Scott A. Rivkees, MD
State Surgeon General

Vision: To be the Healthiest State in the Nation

February 10, 2020

Todd Garrison
City of North Port Police Department
4980 City Hall Boulevard
North Port, Florida 34286

Dear Todd Garrison:

The Department of Health is pleased to award emergency opioid antagonists to your agency through the Helping Emergency Responders Obtain Support (HEROS) Program. The purpose of this program is to reduce the number of drug/opioid overdose-related deaths and adverse events by providing emergency responders with the appropriate pharmaceutical resources to address this crisis.

Your agency has been approved to receive the following emergency opioid antagonist:

Quantity (Doses)	Type	
160	Intranasal	Dose: 4mg Package Size: 1 package contains 2 doses
0	Syringe	Dose: 2ml Package Size: 1 package contains 10 doses (Luerlock prefilled syringe)
0	Syringe	Dose: 2ml Package Size: 1 package contains 10 doses (Min-I-JET prefilled syringe; 21G x 1-1/2-inch fixed needle)
0	Vial	Dose: 0.4mg/mL = 1mL vial Package Size: 1 package contains 25 vials

Your agency must meet the following requirements before March 31, 2020 to receive the award:

- Awardees must register for the Minnesota Multi-State Contracting Alliance for Pharmacy Agreement (MMCAP). MMCAP's primary function is to provide a full range of pharmaceuticals to its participating agencies. MMCAP participation is free of charge and applicants may register at <http://www.mmd.admin.state.mn.us/MMCAP/background/NewMemberInfo.aspx>.
- Licensed EMS agency applicants must have the ability to report Naloxone administrations through the Emergency Medical Services Tracking and Reporting System (EMSTARS) to document Naloxone administrations. All other applicants must have the ability to report to the Washington/Baltimore High Intensity Drug Trafficking Overdose Detection Mapping Application Program (OD Maps) identified in Chapter 401.253(1), Florida Statutes. Applicants may register for OD Maps free of charge at <http://www.hidta.org/odmap/>. Applications may be approved for funding pending registration with OD Maps or software upgrades pending for EMSTARS.

Your agency's requirement status is listed below:

Status	Requirements
Yes	MMCAP
Yes	Reporting Requirement

Your agency is required to meet the MMCAP and the reporting requirements (either EMSTARS or OD Maps). If the Department's records reflect both requirements met, the Department will ship the emergency opioid antagonist between February and April to the shipping address that was provided in your submitted application. The Department will not ship the emergency opioid antagonist until the Department verifies that both requirements have been met.

Upon receiving the product, a designated person shall compare the shipping invoice with the products and quantities received. This person shall verify the shipment and certify the receipt. Any discrepancies (including shortages, overages, or incorrect product) between the listed quantity shipped and the actual quantity received must be noted with notification sent to Cardinal_Invoices@flhealth.gov the same day. Copies of the invoices/packing slips should be scanned and emailed to Cardinal_Invoices@flhealth.gov. *This documentation must be signed by the party responsible for receiving, dated with the receiving date and the discrepancy noted.*

Your agency must agree to return to the address below, all expired, obsolete, or contaminated emergency opioid antagonist provided through this program. Please complete the attached **Narcan Return Form**. The form may also be found on the HEROS Program's website. Place the completed form in the box with the product to be returned and retain a copy for your records. Send the package to the address below:

Florida Department of Health
Bureau of Public Health Pharmacy
104-2 Hamilton Park Drive
Tallahassee, Florida 32304
Attention: Central Pharmacy Quarantine

Thank you for your participation in this state HEROS Program. If you need assistance, please contact the Division of Emergency Preparedness and Community Support, HEROS Support Coordinator, Briana Killings at 850-245-9774 or Briana.Killings@flhealth.gov.

Sincerely,

Doug Woodlief
Division Director
Emergency Preparedness and Community Support

HERO's Application Narrative

The City of North Port has participated in the HERO Grant this past year through the North Port Fire Department. The Fire Department previously joined with the North Port Police Department to provide every first responder (police and fire) with immediate access to Naloxone. Every officer has received training in the use of Naloxone and the North Port Police Department implemented a department policy for its use. The previous grant was managed by the North Port Fire Department who reported its use. This HERO's grant application is intended for the North Port Police Department to manage, distribute, train, and report by splitting from the fire department. There will be continual training for any updates in the deployment of Naloxone; and every new officer will be trained as well. The City of North Port Police Department is in the process of reviewing ODMaps to adopt and implement for reporting purposes. This will not only allow us to ensure our data is available to all surrounding law enforcement agencies; it will allow for immediate alerts on trends that may assist with addressing overdose trends in the community. However, the North Port Fire Department responds to every overdose and use of Naloxone which they report to EMStars. Furthermore, the exposure to illicit drugs can be life threatening while only providing minimal time to provide emergency medical treatment. By awarding this grant request, the law enforcement officers within the City of North Port will be provided immediate access to the life-saving treatment; Naloxone. This past year officers deployed Naloxone on members of the community who were in a state of overdose, and its application proved extremely beneficial as they survived the medical emergency.
