preservation and development of high-quality, balanced, and diverse housing options for persons of all income levels throughout the City of North Port.

Staff Findings: This project is proposing to construct a 136-unit affordable multifamily development with amenities that will serve current and future residents of North Port. The project fills a current market gap in the City for affordable housing.

Staff concludes that the proposed Development Master Plan is consistent with Housing Element Policy 1.7.

Activity Centers, Future Land Use, Policy 2.5.1

This Activity Center shall be established to provide for commercial uses, residential densities, motels and industrial uses.

Staff Findings: This project proposes affordable high density residential multifamily development which is greatly needed within the City and will provide more of a mix of uses to Activity Center 5.

Staff concludes that the proposed Development Master Plan is consistent with Housing Element Policy 2.6.

Low Income Housing, Housing Element, Policy 2.6

To encourage the dispersal of affordable housing through the City with a preference for such housing in areas accessible by transit and in close proximity to local services and employment.

Staff Findings: The proposed development is located within Activity Center 5 with a mix of local services. The site is in proximity to neighboring Activity Center 4 which hosts a multitude of employment opportunities due to the mix of industrial, manufacturing, and commercial/office businesses permitted.

V. DATA & ANALYSIS (continued)	
COMPREHENSIVE PLAN	<p>Staff concludes that the proposed Development Master Plan is consistent with Housing Element Policy 2.6.</p>
ULDC	<p>Chapter 53-Zoning Regulations, Part 1.-General Provisions, Section 53-7.-Development Master Plan Submission</p> <p>A Development Master Plan (DMP) is required on this site pursuant to ULDC Sec. 53-6.A. as it is located in an Activity Center. ULDC Sec. 53-7. outlines the submission requirements for the DMP along with the submittal and approval process.</p> <p><u>Staff Findings:</u> A complete application packet was submitted to the Planning & Zoning Division of Neighborhood Development Services in accordance with ULDC Sec.53-7.C. in August 2021. The Planning & Zoning Division reviewed the application in accordance with ULDC Sec.53-7.D. and E.</p> <p>Staff concludes that the proposed Development Master Plan is consistent with this section.</p> <p>Chapter 53-Zoning Regulations, Part 1.-General Provisions, Section 53-102.-Intent.</p> <p>It is the intent of the Planned Community Development (PCD) zoning district to provide for an area for coordinated development of industrial, commercial, service, residential, and government uses.</p> <p><u>Staff Findings:</u> This Development Master Plan is proposing a 136-unit multifamily development to be constructed within Activity Center 5—Midway. This new development has the opportunity to help create a stronger mix of land uses within the Activity Center by complimenting the non-residential developments. This development also has the potential to answer the increased housing demand in the Activity Center and City of North Port.</p> <p>Staff concludes that the proposed Development Master Plan is consistent with this section.</p>
FISCAL IMPACT ANALYSIS	<p>Staff performed a fiscal impact analysis of the proposed Development Master Plan. The results of the fiscal analysis are just a rough estimate based on the assumptions staff made and input into the City's fiscal analysis model (NPFAM). The model assesses operating revenue and expenses to the City from new developments. It employs a modified per capita, "average cost" approach to determine fiscal impacts (Exhibit D).</p> <p><u>Staff Findings:</u></p> <p>Using the above assumptions, the model estimates that the project will operate at a surplus of \$95,943.00 through the first 5-year period, and continues to increase over time. The total surplus over years 1-30 is \$2,222,456.00. This indicates the project overall would be an economic benefit to the City.</p>

RE: Neighborhood Meeting - Project Name: Arbor Park
Application No.: DMP 21-246

Dear Property Owner:

Please be advised that a formal application has been submitted to the City of North Port seeking approval of a Development Master Plan for the following property:

1191 W Price Blvd., North Port, FL, 34288
At the intersection of W Price Blvd & Citizens Pkwy

The applicant, MHP FL X LLLP, affiliate of McDowell Housing Partners, LLC. is asking the City of North Port to approve the application to allow development of Arbor Park, a 136-unit multi-family apartment development on the above-described property.

In compliance with the Unified Land Development Code requirements, a Neighborhood Meeting will be held to provide you an opportunity to learn more about our development intentions and to give you an opportunity to provide input as to the form of development.

The Neighborhood Meeting will be held on November 17, 2021 at 6.30 pm at

MORGAN FAMILY COMMUNITY CENTER
6207 West Price Boulevard
North Port, FL 34291

At this meeting the applicant will make every effort to illustrate how the property will be developed and to answer any questions. Should you have any questions prior to meeting, please contact me at dlopez@mcddhousing.com.

Sincerely,

A handwritten signature in blue ink, appearing to read "Daniel M. Lopez".

Daniel M. Lopez
Sr. Development Manager

DEPARTMENT OF NEIGHBORHOOD DEVELOPMENT SERVICES
PLANNING AND ZONING DIVISION
DIRECTOR'S ADMINISTRATIVE INTERPRETATION

File No. PZ2022-000X
Date Issued: January 24, 2022
Subject: Residential land use restrictions for affordable housing developments in Activity Centers.
Code References: City of North Port Comprehensive Plan; Adopted June 27, 2017; Chapter 2: Future Land Use Policy 2.24. (Page 2-19)
City of North Port Unified Land Development Code: Sections 55-15, 55-20, 55-31, 55-36, 55-41, 55-50, 55-56, and 55-61
Zoning Designation: PCD – Planned Community Development; (Within Activity Centers) RMF-Residential Multi-Family

Background:

City staff have received several inquiries concerning the feasibility of affordable housing developments. The specific question is how does the permitted residential use allocation for Activity Centers apply to affordable housing units? It is important that the provisions of the City of North Port Unified Land Development Code (ULDC) are read collectively with the provisions of the policies and goals of the Comprehensive Plan. This interpretation relies on existing criteria in the City of North Port's Ordinances and the State of Florida's regulations.

Findings of Fact:

City of North Port Comprehensive plan; Adopted June 27, 2017; Chapter 2: Future Land Use Policy 2.24. (Page 2-19) "Due to the fiscal importance of Activity Centers to the City's overall financial sustainability the geographic size of the Activity Centers shall not be decreased. In addition, any change of land use in the Activity Centers that does not further the financial sustainability of the City shall be prohibited. Land use changes for more residential use than is already permitted within the Activity Centers shall be prohibited, with the exception of projects that include loft apartments or similar mixed uses that provide low-income housing."

Analysis:

There are provisions included in the ULDC governing the land use mix in Activity Centers, specifically limiting the quantity of residential uses within the Activity Centers. These limitations are included in ULDC Sections 55-15, 55-20, 55-31, 55-36, 55-41, 55-50, 55-56, and 55-61.

Policy 2.24 (Page 2-19) of the City's Comprehensive Plan, outlined above, excludes uses providing low-income housing from these limits within the ULDC. It states land use changes for more residential than is already permitted within the Comprehensive Plan and ULDC are prohibited other than projects with low income housing.

Exhibit E for DMA-24-093

Therefore, an affordable housing project that is located within an Activity Center that has reached its residential limit may exceed that limit.

Conclusion:

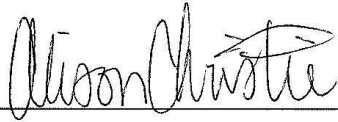

1. The intent of Future Land Use Policy 2.24, is to allow the development of low-income housing within Activity Centers regardless of the existing land use mix.
2. The intent of Future Land Use Policy 2.24 is only to allow residential use to exceed the land use matrix already permitted within the Activity Centers, if the residential units provided are affordable housing units.

Decision:

Affordable Housing is permitted to exceed the existing permitted residential land use allotment provided in the City of North Port Unified Land Development Code: Sections 55-15, 55-20, 55-31, 55-36, 55-41, 55-50, 55-56, and 55-61.

Affordable Housing Units within the residential land use allotment provided within the City of North Port Unified Land Development Code: Sections 55-15, 55-20, 55-31, 55-36, 55-41, 55-50, 55-56, and 55-61 will still count against the permitted residential land use allotment.
