PROFESSIONAL EXPERIENCE

I am currently ARRT registered with 20 years of experience working in X-ray, CT and MR, along with management experience in private medical imaging practices. I am experienced working on multiple platforms including GE, Siemens, Aurora Breast MRI, and Phillips and I have been trained as an assistant in PET/CT with knowledge about isotopes, dosing, exam preparation, scan set up and post-scan fusion. I also have been in charge of obtaining and maintaining ACR accreditation for MRI, CT, Mammo and PET. I have experience setting up and maintaining vendor contracts for equipment purchases, upgrades and repairs as well as for medical supplies and pharmaceuticals.

Sarasota Memorial Hospital Sarasota, FL

Per Diem Medical Imaging Technologist CT and MRI

12/2014-11/2015

- o Worked in very busy CT and MRI departments on Per Diem basis scanning in/out patients, emergency room, stroke alert and trauma alerts.
- o Assisted with preparation for ACR site visits and record keeping
- o Provided blood draws for i-stat creatinine testing, IV starts and maintenance, and patient preparation/screening to ensure safety for every patient on every scan.
- o Worked both independently and as part of a team to complete scans in a timely manner, adhere to schedules as closely as possible, and to ensure patient safety and satisfaction.

Partners Imaging Center of Sarasota Sarasota, FL

Imaging Technologist/Chief Technologist

01/08-08/2015

Chief 2011-2013

- o Worked a rotating schedule covering MRI, CT and X-Ray across 7 highly specialized, very busy outpatient centers.
- o Assistant to PET technologist with duties including ordering of doses (knowledgeable about how both FDG and NaF work and the difference in preparation for exam, blood glucose restrictions, half-life, etc...), scan set-up, post-scan fusion, and post-scan instructions, and maintenance of records.
- o In charge of technologist schedule for 25 +/- technologists across all modalities for seven very busy out-patient imaging centers.
- o Acted as liaison between management, Radiologists and technologists and handled all disciplinary actions as required.
- o Responsible for hiring and training new technologists.
- o In charge of maintaining ACR compliance and accreditation.
- o Responsible for securing vendor contracts and ordering of all medical supplies.
- o Implementation of standardized protocols in all modalities across all seven centers.
- o Perform high quality scanning following specific protocols for each diagnosis, physician, and patient condition.
- o Assist the Radiologist in both CT and MRI guided arthrograms, aspirations, epidural steroid injections, and intra-articular steroid injections.
- o Independently perform power-injector studies in CT and MR including, but not limited to MRA, CTA, Run-off/peripherals, and Breast MR.
- o Ensure every patient is properly screened for CT exam and contrast when indicated, and for 3T and 1.5T MRI and vertical field MRI including I-Stat creatinine testing and GFR calculation.
- o Provide exceptional patient care ensuring comfort, safety, and compassion to every patient every day.
- o Perform high-quality CT exams and complete proper post-scan reconstructions and 3D reconstructions.
- o Assist the front desk in scheduling out-patient and block-lease patients, scanning of documents, patient check-ins, check-outs, and general secretarial duties.
- o Assist students in completing required exams for their education, assuring they are following both school and company guidelines, and completing student competency evaluations.

American Health Centers, INC. Bedford, NH

MRI and CT Technologist, Marketing Representative

10/06-9/07

- Performed high quality scanning independently at both out-patient centers and acute care facilities utilizing Philips Eclipse and Siemens Avanto MRI Scanners.
- Perform CT exams on GE High speed CT.
- Assist site and “home” office staff with scheduling, billing and screening of patients.
- Perform daily calibrations on scanners, assure patients are properly positioned for examinations, and the correct coils are selected for each MRI exam.
- Ensure every patient is properly screened for exam and contrast (when needed).
- Perform scan protocols as prescribed by the Radiologist to include proper techniques and sequence setup for each hospital account.
- Attend marketing meetings at local physician’s offices, representing both AHCI and the hospitals/medical centers we provide service to.
- Collaborate with CEO and Director of Operations to develop new marketing plans, services, and mobile service summaries.
- Research products and services for market comparison.
- Assist management with event planning, including presentations and functions.

Frisbie Memorial Hospital, Rochester, NH

Radiologic Technologist

5/06-9/07

TO: City of North Port Medical task force

FROM: Patricia S. Tantum

RE: At-large North Port Residents Volunteer

Back ground Information:

Member of the North Port Planning and Zoning Board from 2007 to present.

Member Board of Directors Friends of the North Port Library

Volunteer with level II clearance at Toledo Blade Elementary

Licensed real estate broker Fl. Since 2003

I feel uniquely qualified to join the effort in establishing a hospital in North Port. My knowledge of the schools, neighborhoods, future plans of the city and real estate background are substantial. I was married for 30+ years to a medical doctor who was chairman of a department at the M. S. Hershey Medical center in Hershey, Pa. I developed a long relationship with the Dean's office to aid in recruiting candidates for various departments. My role was to introduce the physicians and families to the community in a positive light emphasizing education, religious centers, recreational opportunities, and quality of daily life . I am as enthusiastic about North Port as I was about Hershey and believe this thriving city deserves to be served by a hospital. I also have personal knowledge of the financial considerations of physicians when contemplating association and how their tax bracket coupled with professional commitments interact.

Steven M. Tucci, M.D., Ph.D.

Board Certified in Physical Medicine and Rehabilitation

American Injury Centers

4161 Tamiami Trail, Suite 104 1868 S. Tamiami Trail, # 4 7147 Curtiss Ave.
Port Charlotte, Florida 33952 Venice, Florida 34293 Sarasota, Florida 34231

The City Of North Port:

I have submitted an application for consideration as a participant on The Medical Hospital Task Force for The City of North Port. I believe I am distinctly qualified to serve on this Task Force as I am a Florida board certified licensed physician who has practiced in Southwest Florida since 1984. I have experience developing medical facilities and in the Florida CON process. In 1984 I developed the United State's first Comprehensive Outpatient Rehab Facility (CORF) as a joint venture with HCA when Tommy Frist Sr. was their CEO. In 1985 I was the founding medical director of a 120 bed head injury facility (The Center at Manatee Springs) now called Mediplex, In 1986 I was the founding medical director and helped with the CON process for the Rehabilitation Institute of Sarasota (now HealthSouth Rehabilitation) a 64 bed facility. In 1987 I was on a task force for Sarasota Memorial Hospital to obtain 20 rehab beds' CON at their hospital. In 1988, Fawcett Memorial Hospital hired me to direct their rehabilitation program. Part of my job was to obtain a CON for 20 rehab beds, which opened in 1990. We also added 25 SNF beds in the hospital.

In all cases the CONs were successfully obtained or the facility successfully developed. Furthermore, I was a general partner in the group which set up the first Southwest Florida MRI scanner (Midtown Radiology). Additionally, I was the general partner who developed Sarasota Diagnostic Center, another joint venture with HCA.

I currently have physiatry offices in Sarasota and Port Charlotte and plan to open a North Port office. I am currently looking at properties in the city limits. I have, in the past, attempted to develop Warm Mineral Springs with a rehab medicine theme and in fact did bid on the property in the 1980s. I did prepare a proforma at the time which revealed a comprehensive use of this amazing facility which proposed a most financially successful project. In summary, I desire to serve on your Task Force and have a residential and business presence in North Port.

Thank you for your consideration,

Steven M. Tucci M.D., Ph.D.
