R006501-111621	11/16/2021	Cheryl Cook	citymatters58@gmail.com	During the time of strife for former city clerk Adkins in 2018, an agenda item was presented by Miss Debbie McDowell to address issues with Ms. Adkins. You included a very small portion of an email you received from me wherein I included an attachment of a public records request of mine that was over a year old at that time and had still not been produced. In your part of the agenda item, you did not identify that it was I who supplied the dated public records request that had still not been produced but, again, you utilized a portion of my email to you during discussion of Miss Debbie's agenda item. I am requesting a copy of the email with the attachment I sent to you as well as any response to me or anyone else by you. Thank you	11/19/2021	Full Release

R006316-100421	10/4/2021	Cheryl Cook	citymatters58@gmail.com	Thankyou for your quick response. Unfortunately, I don't see the link that you refer to where I can find policies. In the same vein, recently I asked City Attorney Slayton why electeds were shouting out from the dais during public meetings names and personal information of citizens who had not participated in or otherwise identified themselves during these public meetings. Ms. Slayton was forthright enough to respond that "it is a longstanding 'policy'" to which I responded that it was surely not a policy when I was in office, which ended in November 2016. Can you either provide me with the policy Ms. Slayton referred to or, better yet, refer me to where I can find ALL policies, written and unwritten, of the city, and include the history of the policy? Thank you again for your diligence.	10/4/2021	Full Release

Also, this is to request, again subsequent to those previously provided, all other emails, letters, memos and other correspondence, with attachments, to or from anyone in the Planning Department, Jerome Fletcher II, Jason Yarborough, Margaret Roberts, Amber Slayton, Michael Golen, Juliana Bellia and (to the extent in the records of the City) special counsel Jennifer Cowan concerning that matter or otherwise concerning the Heron Creek DRI or the Heron Creek Development Order. This includes but is not limited to any supplemental information or argument provided by the Heron Creek Developer regarding whether a Comprehensive Plan amendment is needed to develop multifamily residences on Heron Creek Parcel K and any emails or other records to or from City Attorney Amber Slayton on that subject. Pursuant to s. 119.07(1)(e) and (f), Florida Statutes, if any record is withheld or redacted, this is to request that the records custodian specifically state the basis for the specific exemption from disclosure including the exact statutory citation and state with particularity the reasons for the conclusion that the record is exempt or confidential. A general reference to the exemption being the entire Public Records Act and with no explanation of how the exemption applies does not comply with the law and is insufficient. A record which is initially identified as potentially responsive and then redacted or otherwise withheld on the basis that it is not responsive to the request is nevertheless requested regardless of the subject matter and as such is within the scope of this request. This is not intended to duplicate my separate records request for Building Department records in that matter on this same date, which may also reach back to prior to the dates just recited. Also, this is to request all other emails, letters, memos and other correspondence, with attachments, to or from anyone in the Planning Department, Jerome Fletcher II, Jason Yarborough, Margaret Roberts, Amber Slayton, Michael Golen, Juliana Bellia and (to the extent in the records of the City) special counsel Jennifer Cowan concerning that matter or otherwise concerning the Heron Creek DRI or the Heron Creek Development Order. Pursuant to s. 119.07(1)(e) and (f), Florida Statutes, if any record is withheld or redacted, this is to request that the records custodian specifically state the basis for the specific exemption from disclosure including the exact statutory citation and state with particularity the reasons for the conclusion that the record is exempt or confidential. A general reference to the exemption being the entire Public Records Act and with no explanation of how the exemption applies does not comply with the law and is insufficient. A record which is initially identified as potentially responsive and then redacted or otherwise withheld on the basis that it is not responsive to the request is nevertheless requested regardless of the subject matter and as such is within the scope of this request. Thank you very much."	12/20/2021	Full Release

R006740-011222	1/12/2022	Cheryl Cook	citymatters58@gmail.com	Via email from requestor: Several months ago, I wrote the below email to you. Can I please substitute the word "practice" for "policy" throughout the request. Where can I find all practices instead of policies as mentioned in the below email. Thank you Source: PUBLIC RECORDS REQUEST of October 04, 2021., Reference # R006316-100421 "Thankyou for your quick response. Unfortunately, I don't see the link that you refer to where I can find policies. In the same vein, recently I asked City Attorney Slayton why electeds were shouting out from the dais during public meetings names and personal information of citizens who had not participated in or otherwise identified themselves during these public meetings. Ms. Slayton was forthright enough to respond that "it is a longstanding 'policy'" to which I responded that it was surely not a policy when I was in office, which ended in November 2016. Can you either provide me with the (practice) Ms. Slayton referred to or, better yet, refer me to where I can find ALL (practices), written and unwritten, of the city, and include the history of the (practice)? Thank you again for your diligence."	1/12/2022	No Records Exist
