Re: Proposed Joint Advisory Board Meeting

North Port's Citizen Advisory Boards all have defined responsibilities. However, there are areas of overlap amongst the boards dependent upon the projects and objectives of the boards. With the concurrence of the Commissioners, the EAB would like to send an EAB representative to attend the regularly scheduled meeting of the following citizens's advisory boards: Planning and Zoning, Parks and Recreation, and Historic and Cultural.

The objectives of said meeting would be to facilitate the communication of overlapping environmental issues, share informational resources when appropriate, eliminate potential duplication of tasks/projects, and work together on activities that fall under the auspices of multiple advisory boards (when appropriate and in the best interests of the city).

Thank you for your consideration of this request.
