The maintenance duties include but are not limited to the inspection of the bridges, resurfacing and repainting of the bridges, the making of any structural or cosmetic repairs, repairs related to erosion around or under the structure, or any other work resulting from the use of the bridges. The City retains the right to close or restrict access to the bridges if a hazard is identified, until such repairs or remedies be made to eliminate the hazard(s).

5.3 Waiver of Liability. The City shall not be liable for any damages or injuries resulting from accessing, utilizing, or performing maintenance on the bridges or within the ditch right of way.

ARTICLE 6: DEVELOPMENT PERMITS

6.1 Required Permits.

The Developer or Seller, as applicable, must obtain the City's approval of the following development permits:

- (a) Master Concept Plan (if applicable)
- (b) Site Development Plan and Infrastructure Plan
- (c) Preliminary Subdivision Plat (if applicable)
- (d) Final Plat (if applicable)
- (e) Public Art Review for each individual site within the development (only if applicable).
- (f) Building Permits as per the Florida Building Code

6.2 Regulatory Compliance.

- (a) Failure of this Agreement to address a particular permit, condition, term, or restriction will not relieve the developer of the necessity of complying with the appropriate law governing said permitting requirements, conditions, terms, or restrictions.
- (b) The City's laws and policies governing the development of the land at the time of the execution of the development agreement shall govern the development of the land for the duration of the development agreement or as otherwise determined by the City pursuant to the procedures of Florida Statutes Section 163.3233.

ARTICLE 7: ANNUAL REPORT AND REVIEW

7.1 City Annual Review.

The City of North Port will conduct an annual compliance review to determine if the Developer has demonstrated good faith compliance with the terms of the Agreement. If the City finds, based on competent, substantial evidence, that there has been a failure to comply with the terms of the Agreement, the Agreement may be terminated or modified by the local government. If Developer refuses the City's modification pursuant to this section, the City may terminate the Agreement.

7.2 Annual Report.

(a) The City shall prepare an Annual Report, which shall include:

- (1) Any changes in the plan of development, or in the representations contained in the development agreement, or in the phasing for the reporting year and for the next year;
- (2) A summary comparison of development activity proposed and actually developed; and
- (3) The identification of undeveloped tracts of land, other than individual single-family lots, that have been sold to a separate entity or developer.

ARTICLE 8: CHANGES TO AGREEMENT

- 8.1 Amendment or Cancellation.** The Agreement may be amended or canceled by mutual written consent of the Parties or by their respective successors in interest. Following Developer's acquisition of the Property, no consent of Seller will be required as to any amendment of this Agreement. A party or its designated successor in interest to this Agreement and the City may amend or cancel this Agreement without securing the consent of other parcel owners whose property was originally subject to this Agreement. Any amendment or cancellation of this Agreement shall be recorded in the Official Records of Sarasota County, Florida.
- 8.2 Modification or revocation.** If state or federal laws are enacted after the execution of the Agreement which are applicable to and preclude the Parties' compliance with the terms of the Agreement, the Agreement shall be modified or revoked as is necessary to comply with local or state law.
- 8.3 Public Hearings.** Before the amendment or cancellation of this Agreement, public hearings are required in accordance with Florida Statutes Section 163.3225 and the ULDC.

ARTICLE 9: REMEDIES AND ENFORCEMENT

9.1 Remedies.

- (a) In the event of a default or breach of the terms of this Agreement, the City may avail itself of every remedy specifically given to it now existing at law or in equity, and every remedy must be in addition to every other remedy so specifically given or otherwise so existing and may be exercised from time to time and as often and in the order as may be deemed expedient by the City. The exercise, or the beginning of the exercise, of one remedy must not be deemed to be a waiver of the right to exercise, at the same time or thereafter, any other remedy. The City's rights and remedies as set forth in this Contract are not exclusive and are in addition to any other rights and remedies available to it in law or in equity.
- (b) Developer shall have a five (5) day grace period before a failure to make payment as required under this Agreement shall constitute an event of default. Developer shall be assessed a five percent (5%) late fee to be calculated on any delinquent payment if made after the expiration of the five (5) day grace period. In the event of Developer's failure to make timely payment as set forth herein and upon the expiration of the five (5) day grace period, the City shall, prior to declaring an event of default, provide Developer with written notice of the City's intent to declare an event of default. Upon such notice, should Developer be in default of any provision of this Agreement, and fail to cure the default upon proper notice, the City has the right to deny issuance

of any building permits, certificate of occupancies or approval of any FDEP permits for utility construction associated with the project. Developer shall have an additional twenty (20) days from the date Developer receives the City's written notice within which to make the specified payment.

- (c) Should Developer fail to cure a default upon its receipt of proper notices, the City may undertake the appropriate legal actions it deems necessary to enforce its right and remedies as provided under this Agreement and Florida law.
- (d) The City and Developer agree that in the event of an uncured default by Developer resulting in termination of this Agreement, the City may suffer damages in the amount of Developer's proportionate share of the capital investment, if any, the City has made in constructing the City's water and wastewater system made available to serve Developer, including but not limited to the debt service on bonds or other financing instruments issued for that purpose. For purposes of calculating damages related to the City's capital investment in the water and wastewater system, if the City has made any such capital investment, the City and Developer agree that such damages shall be valued at \$132.73 per year per reserved but unconnected water ERC and at \$111.82 per year per reserved but unconnected wastewater ERC, and that Developer shall be liable to the City, as liquidated damages, and not as a penalty, for three (3) years of such damages. This liquidated damages amount shall pertain only to the City's damages related to its capital investment in its water and wastewater system, and shall be in addition to the City's damages related to unpaid capacity fees, unpaid guaranteed revenues and associated late fees.
- (e) In addition to its other remedies, should Developer be in default of any provision of this Agreement, and fail to cure the default upon proper notice, the City has the right to deny issuance of certificate of occupancies or approval of any FDEP permits for utility construction associated with the project.

ARTICLE 10: DISCLAIMERS, LIMITATIONS ON LIABILITY; AVAILABLE REMEDIES

- 10.1** The parties deem each other to be independent contractors and not agents of the other.
- 10.2** Developer shall indemnify the City, its respective agents, commissioners and employees, from and against any and all claims, liability, demands, damages, expenses, fees, fines, penalties, suits, proceedings, actions and fees, including reasonable attorney's fees, for injury (including death) to persons or damage to property or property rights that may arise from or be related to acts, errors, or omissions of Developer, its agents, employees, servants, licensees, invitees, or contractors or by any person under the control or direction of Developer, or by Developer's connection to and use of the City's system, and Developer shall indemnify and hold harmless the City as aforesaid from all liability, claims and all other items above mentioned, arising or growing out of or connected with any default, breach, violation or nonperformance by Developer of any covenant, condition, agreement or provision contained in this Agreement concerning all or any part of the City's system. Should Developer fail for any reason to indemnify and hold harmless the City, the City shall have the right to enforce the terms of this Agreement by placing a lien against the Property, but excluding lots subsequently sold to third party end users, upon which this Agreement runs, and the City shall be entitled to recover interest at the highest lawful rate on the lien and shall be entitled to foreclose and enforce the

lien and recover costs and fees in connection with the foreclosure of the lien or enforce this Agreement in any other manner allowed by law, including termination of service. Such indemnification shall include costs for physical repair of the City's system. This indemnification provision includes claims made by any employees of Developer against the City, and Developer hereby waives its entitlement, if any, to immunity under section 440.11, Florida Statutes. Nothing contained in this contract, and specifically this provision requiring Developer to indemnify the City, is intended to nor shall it be construed as an additional waiver of sovereign immunity by City beyond the City's expressed written contractual obligations contained within this contract, nor shall it be construed as a waiver of any defenses or limitations to any claims, including those based on the doctrine of sovereign immunity or section 768.28, Florida Statutes. The obligations contained in this paragraph shall survive the termination of this Agreement, however terminated and shall not be limited by the amount of any insurance required to be obtained or maintained under this Agreement.

- 10.3** In no event shall the City have any liability for any indirect, incidental, special, consequential or punitive damages, however caused and on whatever theory of liability, arising out of this agreement, including, but not limited to, loss of anticipated profits or business interruption, even if the City has been advised of the possibility of such damages; and
- 10.4** Developer's remedies against the City for the City's failure to perform its obligations under this agreement, if not excused on the basis of a force majeure event or as otherwise provided in this agreement, shall be limited to specific performance, injunction or other equitable relief.

ARTICLE 11: DISCLAIMER OF THIRD PARTY BENEFICIARIES

- 11.1** This Agreement is solely for the benefit of and shall be binding upon the formal parties hereto and their respective authorized successors and assigns, and no right or cause of action shall accrue upon or by reason hereof, to or for the benefit of any third party not a party to this Agreement, including, but not limited to, members of the general public residing in the City, or an authorized successor or assignee thereof.

ARTICLE 12: SURVIVAL OF COVENANTS

- 12.1** The rights, privileges, obligations, and covenants of Developer and the City shall survive the completion of work of Developer with respect to completing the water and wastewater facilities and services to any phase area and to the Property as a whole.

ARTICLE 13: FORCE MAJEURE

13.1 Force Majeure Provisions.

(a) Should performance of any obligation (other than payment obligations) created under this Agreement become illegal or impossible by reason of:

- (1) A strike or work stoppage, unless caused by a negligent act or omission of any party;
- (2) An act of God, tornado, hurricane, flood, sinkhole, fire, explosion, landslide, earthquake, epidemic, pandemic, quarantine, pestilence, or extremely abnormal and excessively inclement weather;

- (3) An act of a public enemy, act of war, terrorism, effect of nuclear radiation, blockage, insurrection, riot, civil disturbance, state of martial law, or national or international calamity;
- (4) A declared emergency of the federal, state, or local government; or
- (5) Any other cause not enumerated that is beyond the reasonable control of the non-performing party;

then the performance of any such obligation is suspended during the period of, and only to the extent of, such prevention or hindrance, provided the affected party provides notice of the event of *force majeure* as provided by Section 13.1(b) below, and exercises all reasonable diligence to remedy its inability to perform and eliminate the cause of the *force majeure*.

- (b) The non-performing party shall provide written notice within five (5) calendar days of the event of *force majeure*, describing the event in sufficient detail, including but not limited to: the nature of the occurrence, a good faith estimate of the duration of the delay, proof of how the event has precluded the non-performing party from performing, and the means and methods for correcting the delay; and continues to furnish timely reports of all actions required for it to commence or resume performance of its obligations under this Agreement.
- (c) Failure or delay of performance by either party due to a force majeure event shall not be deemed a breach of this Agreement, and neither party shall have the right to terminate this Agreement on account of non-performance of the other party based on a force majeure event
- (d) Furthermore, any temporary cessation or interruption of water and/or sewer services to the Property by the City resulting from necessary maintenance work, breakdown of, or damages to, machinery, pumps or pipelines shall not constitute a breach of this Agreement by the City nor shall it impose liability upon the City by Developer, its successors or assigns.
- (e) The excuse of performance shall be no greater in scope or duration than required by the event of *force majeure*.
- (f) No obligations of either party that arose before the *force majeure* are excused as a result of the event of *force majeure*.
- (g) Economic hardship of a party does not constitute an event of *force majeure*. A party must not be excused from performance due to forces that it could have reasonably prevented, removed, or remediated prior to, during, or immediately after their occurrence.
- (h) The non-performing party's affected obligations under this Contract will be temporarily suspended during, but not longer than, the continuance of the event of *force majeure* and a reasonable time thereafter as may be required to commence or resume performance of its obligations. Notwithstanding the above, performance will not be excused under this Section for a period exceeding two (2) consecutive months, provided that in extenuating circumstances, the City may excuse performance for a longer term.
- (i) The term of this Contract will be extended by a period equal to that during which the non-performing party's performance is suspended under this Section.

ARTICLE 14: DISCLAIMER OF SECURITY

Notwithstanding any other provision of this Agreement, Developer expressly acknowledges (1) that it has no pledge of or lien upon any real property (including, specifically, the City's system), any personal property, or any existing or future revenue source of the City (including, specifically, any revenue or rates, fees, or charges collected by the City in connection with the City system) as security for any amounts of money payable by the City under this Agreement; and (2) that its rights to any payments or credits under this Agreement are subordinate to the rights of all holders of any stocks, bonds, or notes of the City, whether currently outstanding or hereafter issued.
