Why do you desire to serve on the above Board/Committee? Please list any relative experience, if applicable.

I aspire to go into politics and I believe that by serving on the above Board and Committees I will develop both the political professionalism and etiquette to become a successful politician. Additionally, I am under the belief that before I can successfully represent my constituency I need to understand the issues and grievances of my constituency. I see my term and accomplishments as a Board or Committee member as mutually beneficial in improving the lives of the citizens of North Port and by developing a deeper connection between myself and the committee. Notwithstanding my passion for numbers and mathematics, I believe that I have displayed a tremendous work ethics by handling five jobs over last summer where I was working 80 to 100 hours a week. I am motivated to keep busy, to do great work, and to ensure the prosperity and happiness of the people I am appointed or elected to represent and manage. I have interned and worked for US Congressmen, Florida State Congressmen, Florida Judges, Florida State Attorneys, and Florida Political Campaigns which have given me first hand knowledge on communication, policy management, and constituency. I have no doubt that I possess both the relevant experience and work ethic to contribute to the Board and Committee if I am appointed.
