PROJECT:	4555 Belladonna Avenue, vacation of the platted rear 10-foot utility and drainage easements, VAC-24-174
REQUEST:	The applicant is requesting a vacation of the platted rear 10-foot utility and drainage easements
APPLICANT:	William and Jamie Swartz (Exhibit A, Affidavit)
OWNERS:	William and Jamie Swartz (Exhibit A, Warranty Deed)
LOCATION:	0956-14-3831
PROPERTY SIZE:	± 0.92 acres
ZONING:	Residential, Low (R-1)

I. BACKGROUND

On October 2, 2024, the Planning & Zoning Division received an application petitioning the City of North Port to grant a vacation for the platted rear 10-foot utility and drainage easements located on Lots 11, 12, 31, and 32 Block 1438 of the 29th Addition to the Port Charlotte Subdivision. The purpose of this vacation request is to construct an in-ground swimming pool. The area to be vacated encompasses approximately 2,960 square feet. The subject property is zoned Residential, Low (R-1) with a Future Land Use designation of Low Density Residential. The four lots have been combined into a single building lot through a Unity of Title (ORI# 2024122081). This application was submitted before the adoption of the new Unified Land Development Code (ULDC) on October 28, 2024. Consequently, the vacation request was reviewed in accordance with the provisions of the 2010 ULDC.

II. PROJECT SUMMARY

William and Jamie Swartz are requesting a vacation of the rear platted 10-foot utility and drainage easements totaling $\pm 2,960$ square feet on Lots 11, 12, 31 and 32 to allow for construction of an inground swimming pool. The proposed pool must adhere to all relevant setback and impervious surface coverage regulations as specified in the Unified Land Development Code. These requirements will be assessed during the submission of the Certificate of Zoning Compliance, which is necessary before applying for a building permit.

Figure 1. Area of easement to be vacated.

III. REVIEW PROCESS

The following agencies have reviewed the request to vacate the platted 10-foot rear utility and drainage easements and, through written response, have granted their approval or approval with conditions. (**Exhibit B- Notification to Utility agencies and responses**).

Utility Review Summary	
Agency	Response
Amerigas	None
Comcast/Truernet Communications	Approved
Florida Power and Light	Approved
Frontier	Approved
North Port Fire/Rescue	Approved
North Port Public Works	Approved
North Port Utilities	Approved
The Development Services Department's standard practice is to consider an easement vacation uncontested if the Utility Agency does not respond within 10 days of notification.	

Conclusion

Based on the responses received, the request to vacate the 10-foot rear utility and drainage easements meets the following:

1. It is a vacation of public easements.
2. The easements are not needed to provide City service to any property.
3. No public utilities or City facilities are located or planned to be located in the areas.
4. The easements are not necessary to any logical extension of public utility service, sanitary sewer service, drainage or other City services to any property in the future, or an alternate and equally acceptable easement of such extension has been dedicated to the City.

Legal Review

The City Attorney has reviewed the accompanying Resolution 2025-R-13 as to form and correctness.

IV. DATA AND ANALYSIS

2024 Florida Statutes Chapter 177

Chapter 177 of the Florida Statutes provides requirements that regulate and control the platting of lands. Furthermore, Chapter 177.101 of the Florida Statutes lists the actions needed in making an application for vacation of plats either in whole or in part. The individual requesting a vacation of plat must give notice of their intention to apply to the governing body to vacate the plat by publishing a legal notice in a newspaper of general circulation in the county in which the tract or parcel of land is located, in not less than two weekly issues of said paper, and must attach to the petition for vacation the proof of said publication, together with proof that taxes have been paid.

Findings & Conclusion: The warranty deed provided to the City as a part of the application established that the applicant owns the fee simple title of the subject property. Based on staff review (detailed as a part of Section III of this document), as well as the due-diligence correspondence with Utility agencies, it is determined that this vacation of the platted utility and drainage easements does not affect the ownership or right of convenient access of persons owning any other parts of the subdivision. The property owners filed a notice of intent to petition the City of North Port to vacate the utility and drainage maintenance easements by publishing a legal notice in the North Port Sun newspaper for two consecutive weeks. **(Exhibit C—Notice of Intent)**. Additionally, the applicants provided to the City of North Port Planning and Zoning Division, an application to request a vacation of platted utility and drainage easement, a Publisher's Affidavit, certification that taxes have been paid, and all other requisite documents **(Exhibit D— Certification that all applicable taxes have been paid)**.

ULDC CHAPTER 53 Zoning Regulations

The Unified Land Development Code (ULDC) contains regulations that govern the development and land use within the incorporated area of the City of North Port, Florida. Chapter 53 of the ULDC, Part 4. Administrative Provisions, Article XXVIII. Administration and Enforcement, Sec. 53-267.D. allows for a vacation of platted easements provided that platted easements shall be vacated in accordance with Florida Statutes Chapter 177.

Findings & Conclusion: Staff reviewed the Petition VAC-24-174 relative to ULDC Chapter 53 Zoning Regulations. Pursuant to the provisions in Florida Statutes Chapter 177.101, the property owners did file a notice of intent to apply to the City of North Port Planning & Zoning Division for two weekly issues. Additionally, the applicants provided to the City of North Port Planning and Zoning Division, an application to request a vacation of the platted utility and drainage easements, a Publisher's Affidavit, certification that taxes have been paid, and all requisite documents.

The primary intent of the platted 10-foot rear utility and drainage easements is to ensure that sufficient area is reserved along the rear of parcels to provide proper drainage flow and access for the utility companies. The vacation of the easements will not harm public welfare. There were no objections from any utilities agency during their review period.

Staff concludes that the proposed Petition VAC-24-174 is consistent with Chapter 53 of the ULDC.
