RE: CONTRACT NO. 2018-01 EMERGENCY MEDICAL SUPPLIES AND EQUIPMENT

To Whom It May Concern:

Bound Tree would like to move forward with the renewal of the above contract for the renewal period of October 1, 2019 through September 30, 2020. Prior to the renewal going into effect, it is vital to discuss price increases.

We have received notification of price increases from multiple manufactures that recently took effect. These were nationwide increases, not just increases for Bound Tree. There are multiple items on the contract effected by these increases. We are writing to request that our contract prices be amended to reflect the manufacturer increases.

There were also a few items from the original contract that have since been discontinued. We are asking that the discontinued items be removed from the contract. In place of those discontinued items, we have provided a list of potential substitutes with proposed pricing. If you are willing to add these substitutes to the contract at the price provided in place of the discontinued items, your approval is required.

Please let me know on or before July 31, 2019 if this request is approved or not approved. No changes in pricing will occur on the bid without your approval. Please review the additional sheets attached for current pricing and increases associated with this contract.

To the extent the pricing is not acceptable, Bound Tree Medical is willing to remove such product off the contract during the applied renewal period of October 1, 2019 through September 30, 2020.
