

Loveland Center™

Equality Through Opportunity.

5/7/20

City of North Port,

The Loveland Center is interested in renting Suite A in the Family Services Center. This would be in addition to the current space we already rent. Both suites will be rented at \$9.50 per square foot.

With the additional space, The Loveland Center would like to make some modifications and will follow building and permitting rules.

Please let us know how soon we can make this happen.
