A motion was made by Commissioner Yates, seconded by Vice-Mayor DiFranco, to read Ordinance No. 2016-13 by title only. The motion carried by the following vote:

Yes: 5 - Mayor Moore, Vice-Mayor DiFranco, Commissioner Cook, Commissioner Jones and Commissioner Yates

City Clerk Raimbeau read Ordinance No. 2016-13 into the record by title only, after which City Manager Lewis introduced Neighborhood Development Services Director Williams who provided an overview of the legislation. There was no public comment.

Questions ensued: (1) staff has not reviewed the document for conflicts between the recommendation by the Planning & Zoning Advisory Board and the recommendation proposed in the Staff Report for the agenda item; (2) staff maintained that the document reflects Commission direction, but is open to additional modifications; (3) Director Williams stated the Planning & Zoning Advisory Board's recommended verbiage attempted to clarify that the minimum hedge height be set at seven-feet.

A motion was made by Commissioner Yates, to continue Ordinance No. 2016-13 to the July 12, 2016 Commission Regular meeting for second reading, with a revision to (b)(i), (on page 12) to state: "Berms plus hedges on top of berm shall be at minimum seven-feet from the natural grade." The motion failed for lack of a second.

Subsequent to a request, clarification provided that the intent of the previous motion was to provide continuity between paragraphs (i) and (ii) setting a minimum height of seven-feet.

A motion was made by Commissioner Cook, seconded by Vice-Mayor DiFranco, to continue Ordinance No. 2016-13 to the July 12, 2016 Commission Regular Meeting for second reading.

Discussion ensued: (1) after a request for a point of information, it was stated that the motion would not include the recommendations of the Planning & Zoning Advisory Board, which would change paragraphs (i) and (ii) to mirror each other; (2) Commissioner Cook supported the original motion but did not support adding the verbiage in the amendment.

A motion was made by Commissioner Yates, seconded by Mayor Moore, to amend Section (b)(i) to mirror the changes proposed in (b)(ii). The motion carried

by the following vote with Commissioner Cook dissenting for reasons stated:

Yes: 4 - Mayor Moore, Vice-Mayor DiFranco, Commissioner Jones and Commissioner Yates

No: 1 - Commissioner Cook

Yes: 5 - Mayor Moore, Vice-Mayor DiFranco, Commissioner Cook, Commissioner Jones and Commissioner Yates

7. RESOLUTIONS

16-0362

Resolution No. 2016-R-15, directing the City Manager to temporarily suspend enforcement of the Unified Land Development Code, parking and storage of certain vehicles Section 25-19(F) and (H) and (J) as it pertains to Boats on a licensed Vehicle parked on a driveway or side yard, providing for certain conditions, providing for severability; and providing for an effective date.

City Clerk Raimbeau read Resolution No. 2016-R-15 into the record by title only and Commissioner Yates presented an overview of the proposed legislation. Public comment was held.

Questions and discussion ensued: (1) City Attorney Moriarty stated that the verbiage of Section 1 may indicate that parked boats could impinge on the right-of-way or on the adjacent sidewalk, however, there may be other City Codes, etc., that address prohibition of that issue; (2) City Attorney Moriarty confirmed that under this Resolution, enforcement is suspended for boats blocking the right-of-way or blocking a sidewalk; (3) City Attorney Moriarty recommended omitting "under the following conditions" from the introductory paragraph in Section 1, and replace with "except for the following conditions"; (4) confirmation was provided that the proposed Resolution was reviewed by the City Manager, City Attorney and the Neighborhood Services Director; (5) Commissioner Cook suggested to direct the City Attorney to write a Resolution, simplifying the language to suspend Code Enforcement regarding boats in the driveway but if proposed, would support a moratorium on citations for boats parked in driveways; (6) Vice-Mayor DiFranco opined that the proposed legislation is more complicated than is necessary; it is an attempt to change City Code; and the phrase "under the following conditions" obscures the interpretation of whether or not the conditions will be enforced; (7) Mayor Moore stated the proposed Resolution is too complicated and she will not support it.

A motion was made by Commissioner Yates; seconded by Vice-Mayor DiFranco, to approve Resolution No. 2016-R-15. The motion failed with Mayor Moore; Vice-Mayor DiFranco and Commissioner Cook dissenting for reasons previously stated:

Yes: 2 - Commissioner Jones and Commissioner Yates

meeting is scheduled for August 27, 2016

A motion was made by Vice-Mayor DiFranco, seconded by Commissioner Cook, to approve a moratorium to suspend enforcement of current Codes in reference to boats in the driveway and directing the City Attorney to bring back a Resolution to that effect. The motion carried by the following vote:

Following a concern, City Clerk Raimbeau cited Exhibit A in the backup material that listed the parameters of members who serve on the Community Economic Development Advisory Board and affirmed that the applicant was currently employed in the healthcare sector.

Commissioner Cook opposed the application because the appointee should be a healthcare provider, voiced concern that two of the applicant's references are in Ft. Myers, and preferred to wait for an applicant with parameters more closely tied to the medical field.

A motion was made by Commissioner Yates, seconded by Vice-Mayor DiFranco,

to appoint Ms. Dana McCalley to the Community Economic Development Advisory Board as the Medical/Healthcare Representative. The motion carried by the following vote with Commissioner Cook dissenting for reasons previously stated:

- F.** [16-0360](#) Discussion and possible action regarding a Certificate of Need for a Hospital.

Prior to an introduction to the agenda item and subsequent to a point of information, City Attorney Moriarty confirmed that this agenda item is considered a new petition and it is within the rights of the non-prevailing side to bring it forward for discussion.

Vice-Mayor DiFranco provided a review of the Commission's previous discussions to submit a Certificate of Need (CON) to the Agency for Health Care Administration (AHCA) for permission to locate a hospital in North Port, and stated that in view of AHCA's recent decision on June 3, 2016 to decline Sarasota Memorial Hospital's application for a Certificate of Need (CON) for the Venice area, North Port has another opportunity to pursue a CON. Public comment was held.

Questions and discussion ensued: (1) after a request, clarification was provided that no new players have expressed commitments to North Port but supportive talk has been circulating; (2) the current lack of density of physicians in North Port is a negative

element; (3) through Commission discussion, ideas may stand out to help staff narrow the field and develop a procurement process to find people to help the City in the endeavor; (4) following an inquiry, City Manager Lewis stated that a task force or committee could be implemented, with experts on board, to facilitate the process of obtaining a hospital in North Port; (5) the City Manager would assign the liaison after the Commission defines the scope of work, and clarified that the taskforce shall be Commission-authorized and enabled with specific task end dates to formulate a plan within a defined period of time; (6) a Commission Workshop will be scheduled to refine the goals and objectives; and then establish the taskforce at a Commission Regular meeting.

G. [16-0358](#) Manasota League of Cities Event

Commissioner Yates presented an overview of the Candidate Forum for Senate District 23 hosted by the Manasota League of Cities on July 19, 2016 in the Commission Chambers of the City of Sarasota. Public comment was held.

Questions ensued: (1) it was reported that the resident concerns to be forwarded to the Senate candidates were gathered from conversations and meetings with constituents as each Commissioner meets with them; (2) other cities are doing this exercise; (3) the last time the Manasota League of Cities hosted a forum event was in 2014.

Discussion ensued: (1) the role of the Manasota League of Cities was briefly explained; (2) it was suggested to submit to the Forum, questions regarding: [a] eliminating the CON process; [b] the utilities relocation issue.

A motion was made by Commissioner Cook, seconded by Vice-Mayor DiFranco, to continue this discussion item regarding the Manasota League of Cities Event to the next Commission Regular Meeting, to allow Commissioners to gather questions and concerns from the community to provide to Commissioner Yates to forward to the Candidate Forum for Senate District 23. The motion failed by the following vote with Mayor Moore, Commissioner Jones and Yates dissenting. No reasons were stated for dissenting:

Yes: 2 - Vice-Mayor DiFranco and Commissioner Cook

No: 3 - Mayor Moore, Commissioner Jones and Commissioner Yates

Commissioner Cook opined that there is no reason for the Commissioners, as lobbyists, to put forth something that is of interest to the Commission body; that the CON is an extremely important issue; favored placing the CON on a regular meeting as a discussion item; and the Commission as lobbyists have no right to speak for the people without asking them what they want to ask the Senate candidates.

A motion was made by Commissioner Yates, seconded by Commissioner Jones, for the City Commission to submit a question to the Senate Candidate Forum regarding the elimination of the Certificate of Need (CON) process. The motion carried by the following vote with Commissioner Cook dissenting for reasons previously stated:

Yes: 4 - Mayor Moore, Vice-Mayor DiFranco, Commissioner Jones and Commissioner Yates

City Manager Lewis introduced the agenda item and requested direction to rename a roadway to honor the service of former Commissioner Rue S. Berryman. An Ordinance will need to be prepared to delineate the steps involved in the process of renaming or ceremoniously naming a street. Options were presented to the Commission regarding the potential streets to consider: (1) to change the name of North Main Street in front of City Hall and between the two roundabouts, to Rue Berryman Street; (2) to rename the City Center Green to Rue Berryman Community Green; (3) to continue the process of formally renaming Greenwood Avenue; (4) install a ceremonial sign above the current Greenwood Avenue sign. There was no public comment.

Commissioner Cook did not support renaming any streets after people due to the precedence being set; due to the diverse interests of residents; and stated it is inappropriate to rename streets based on what five people decide what is important.

A motion was made by Commissioner Jones, seconded by Vice-Mayor DiFranco, to rename North Main Street to Rue Berryman Street. The motion carried by the following vote with Commissioner Cook dissenting for reasons state:

Yes: 4 - Mayor Moore, Vice-Mayor DiFranco, Commissioner Jones and Commissioner Yates

No: 1 - Commissioner Cook

9. PUBLIC COMMENT:

Public comment was held 2:33 p.m. -- 2:39 p.m.

10. SCHEDULING OF WORKSHOPS:

After Commissioner Yates requested a Workshop regarding food trucks, discussion ensued: (1) Commissioner Cook stated it will have a negative effect on local people who establish their business in a building; it does not generate the impression of unity; the place for food trucks is not in the City of North Port; and it is not the appropriate time for this dialog; (2) Vice-Mayor DiFranco opposed the request due to no suitable places to park the vehicles; North Port does not have a downtown area like some of the big cities that can support food trucks; it will intrude on the profit margin of the commercial food vendor already located at Warm Mineral Springs; future commissions may determine the issue when North Port becomes a large city.

A motion was made by Commissioner Yates, seconded by Mayor Moore, to approve scheduling a Commission Workshop to discuss the City regulations regarding food trucks. The motion failed by the following vote with Vice-Mayor DiFranco, Commissioner Cook and Commissioner Jones dissenting. Vice-Mayor DiFranco and Commissioner Cook provided reasons for dissenting above.
