R017525-061026	6/10/2026	Stephanie Gibson	citywatchnorthportfl@outlook.com	<p>I am writing in follow-up to Public Records Request No. R17505, in which I requested all communications between the International City/County Management Association (ICMA) and City Manager Jerome Fletcher, or any City staff, pertaining to the ethics complaint I filed against City Manager Fletcher in connection with the "Do Not Engage" poster referencing Commissioner Duval ("Postergate"). The City's production in response to that request is facially incomplete. The documents produced consist of: (1) a single-paragraph closure notice from ICMA addressed to the undersigned; (2) emails from the undersigned to City Commissioners; and (3) internal City emails authored by City Manager Fletcher announcing the Florida Commission on Ethics dismissal. Conspicuously absent from the production is any communication between City Manager Fletcher – or any City staff – and ICMA regarding the complaint. The omission of these records is not plausible. ICMA's published process for complaints filed with its Committee on Professional Conduct (CPC) requires, at minimum, that the respondent be notified of the complaint and afforded an opportunity to respond. City Manager Fletcher holds the ICMA-CM credential and was the named respondent. The following records therefore necessarily exist and are subject to disclosure:</p> <ul style="list-style-type: none"> • ICMA's written notification to City Manager Fletcher that a complaint had been filed against him; • Any written response, statement, or documentation submitted by City Manager Fletcher or any City staff to ICMA in connection with the complaint; • Any follow-up correspondence, inquiries, or requests for information from ICMA to City Manager Fletcher or City staff; • Any closure or disposition notice sent by ICMA to City Manager Fletcher (as distinct from the closure notice sent to the undersigned complainant); • Any other correspondence between ICMA and City Manager Fletcher or City staff related to the complaint. <p>Please be advised that under Florida law, a public record is defined broadly as any material made or received in connection with the transaction of official business, regardless of the physical form, device, or account used to create or transmit it. See §§ 119.011(12) and 119.07(1), Fla. Stat. City Manager Fletcher's communications with ICMA regarding a formal ethics complaint about his conduct as City Manager constitute official business. These records are public records subject to disclosure whether they were created or transmitted via city-issued email, a personal email account, a personal device, or any other medium. Accordingly, I hereby request that the City:</p> <ol style="list-style-type: none"> 1. Conduct a supplemental search for all responsive records, including any records maintained on personal email accounts or personal devices used by City Manager Fletcher or any City staff in connection with ICMA communications regarding this complaint; 2. Produce all responsive records not previously produced; and 3. If any responsive records are being withheld, identify each such record and state the specific statutory exemption claimed, as required by § 119.07(1)(f), Fla. Stat. Florida law requires that public records requests be fulfilled promptly. § 119.07(1)(a), Fla. Stat. Please treat this letter as a formal demand for supplemental production. If I do not receive a substantive response within five (5) business days, I will consider all available remedies, including referral to the Florida Attorney General's Government-in-the-Sunshine hotline and civil enforcement under § 119.11, Fla. Stat. Thank you for your prompt attention to this matter. <p>Than myou, Stephanie Gibson City Watch North Port FL CityWatchNorthPortFL@outlook.com</p>		Assigned

I believe the project number is '2025-43', but I could be mistaken. If so, please use the project name and date to lookup the responsive documents. We specifically request the line-item bid tabulation showing each material, quantity, unit, and unit price for every bidder. If no such line-item tally was created, please provide the full bid submissions from each contractor. A grand total sheet alone is not sufficient to satisfy this request unless it was a lump sum bid.	2/26/2026	Duplicate

R016936-021326	2/13/2026	Christian Casale	CCasale@usatodayco.com	I am requesting all disciplinary history of a North Port Police Department employee named David Brown, who left the department in 2026. Because of the pressing news nature of our request, and because these documents are readily accessible, we request them by Feb. 20, 2026. If an asserted exemption applies to only a portion of a record, please delete the portion that you claim is exempt and release the remainder of the record as required by section 119.07(1)(d). If the requested records are kept in an electronic record keeping system, please produce them in electronic form as required by section 119.01(f). If the records are maintained only in paper form, then please produce them in that form. If the records are maintained in some combination of electronic and paper form, then please contact me and explain which records are kept in which medium so that I can decide the most expeditious manner of accessing the records. The Sarasota Herald-Tribune will pay for the actual "cost of duplication" of the public records as defined by Florida Statutes, section 119.011(1). Please advise me of these costs before taking any billable steps. Please provide a receipt indicating the charges for each document. We request a waiver of any search, processing or copying fees since the disclosure of the information I seek is not primarily in my commercial interest and is likely to contribute significantly to understanding of an important public-interest issue. If you determine the request is overly broad under 119, please contact me and we can discuss possibilities of narrowing the scope of this request. If you choose to deny this request, please provide a written explanation for the denial including a reference to the specific statutory exemption(s) upon which you rely. Also, please provide all segregable portions of otherwise exempt material, narrowing the scope of this request. R016516-111225	11/12/2025	Stephanie Gibson	citywatchnorthportfl@outlook.com	Thank you for your response confirming that all responsive records have been provided. However, under Florida Statutes § 119.07(1)(c), which requires custodians to respond in good faith and provide a statement if no records exist, I am requesting further clarification and potentially overlooked records to ensure a complete fulfillment of my original request. To address the possibility that additional data may reside in the Lenel OnGuard system's database or related audit trails, please provide: Detailed Transaction Logs with Specific Change Information: Any expanded or raw logs from the Lenel OnGuard system for Commissioner David Duval's badge (ID 20014089) and access levels during the period from September 23, 2025, to November 10, 2025. This should include, if available in the system: Before-and-after states of access levels (e.g., which doors or areas were added/removed). Any notes, comments, or metadata fields associated with the modifications (e.g., reason codes, descriptions, or audit details beyond the basic user transaction log). Event history or database exports showing the exact fields modified, such as activation/deactivation dates, access groups, or permissions. If the Lenel system does not capture "reasons" for changes as a standard field, please confirm this via a sworn statement from the IT or Facilities records custodian, including whether any custom fields or protocols exist for documenting initiation requests. Initiation Records and Protocols: Any records, including emails, work orders, memos, tickets, or internal communications, that document who requested or authorized the access changes for Commissioner Duval (e.g., from City Manager Jerome Fletcher or his office to Kevin Jagiello, Nurka Nunez, or IT staff). If no such records exist, provide a sworn affidavit from the relevant custodians (e.g., IT Director, Facilities Manager) detailing: The scope of the search conducted (e.g., which email accounts, servers, databases, or ticketing systems were queried). Keywords or parameters used in the search. Confirmation that a diligent search was performed and no responsive records were located. Records for Other Commissioners: Equivalent detailed change logs, audit trails, or related communications for all other City Commissioners (including but not limited to Demetrius Petrov, Pete Emrich, Phil Stokes, and any others) over the same 60-day period. Commissioner Duval has indicated that Commissioner Petrov experienced similar access issues post-September 23, 2025, so please ensure the search includes any modifications for Petrov. If no changes occurred for these individuals, provide a sworn statement from the custodian confirming this, along with details on the search performed. System Documentation: Any internal policies, manuals, or protocols governing the Lenel OnGuard system, including how changes are initiated, logged, and audited (e.g., whether initiators must provide reasons, or if the system tracks authorization chains). If these records are not available or do not exist, please provide the aforementioned sworn statements/affidavits to certify the completeness of the response, as this will assist in determining if further action under Florida's public records laws is necessary. I appreciate your prompt attention to this matter and look forward to your response within the statutorily required timeframe.	11/20/2025	Full Release

R017100-031826	3/18/2026	Jennifer Foster	opengovbookfl@gmail.com	Pursuant to Chapter 119, Florida Statutes, I respectfully request electronic copies of public records related to the City's investment of financial assets. Specifically, I am seeking information regarding how the City invests its financial assets, including whether an external firm is utilized for investment management. ? Clarification on Exclusions and Bond-Related Records • Exclusions: This request does not seek information regarding fees paid to firms for the initial issuance of debt securities or bonds. • Inclusions: If an external advisor or firm is compensated to manage the investment of bond proceeds or other capital funds, I am requesting all records related to that management (including contracts, invoices, and statements). ? Requested Records • If the City contracts with an investment advisor or consultant: • A copy of the current investment advisory agreement (contract) • The most recent invoice from the investment firm(s) • The most recent statement/report provided by the advisor/consultant • If the City does not contract with an investment advisor or consultant: • The most recent statement(s), portfolio report(s), or internal report(s) identifying: • Financial institutions where the City's investment assets are held • Allocation of those assets • Current balances and/or market values • Local Government Investment Pools (LGIPs): • Any records, reports, or statements reflecting amounts invested in local government investment pools • In lieu of providing statements, the City may simply respond with: • The name(s) of the pool(s) utilized • An estimated amount currently invested in each pool ? Value-Add to the City Upon completion of our analysis, we will provide a summary of our findings to any City that expresses interest. This research is intended to provide transparency and benchmarking data regarding the various investment models utilized across Florida—including internally managed portfolios, external advisory relationships, banking products, and local government investment pools (LGIPs). This comparison allows Cities to evaluate asset allocation, fee structures, and prevailing practices across the state. ? Delivery & Format Please provide all requested records and any related correspondence electronically via email to: OpenGovBookFL@gmail.com ? Timing & Statutory Expectations Under Chapter 119, Florida Statutes, public records must be made available for inspection or copying within a reasonable time and under reasonable conditions. If additional time is required, please provide: • An estimated timeframe for fulfillment ? Scope / Modification If any portion of this request is unclear, overly broad, or burdensome, please identify the specific item(s), and I am happy to discuss narrowing the scope. ? Thank you for your attention to this matter.	3/30/2026	Full Release

R016773-012026	1/20/2026	Cheryl Cook	citymatters58@gmail.com	To begin, thank you, Ms. Faust for your response. I have reviewed the meeting video along with a verbatim transcript. Subject: Request for Documentation - Debt Management Advisory Committee Applications Dear Madam and Sirs, Historical review of prior board appointment processes highlights the importance of clear, documented procedures. Specifically, the 2016 charter-mandated board illustrates how suspensions, delays, and discretionary approvals without formal documentation created ambiguity in board appointments. While that board carried greater authority and directly influenced the city charter, the principle of transparent and procedurally consistent decision-making applies equally to all boards, including advisory committees, to ensure proper governance today. Given this context, I am requesting documentation confirming the procedural basis for the current suspension of applications to the Debt Management Advisory Committee, including any Resolutions, policies, or criteria that guided the Commission's action at the January 13, 2026 meeting. Specifically, please provide any official Resolution, policy, or other documentation that memorializes or authorizes the suspension of applications to the Debt Management Advisory Committee for a period of six months, including any criteria, conditions, or procedural steps referenced during the discussion. If no such document exists, please confirm that in writing. Additionally, please provide any staff reports, agenda attachments, or other supporting documents provided to the Commission regarding the suspension of applications for the Debt Management Advisory Committee at the January 13, 2026 meeting. For reference, I have included the 2016 meeting minutes two in number regarding the charter-mandated board application process to provide historical context and highlight the importance of ensuring proper procedural documentation in board appointments. This request is strictly to confirm the procedural basis for the Commission's action and is not intended as a complaint or commentary on any individual's statements or votes. Thank you for your attention to this matter. I look forward to your timely response. Respectfully, Cheryl Cook	1/20/2026	Full Release

R016665-121725	12/17/2025	Cheryl Cook	citymatters58@gmail.com	I am writing to request clarification regarding the City's standards governing interactions between current commissioners and individuals who have previously held public office. Specifically, I would appreciate guidance on the following: • Allowable conduct: What types of remarks or actions—such as “shout-outs,” acknowledgments, or unsolicited verbal references—are considered appropriate when made by a commissioner, at their discretion, during public meetings? • Unallowable conduct: Are there specific actions, recurring behaviors, or patterns of conduct that would be considered inappropriate, inconsistent with professional or ethical norms, or otherwise prohibited under applicable rules, policies, or laws? If there is any written guidance, memorandum, advisory opinion, or other reference material addressing these issues, I would be grateful if you could share it. This information will help ensure that conduct during public meetings remains consistent with professional standards and institutional expectations.	12/17/2025	Full Release

R016572-120125	12/1/2025	Cheryl Cook	citymatters58@gmail.com	(first email) I'm not sure how to frame this public records request. I am copying the city manager and city attorney in case they can help. During one of the recent public meetings there was discussion of hiring an outside attorney and it seems to have been to research whether or not new policy or recommendations - the goal wasn't clear - to allow for commissioners to meet personally with staff. Again, I am trying to put to a request to indistinct sort of mumblings from Mr. Stokes. Therefore, I am requesting whatever form of contact by the city to an outside attorney or law firm for this purpose. Please do not hesitate to contact me if I can help make my request any clearer in order not to receive a "no document available" response. (second email) Can I please add some more information that may be helpful for this request: There didn't appear to be any motion and vote, nor consensus. Which is why I cannot quote the exact or near exact document I am looking for. Again, thank you for your assistance. (CC follow-up) Good morning. Please provide the meeting date and agenda item number for the document(s) you are requesting. (clarification received) September 23rd, General Business City Manager's Evaluation F. R016624-121025	12/10/2025	Christopher Davison	cdavison@zoning-info.com	<p>I am assisting a fellow Zoning-Info co-worker Morgan Miller (morgan@zoning-info.com) with research on the property: "The Southerly at Heron Creek" located at: 1230 Front Place, North Port, FL. - Parcels: 0978080019, 0978010011, 0978010006, 0978010012. As part of our research we are seeking to request copies of all of the Certificates of Occupancy issued for the property. A previous records request sent by Morgan Miller received a response from North Port, FL that provided only 1 Certificate of Occupancy. When searching North Port, FL's building permits online for the parcel: 0978010011, I am seeing what appears to be 13 total permits which seem to indicate Certificates of Occupancy were issued for. We are seeking copies of all of these Certificates of Occupancy associated with these 13 permits. Please consider this a Formal Records Request. R017492-060326	6/3/2026	Requestor	records@annuitybrothers.com	Pursuant to the Florida Public Records Law, Fla. Stat. ch. 119, I respectfully request electronic copies of the following records relating to the current employees of your agency. This is a request for existing records and does not require the creation of new records. == Records Requested == For each current employee on payroll as of the date this request is processed, please provide: 1. Full legal name (first, middle initial, last). 2. Job title or classification. 3. Department, division, or work unit. 4. Date of hire (or current tenure in years). 5. Annual base salary (or hourly rate and standard hours/week). 6. Work email address, if maintained as a public record. 7. Work telephone number, if maintained as a public record. == Preferred Delivery Format == Please attach the response to a reply email as a single CSV (.csv) or Microsoft Excel (.xlsx) file with one row per employee and one column per field above. This format is the export most modern HRIS / payroll / Active Directory platforms (Workday, ADP, Paycom, BambooHR, Microsoft Entra/Azure AD, etc.) produce natively under their "employee roster," "personnel directory," or "active employees" reports, and avoids the burden of any manual re-keying on your end. A native export from your system of record is preferred over a PDF or a printed page. We are happy to accept the standard export your office already uses for internal reporting – column order is not material to us. == Redaction & Exemptions == If any field is exempt under the Sunshine Law or another applicable statute, please redact only the exempt portions and produce the remainder. Please cite the specific statutory exemption relied upon for each redaction so we may evaluate whether to narrow or appeal. == Acknowledgment & Timeline == Please confirm receipt of this request within five (5) business days and provide an estimated date for production, consistent with the statutory response timeline. If clarification of any field above would speed the response, please reply to this email and we will respond the same business day. == Fees == If your office charges for the production of these records, please notify me before incurring any charge in excess of \$25 so I may approve, narrow, or withdraw the request. Where permitted, please consider a fee waiver – these records will be used in the public interest and not for commercial resale. == Submission Method == A reply to this email with the export attached is the fastest path to fulfillment for both parties. If your office requires submission through an online portal or postal mail, please reply with the URL or address and we will resubmit through that channel within one business day. Thank you for your time and for the work your office does in maintaining public access to these records.	6/9/2026	Full Release

R016922-021026	2/10/2026	N/A N/A	hem-runways-0a@icloud.com	I previously submitted PRR# R016878-020526, in which I requested emails relating to the background investigator position at NPPD. In the response received, one of the documents stated "Internal applicant, Joshua Presson, from Development Services, contacted Human Resources to express concerns regarding the selection process which he described as showing "favoritism" toward the selected candidate. He contacted Victoria Witkosky, Human Resources Manager, by email and then met with her that same day to express his concerns". I do not see the referenced email attached in the provided responses, nor the record of that conversation. I would like to specifically request this information, as it was not included in the previous request results. Additionally, I did not see any emails wherein any of the final applicants were sent emails regarding their denial of the position, which should have also been included. Instead, over 400+ pages of the "release" were simply blank pages with either a twitter logo, Facebook logo, or other email signature logos - which I was charged for; or exact copies of the same email repeatedly.	2/11/2026	Full Release

I would also like to request the name of the individual chosen as the final selection in this process.	2/12/2026	Full Release

R016935-021326	2/13/2026	Christian Casale	CCasale@usatodayco.com	I am requesting the North Port Police Department employee file for an officer named David Brown, who left the department in 2026. Because of the pressing news nature of our request, and because these documents are readily accessible, we request them by Feb. 20, 2026. If an asserted exemption applies to only a portion of a record, please delete the portion that you claim is exempt and release the remainder of the record as required by section 119.07 (1)(d). If the requested records are kept in an electronic record keeping system, please produce them in electronic form as required by section 119.01(f). If the records are maintained only in paper form, then please produce them in that form. If the records are maintained in some combination of electronic and paper form, then please contact me and explain which records are kept in which medium so that I can decide the most expeditious manner of accessing the records. The Sarasota Herald-Tribune will pay for the actual "cost of duplication" of the public records as defined by Florida Statutes, section 119.011(1). Please advise me of these costs before taking any billable steps. Please provide a receipt indicating the charges for each document. We request a waiver of any search, processing or copying fees since the disclosure of the information I seek is not primarily in my commercial interest and is likely to contribute significantly to understanding of an important public-interest issue. If you determine the request is overly broad under 119, please contact me and we can discuss possibilities of narrowing the scope of this request. This ensures that taxpayers, businesses, journalists, and policymakers have free access to procurement data that impacts public funds. • Transparency and accountability: Publicly available bid results help prevent overpricing, bid-rigging, and favoritism in public contracts. • Support for small businesses: Many firms, especially small and minority-owned businesses, rely on bid history to compete fairly in government contracting. • Cost savings for taxpayers: Open access to bid tabulations promotes competition, leading to more cost-effective government spending. Attestations: • I am a citizen of the United States and affirm my full name and contact information is true and correct. • I have not been convicted of any indictable offense under the laws of any state whatsoever nor the United States. • I, or another person, will use the requested government records for a commercial purpose; however, the responsive records themselves will be posted online and made available to the public free of charge. • I am not seeking records in connection with a legal proceeding. R017331-042826	4/28/2026	Christian Casale	christian@suncoastse archlight.org	I would like to request all documents related to the "Employment Separation and Release Agreement" between the city of North Port and former North Port Police Department Officer David Brown. Specifically, the reasons for the \$79,931.34 paid to Brown by the city for "alleged compensatory damages." I am seeking all legal materials, official correspondence between the city and Brown's law firm, the Law Office of Geralyn Noonan, complaint(s) from Brown to the city, transcriptions and documents from related meetings between Brown, his attorney, and the city, and all other relevant material related to the settlement agreement. If an asserted exemption applies to only a portion of a record, please delete the portion that you claim is exempt and release the remainder of the record as required by section 119.07 (1)(d). If the requested records are kept in an electronic record keeping system, please produce them in electronic form as required by section 119.01(f). If the records are maintained only in paper form, then please produce them in that form. If the records are maintained in some combination of electronic and paper form, then please contact me and explain which records are kept in which medium so that I can decide the most expeditious manner of accessing the records. The Suncoast Searchlight will pay for the actual "cost of duplication" of the public records as defined by Florida Statutes, section 119.011(1). Please advise me of these costs before taking any billable steps. Please provide a receipt indicating the charges for each document. We request a waiver of any search, processing or copying fees since the disclosure of the information I seek is not primarily in my commercial interest and is likely to contribute significantly to understanding of an important public-interest issue. If you determine the request is overly broad under 119, please contact me and we can discuss possibilities of narrowing the scope of this request. If you choose to deny this request, please provide a written explanation for the denial including a reference to the specific statutory exemption(s) upon which you rely. Also, please provide all segregable portions of otherwise exempt material.		Inactive

R016977-022326	2/23/2026	Chelsea Gittle	chelsea.gittle@novagroupgbc.com	ATTN Public Works Department I am working on a Housing and Urban Development (HUD) Noise Assessment for a proposed multifamily residential project to be located at 2010 Plantation Blvd., North Port, FL. As part of this noise assessment, we are required to obtain traffic counts/AADT for any major roads located within 1,000 feet of the site. Generally, this includes any roads with more than 3,000 trips per day. I am hoping that you may be able to provide additional data for PANACEA BOULEVARD, more specifically, I am looking for the following: -Vehicle Breakdown/Truck vs Car AADT Percentage. The most important number here is the percentage breakdown of between what HUD considers medium trucks (FHWA class 5) vs heavy trucks (which includes buses or FHWA class 4 buses and 6-13) -Annual growth rate percentages (AGR) for the next 10-12 years. The HUD default number for AGR is 3% if we can't obtain this information. Generally we receive ranges of 1-3% for these types of developed areas. Do you have an estimate for Panacea Boulevard or this area?	2/25/2026	No Records Exist
R016649-121525	12/15/2025	Joe Gilbert	Gilbertiwater@gmail.com	Good Afternoon Ms. Heather Faust, I was contacting you because I was searching for a City of North Port Commission Meeting that occurred on March 25, 2013. However, when searching through the City of North Port website I could not find any meetings that dated back to 2013 as it stopped at 2014. The video I am looking for should be from a few presentations of children and an Engineer named Joseph Gilberti as they were presenting about an alkaline spring water river in the Sarasota region. I was wondering if there was way I could get a hold of this meeting or if you could point me in the right direction of where else to look since the meetings only dated back until 2014. It appears that the Warm Mineral Springs area is cut off, so I am not sure if this area is considered or it is in a separate category because of the pending conservation easement(s). 2. Within the zones, the individual parcels are not identified. However, you state the number that lies within them from GIS mapping. ***Can I get a parcel listing of those areas if possible, especially the "Skyview" area; zone 1 and the area around Little Salt Springs.*** 3. Upon reviewing the images recently provided, I discovered they consist of photos and videos from nearly ten years ago depicting storm debris. As this does not reflect the information I requested. Please provide all records related to bulk pick-ups and solid waste stickers placed on trash cans at the aforementioned property for the period spanning April 1, 2025, to April 3, 2026. Specifically, I require the following documentation: - Photos taken by the Solid Waste department. - Payment receipts. - Owner notifications and any certified mail regarding property violations by solid waste. Additionally, I spent over three hours over the phone attempting to locate the correct department for this inquiry. I would appreciate it if you could encourage your staff to provide more patient and professional customer service to ensure future requests are handled more efficiently. Please send these records electronically to my email address at adpilarcita36@hotmail.com. Thank you for your prompt attention to this matter. Best regards, Adriana Cavada	4/23/2026	Withdrawn
