ITB 17-0606 Fire Equipment-Parts-Supplies-Service

It is the vendor's responsibility to ensure their receipt of all addenda, and to clearly acknowledge all addenda within their initial bid or proposal response. This addendum does not change the date for receipt of bids or proposals.

Questions concerning this solicitation are due December 2, 2016. The purpose of this addendum is address an inquiry received.

A vendor asked about the re-procurement costs mentioned in Sections 1.10, 1.11, and 3.27 of the ITB. The County reserves the right to charge a vendor re-procurement costs when the original awardee defaults in the performance of their contract, and the County is forced to obtain the goods or services from another higher priced vendor through re-procurement. This is standard language in the County's solicitations and is an option available to the County to try and recoup some of the losses associated with re-procurement.

The intent of this particular solicitation (ITB 17-0606) is to establish a pool of contracted vendors to cover the County's needs for various goods and services utilized by the Public Safety and Fleet Management Departments. Re-procurement would not normally occur for this type of solicitation because there are usually multiple sources available to meet our needs.
