CONTRACT NO. 2023-19 JEFFERY LAKE SEA WALL & SIDEWALK RECONSTRUCTION

- G. Laws and Regulations. Violation of any local, state, or federal law in the performance of this Contract constitutes a breach of this Contract. The Contractor must comply with all laws, ordinances, rules, regulations, and orders of all public authorities relating to the performance of the work required. - C. Timing of Payments; Retainage. The City will not make payments to the Contractor more frequently than monthly. Payment must be based on the total value of the work completed and accepted during the preceding month, less five percent (5%) retainage. The City must inform the Contractor's surety of any reduction in retainage. Retainage may be reduced upon issuance of the Certificate of substantial completion by the City if, in the sole opinion of the City, sufficient progress on the schedule has been accomplished, all required affidavits have been provided, and the City has retained adequate coverage for the project through the achievement of Final Completion.
- D. Final Payment. The Contractor's submittal for final payment must include the Contractor affidavit, final waiver and release of lien for all subcontractors, materialmen and suppliers, warranty of work, and consent of surety in the forms acceptable to the City. - A. Generally. The work performed must be completed within the Contract Time.
- B. Amount. The City and the Contractor agree that the City will suffer damages if the work is not substantially completed within the Contract Time, plus any extensions allowed by Change Order(s). The parties further agree determining the exact value of the City's damages due to a delay in the substantial completion of the work would be a difficult, time consuming, and costly process. The parties agree that it is in their mutual interest to establish a figure of **ONETHOUSAND ONE HUNDRED NINETY-SEVEN DOLLARS and NO CENTS (\$1,197.00)** as liquidated damages (but not as a penalty) to be paid by the Contractor to the City for each calendar day that substantial completion is delayed beyond the Contract Time.
- C. Adjustments prohibited. The parties agree that neither will make any claim to increase or reduce the amount to be paid under liquidated damages as the result of any calculation of actual damages the City suffered as the result of delay in the substantial completion of the work.

7. BOND REQUIREMENTS.

- A. Performance and Payment Bond. The Contractor must provide a performance and payment bond in the form prescribed in Florida Statutes Section 255.05, in the amount of one hundred percent (100%) of the Contract Price, the costs of which are to be paid by the Contractor. The Contractor is free to purchase additional insurance as it may determine necessary. The extent of the Contractor's liability for indemnity of the City must not be limited by insurance coverage or lack thereof, or unreasonably delayed for any reason, including but not limited to, insurance coverage disputes between the Contractor and its carrier.

The City has no obligation under any circumstance to make any payment to the Contractor for services that have not been performed or that are performed after the termination date.

The parties acknowledge and agree that the financial obligations of the City in this Contract, or any subsequent contract entered into or referenced when the City is a party, are subject to the provisions of Florida Statutes Section 166.241, as amended, regardless of whether a particular obligation has been expressly so conditioned. Since funds are appropriated annually by the City Commission on a fiscal year basis, the City's legal liability for the payment of any costs must not arise unless and until appropriations for the costs are approved for the applicable fiscal year by the City Commission; nor will liability arise if a request for the appropriations is excluded from the budget approved by the City Commission. Notwithstanding the foregoing, no Commissioner, officer, employee, director, member or other natural person or agent of the City will have any personal liability in connection with a breach of the provisions of this Section or in the event of a default by the City under this Section. This

The Contractor may terminate this Contract only in the event of the City failing to pay the Contractor's properly documented and submitted payment request within ninety (90) calendar days of the approval by the City's Administrative Agent, or if the project is suspended by the City for a period greater than ninety (90) calendar days.
- E. Court Proceedings. The City Manager or designee reserves the right to terminate this Contract in the event the Contractor is placed in either voluntary or involuntary bankruptcy, a receiver is appointed for the Contractor, or an assignment is made for the benefit of creditors.
- F. Breach. In the event the Contractor is in breach of this Contract, the City must provide written notice of the breach and the Contractor will have ten (10) calendar days to cure, calculated from the date the Contractor receives the notice. If the Contractor fails to cure within the ten (10) calendar days, the City Manager or designee may immediately terminate the Contract and/or refuse to make any additional payment, in whole or in part, and may demand the return of a portion or the entire amount previously paid to the Contractor due to:

 ** Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 (\$16.20) or 13658 (\$12.15). Please see the Note at the top of the wage determination for more information.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after

award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the

wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.
