North Port, Florida 34286-4100
(941) 429-7000
www.cityofnorthport.com

April 24, 2019

The Honorable Mayor and Vice-Mayor,
Members of the City Commission,
Citizens of the City of North Port
North Port, Florida

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) of the City of North Port, Florida (the City) for the fiscal year ended September 30, 2018. The purpose of this report is to provide the City Commission, the citizens, financial institutions and other interested parties with detailed information concerning the financial condition and performance of the City of North Port. This report meets Florida Statute requirements that each local government entity publish within nine months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed independent certified public accountants.

This report consists of management's representations concerning the finances of the City of North Port. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. The City of North Port has designed internal controls to provide reasonable, not absolute, assurance that the financial statements are free from any material misstatement. The concept of reasonable assurance recognizes that (1) the cost of control should not exceed the benefits likely to be derived; and (2) that the evaluation of the costs and benefits requires estimates and judgments by management. We believe the data, as presented, is accurate in all material respects, that it is presented in a manner designed to fairly set forth the financial position and the results of operations of the City, and that all disclosures necessary to enable the reader to obtain a comprehensive understanding of the City's financial activity have been included.

The City's financial statements for the fiscal year ended September 30, 2018 have been audited by Mauldin & Jenkins LLC, a firm of licensed certified public accountants. The audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The independent auditor's report on the basic financial statements, the combining and individual fund statements, and the supporting schedules is presented as the first component of the financial section.

Management’s discussion and analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements the letter of transmittal and should be read in conjunction with this communication.

Profile of the City

The City of North Port was incorporated on June 18, 1959. The City is managed under a Commission-City Manager form of government. The legislative and governing body of the City consists of five elected citizens who are qualified voters in the City. The five elected commissioners annually select a Mayor. Each commissioner is elected to a four-year staggered term. There is a limit of two terms that any commissioner may serve. The Commission appoints the City Manager, who is the chief administrative officer of the City and directs the business of the City and its various departments. The Commission determines policy, adopts legislation, approves the City’s budget, sets taxes and fees, and appoints the City Clerk, Deputy City Clerk and the City Attorney.

The City of North Port provides a range of municipal services. Public Safety operations include police and fire protection, as well as emergency medical services, building, code enforcement and zoning. Recreational services include neighborhood parks, a skate park facility and recreational centers. Public Works provides essential street and road maintenance, drainage, traffic signalization, landscape maintenance, as well as solid waste collection. Public Utilities provides water and sewer service and reuse water for irrigation. Other services provided include planning, engineering, economic development, as well as general administrative services.

The annual budget serves as the foundation for the City’s financial planning and control functions. All departments of the City are required to submit requests for appropriation to the City Manager each year. The City Manager uses these requests as the starting point for developing a recommended budget. The City Manager then presents this recommended budget to the Commission for review during the month of July. The Commission is required to hold public hearings on the proposed budget and adopt a final budget no later than September 30, the close of the City’s fiscal year. The appropriated budget is prepared by fund, function and department. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the General Fund as well as for major special revenue funds, the comparison is presented as required supplementary information. For other governmental funds, the budget-to-actual comparison is presented in the combining and individual fund statements and schedules subsection.

Local Economy

The City of North Port is the southernmost city in Sarasota County, midway between the cities of Tampa and Fort Myers, near the Gulf of Mexico. The City is comprised of 104.8 square miles, 813 miles of paved road and 81 miles of freshwater canals.

As of the 2010 census data, North Port is Sarasota County's largest municipality in population. The population of North Port has steadily increased from 55,759 in 2009 to 70,631 in 2018.

For the fiscal year 2018, the City adopted a millage rate of 3.407 mils. Ad valorem taxes make up approximately 34% of the budgeted General Fund revenues, excluding transfers and fund balance.

Long-term Financial Planning

The City of North Port's Capital Improvement Program (CIP) consists of capital projects that reflect the City's infrastructure needs over a five-year time frame and includes assets with long term value, such as buildings, roads, bridges and parks. The CIP not only includes on-going capital requirements but also includes capital additions that are necessary to comply with the Growth Management Act of 1985, as amended. The Growth Management Act requires the adoption of a Comprehensive Plan which details the additional infrastructure necessary to handle projected population increases. The CIP differentiates these capital projects from those of an on-going nature by designating them as level of service projects.

The primary objective of the City's investment program is the preservation of capital. Investment transactions are managed so as to avoid loss of principal, whether by security default or by erosion of market value. Generally, operating capital is invested locally in earnings-based checking accounts. The remainder of the City's funds are invested according to the City's investment policy, which is adopted by the Commission and may only be amended by the Commission. The most recent amendment was adopted on April 26, 2016 by City Ordinance 2016-10.

On July 24, 2018 the City adopted a new Fund Balance Policy with Resolution No. 2018-R-13. This policy established fund balance ranges for the following operating funds of the City: General Fund, Road and Drainage District, Fire Rescue District, Solid Waste District and Building Fund. The City is to retain a contingency/emergency/disaster relief reserve of 20% of each fund's operating expenditures. These funds are to be used, as declared appropriate by the City Commission, to ensure the maintenance of services to the public during non-routine and unforeseen disaster situations. Additionally, the City is to maintain a budget stabilization and economic uncertainty reserve of a minimum of 5% and up to 10% of the fund's operating expenditures. These budget stabilization reserves are to be used for short-term cash flow purposes, unanticipated expenditures of a non-recurring nature, to meet unexpected immediate increases in service delivery costs, or to maintain service levels in the event that an economic downturn should cause a shortfall in revenues. If utilized, these reserves must be replenished either through appropriation during the next budget cycle, or a Commission approved written plan for the restoration of the fund balance to an amount within the acceptable percentages. In the event of a surplus, appropriations of fund balance may be set aside for specific purposes such as anticipated budgetary shortfalls, reduction of long-term debt, pension contribution stabilization, capital projects, or capital asset renewal and replacement funds. Budget stabilization reserves and are not to be utilized for operating purposes.

Major Initiatives

- Emergency Operations Center project
- Price Boulevard widening project
- Park and facility enhancements and amenities
- Myakkahatchee Creek Trail improvements
- North Port Aquatic Center construction
- Warm Mineral Springs Park improvements
- Road maintenance and rehabilitation
- Drainage system improvements
- Water control structure rehabilitation program
- Sidewalks and pedestrian bridge construction
- Water transmission service improvements
- Bridge water pipeline replacements

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of North Port for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ending September 30, 2017. This was the twenty-second consecutive year that the City received this prestigious award. We are pleased to continue to achieve this distinction. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe the current CAFR meets the Certificate of Achievement Program requirements, and as such, are submitting the report for GFOA consideration.

The City also received the GFOA's Award for Distinguished Budget Presentation for its annual financial plan for the fiscal year beginning October 1, 2017, the same period covered by this Comprehensive Annual Financial Report. This was the ninth consecutive year that the City received this award. In order to qualify for the Distinguished Budget Presentation Award, the City's budget document was judged to be proficient in several categories including policy documentation, financial planning, organization, and as a communications medium.

This Comprehensive Financial Report represents countless hours of preparation and could not have been accomplished without the dedicated efforts of the Finance Department. A special note of appreciation is extended to these employees for their work to ensure the timeliness and accuracy of this report.

The fiscal responsibility exhibited by the North Port City Commission throughout this fiscal year and over time is commendable. The Commission's leadership in the fiscal matters of the City combined with their dedication and commitment to the citizens truly set North Port apart.

Sincerely,

Peter D. Lear, CPA, CGMA

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor, City Commission
and City Manager
City of North Port, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of North Port, Florida (the "City"), as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of North Port, Florida, as of September 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Notes J and N, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions*, as of October 1, 2017. This standard significantly changed the accounting for the City's total other post-employment benefits (OPEB) liability and the related disclosures. Our opinions are not modified with respect to this matter.

Other Matters***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual fund statements and schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and

other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 24, 2019, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Bradenton, Florida
April 24, 2019

Management's Discussion and Analysis

As management of the City of North Port (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2018. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-v of this report and the City's financial statements beginning on page 23.

Financial Highlights

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$463,193,315 (*net position*). Of this amount, \$343,615,056 represents net investment in capital assets (*capital assets net of related debt*); \$95,198,231 is restricted for specific purposes (*restricted net position*) and the remaining portion represents *unrestricted net position* of \$24,380,028. The readers of this report should refer to the fund level statements to get a better understanding of which activities the unrestricted net position is applicable to.
- Total net position increased by \$14,192,581 during the year compared to a \$14,980,266 increase in the prior year.
- Total revenues were \$128,812,916, which was \$7,777,697 or 6.4 percent higher than last year.
- Total expenses were \$114,620,335, an increase of \$8,565,382 or 8.1 percent from last year.
- At the close of fiscal year 2018, the City's governmental funds reported combined ending fund balances of \$97,027,675, a decrease of \$6,016,227 in comparison with the prior year.
- At the close of fiscal year 2018, unassigned fund balance for the general fund was \$11,964,336 or 32.8% of total general fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

City of North Port, Florida
Management's Discussion and Analysis
September 30, 2018

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector financial statements.

The *Statement of Net Position* presents information on all of the City's assets plus deferred outflows of resources less liabilities and deferred inflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *Statement of Activities* presents revenue and expenses and shows how the government's net position changed during the most recent fiscal year. All changes in net position are reported in a manner similar to the approach used by private sector business in that revenues are recognized when earned or established criteria are satisfied and expenses are reported when incurred. Accordingly, revenues are reported even when they may not be collected for several months after the end of the accounting period and expenses are recorded even though they may not have used cash during the current period.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, physical environment, transportation, culture and recreation, human services and economic environment. The business-type activities of the City include the water and sewer utilities.

Effective October 1, 2014, the City implemented the provisions of GASB No. 68 *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, which significantly changed the City's accounting for pension amounts by requiring that the total net pension liability and the deferred inflows and outflows of resources related to the net pension liability be reported in the government-wide financial statements. Specifically, the net pension liability is listed on the Statement of Net Position and the amount is explained in the related note disclosures.

Effective October 1, 2017, the City implemented the provisions of GASB No. 75 *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions – an amendment of GASB Statements No. 45 and 57*, requiring that the total net other postemployment benefits (OPEB) liability and the deferred inflows and outflows of resources related to this liability be reported in the government-wide financial statements. Specifically, the net OPEB liability is listed on the Statement of Net Position and the amount is explained in the related note disclosures.

The City's government-wide financial statements can be found on pages 23-25 of this report.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of North Port, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds

City of North Port, Florida
Management's Discussion and Analysis
September 30, 2018

of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City of North Port maintains many individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Road and Drainage District Special Revenue Fund, the Fire Rescue District Special Revenue Fund, the Solid Waste District Special Revenue Fund and the Surtax III Capital Projects Fund, all of which are considered to be major funds. Data from the remaining governmental funds are combined in a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The City adopts an annual budget as described in Note B to the financial statements. A budgetary comparison statement has been provided in the Required Supplementary Information for the General Fund and each major special revenue fund with a legally adopted budget in order to demonstrate compliance with this budget. Budgetary comparison schedules for nonmajor governmental funds and major capital projects funds are presented in the *combining and individual fund statements and schedules* section elsewhere in this report.

The basic governmental fund financial statements can be found on pages 26-32 of this report.

Proprietary Funds. The City maintains two types of proprietary funds. An *enterprise fund* is used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses an enterprise fund to account for its Water and Sewer Utilities.

An *internal service fund* is an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses a separate internal service fund to account for its self-insurance program. Because this fund predominantly benefits

City of North Port, Florida
Management's Discussion and Analysis
September 30, 2018

governmental rather than business-type functions, it has been included within governmental activities in the government-wide financial statements.

Proprietary fund statements provide the same type information as reported as the government-wide financial statements, only in more detail. The proprietary funds financial statements provide separate information for the major enterprise fund, which is the Water and Sewer Utility System. The internal service fund is considered to be a non-major fund and is also separately presented on the proprietary funds financial statements.

The basic proprietary funds financial statements can be found on pages 33-37.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The fiduciary fund financial statements can be found on pages 38-39 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 40-84 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required and other supplementary information.

Required and other supplementary information can be found on pages 85-135 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. Assets exceeded liabilities by \$463,193,315 at the close of the most recent fiscal year for the City of North Port.

A major portion of the City's net position (74%) reflects its investment in capital assets such as land, buildings, various infrastructure, equipment and construction in progress, less any related outstanding debt used to acquire those assets. The City of North Port uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of North Port, Florida
Management's Discussion and Analysis
September 30, 2018

Following is a summary chart of the City's net position for fiscal years ending 2018 and 2017:

City of North Port's Net Position

| | Governmental Activities | | Business-type Activities | | Totals | |
|--------------------------------|-------------------------|-----------------------|--------------------------|-----------------------|-----------------------|-----------------------|
| | 2018 | 2017 | 2018 | 2017 | 2018 | 2017 |
| Current and other assets | \$ 110,576,280 | \$ 111,685,618 | \$ 45,083,844 | \$ 38,998,650 | \$ 155,660,124 | \$ 150,684,268 |
| Capital assets | 281,677,941 | 274,351,591 | 130,561,885 | 125,692,372 | 412,239,826 | 400,043,963 |
| Total assets | 392,254,221 | 386,037,209 | 175,645,729 | 164,691,022 | 567,899,950 | 550,728,231 |
| Deferred outflows of resources | 20,509,667 | 20,642,569 | 2,229,792 | 2,268,257 | 22,739,459 | 22,910,826 |
| Long-term liabilities | 72,481,583 | 72,130,225 | 33,955,297 | 35,924,181 | 106,436,880 | 108,054,406 |
| Other liabilities | 10,795,394 | 9,921,768 | 1,487,531 | 834,052 | 12,282,925 | 10,755,820 |
| Total liabilities | 83,276,977 | 82,051,993 | 35,442,828 | 36,758,233 | 118,719,805 | 118,810,226 |
| Deferred inflows of resources | 8,392,758 | 4,834,864 | 333,531 | 194,268 | 8,726,289 | 5,029,132 |
| Net position: | | | | | | |
| Net investment | | | | | | |
| in capital assets | 243,253,519 | 244,303,830 | 100,361,537 | 94,222,893 | 343,615,056 | 338,526,723 |
| Restricted | 76,818,949 | 72,908,693 | 18,379,282 | 15,165,600 | 95,198,231 | 88,074,293 |
| Unrestricted | 1,021,685 | 2,580,398 | 23,358,343 | 20,618,285 | 24,380,028 | 23,198,683 |
| Total net position | \$ 321,094,153 | \$ 319,792,921 | \$ 142,099,162 | \$ 130,006,778 | \$ 463,193,315 | \$ 449,799,699 |

An additional portion of the City's net position (21%) represents resources that are subject to restrictions on how they may be used. The remaining balance of unrestricted net position (\$24,799,089 or 5%) may be used to meet the government's ongoing obligations to citizens and creditors within the specified purposes of the individual funds.

As of September 30, 2018, the City is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

There was an increase of \$7.1 million in restricted net position reported for fiscal year 2018. This increase was primarily due to the accumulation of funds for multi-year capital projects not yet completed.

City of North Port, Florida
Management's Discussion and Analysis
September 30, 2018

state shared revenues (\$161,930), service taxes (\$120,290) and the fuel taxes (\$197,240) increased in the current fiscal year due to the recovering economy and continued growth in the City. Miscellaneous revenues (\$343,904) increased mainly due to the \$242,232 excess of benefits paid by the departments and employees vs. what the City paid out in premiums. Also, miscellaneous revenues for fiscal year 2018 included a one-time developer contribution of \$141,646 for a pedestrian/bike path along the Myakkahatchee Creek.

- Charges for services increased \$1,091,721 (2.1%) during the current fiscal year. Due to the continuing rise in construction activity, permits revenue increased over \$100,000 in fiscal year 2018. Non-ad valorem revenues for two of the districts increased in FY 2018 compared to FY 17: the Road and Drainage District's revenues rose approximately \$330,850 due to a 7.5% rate increase and residential growth; the Fire Rescue District's revenues rose over \$227,000 due to increased building values and the increase in the number of developed properties. Also, construction traffic road fees increased over \$237,000 due to the rise in construction activity. Solid Waste commercial collections also rose over \$145,000 due to the growth in commercial accounts. Ambulance revenues increased over \$216,300 due to the rise in emergency responses. There was an increase of approximately \$303,300 in fuel charges associated with the in-house fleet fueling program due to higher fuel prices and increased gallons purchased. Warm Mineral Springs revenues rose over \$71,000 due to increased patrons and summer camp proceeds grew over \$50,000 due to the addition of a camp for middle school students and specialty camps for school age children during the times they were out of school. Offsetting the above increases, was the decrease in the Solid Waste District's non-ad valorem revenues of approximately \$316,100 due a \$19/household reduction in the rate (\$249 to \$230 per household).
- Capital grants and contributions increased over \$1,306,000 in fiscal year 2018 mainly due to the rise in impact fees of approximately \$1.3 million contributable to residential and commercial growth.
- Governmental activities expenses increased approximately \$6,957,443 (7.92%) during the current year. During fiscal year 2018 thirty-five new positions were added to maintain the City's current level of services; health insurance costs rose over \$456,000; Florida Retirement System (FRS) employer contributions increased over \$580,000 and pension employer contributions rose over \$316,000. In fiscal year 2018, a wage and classification study was implemented and the City's three union contracts were negotiated resulting in increased salaries and wages of over \$3.4 million. In comparison to last fiscal year, FRS pension expense (per the actuarial valuations) increased \$243,492, particularly for public safety (\$204,595), due to changes in the City's proportionate share. Along with the personnel and FRS pension increases mentioned above, public safety activities also rose due to the following increases: police fuel charges (\$47,390); general fund allocation, Fire Rescue (\$43,570); fire professional services including updates to the Master Plan and ten-year financial sustainability forecast (\$76,699); and general fund allocation, building (\$199,580). The major increase causing the rise in transportation expenditures other

City of North Port, Florida
Management's Discussion and Analysis
September 30, 2018

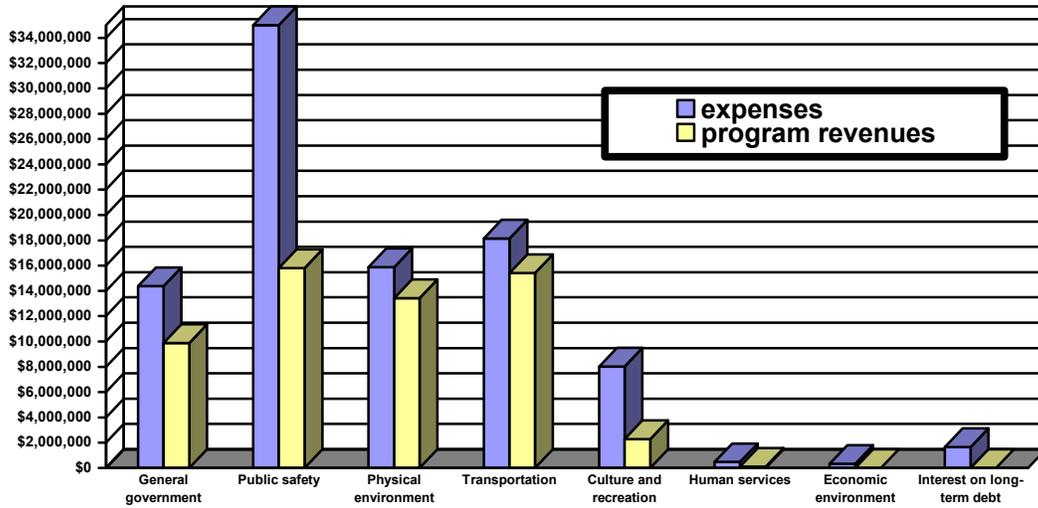

than the personnel increases was the \$895,350 increase in professional and contracted services for disaster relief due to Hurricane Irma. Landscaping rose over \$390,300 due to additional mowing contracts; routine road maintenance expenditures increased approximately \$647,000; fuel charges increased over \$64,000 due to higher fuel prices and increased gallons purchased; and the general fund allocation increased \$165,690. Finally, culture and recreation expenses increased due to the City's \$4.7 million contribution to the construction of the Atlanta Braves Spring Training Facility. A notable decrease occurred in Physical environment activities; in fiscal year 2017 over \$1.9 million was expended to purchase recycling totes for the new Solid Waste Recycling Program that was rolled out in January 2018. Offsetting the large decrease were the following increases in the Solid Waste District other than personnel: tipping fees (\$99,300); fuel charges (\$123,500); fleet allocation (\$143,180); and the Capital Acquisition Fund contribution (\$460,910). There were three notable decreases in the general government expenditures that occurred in fiscal year 2018. Planning and zoning consultant and surveying professional services were reduced approximately \$117,300. Fewer ULDC updates occurred in fiscal year 2018 accounting for the decrease in consultant services. In fiscal year 2018 permits for right of way use and culverts were transferred to the Road and Drainage District; therefore, surveying professional services for right of way permits were no longer needed by planning and zoning. Election costs decreased \$74,500; a special election was held in fiscal year 2017. The City Manager's personnel expenditures declined approximately \$148,000 due to employee turnover and attrition. Another notable decrease occurred in the Road and Drainage District; drainage expenditures decreased over \$368,400. The majority of the drainage supplies purchased in fiscal year 2018 were used in the rehabilitation and replacement of the City's stormwater drainage system infrastructure, a capital project that will be on-going for several years. Long-term interest decreased \$78,711 as there was no additional debt in fiscal year 2018. Overtime expenditures declined in the current year by approximately \$235,000 due to the addition of several new positions to assist with the workload. Finally, capital outlay decreased approximately \$2.7 million compared to the last fiscal year, particularly in the Road Reconstruction Fund. In fiscal year 2014, a project to rehabilitate approximately 266 miles of sub-standard public roads began and was expected to last three years. In the current fiscal year, capital expenditures decreased in this fund because the project is nearing completion.

**Excludes transfers-in*

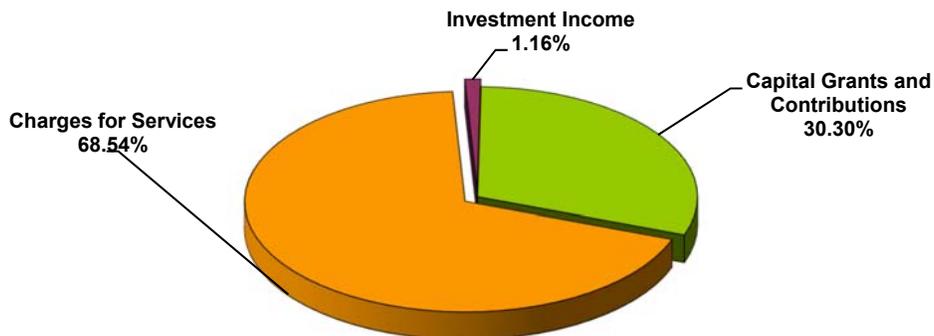

Business-type Activities. Business-type activities were responsible for an increase of \$12,132,568 in the total change of net position as the result of current fiscal year activities. The key elements causing the increase in the current fiscal year are:

- Developer contributed assets of \$3,403,145 were capitalized during the fiscal year.
- Water and sewer impact fees collected for the fiscal year were \$5,597,460.

Expenses and Program Revenues - Business-type Activities

City of North Port, Florida
Management's Discussion and Analysis
September 30, 2018

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the close of fiscal year 2018, the City's governmental funds reported combined ending fund balances of \$97,027,675, a decrease of \$6,016,227 in comparison with the prior year. Approximately 12.33% of this total amount (\$11,964,336) constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of fund balance available for spending is restricted, committed or assigned; these totaled \$84,151,039 or 86.73% of ending fund balance. Of this amount, \$69,355,038 is restricted by law or externally imposed requirements, \$13,705,333 is committed for specific purposes by the Commission and \$1,090,668 is assigned for various purposes. There was also an amount of non-spendable fund balance totaling \$912,300 or 0.94% of ending fund balance.

The General Fund is the chief operating fund of the City. The General Fund manages approximately 37% of the total governmental revenues. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$11,964,336 while the total fund balance was \$13,281,732. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 32.81% of total General Fund expenditures, while total fund balance represents 36.42% of that same amount.

The fund balance of the City's General Fund increased \$636,098 during the current fiscal year. Key factors for this increase were: ad valorem taxes increased over \$1,000,000 due to the upturn in assessed property values and the rise in the number of developed properties; municipal sales tax and the one-half cent local sales tax increased by \$131,455 and \$424,215, respectively, due to the recovering economy and continued growth of North Port.

In the governmental funds, a final budget to actual comparison is done. A favorable budget variance is referred to as a positive variance or gain, while an unfavorable budget variance is referred to as a negative variance or loss. Budget variances occur because budget forecasting is a plan and the City is unable to predict the future with complete accuracy. The General Fund had some noteworthy positive variances in City Attorney (\$123,512), City Clerk (\$110,410), Planning and Zoning (\$336,423), Information Technology (\$116,324), City Manager (\$167,236), Building (\$127,868), Police (\$1,094,994), Emergency Medical Services (\$422,637) and Economic Development (\$238,022). The City Attorney's budget had savings in outside legal litigation as the use of outside counsel was lower than anticipated. Funding for two public record technician positions was added to the City Clerk's budget for FY 18; only one of the positions was filled in the current year. Also, \$50,000 to fund a public records project was moved to the City Clerk's budget in FY 18, but the project will not

City of North Port, Florida
Management's Discussion and Analysis
September 30, 2018

commence until FY 19. Planning and Zoning consultant fees were lower than budgeted because only a small portion of the ULDC update occurred in fiscal year 2018. Also, the \$50,000 budgeted for community assistance-housing and the \$50,000 budgeted for wayfinding signs was not utilized in FY18. The department also had some savings in personnel due to employee turnover and attrition. Information technology (IT) had savings in minor operating equipment purchases of approximately \$25,000 and in subscriptions of approximately \$88,000 due to efforts to control costs. The City Manager department had over \$133,000 savings in personnel due to employee turnover and attrition. Also, the City Manager's department did not employ an intern in FY 18. Finally, the department showed savings of over \$20,000 in Professional Services; the expenditures for the "North Port Currents", a publication printed 3-4 times a year to update the citizens on what is happening in the City, were lower than anticipated. The building department, Property Standards, had savings in contracted services of approximately \$94,000. An allotment of \$160,000 was budgeted in FY 18 for impinging growth; a large portion of this budget was not utilized in FY 18. Additionally, the department had savings of approximately \$29,000 in personnel due to employee turnover. The Police Department had savings of over \$1,000,000 in personnel due to employee turnover and attrition. Also, \$202,050 was budgeted in Contracted Services for the Crossing Guard Program; in past years the crossing guards were employees of the City. The transition to using outside services did not occur until February 2018, rather than at the beginning of the fiscal year as budgeted. Emergency Medical Services (EMS) personnel expenditures were lower than budgeted due to employee turnover and attrition; additionally, ten new positions were added to the department in FY 18, but due to the length of the hiring process, not all the positions were filled as budgeted. Also, savings of over \$200,000 occurred in the paramedic differential account due to the fact that it was eliminated and instead added to the base salary as negotiated in the new union contract. Finally, Economic Development had budgeted \$200,000 in FY 18 for a hospital consultant knowledgeable in the Certificate of Need process in anticipation of recruiting a medical facility to the City. This allotment was not used as the City did not hire a hospital consultant. The remainder of the professional services budget included costs for market research and business attraction; these expenditures were lower than anticipated.

The fund balance of the Road and Drainage District decreased \$1,651,049 in fiscal year 2018. The District's non-ad valorem revenues collected in fiscal year 2018 rose over \$570,000 due mainly to a rate increase of 7.5%; construction traffic road fees increased over \$237,000 due to the rise in construction activity; and other charges for services increased over \$200,000 also due to increased construction activity. But offsetting the increase in revenues was the large increase in expenditures of over \$2,000,000. Landscaping expenditures rose over \$390,000 due to additional contracted mowing services; professional and contracted services increased over \$850,000 for disaster relief services due to Hurricane Irma; the District's general fund allocation increased \$165,690; and fuel costs rose over \$60,000. Finally, the District transferred \$1,320,000 to the Capital Acquisitions Fund for future capital purchases versus the \$380,000 transferred last fiscal year.

The fund balance of the Fire Rescue District decreased \$390,131 during the current fiscal year. The District's non-ad valorem revenues rose over \$307,000 due to increased building values and the increase in the number of developed properties. Although the District's capital outlay expenditures decreased approximately \$400,000 compared to the prior year,

City of North Port, Florida
Management's Discussion and Analysis
September 30, 2018

personnel expenditures rose approximately \$800,000 due to the ten new positions added in FY 18. Finally, the District transferred \$860,000 to the Capital Acquisitions Fund for future capital purchases versus the \$655,000 transferred last fiscal year.

The fund balance of the Solid Waste District increased by \$408,469 during the current fiscal year. Although the District's non-ad valorem revenues decreased over \$316,000 due to the \$19 per residential unit reduction in the assessment rate, the District expenditures decreased over \$1.6 million in the current year. In the prior year, the District expended over \$1.9 million for recycling totes for the new Solid Waste Recycling Program that began in January 2018.

The fund balance of the Surtax III Fund decreased \$2,579,659 in the current fiscal year. Two major projects account for this decrease: \$4.7 million was contributed to the construction of the Braves spring training stadium and approximately \$2.6 million was expended in the current year for the construction of the North Port Aquatic Center.

Proprietary funds. The fund financial statements for the City's proprietary funds provide essentially the same type of information found in the government-wide financial statements, but in greater detail.

Unrestricted net position of the Water and Sewer Utilities increased \$2,740,058. The Self Insurance Fund has an unrestricted net position of \$628,279, an increase of \$164,489 from last fiscal year. Other factors concerning the finances of the proprietary funds have been addressed in the discussion of the City's business-type activities (Water and Sewer Utilities) and the City's governmental activities (Self Insurance).

General Fund Budgetary Highlights

During the current fiscal year, there was a \$2,621,862 increase in appropriations between the original and final amended General Fund budget. Following are the four components of the increase that were adopted using available fund balance:

- Increased the original budget by \$503,290 to fund the implementation of the Wage and Classification Plan.
- Increased the original budget by \$53,640 to fund two Public Record Technician positions.
- Increased the original budget by \$1,825,362 to budget for: the implementation of the IAFF Contract for FY 18 (EMS) \$426,120; the replacement of the Firehouse Software System including a Records Management System \$36,880; the removal of cisterns and the repair/replacement of driveway section affected at Fire Station 84 \$12,500; and the implementation of the PBA Contract for FY 18 \$1,349,862.
- Increased the original budget by \$239,570 to fund the \$226,480 purchase of several police vehicles and one month's salary of a second Assistant City Manager position for FY 18 totaling \$13,090.

City of North Port, Florida
Management's Discussion and Analysis
September 30, 2018

Actual revenues, particularly taxes, intergovernmental, charges for services and miscellaneous revenues, were more than the final budget by \$1,011,347. The annual state contribution of insurance premium taxes for police and the electric utility services tax received were higher than budget by \$130,284 and \$59,180, respectively. Municipal sales tax and the one-half cent local sales tax were both more than the final budget by \$63,800 and \$57,433, respectively. Police services were underestimated by \$61,551; ambulance transport fees by \$270,366; police special detail fees by \$44,761; lot mowing administrative fees by \$54,050; and SDR Application fees by \$102,030. Gains on disposal of assets were under budgeted by \$41,169; contributions and donations by \$51,934; and the P-Card rebate by \$21,223.

Actual expenditures were less than the final budget by \$3,317,223. Following are some of the significant items causing a positive variance: \$1,883,576 less-than-expected salaries and wages due to employee turnover, attrition and unfilled positions; \$268,965 less-than-expected professional services; \$201,060 less-than expected contracted services; \$412,047 less-than-expected capital outlay; diligent efforts by City departments to control costs and find savings throughout the year.

Capital Asset and Debt Administration

Capital assets. As of September 30, 2018, the City's investment in capital assets for its governmental and business-type activities amounts to \$412,239,826 (net of accumulated depreciation). This investment in capital assets includes land, construction in process, buildings, improvements, various infrastructure, utility systems and equipment. The overall total increase in the City's capital assets for the current fiscal year was 3.05% (a 2.67% increase for governmental activities and a 3.87% increase for business-type activities).

Some of the major capital asset additions during the current fiscal year included the following:

- Roads
- Sidewalks
- Neighborhood park refurbishments
- Water and sewer line improvements
- Lift station rehabilitation
- Reclaimed water improvements
- Fire, police, solid waste, road and drainage and utilities vehicles and equipment
- Water control structure rehabilitation

Economic Factors and Next Year's Budgets and Rates

- The City of North Port had an unemployment rate of 3.0% at fiscal year-end. The City's unemployment rate was the same as the unemployment rate for Florida but was lower than the nation's rate of 3.6% during the same time period.
- The General Fund property tax millage remained at 3.4070 mills for fiscal year 2019.

City of North Port, Florida
Management's Discussion and Analysis
September 30, 2018

- The City's population increased by 5.11% during the fiscal year from 67,196 to 70,631.
- The taxable value of real estate located in the City rose to \$4.14 billion in the current fiscal year, which is an increase of approximately \$461.8 million or 12.56% over the prior fiscal year.
- Single family home starts are continuing to increase.

All these factors were considered in preparing the City's budget for the 2019 fiscal year.

**CITY OF NORTH PORT, FLORIDA
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
SEPTEMBER 30, 2018**

Fund balances - total governmental funds \$ 97,027,675

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.

| | | |
|--------------------------------|---------------|-------------|
| Non-depreciable capital assets | \$ 24,616,472 | |
| Depreciable capital assets | 257,061,469 | 281,677,941 |

Other assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.

| | | |
|----------------------------------------------------------|-----------|-----------|
| Prepaid bond insurance (net of accumulated amortization) | 80,674 | |
| Net pension asset | 2,110,940 | 2,191,614 |

An internal service fund is used by management to charge the cost of self-insurance to individual funds. The assets and liabilities of the internal service fund are included in governmental activities in the Statement of Net Position.

640,967

Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the governmental funds.

| | | |
|------------------------------------------------|--------------|--------------|
| Interest payable | (477,264) | |
| Loans payable | (2,634,627) | |
| Assessment bonds payable plus bond premium | (35,097,662) | |
| Compensated absences payable | (2,775,161) | |
| Net pension liability | (28,659,172) | |
| Other postemployment benefits (OPEB) liability | (3,314,961) | (72,958,847) |

Certain deferred inflows in governmental funds are susceptible to full accrual on the entity-wide statements.

397,894

Deferred outflows and inflows of resources related to pensions and OPEB are not expected to be liquidated with expendable available financial resources and, therefore, are not reported in the governmental funds.

| | | |
|------------------------------------------------|-------------|------------|
| Deferred outflows related to pensions and OPEB | 20,509,667 | |
| Deferred inflows related to pensions and OPEB | (8,392,758) | 12,116,909 |

Net position of governmental activities \$ 321,094,153

**CITY OF NORTH PORT, FLORIDA
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2018**

Net change in fund balances - total governmental funds \$ (6,016,227)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

| | | |
|---------------------------------|---------------------|-----------|
| Expenditures for capital assets | \$ 18,727,677 | |
| Less current year depreciation | <u>(10,682,871)</u> | 8,044,806 |

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, disposals, asset transfers to/from enterprise funds). (718,456)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Also, revenue related to prior periods that became available during the current period are reported in the funds but are eliminated in the statement of activities. This amount is the net adjustment. 38,734

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

| | | |
|----------------------------------------------|----------------|-----------|
| Bond principal payments | 955,000 | |
| Amortization of bond premium | 69,110 | |
| Amortization of prepaid bond insurance costs | <u>(6,539)</u> | 1,017,571 |

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore, are not reported as expenditures in government funds.

| | | |
|--------------------------------|------------------|-------------|
| Pension expense | (1,660,540) | |
| OPEB expense | (154,530) | |
| Change in accrued interest | (56,316) | |
| Change in compensated absences | <u>(381,473)</u> | (2,252,859) |

A prior year prepaid debt service expensed in the current year in the governmental funds is not reported as an expense in governmental activities. 1,821,260

An internal service fund is used by management to charge the cost of self-insurance to individual funds. The net expense of the internal service fund is reported with governmental activities. 125,184

Change in net position of governmental activities \$ 2,060,013

The notes to the financial statements are an integral part of this statement.

CITY OF NORTH PORT, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of North Port, Florida (the City) have been prepared in conformity with accounting principles generally accepted (GAAP) in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

1. THE FINANCIAL REPORTING ENTITY

The City of North Port, Florida was created, as of June 18, 1959, pursuant to the provisions of the Constitution of the State of Florida, the laws of the State of Florida and the Special Legislative Enactment of Chapter 59-1617 as amended by Chapter 59-1618. The City operates under a form of government that is comprised of five elected City Commissioners and a commission appointed City Manager. The following services are provided: public safety, road improvements, planning and zoning, building permitting and inspections, water and sewer service, refuse collection service, stormwater management, and related general administrative services.

As required by GAAP, these financial statements present the activities of the City of North Port, Florida.

Blended Component Units: The financial statements also include three special districts, which are reported as blended component units. The districts operate under the guidance of the City Commission, which meets separately as the districts' governing body to approve the adoption of the annual budget and subsequent amendments, the issuance of debt and the execution of contracts. The financial transactions of these component units are merged in with similar transactions of the City as part of the primary government. Blended component units of the City of North Port include the Road and Drainage District, the Fire Rescue District and the Solid Waste District. Separate financial statements of the three districts are not available.

2. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual funds are reported as separate columns in the fund financial statements.

3. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements, as well as the proprietary and fiduciary fund financial statements, are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise fees, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The *general fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *road and drainage district special revenue fund* is used to account for proceeds of the local option gas taxes and district assessments that are restricted to transportation and/or stormwater drainage services.

The *fire rescue district special revenue fund* is used to account for proceeds of district assessments that are restricted for fire rescue emergency services and public safety.

The *solid waste district special revenue fund* is used to account for proceeds of district assessments that are restricted for solid waste collection and transportation of refuse, yard waste and recyclable material.

The *surtax III capital projects fund* is used to account for resources that are restricted for the acquisition and/or construction of specific capital projects. This fund represents the fifteen (15) year extension of the one cent sales surtax program.

The City reports the following major proprietary fund:

The *water and sewer utilities fund* accounts for the activities associated with providing water and sewer services to the residents of the City. The City operates a sewage treatment plant, sewage pumping stations and collection systems, and a water treatment/distribution plant.

Additionally, the City reports the following fund types:

The *self-insurance fund* (internal service fund) accounts for the activity of the workers' compensation self-insurance, the auto self-insurance and the general liability self-insurance provided to other departments on a cost reimbursement basis.

The *pension trust funds* (fiduciary funds) account for the activities of the City's firefighters' and police officers' pension trust funds, which accumulate resources for pension benefit payments to qualified pension participants.

The *county road impact fees agency fund* (fiduciary fund) accounts for the impact fees collected for and disbursed to Sarasota County.

The *county justice impact fees agency fund* (fiduciary fund) accounts for the impact fees collected for and disbursed to Sarasota County.

The *county general government impact fees agency fund* (fiduciary fund) accounts for the impact fees collected for and disbursed to Sarasota County.

The *education impact fees agency fund* (fiduciary fund) accounts for the impact fees collected for and disbursed to Sarasota County School Board.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges for services between the City's various funds. Elimination of these charges would distort the direct costs and program revenues reported for the functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water and sewer enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, followed by committed, assigned and unassigned resources as they are needed.

4. ASSETS, LIABILITIES, AND NET POSITION OR FUND BALANCE

a) Cash and investments

The City is authorized by City Ordinance 2016-10, adopted April 26, 2016, to invest surplus funds in accordance with Florida Statute 218.415. Investment guidelines have been defined in the policy and authorize the City to invest in the following:

- 1) U.S. Treasuries and Government Guaranteed Obligations

- 2) Federal Agencies and Government Sponsored Enterprises (GSE)
- 3) Supranationals
- 4) Corporates
- 5) Municipals
- 6) Agency Mortgage Backed Securities
- 7) Asset-backed securities
- 8) Non-Negotiable Certificates of Deposit and Savings Accounts
- 9) Commercial Paper
- 10) Repurchase Agreements
- 11) Money Market Funds
- 12) Fixed Income Mutual Funds
- 13) Local Government Investment Pools
- 14) The Florida Local Government Surplus Funds Trust Funds (“Florida Prime”)

The City maintains a cash and investment pool that is available for use by all funds. Investment income and loss is allocated to individual funds based upon their average daily balance in the cash pool. Each fund’s individual equity in the City’s cash and investment pool is considered to be a cash equivalent, since the funds can deposit or withdraw cash at any time without prior notice or penalty.

Investments for the City are reported at fair value based upon quoted market prices. If quoted market prices are not available, fair values are based on quoted market prices of comparable instruments or values obtained from independent pricing services.

b) Receivables and payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the noncurrent portion of interfund loans.) All other outstanding balances between funds are reported as “due to/from other funds.” Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

The non-current advances between funds, as reported in the fund financial statements, are offset by a corresponding nonspendable portion of fund balance to indicate that they are not available for appropriation and are not expendable available financial resources.

All trade receivables are shown net of an allowance for uncollectibles.

c) Inventories

Inventories are adjusted to annual counts and are valued at cost, using the first-in/first-out method. Inventory is accounted for using the consumption method, whereby inventories are recorded as expenditures when they are used.

d) Prepaid items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

e) Restricted assets

The balances of restricted asset accounts in the governmental activities column at September 30, 2018 are as follows:

| | |
|--------------------------------------------------|--------------|
| Bond proceeds restricted for road rehabilitation | \$ 3,309,238 |
|--------------------------------------------------|--------------|

The balances of restricted asset accounts in the business-type activities column at September 30, 2018 are as follows:

| | |
|------------------------------------|----------------------|
| Customer deposits | \$ 97,189 |
| Renewal and replacement funds | 1,325,682 |
| Capital project construction funds | 16,608,875 |
| | <u>\$ 18,031,746</u> |
| Capacity fees receivables | \$ 444,725 |

f) Capital assets

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of \$5,000 or more (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Property, plant, and equipment of the City are depreciated using the straight-line method over the following estimated useful lives:

| <u>Assets</u> | <u>Years</u> |
|------------------------|--------------|
| Buildings | 40 |
| Improvements | 5-50 |
| Furniture and fixtures | 5-10 |
| Equipment | 7-30 |
| Vehicles | 5 |

g) Deferred outflows/inflows of resources

In addition to assets and liabilities, the statement of net position and the governmental funds balance sheet will sometimes report separate sections for deferred outflows/inflows of resources. *Deferred outflows of resources* represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that period. *Deferred inflows of resources* represent an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that period. The City has various items

that qualify for reporting in these categories. In the business-type activities column of the government-wide statement of net position, a deferred charge on debt refunding is reported as a deferred outflow, resulting from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Another item, unavailable revenue, arises only under the modified accrual basis and accordingly, the unavailable revenue is reported as a deferred inflow only in the governmental funds balance sheet. The governmental funds report unavailable revenue from one source: other receivables. This amount is deferred and recognized as an inflow of resources in the period that the amounts become available.

Additionally, the City has deferred inflows and deferred outflows related to the recording of changes in its net pension liability. Certain changes in the net pension liability are recognized as pension expense over time instead of all being recognized in the year of occurrence. Experience gains or losses result from periodic studies by actuaries, which adjust the net pension liability for actual experience for certain trend information that was previously assumed, for example the assumed dates of retirement of plan members. These experience gains or losses are recorded as deferred outflows of resources or deferred inflows of resources and are amortized into pension expense over the expected remaining service life of plan members. Changes in actuarial assumptions which adjust the net pension liability are also recorded as deferred outflows of resources or deferred inflows of resources and are amortized into pension expense over the expected remaining lives of plan members. The difference between projected investment return on pension investments and actual return on those investments is also deferred and amortized against pension expense over a five-year period. The changes in proportion and differences between City contributions and proportionate share of contributions are also deferred and amortized against pension expense over a five-year period. Additionally, any contributions made by the City to the pension plan before year end but subsequent to the measurement date of the City's net pension liability are reported as deferred outflows of resources.

h) Compensated absences

It is the City's policy to permit employees to accumulate earned but unused vacation, sick pay and other employee benefit amounts. These amounts are accrued when incurred in the government-wide and proprietary fund financial statements. In the case of governmental funds, the only portion of the liability reported would be the amount of reimbursable unused leave payable to employees who had terminated their employment as of the end of the fiscal year.

i) Long-term obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums, discounts and insurance costs are deferred and amortized over the life of the bonds using the bonds outstanding method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize debt proceeds, including capital leases, during the current period. The face amount of debt issued is reported as "other financing sources."

j) Net position

The government-wide and business-type fund financial statements utilize a net position presentation.

Net position is presented in three components – net investment in capital assets, restricted, and unrestricted.

Net Investment in Capital Assets – this component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings attributable to the acquisition, construction or improvement of those assets. This component does not include the portion of debt attributable to the unspent proceeds.

Restricted – this component of net position has constraints placed on them either externally by third parties (creditors, grantors, contributors or laws or regulations of other governments) or by law through constitutional provisions or enabling legislation.

Unrestricted – this component consists of net position that does not meet the definition of “net investment in capital assets” and “restricted”.

When both restricted and unrestricted resources are available for use, it is the City’s policy to use restricted resources first, then unrestricted resources as they are needed.

Certain proceeds of the City’s enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as *restricted* net position on the balance sheet because their use is limited by applicable bond covenants. District revenues and impact fee revenues are set aside to be used for their respective purposes in accordance with state statutes, regulations, and City ordinances.

k) Fund balance

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Classifications of fund balance are established as authorized by City Resolution No. 2011-R-14. Fund balance is reported in up to five components – nonspendable, restricted, committed, assigned and unassigned.

Nonspendable Fund Balance – consists of funds that are (a) not in spendable form or (b) legally or contractually required to be maintained intact. “Not in spendable form” includes items that are not expected to be converted to cash (such as inventories and prepaid items) and long-term loans and notes receivable.

Restricted Fund Balance – consists of funds that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – consists of funds that are set aside for a specific purpose by the City’s highest level of decision making authority (ordinance). Formal action must be taken prior to the end of the fiscal year, but the amount, which will be subject to the constraint, may be determined in the subsequent period. The same formal action must be taken to remove or change the limitations placed on the funds.

Assigned Fund Balance – consists of funds that are set aside with the intent to be used for a specific purpose. The intended use can be established by the City Commission, delegated to a group (Management Team) or delegated to an individual City Manager or Finance Director. Projects that have been budgeted in prior fiscal years but are not complete are assigned the resources necessary to

complete if not committed under contract. This amount would represent the portion of fund balance to be used in the subsequent year's budget or to accumulate resources for a future capital project. In governmental funds other than the General Fund, assigned fund balance represents the amount that is not restricted or committed. Assigned funds cannot cause a deficit in unassigned fund balance.

Unassigned Fund Balance – consists of excess funds that have not been classified in the previous four categories. The City reports positive unassigned fund balances only in the General Fund. Negative unassigned fund balances may be reported in the other funds.

When a governmental fund has multiple classifications of fund balance, fund balance is generally depleted in the order of restricted, committed, assigned and unassigned.

The City's formal General Fund fund balance policy establishes a targeted minimum spendable fund balance range between 25% and 30% of the ensuing year's General Fund budgeted expenditures. The unassigned portion of the fund balance is targeted at 5% to 10% of the ensuing year's General Fund budgeted expenditures. The formal fund balance policy also includes the City's three dependent districts (Road & Drainage, Fire Rescue and Solid Waste) and the City's Building Department. The targeted minimum fund balance range of these three districts and the Building Department is 25% - 30% of the ensuing year's annual budgeted expenditures of each respective fund.

The composition of nonspendable, restricted, committed, assigned and unassigned fund balances at September 30, 2018 is following:

| | Major Funds | | | |
|--------------------------------------------------|----------------------|-------------------------------------------|---------------------------------|---------------------------------|
| | General Fund | Road and Drainage District | Fire Rescue District | Solid Waste District |
| Governmental Fund Balance Components: | | | | |
| Nonspendable: | | | | |
| Prepaid items | \$ - | \$ - | \$ - | \$ - |
| Inventories | - | - | - | - |
| Total nonspendable | - | - | - | - |

| Total assigned | - | - | 1,090,668 |
| Unassigned | | | |
| | - | - | 11,964,336 |
| Total fund balances | \$ 26,582,855 | \$ 38,967,796 | \$ 97,027,675 |

5. ACCOUNTING ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America as applied to governmental units requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from the estimates.

NOTE B – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

1. BUDGETARY INFORMATION

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- During the month of July, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing October 1st for the purpose of determining millage requirements. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted at City Hall to obtain taxpayer comments during September.
- On or before September 30th, the budget is legally enacted for funds through passage of an ordinance.
- The City Commission must approve any revisions altering the budgeted amounts of total expenditures of any fund.

- Budgets have been adopted for the governmental and enterprise funds on a basis consistent with generally accepted accounting principles (GAAP). Expenditures may not legally exceed appropriations plus accumulated fund equity at the fund level. All annual appropriations lapse at year-end.

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded as reservations of budget, is employed as an extension of the statutorily required budgetary process. All encumbrances lapse at year-end; however, it is the City's intention to substantially honor these encumbrances under authority provided in the subsequent year's budget. Encumbrances outstanding at year-end were \$275,926 for the General Fund, \$1,223,250 for the Road and Drainage District, \$41,355 for the Fire Rescue District, \$10,979,628 for the Surtax III Fund, \$4,538,338 for nonmajor funds, and \$1,715,752 for the Water and Sewer Utilities Fund.

Appropriations of various City projects are also recorded as reservations of budget and employed as an extension of the statutorily required budgetary process. All project appropriations lapse at year-end; however, it is the City's intention to substantially honor these appropriations under authority provided in the subsequent year's budget. Project appropriations outstanding at year-end were \$300,920 for the General Fund, \$3,832,497 for the Road and Drainage District, \$17,500 for the Fire Rescue District, \$12,096,383 for the Surtax III Fund, \$3,337,968 for nonmajor funds, and \$5,618,751 for the Water and Sewer Utilities Fund.

Budgeted amounts are as originally adopted or amended by the City. Supplemental appropriations made during the fiscal year are included in the "Final Budgeted Amount" columns on the *Budgetary Comparison Schedules*. Supplemental budgetary appropriations for major funds made during the year included the following:

- The General Fund expenditure budget increased \$2,724,263 to fund the implementation of a Pay and Classification Plan, the addition of two Public Records Technician positions, one month's salary of a second Assistant City Manager position, and additional funding for the implementation of the IAFF and PBA contracts; to purchase four police traffic vehicles; to replace Firehouse Software; to fund the removal of cisterns and the repair and replacement of the driveway section affected; and to budget for the receipt of two grants, a reimbursement for services and two donations.
- The Road and Drainage District expenditure budget was increased \$2,048,414 to fund the implementation of a Pay and Classification Plan and a Methodology and Rate Study review and implementation; to provide additional funding related to Hurricane Irma and contracted mowing services; and to budget for the receipt of a donation and a \$1,337,351 grant for bike lanes.
- The Fire Rescue District expenditure budget was increased \$873,750 to fund the implementation of the Pay and Classification Plan, the hiring and equipping of a temporary Fire and Life Safety Inspector position and the additional funding for the implementation of the IAFF contract; to replace Firehouse Software; and to fund the removal of cisterns and the repair and replacement of the driveway section affected.
- The Solid Waste District expenditure budget was increased \$131,880 to fund the implementation of a Pay and Classification Plan.
- The Surtax III Fund expenditure budget was increased \$2,582,070 to provide additional funding for the Eldron Sidewalk and Community Education Center Parking Lot Improvements construction projects; to purchase an armored vehicle and twelve patrol vehicles for the Police Department; and due to the transfer of monies for the Fire/Police Training Tower project from the Surtax II Fund to the Surtax III Fund.

All other supplementary budgetary appropriations in the major funds were not material in relation to the original budget.

NOTE C – DEPOSITS AND INVESTMENTS

Custodial Credit Risk

Custodial credit risk is defined as the risk that, in the event of failure of the counterparty, the City will not be able to recover the value of its securities that are in possession of an outside party.

At September 30, 2018, City's book balance of cash was \$8,562,467 and the bank balances were \$9,023,633. The difference between the book balance and the bank balance is deposits in transit and uncleared checks. The bank balances are insured by the Federal Depository Insurance Corporation (FDIC) in the amount of \$250,000 for each banking relationship. The remaining balances are collateralized pursuant to Chapter 280, Florida Statutes. Under this Chapter, in the event of default by a participating financial institution (a qualified public depository), all participating institutions are obligated to reimburse the governmental entity for the loss. The City's investment policy requires that securities be secured through third-party custody in the City's name.

Interest Rate Risk

As of September 30, 2018, the City had the following investments and maturities:

| <u>Investment Type</u> | <u>Fair Value</u> | <u>Less than 1</u> | <u>1-5</u> | <u>6-9</u> |
|-------------------------------|--------------------------|---------------------------|----------------------|---------------------|
| U.S. Treasuries | \$ 24,843,357 | \$ - | \$ 24,843,357 | \$ - |
| Federal Instrumentalities | 6,038,511 | 2,597,952 | 2,345,873 | 1,094,686 |
| Supra-national bonds | 7,745,720 | 2,059,831 | 5,685,889 | - |
| Municipal bonds | 1,619,766 | 651,305 | 968,461 | - |
| Corporate notes | 31,737,289 | 13,101,088 | 18,636,201 | - |
| Asset backed securities | 15,227,640 | - | 15,227,640 | - |
| SBA - LGIP | 26,536,526 | 26,536,526 | - | - |
| FEITF | 22,258,511 | 22,258,511 | - | - |
| Money Markets | 182,569 | 182,569 | - | - |
| | <u>\$ 136,189,889</u> | <u>\$ 67,387,782</u> | <u>\$ 67,707,421</u> | <u>\$ 1,094,686</u> |

Following is a reconciliation of the investment schedule above to cash and investments reported on the entity-wide statement of net position:

Reconciliation with Statement of Net Position:

| | |
|-----------------------------------|-----------------------|
| Cash and investments | \$ 123,397,452 |
| Cash and investments - restricted | 21,340,984 |
| | <u>144,738,436</u> |
| Add agency funds' cash | 29,920 |
| Less cash book balance | (8,562,467) |
| Less cash on hand | (16,000) |
| Fair value total | <u>\$ 136,189,889</u> |

In compliance with the City's investment policy, as of September 30, 2018, the City minimized the interest rate risk by limiting the effective duration of security types not to exceed five years and structuring the investment portfolio so that securities matured to meet cash requirements for ongoing operations.

Credit Risk

The City’s investment policy limits credit risk by restricting the authorized investments to those stated in Note A, Section 4(a). The following table illustrates the credit quality distribution with credit exposure as a percentage of the City’s investment securities:

| <u>Investment Type</u> | <u>Rating</u> | <u>Portfolio</u> |
|-------------------------------------------|----------------------|-------------------------|
| U.S. Treasury Notes | AA+ | 18% |
| Federal Instrumentalities: | | |
| Federal National Mortgage Association | AA+ | 3% |
| Federal Home Loan Mortgage Corporation | AA+ | 1% |
| Federal Home Loan Bank | AA+ | 1% |
| Supra-national agencies | AAA | 6% |
| Corporate notes | BBB+ to AAA | 23% |
| Asset backed securities | NR/AAA | 11% |
| Municipal bonds | AA- to AA | 1% |
| Principal stability funds: | | |
| Florida Educational Investment Trust Fund | AAAm | 16% |
| SBA Florida Prime | AAAm | 20% |

The City’s investment policy establishes limitations on portfolio composition by investment type in order to control concentration of credit risk. The following maximum limits are guidelines established for diversification by instrument:

| | |
|-----------------------------------------------------------------|------|
| U.S. Government Guaranteed Securities | 100% |
| Federal Agencies/GSE | 75% |
| Supranationals | 25% |
| Corporates | 50% |
| Municipals | 25% |
| Agency Mortgage Backed Securities | 25% |
| Asset Backed Securities | 25% |
| Non-Negotiable Collateralized Bank Deposits or Savings Accounts | 50% |
| Commercial Paper | 50% |
| Repurchase Agreements | 40% |
| Money Market Funds | 50% |
| Fixed Income Mutual Funds | 20% |
| Intergovernmental Pools (LGIPs) | 50% |
| Florida Local Government Surplus Funds Trust Funds | 25% |

Fair Value Measurements

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. Fair value is the exchange price that would be received for an asset (exit price) in the principal or most advantageous market for an asset in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets that the City has the ability to access.

Level 2 inputs are inputs other than quoted prices included in Level 1 that are observable for the asset in active markets, as well as inputs that are observable for the asset (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs for the asset which are typically based on the City’s own assumptions, as there is little, if any, related market activity.

Investments that are measured at fair value using the net asset value (NAV) per share, or its equivalent, as a practical expedient are not classified in the fair value hierarchy.

The City had the following recurring fair value measurements, broken into the fair value hierarchy, as of September 30, 2018:

| <u>Investment Type</u> | <u>Level 1</u> | <u>Level 2</u> | <u>Total</u> |
|------------------------------------|----------------------|----------------------|-----------------------|
| U.S. Treasuries | \$ 24,843,357 | \$ - | \$ 24,843,357 |
| Federal Instrumentalities | - | 6,038,511 | 6,038,511 |
| Supra-national bonds | - | 7,745,720 | 7,745,720 |
| Municipal bonds | - | 1,619,766 | 1,619,766 |
| Corporate notes | - | 31,737,289 | 31,737,289 |
| Asset backed securities | - | 15,227,640 | 15,227,640 |
| Money Markets | 182,569 | - | 182,569 |
| | <u>\$ 25,025,926</u> | <u>\$ 62,368,926</u> | <u>\$ 87,394,852</u> |
| SBA Florida Prime LGIP | | | 26,536,526 |

| Net total receivables | \$ 12,581 | \$ 4,040,259 | \$ 24,663 | \$ 7,434,750 |

NOTE E- PROPERTY TAX

Property taxes are levied on November 1 of each year and are due and payable upon receipt of the notice of levy. The Sarasota County, Florida, Tax Collector's Office bills and collects property taxes on behalf of the City. The tax rate to finance general governmental services for the fiscal year ended September 30, 2018 was \$3.4070 per \$1,000 of assessed taxable property value. Property tax revenues are recognized currently in the fiscal year for which the taxes are levied. On May 1 of each year, unpaid taxes become a lien on the property. The past due tax certificates are later sold at public auction and the proceeds thus collected are remitted to the City.

No accrual for the property tax levy becoming due in November 2018 is included in the accompanying financial statements since such taxes do not meet the necessary criteria. The major dates in the property tax process are listed on the following table.

| PROPERTY TAX CALENDAR | |
|------------------------------|--------------------------------------------------------|
| July 1 | Assessment roll validated |
| | |
| September 30 | Millage resolution approved |
| | |
| October 1 | Beginning of fiscal year for which tax is to be levied |
| | |
| November 1 | Tax bills rendered and due |
| | |
| November 1 - March 31 | Property taxes due with various discount rates |
| | |
| April 1 | Taxes delinquent |
| | |
| May 31 | Tax certificates sold by County |

NOTE F – CAPITAL ASSETS

Capital asset activity for the year ended September 30, 2018, was as follows:

| | <u>Primary Government</u> | | | |
|------------------------------------------------------|-----------------------------|---------------------|---------------------|--------------------------|
| | Beginning <u>Balance</u> | <u>Increases</u> | <u>Decreases</u> | Ending <u>Balance</u> |
| Governmental activities: | | | | |
| Capital assets not being depreciated: | | | | |
| Land | \$ 18,581,548 | \$ 899,416 | \$ - | \$ 19,480,964 |

Depreciation expense was charged to functions as follows:

| | |
|-----------------------------------------------------|----------------------|
| Governmental activities: | |
| General government | \$ 979,498 |
| Public safety | 1,874,282 |
| Physical environment | 2,975,393 |
| Transportation | 3,759,109 |
| Human services | 74,293 |
| Culture and recreation | 1,020,296 |
| | <hr/> |
| Total governmental activities depreciation expense | <u>\$ 10,682,871</u> |
| Business-type activities | |
| Water and sewer utility | \$ 4,592,846 |
| | <hr/> |
| Total business-type activities depreciation expense | <u>\$ 4,592,846</u> |

Commitments

Uncompleted commitments at September 30, 2018 consist of the following:

| <u>Project</u> | <u>Spent-to-Date Not yet Capitalized</u> | <u>Remaining Commitment</u> |
|-----------------------------------------|----------------------------------------------|---------------------------------|
| Fire station construction/vehicles | \$ 36,335 | \$ 102,065 |
| Police department vehicles/equipment | - | 1,435,141 |
| Parks & recreation construction | 3,092,847 | 8,563,218 |
| Roads and drainage construction | 1,121,622 | 6,363,019 |
| Building department software | - | 209,128 |
| Water and sewer operations construction | 1,172,013 | 1,542,842 |
| | <hr/> | <hr/> |
| Total | <u>\$ 5,422,817</u> | <u>\$ 18,215,413</u> |

NOTE G – INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances at September 30, 2018 is as follows:

Due to/from other funds:

| <u>Receivable Fund</u> | <u>Payable Fund</u> | <u>Amount</u> |
|------------------------|----------------------------|-------------------|
| General | Non-major governmental | \$ 97,678 |
| | Road and Drainage District | 189,639 |
| | Fire Rescue District | 365,910 |
| | Solid Waste District | 80,729 |
| | Water and Sewer Utility | 181,572 |
| | | <hr/> |
| | | <u>\$ 915,528</u> |

Balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

| Interfund transfers: | <u>Transfers out:</u> | | | |
|--------------------------|-----------------------|----------------------------------|-------------------------|-------------------------|
| <u>Transfers in:</u> | General Fund | Road and Drainage District | Fire Rescue District | Solid Waste District |
| General Fund | \$ - | \$ - | \$ - | \$ - |
| Other Governmental Funds | 320,000 | 1,320,000 | 860,000 | 1,402,770 |
| Total | <u>\$ 320,000</u> | <u>\$ 1,320,000</u> | <u>\$ 860,000</u> | <u>\$ 1,402,770</u> |

| <u>Transfers in:</u> | <u>Transfers out:</u> | | | |
|--------------------------|-----------------------|-----------------------------------|----------------------------|---------------------|
| <u>Transfers in:</u> | Surtax III Funds | Nonmajor Governmental Funds | Water & Sewer Utilities | Total |
| General Fund | \$ - | \$ - | \$ 420,260 | \$ 420,260 |
| Other Governmental Funds | 822,167 | 90,000 | - | 4,814,937 |
| Total | <u>\$ 822,167</u> | <u>\$ 90,000</u> | <u>\$ 420,260</u> | <u>\$ 5,235,197</u> |

Transfers are used to move revenues from the fund that the budget requires to collect them to the fund that the budget requires to expend them.

NOTE H – LONG-TERM LIABILITIES

Long-term Liability Activity

Long-term liability activity for the year ended September 30, 2018, was as follows:

| | Beginning Balance | Additions | Reductions | Ending Balance | Amounts Due within One Year |
|-----------------------------------------------------------|----------------------|----------------------|------------------------|----------------------|-----------------------------------|
| Governmental activities: | | | | | |
| Bonds payable: | | | | | |
| Transportation improvement assessment bonds | \$ 35,200,000 | \$ - | \$ (955,000) | \$ 34,245,000 | \$ 990,000 |
| Plus bond premium | 921,772 | - | (69,110) | 852,662 | - |
| Total bonds payable | 36,121,772 | - | (1,024,110) | 35,097,662 | 990,000 |
| State infrastructure loan | 2,634,627 | - | - | 2,634,627 | 2,634,627 |
| OPEB liability (restated) | 3,091,591 | 348,951 | (125,683) | 3,314,859 | - |
| Net pension liability** | 26,384,521 | 21,299,881 | (19,025,229) | 28,659,173 | - |
| Compensated absences | 2,393,688 | 4,276,569 | (3,895,096) | 2,775,161 | 462,619 |
| <i>Governmental activities long-term liabilities</i> | <u>\$ 70,626,199</u> | <u>\$ 25,925,401</u> | <u>\$ (24,070,118)</u> | <u>\$ 72,481,482</u> | <u>\$ 4,087,246</u> |
| Business-type activities: | | | | | |
| Bonds payable: | | | | | |
| Revenue bonds | \$ 12,769,164 | \$ - | \$ (1,492,552) | \$ 11,276,612 | \$ 1,714,957 |
| State revolving loans | 19,247,015 | 523,594 | (1,198,131) | 18,572,478 | 1,233,660 |
| OPEB liability (restated) | 163,725 | 75,560 | (27,215) | 212,070 | - |
| Net pension liability | 3,394,073 | 1,955,917 | (1,883,899) | 3,466,091 | - |
| Compensated absences | 309,825 | 554,115 | (533,083) | 330,857 | 55,154 |
| Deposits payable | 80,563 | 55,154 | (38,528) | 97,189 | 46,358 |
| <i>Business-type activities long-term liabilities</i> | <u>\$ 35,964,365</u> | <u>\$ 3,164,340</u> | <u>\$ (5,173,408)</u> | <u>\$ 33,955,297</u> | <u>\$ 3,050,129</u> |

***Please note: due to the Firefighters Pension Plan ending the year with a net pension asset, its beginning balance of \$2,262,807 net pension liability has been removed from the above schedule.*

Liquidation - Governmental Funds

Bonds – In the governmental funds, the liability for bonds payable is paid by the Road Reconstruction Bond Debt Service Fund.

State infrastructure loan – In the governmental funds, the liability for the state infrastructure loan payable is liquidated from the Transportation Impact Fee Fund.

Other post-employment benefits - In the governmental funds, the OPEB liability is liquidated from the General Fund, Road and Drainage District Fund, Fire Rescue District Fund, Solid Waste District Fund, Building Fund, Tree Replacement Fund and the Fleet Maintenance Fund.

Net pension liability - In the governmental funds, the net pension liability is liquidated from the General Fund, Road and Drainage District Fund, Fire Rescue District Fund, Solid Waste District Fund, Building Fund, Tree Replacement Fund and the Fleet Maintenance Fund.

Compensated absences - In the governmental funds, the liability for compensated absences is liquidated from the General Fund, Road and Drainage District Fund, Fire Rescue District Fund, Solid Waste District Fund, Building Fund, Tree Replacement Fund and the Fleet Maintenance Fund.

Refunding Losses, Prepaid Bond Insurance and Bond Premium

A refunding loss of \$817,039 incurred in conjunction with the issuance of the Utility System Refunding Revenue Bonds, Series 2005, is being amortized over the life of the bonds (25 years) using the bonds outstanding method. Amortization of the refunding loss on the Series 2005 bonds was \$35,090 for the year ended September 30, 2018 and is included as a component of interest expense. Unamortized refunding loss of \$229,986 is recorded as deferred outflows on the statements of net position.

A refunding loss of \$820,427 incurred in conjunction with the issuance of the Utility System Refunding Revenue Bonds, Series 2014, is being amortized over the life of the bonds (9 years) using the bonds outstanding method. Amortization of the refunding loss on the Series 2014 bonds was \$92,549 for the year ended September 30, 2018 and is included as a component of interest expense. Unamortized refunding loss of \$189,075 is recorded as deferred outflows on the statement of net position.

Prepaid bond insurance costs of \$115,167 incurred in conjunction with the issuance of the Transportation Improvement Assessment Bonds, Series 2013, are being amortized over the life of the bonds (26 years) using the bonds outstanding method. Amortization of insurance costs on the Series 2013 bonds was \$6,539 for the year ended September 30, 2018. The unamortized balance at September 30, 2018 is \$80,674.

A bond premium of \$1,217,230 incurred in conjunction with the issuance of the Transportation Improvement Assessment Bonds, Series 2013, is being amortized over the life of the bonds (26 years) using the bonds outstanding method. Amortization of the bond premium on the Series 2013 bonds was \$69,110 for the year ended September 30, 2018 and is included as a component of interest expense. The unamortized balance of \$852,662 is netted against bonds payable on the statement of net position.

Refunding Revenue Notes

Utility System Refunding Private Placement Revenue Notes, Series 2014A and Series 2014B, dated April 15, 2014 were issued in the amount of \$10,000,000 and \$1,670,000, respectively, for the purposes of providing funds to currently refund the City's outstanding Utility System Refunding Revenue Bond, Series 2010 maturing on October 1, 2014 through October 1, 2022. The Series 2014 Notes are expected to be repaid over a period of nine years. At a true interest cost of 2.15% for 2014A and 2.1% for 2014B, total interest paid over the life of the Series 2014 notes will be \$1,160,562. The expected source of repayment is the pledged funds (water and sewer revenues). The Series 2014 notes shall be on parity in all respects and shall rank equally as to lien on and source and security form the pledged funds with the outstanding parity bonds. The City currently refunded the Series 2010 bonds to reduce its total debt service payments over the next nine years by \$622,257 and to obtain an economic gain (difference between the present value of the debt service payments of the old and new debt) of \$342,541.

Deposits Payable

Before rendering water or wastewater service, the City may require an applicant for service to satisfactorily establish credit by paying a cash deposit. The amount of the initial deposit shall be according to customer class and meter size. After the customer has established continuous utility service for a period of twenty-four months and meets the following requirements, the customer's security deposit will be refunded as a credit to their utility account: 1) customer has not been disconnected for nonpayment; 2) customer has not had a returned

payment in the last six months; 3) customer has not tampered with the meter; and 4) customer has not used service in a fraudulent or unauthorized manner.

Debt Maturity:

Debt service requirements at September 30, 2018 were as follows:

Description of Debt:

| | <u>Governmental</u> | <u>Business-type</u> |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|----------------------|
| <p>\$39,525,000 Series 2013 Transportation Improvement Assessment Bonds, due in annual installments of \$855,000 - \$2,510,000 beginning July 1, 2014 through July 1, 2039; interest between 1.00% - 5.00%; secured by a pledge of non-ad valorem capital assessments. Proceeds from the bonds provided financing for the reconstruction and rehabilitation of approximately 266 miles of existing roadways within the City. The total pledged revenue at 9/30/18, which equals remaining principal and interest, is \$55,389,013. Principal and interest paid for the current year and total capital assessments were \$2,638,794 and \$3,042,290, respectively.</p> | \$ 34,245,000 | \$ - |
| <p>\$9,509,894 State Infrastructure Bank Loan, due in annual installments of \$1,821,260 beginning October 1, 2014 until loan is paid in full; interest at 2.5%; secured by transportation impact fees and the discretionary sales surtax revenues. Proceeds from the loan provided financing for the Sumter Boulevard widening: Heron Creek Boulevard to City Center Boulevard. The pledged revenue at 9/30/18, which equals remaining principal and interest, is \$2,722,474. Principal and interest paid for the current year and total transportation impact fees and sales surtax revenue were \$1,821,260 and \$12,563,462, respectively.</p> | 2,634,627 | - |
| <p>\$6,211,908 Series 2005 Utility System Refunding Private Placement Revenue Bonds, due in annual installments of \$17,177 - \$592,317 beginning September 30, 2006 through September 30, 2030; interest at 4.02%; secured by a pledge of the net revenues of the system operations and impact fees. Proceeds from the bonds refunded a portion of the 2000 bonds, which provided financing for improvements to the wastewater treatment system. The pledged revenue at 9/30/18, which equals remaining principal and interest, is \$7,402,392. Principal and interest paid for the current year and total net revenues were \$429,072 and \$8,358,301, respectively.</p> | - | 5,763,612 |
| <p>\$11,670,000 Series 2014A (\$10,000,000) and 2014B (\$1,670,000) Utility System Private Placement Refunding Revenue Notes, due in annual installments of \$1,092,000 - \$1,423,000 beginning September 30, 2014 through September 30, 2022; interest at 2.15% for A and 2.1% for B; secured by a pledge of the net revenues of the system operations and impact fees. Proceeds from the bonds refunded the 2010 bonds, which were issued to refund the remaining 2000 bonds (issued to provide financing for improvements to the wastewater treatment system) and the 2008 refunding bonds, which were issued to refund the 1998 refunding bonds (issued to refund the 1992 bonds issued to purchase the utility system from GDU). The pledged revenue at 9/30/18, which equals remaining principal and interest, is \$5,811,518. Principal and interest paid for the current year and total net revenues were \$1,452,120 and \$8,358,301, respectively.</p> | - | 5,513,000 |
| <p>\$23,400,800 State Revolving Fund Loan, due in semi-annual installments of \$447,888 - \$768,979 beginning July 15, 2011 through January 15, 2031; interest between 2.49% and 3.12%; secured by a pledge of the net revenues of the system operations and impact fees. Proceeds from the fund loan provided financing for improvements to the wastewater treatment system. The pledged revenue at 9/30/18, which equals remaining principal and interest, is \$19,495,714. Principal and interest paid for the current year and total net revenues were \$1,559,657 and \$8,358,301, respectively.</p> | - | 16,335,357 |

Description of Debt:

Proceeds from the fund loan provided financing for improvements to the wastewater treatment system. The pledged revenue at 9/30/18, which equals remaining principal and interest, is \$541,209. Principal and interest paid for the current year and total net revenues were \$24,331 and \$8,358,301, respectively.</p> | | 501,727 |
| TOTAL | <u>\$ 36,879,627</u> | <u>\$ 29,849,090</u> |

Other Long-Term Debt Information

Total interest expense for the year ended September 30, 2018 was \$1,671,000 in the governmental activities and \$1,038,119 in the business-type activities.

In accordance with bond covenants and Section 148 of the Internal Revenue Code, the City is required to rebate to the U.S. Treasury, every five years, earnings on bond proceeds in excess of the bond yield. For the year ended September 30, 2018, no amounts were earned that will have to be rebated to the U.S. Treasury.

NOTE I – EMPLOYEE RETIREMENT SYSTEMS

The City has three pension plans covering all full-time employees after meeting appropriate age and service requirements. They are the Florida Retirement System, the Municipal Police Officers’ Pension Trust Fund and the Municipal Firefighters’ Pension Trust Fund.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's two plans and the FRS plan and additions to/deductions from these plan's fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

FLORIDA RETIREMENT SYSTEM

General Information - All of the City’s full-time, non-uniform (general) employees participate in the Florida Retirement System (FRS). As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan (“Pension Plan”) and the Retiree Health Insurance Subsidy (“HIS Plan”). Under Section 121.4501, Florida Statutes, the FRS also provides a defined contribution plan (“Investment Plan”) alternative to the FRS Pension Plan, which is administered by the State Board of Administration (“SBA”). As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state

university, community college, or a participating city or special district within the State of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida State Legislature.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, or from the website:

www.dms.myflorida.com/workforce_operations/retirement/publications.

Pension Plan

PLAN DESCRIPTION

The FRS Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (“DROP”) for eligible employees. The general classes of membership are as follows:

- *Regular Class* – Members of the FRS who do not qualify for membership in the other classes.
- *Elected County Officers Class* – Members who hold specified elective offices in local government.
- *Senior Management Service Class (SMSC)* – Members in senior management level positions.
- *Special Risk Class* – Members who are special risk employees, such as law enforcement officers and firefighters, meet the criteria to qualify for this class.

Employees enrolled in the Plan prior to July 1, 2011, vest at 6 years of creditable service, while employees enrolled in the Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the Plan may include up to 4 years of credit for military service toward creditable service. The FRS Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The FRS Plan provides retirement, disability, death benefits and annual cost-of-living adjustments to eligible participants.

The DROP Program, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

BENEFITS PROVIDED

Benefits under the FRS Pension Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

| <u>Class, Initial Enrollment and Retirement Age/Years of Service</u> | <u>% Value</u> |
|---------------------------------------------------------------------------------|----------------|
| <i>Regular Class members initially enrolled before July 1, 2011</i> | |
| Retirement up to age 62 or up to 30 years of service | 1.60 |
| Retirement at age 63 or with 31 years of service | 1.63 |
| Retirement at age 64 or with 32 years of service | 1.65 |
| Retirement at age 65 or with 33 or more years of service | 1.68 |
| <i>Regular Class members initially enrolled on or after July 1, 2011</i> | |
| Retirement up to age 65 or up to 33 years of service | 1.60 |
| Retirement at age 66 or with 34 years of service | 1.63 |
| Retirement at age 67 or with 35 years of service | 1.65 |
| Retirement at age 68 or with 36 or more years of service | 1.68 |
| <i>Elected County Officers</i> | 3.00 |
| <i>Senior Management Service Class</i> | 2.00 |
| <i>Special Risk Regular</i> | |
| Service from December 1, 1970 through September 30, 1974 | 2.00 |
| Service on and after October 1, 1974 | 3.00 |

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is three percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of three percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by three percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

CONTRIBUTIONS

Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute three percent of their salary on a pretax basis to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from October 1, 2017 through June 30, 2018 and from July 1, 2018 through September 30, 2018, respectively, were as follows:

| <u>Membership Class</u> | <u>October 1, 2017 thru June 30, 2018</u> | <u>July 1, 2018 thru September 30, 2018</u> |
|-------------------------------------------------|-----------------------------------------------|-------------------------------------------------|
| <i>FRS, Regular</i> | 7.92% | 8.26% |
| <i>FRS, Elected Officers</i> | 45.50% | 48.70% |
| <i>FRS, Senior Management Service</i> | 22.71% | 24.06% |
| <i>FRS, Special Risk Administrative Support</i> | 34.63% | 34.98% |
| <i>FRS, Special Risk</i> | 23.27% | 24.50% |
| <i>FRS, DROP</i> | 13.26% | 14.03% |

Note: Employer rates include 1.66 percent for the postemployment health insurance subsidy, October 1, 2017 thru September 30, 2018. Also, employer rates, other than for DROP participants, include 0.06 percent for administrative costs of the Investment Plan.

The City's contributions, including employee contributions, to the Pension Plan totaled \$3,157,801 for the fiscal year ended September 30, 2018.

PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS

At September 30, 2018, the City reported a liability of \$22,078,832 for its proportionate share of the Pension Plan's net pension liability, an increase of \$2,775,711 over last year's liability of \$19,303,121. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018. The City's proportionate share of the net pension liability was based on the City's 2017-18 fiscal year contributions relative to the 2016-17 fiscal year contributions of all participating members. At June 30, 2018, the City's proportionate share was .073301635 percent, which was an increase of .008042817 percent from its proportionate share measured as of June 30, 2017.

For the fiscal year ended September 30, 2018, the City recognized pension expense of \$3,580,051. In addition, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| Description | <u>Deferred Outflows of Resources</u> | <u>Deferred Inflows of Resources</u> |
|------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------|-------------------------------------------------|
| Differences between expected and actual experience | \$ 1,870,409 | \$ 67,887 |
| Change of assumptions | 7,214,289 | - |
| Net difference between projected and actual earnings on Pension Plan investments | - | 1,705,859 |
| Changes in proportion and differences between City Pension Plan contributions and proportionate share of contributions | 3,406,275 | 147,358 |
| City Pension Plan contributions subsequent to the measurement date | 576,209 | - |
| Total | <u>\$ 13,067,182</u> | <u>\$ 1,921,104</u> |

The deferred outflows of resources related to the Pension Plan, totaling \$576,209 resulting from City contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pension Plan will be recognized in pension expense as follows:

| Fiscal Year Ending | Amount |
|--------------------|---------------|
| September 30: | <u>Amount</u> |
| 2019 | \$ 4,095,212 |
| 2020 | 2,794,812 |
| 2021 | 389,679 |
| 2022 | 1,860,979 |
| 2023 | 1,244,360 |
| Thereafter | 184,827 |

Actuarial Assumptions – The total pension liability in the July 1, 2018 actuarial valuation was determined using the following actuarial assumption, applied to all period included in the measurement:

| | |
|---------------------------|--------------------------------------------------------------------|
| Inflation | 2.60% |
| Salary increases | 3.25%, average, including inflation |
| Investment rate of return | 7.00%, net of pension plan investment expense, including inflation |

Mortality rates were based on the Generational RP-2000 with Projection Scale BB tables.

The actuarial assumptions used in the July 1, 2018 valuation were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2013.

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy’s description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

| <u>Asset Class</u> | <u>Target Allocation (1)</u> | <u>Annual Arithmetic Return</u> | <u>Compound Annual (Geometric) Return</u> | <u>Standard Deviation</u> |
|--------------------------|------------------------------|---------------------------------|-------------------------------------------|---------------------------|
| Cash | 1.00% | 2.90% | 2.90% | 1.80% |
| Fixed Income | 18.00% | 4.40% | 4.30% | 4.00% |
| Global Equity | 54.00% | 7.60% | 6.30% | 17.00% |
| Strategic Investments | 6.00% | 6.00% | 5.70% | 8.60% |
| Private Equity | 10.00% | 10.70% | 7.80% | 26.50% |
| Real Estate (Property) | 11.00% | 6.60% | 6.00% | 11.30% |
| Total | <u>100.00%</u> | | | |
| Assumed Inflation - Mean | | 2.60% | | 1.90% |

(1) As outlined in the Pension Plan's investment policy

Discount Rate - The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, the Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the City's Proportionate Share of the Net Position Liability to Changes in the Discount Rate - The following represents the City's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

| | 1% Decrease 6.00% | Current Discount Rate 7.00% | 1% Increase 8.00% |
|------------------------------------------------------------|----------------------|-----------------------------------|----------------------|
| City's proportionate share of the net pension liability | \$ 40,294,795 | \$ 22,078,832 | \$ 6,949,398 |

PENSION PLAN FIDUCIARY NET POSITION

Detailed information regarding the Pension Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

PAYABLES TO THE PENSION PLAN

At September 30, 2018, the City reported a payable in the amount of \$129,292 for outstanding contributions to the Pension Plan required for the fiscal year ended September 30, 2018.

HIS Plan

PLAN DESCRIPTION

The Retiree Health Insurance Subsidy Program (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement. Detailed information about the HIS Plan's fiduciary's net position is available in a separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report which may be obtained through the Florida Department of Management Services website at <http://www.dms.myflorida.com>.

BENEFITS PROVIDED

For the fiscal year ended September 30, 2018, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive these benefits, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

CONTRIBUTIONS

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2018, the HIS contribution for the period October 1, 2017 through September 30, 2018 was 1.66% pursuant to section 112.363, Florida Statutes. The City contributed 100% of its statutorily required contributions for the current and preceding five years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

The City’s contributions to the HIS Plan totaled \$408,252 for the fiscal year ended September 30, 2018.

PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS

At September 30, 2018, the City reported a liability of \$7,698,585 for its proportionate share of the HIS Plan’s net pension liability, an increase of \$650,207 over last year’s liability of \$7,048,378. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2018. The City’s proportionate share of the net pension liability was based on the City’s 2017-18 fiscal year contributions relative to the 2016-17 fiscal year contributions of all participating members. At June 30, 2018, the City's proportionate share was .072737184 percent, which was an increase of .006818047 percent from its proportionate share measured as of June 30, 2017.

For the fiscal year ended September 30, 2018, the City recognized pension expense of \$780,879. In addition, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| Description | Deferred Outflows of Resources | Deferred Inflows of Resources |
|--------------------------------------------------------------------------------------------------------------------|-----------------------------------|----------------------------------|
| Differences between expected and actual experience | \$ 117,862 | \$ 13,080 |
| Change of assumptions | 856,178 | 813,959 |
| Net difference between projected and actual earnings on HIS Plan investments | 4,647 | - |
| Changes in proportion and differences between City HIS Plan contributions and proportionate share of contributions | 1,332,351 | 76,074 |
| City HIS Plan contributions subsequent to the measurement date | 98,885 | - |
| Total | <u>\$ 2,409,923</u> | <u>\$ 903,113</u> |

The deferred outflows of resources related to the HIS Plan, totaling \$98,885 resulting from City contributions to the HIS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIS Plan will be recognized in pension expense as follows:

| Fiscal Year Ending September 30: | Amount |
|-------------------------------------|------------|
| 2019 | \$ 983,321 |
| 2020 | 979,684 |
| 2021 | 686,335 |
| 2022 | 154,154 |
| 2023 | (956,877) |
| Thereafter | (438,692) |

Actuarial Assumptions – The total pension liability in the July 1, 2018, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| | |
|---------------------|-------------------------------------|
| Inflation | 2.60% |
| Salary increases | 3.25%, average, including inflation |
| Municipal bond rate | 3.87% |

Mortality rates were based on the Generational RP-2000 with Projection Scale BB tables.

The actuarial assumptions that determined the total pension liability for the HIS Program were based on certain results of the most recent experience study for the FRS Pension Plan.

Discount Rate - The discount rate used to measure the total pension liability was 3.87%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the FRS Actuarial Assumption Conference. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the City’s Proportionate Share of the Net Position Liability to Changes in the Discount Rate - The following represents the City’s proportionate share of the net pension liability calculated using the discount rate of 3.87%, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (2.87%) or one percentage point higher (4.87%) than the current rate:

| | 1% Decrease 2.87% | Current Discount Rate 3.87% | 1% Increase 4.87% |
|------------------------------------------------------------|----------------------|-----------------------------------|----------------------|
| City’s proportionate share of the net pension liability | \$ 8,768,237 | \$ 7,698,585 | \$ 6,806,968 |

PENSION PLAN FIDUCIARY NET POSITION

Detailed information regarding the HIS Plan’s fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

PAYABLES TO THE PENSION PLAN

At September 30, 2018, the City reported a payable in the amount of \$22,193 for outstanding contributions to the HIS Plan required for the fiscal year ended September 30, 2018.

Investment Plan

The Florida State Board of Administration (SBA) administers the defined contribution plan officially titled the FRS Investment Plan. The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. City employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected City Officers, etc.), as the Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of plan members. Allocations to the investment member's accounts during the 2017-18 fiscal year, as established by Section 121.72, Florida Statutes, are based on a percentage of gross compensation, by class, as follows: Regular class 6.30%, Special Risk Administrative Support class 7.95%, Special Risk class 14.00%, Senior Management Service class 7.67% and City Elected Officers class 11.34%. The allocations include a required employee contribution of 3% of gross compensation for each member class.

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Non-vested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over his/her account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2018, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the City.

Effective July 1, 2017, retirees of the Investment Plan are eligible for renewed membership in the Investment Plan. The retiree must be employed in an FRS-covered position on or after July 1, 2017 in order to gain renewed membership. This new provision does not afford renewed membership retroactively for the period of July 1, 2010 to June 30, 2017, nor does it grant disability benefits for renewed members.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Pension Plan or remain in the Investment Plan and rely upon that account balance for retirement income.

The City's Investment Plan pension expense totaled \$892,776 for the fiscal year ended September 30, 2018.

MUNICIPAL POLICE OFFICERS' PENSION - LOCAL OPTION TRUST FUND

PLAN DESCRIPTION

Full-time police officers of the City of North Port Police Department participate in either the City of North Port, Florida Police Officers' Pension - Local Option Trust Fund (the "Plan") or the Florida Retirement System (FRS). Per Resolution passed by the City, effective July 1, 2016, police officers hired on or after this date participate solely in the FRS. Members active on July 1, 2016 had the option of participating prospectively in the FRS. The Florida Police Officers' Pension – Local Option Trust Fund is a single-employer defined benefit pension plan that was established December 14, 1979, pursuant to Florida Statutes, Chapter 185 and the City of North Port (City) Ordinance. Benefit provisions are established by City ordinances and the Florida Statutes and may be amended by the City Commission. The Plan is managed by a five-member Board of Trustees comprised of two members appointed by the Commission of the City of North Port, Florida (the City), two police officers elected by the Plan membership and one member elected by the other four members and subsequently appointed, as a ministerial duty, by the City Commission. The Plan is part of the City's financial reporting entity and is therefore included in these financial statements as a Pension Trust Fund. The City of North Port, Florida Police Officers' Pension – Local Option Trust Fund annually issues a publicly available financial report that includes financial statements and required supplementary information. The latest available report may be obtained by writing to the Board of Trustees, c/o Amber McNeill, Plan Administrator, Resource Centers, LLC, 4100 Center Pointe Drive, Ste. 108, Fort Myers, Florida 33916.

BENEFITS PROVIDED

Under the Plan, a member may retire with normal benefits after the earlier of age 55 with 10 years of credited service, or completion of 25 years of credited service, regardless of age. Normal retirement benefits for members hired prior to May 27, 2014 are 3.5% of the member's average final compensation times credited service years, plus a \$165 monthly benefit supplement. For members hired after May 27, 2014, the normal retirement benefit is 3.15% of average final compensation times credited service years, plus a \$165 monthly benefit supplement. Early retirement benefits are available for members who are age 45 and have ten years of credited service. For members hired prior to May 27, 2014, the monthly pension benefit calculated as the date of early retirement is reduced 3% per year for each year prior to normal retirement and the member has less than 15 years of credited service, 2% per year for members with at least 15 years of service but less than 20 years of service, and 1% per year for members with more than 20 years of service. For members hired after May 27, 2014, the monthly pension benefit calculated as of the date of early retirement is reduced 3% for each year by which the commencement of benefits precedes the normal retirement date. Additionally, the Plan has provisions for disability retirement, death benefits and deferred vested benefits.

Any member who is eligible for normal retirement may elect to participate in a deferred retirement option plan (DROP) while continuing his or her active employment as a police officer. Upon participation in the DROP, the member becomes a retiree for all plan purposes so that he or she ceases to accrue any further benefits under the Plan. There was one member in the DROP at September 30, 2018.

CONTRIBUTIONS

Contribution requirements are established and may be amended by the City Commission and are based on the benefit structure established by the City. Plan members are required to contribute 8% of their annual covered salary. The payments are deducted from the members' salary and remitted by the City to the Plan at the end

The deferred outflows of resources related to the Pension Plan, totaling \$2,499,200 resulting from City contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pension Plan will be recognized in pension expense as follows:

| Year Ended September 30: | <u>Amount</u> |
|--------------------------|---------------|
| 2019 | \$ 199,993 |
| 2020 | 211,834 |
| 2021 | (310,646) |
| 2022 | (343,300) |
| 2023 | 173,583 |
| Thereafter | - |

Actuarial assumptions: The total pension liability was determined by an actuarial valuation as of October 1, 2016, updated to September 30, 2017, using the following actuarial assumptions applied to all periods included in the measurement:

| | |
|---------------------------|----------|
| Inflation | 2.50% |
| Salary increases | 2% - 17% |
| Investment rate of return | 7.65% |

Mortality Rate Healthy Active Lives:

Female: RP2000 Generational, 100% Combined Healthy (previously Annuitant) White Collar, Scale BB.

Male: RP2000 Generational, 10% Combined Healthy (previously Annuitant) White Collar / 90% Combined Healthy Blue Collar, Scale BB.

Mortality Rate Healthy Inactive Lives:

Female: RP2000 Generational, 100% Annuitant White Collar, Scale BB.

Male: RP2000 Generational, 10% Annuitant White Collar / 90% Annuitant Blue Collar, Scale BB.

Mortality Rate Disabled Lives:

Female: 60% RP2000 Disabled Female set forward two years / 40% Annuitant White Collar with no setback, no projection scale.

Male: 60% RP2000 Disabled Male setback four years / 40% Annuitant White Collar with no setback, no projection scale.

The most recent actuarial experience study used to review the other significant assumptions was dated September 5, 2013.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce long term expected rates of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan’s target asset allocation as of September 30, 2017, are summarized in the following table:

| Asset Class | Long Term Expected Real Rate of Return |
|---------------------------|-------------------------------------------|
| Domestic equity | 7.5% |
| International equity | 8.5% |
| Intermediate fixed income | 2.5% |
| Global bond | 3.5% |
| Real estate | 4.5% |
| GTAA | 3.5% |

Discount rate: The discount rate used to measure the total pension liability was 7.65%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the net pension liability of the City: The changes in the components of the net pension liability of the City for the fiscal year ended September 30, 2018 were as follows:

| | Total Pension Liability (a) | Plan Fiduciary Net Position (b) | Net Pension Liability (a-b) |
|---------------------------------------------------------------|--------------------------------|------------------------------------|--------------------------------|
| Balances at 9/30/17 | \$ 38,983,111 | \$ 35,556,016 | \$ 3,427,095 |
| Changes for the year: | | | |
| Service cost | 1,882,560 | - | 1,882,560 |
| Interest on total pension liability | 3,103,881 | - | 3,103,881 |
| Differences between expected and actual experience | 472,241 | - | 472,241 |
| Change in assumptions | 569,256 | - | 569,256 |
| Benefit payments, including refunds of employee contributions | (1,827,860) | (1,827,860) | - |
| Contributions - employer & employee | - | 2,795,350 | (2,795,350) |
| Net investment income | - | 4,560,969 | (4,560,969) |
| Administrative expenses | - | (70,413) | 70,413 |
| Other changes | 178,720 | - | 178,720 |
| Net change | 4,378,798 | 5,458,046 | (1,079,248) |
| Balances at 9/30/18 | \$ 43,361,909 | \$ 41,014,062 | \$ 2,347,847 |

Sensitivity of the net pension liability to changes in the discount rate: The following presents the net pension liability of the City, calculated using the discount rate of 7.65%, as well as what the City’s net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.65%) or 1-percentage-point higher (8.65%) than the current rate:

| | 1% Decrease | Current Discount Rate | 1% Increase |
|------------------------------|--------------|--------------------------|----------------|
| | 6.65% | 7.65% | 8.65% |
| City's net pension liability | \$ 7,800,205 | \$ 2,347,847 | \$ (2,240,412) |

PENSION PLAN FIDUCIARY NET POSITION

Detailed information regarding the Plan’s fiduciary net position is available in the separately issued City of North Port, Florida Police Officers’ Pension – Local Option Trust Fund financial report.

MUNICIPAL FIREFIGHTERS’ PENSION - LOCAL OPTION TRUST FUND

PLAN DESCRIPTION

Full-time firefighters of the City of North Port Fire Department participate in either the City of North Port, Florida Firefighters’ Pension - Local Option Trust Fund (the “Plan”) or the Florida Retirement System (FRS). Firefighters hired after July 1, 2016 participate solely in the FRS. Members active on July 1, 2016 had the option of participating prospectively in the FRS. The Plan is a single-employer defined benefit pension fund that was established November 5, 1974, pursuant to Florida Statutes, Chapter 175, and City Ordinance 74-13. The Plan was amended most recently by Ordinance 2012-18. Benefit provisions are established by City ordinances and the Florida Statutes and may be amended by the City Commission. The Plan is managed by a five-member Board of Trustees comprised of two members appointed by the Commission of the City of North Port, Florida (the City), two members elected by the Plan membership and one member elected by the other four members and subsequently appointed, as a ministerial duty, by the City Commission. The Plan is part of the City’s financial reporting entity and is therefore included in these financial statements as a Pension Trust Fund. The City of North Port, Florida Firefighters’ Pension – Local Option Trust Fund annually issues a publicly available financial report that includes financial statements and required supplementary information. The latest available report may be obtained by writing to the Board of Trustees, c/o David A. Carroll, Plan Administrator, 492 River Hills Drive, Max Meadows, Virginia 24360.

BENEFITS PROVIDED

Under the Plan, a member may retire with normal benefits after the earlier of age 55 with 10 years of credited service, or age 52 with 25 years of credited service. Reduced early retirement benefits are available once a member reaches age 50 and accumulates 10 years of credited service. Normal retirement benefits are 3.5% (3.0% for members hired on or after October 12, 2012) of the member’s average final compensation times credited service years. Early retirement benefits are the same as normal retirement benefits, reduced by 3.0% for each year by which the commencement of benefits precedes the normal retirement date. Additionally, the Plan has provisions for disability retirement, death benefits and deferred vested benefits.

Any member hired before October 1, 2012, who is eligible for normal retirement may elect to participate in a deferred retirement option plan (DROP) while continuing his or her active employment as a firefighter. Upon participation in the DROP, the member becomes a retiree for all plan purposes so that he or she ceases to accrue any further benefits under the Plan. Members hired on or after October 1, 2012, are not eligible to participate in the DROP. The DROP balance as of September 30, 2018, was \$827,738.

Effective September 1, 2012, a supplemental retirement benefit in the form of individual share accounts was created for each active firefighter, living retiree (including DROP participants) and disability benefit recipients and beneficiary survivors receiving a survivor retirement benefit. For plan years beginning October 1, 2012 and later, all premium tax revenues received by the City in excess of \$250,000 will be allocated to the share accounts based on years of credited service. Effective December 31, 2013, and each December 31 thereafter, each share account will be credited or debited with earnings or losses based upon the amount in the share account at the close of the immediately preceding plan year at a rate equal to the Plan's actual net rate of investment return for the preceding plan year. An active firefighter (including DROP participants) with ten or more years of credited service upon termination of employment shall be eligible to receive a distribution of 100% of the balance in their respective share account, together with all earnings and losses and interest credited to the share account through the date of termination of employment. Retiree participants (including disability benefit recipients and beneficiary survivors) shall receive distribution of the annual share allocation in the form of a thirteenth monthly check equal to the annual crediting described above. Vested terminated members shall be entitled to participate in this supplemental retirement benefit upon commencing of retirement benefits from the Plan.

CONTRIBUTIONS

Contribution requirements are established and may be amended by the City of North Port Commission and are based on the benefit structure established by the City. Members are required to contribute 10.6% of their salary (effective March 1, 2016). Pursuant to Chapter 175 of the Florida Statutes, a premium tax on certain casualty insurance contracts written on North Port properties is collected by the state and remitted to the Fund for the state's annual contribution amount. The City recognizes these on-behalf payments from the State as revenue and personnel expenditures in the City's General Fund before they are recorded as contributions in the Firefighters' Pension Fund. The City is required to contribute the remaining amounts necessary to finance the benefits through periodic contributions at actuarially determined rates. Administrative costs are financed through investment earnings.

The City's contributions, including employee contributions, to the Pension Plan totaled \$1,073,327 for the fiscal year ended September 30, 2018.

GASB 68 IMPLEMENTATION

Effective October 1, 2014, the City implemented the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27* and Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*, which significantly changed the City's accounting treatment of pensions. The information which follows is presented in accordance with these new standards.

PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS

At September 30, 2018, the City reported a net pension asset of \$2,110,940 for the Firefighters' Pension, a decrease of \$4,373,747 over last year's liability of \$2,262,807. The net pension asset was measured as of September 30, 2017, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of October 1, 2016, updated to September 30, 2017.

For the fiscal year ended September 30, 2018, the City recognized pension expense of \$698,150. In addition, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| Description | Deferred Outflows of Resources | Deferred Inflows of Resources |
|----------------------------------------------------------------------------------|-----------------------------------|----------------------------------|
| Differences between expected and actual experience | \$ 370,243 | \$ 3,740,758 |
| Change of assumptions | 1,072,512 | 623,536 |
| Net difference between projected and actual earnings on Pension Plan investments | 268,829 | - |
| City Pension Plan contributions subsequent to the measurement date | 1,090,024 | - |
| Total | <u>\$ 2,801,608</u> | <u>\$ 4,364,294</u> |

The deferred outflows of resources related to the Pension Plan, totaling \$1,090,024 resulting from City contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2019. Other amounts reported as deferred outflows of resources related to the Pension Plan will be recognized in pension expense as follows:

| Fiscal Year Ending Year Ended September 30: | Amount |
|------------------------------------------------|--------------|
| 2019 | \$ (597,990) |
| 2020 | (545,251) |
| 2021 | (1,071,853) |
| 2022 | (266,547) |
| 2023 | (36,453) |
| Thereafter | (134,616) |

Actuarial assumptions. The total pension liability was determined by an actuarial valuation as of October 1, 2016 updated to September 30, 2017, using the following actuarial assumptions applied to all measurement periods:

| | |
|---------------------------|---------------|
| Inflation | 2.50% |
| Salary increases | Service based |
| Investment rate of return | 7.50% |

Mortality Rate Healthy Active Lives:

Female: RP2000 Generational, 100% Combined Healthy (previously Annuitant) White Collar, Scale BB.
Male: RP2000 Generational, 10% Combined Healthy (previously Annuitant) White Collar / 90% Combined Healthy Blue Collar, Scale BB.

Mortality Rate Healthy Inactive Lives:

Female: RP2000 Generational, 100% Annuitant White Collar, Scale BB.
Male: RP2000 Generational, 10% Annuitant White Collar / 90% Annuitant Blue Collar, Scale BB.

Mortality Rate Disabled Lives:

Female: 60% RP2000 Disabled Female set forward two years / 40% Annuitant White Collar with no setback, no projection scale.
Male: 60% RP2000 Disabled Male setback four years / 40% Annuitant White Collar with no setback, no projection scale.

The most recent actuarial experience study used to review the other significant assumptions was dated May 10, 2017.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce long term expected rates of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2017, are summarized in the following table:

| Asset Class | Long Term Expected Real Rate of Return |
|----------------------------|-------------------------------------------|
| Domestic equity | 7.5% |
| International equity | 8.5% |
| Domestic core fixed income | 2.5% |
| Global fixed income | 3.5% |
| Real estate | 4.5% |
| GTAA | 3.5% |

Discount rate. The discount rate used to measure the total pension asset was 7.50%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension asset.

Changes in the net pension liability of the City: The changes in the components of the net pension asset of the City for the fiscal year ended September 30, 2018 were as follows:

| | Total Pension Liability (a) | Plan Fiduciary Net Position (b) | Net Pension Liability (Asset) (a-b) |
|---------------------------------------------------------------|----------------------------------------|--------------------------------------------|------------------------------------------------|
| Balances at 9/30/17 | \$ 44,597,899 | \$ 42,335,092 | \$ 2,262,807 |
| Changes for the year: | | | |
| Service cost | 1,264,321 | - | 1,264,321 |
| Interest on total pension liability | 3,620,964 | - | 3,620,964 |
| Differences between expected and actual experience | (2,641,499) | - | (2,641,499) |
| Change in assumptions | (831,381) | - | (831,381) |
| Benefit payments, including refunds of employee contributions | (1,200,337) | (1,200,337) | - |
| Contributions - employer & employee | - | 1,441,326 | (1,441,326) |
| Net investment income | - | 4,557,086 | (4,557,086) |
| Administrative expenses | - | (86,131) | 86,131 |
| Other changes | 126,129 | - | 126,129 |
| Net change | 338,197 | 4,711,944 | (4,373,747) |
| Balances at 9/30/18 | \$ 44,936,096 | \$ 47,047,036 | \$ (2,110,940) |

Sensitivity of the net pension asset to changes in the discount rate: The following presents the net pension asset of the City, calculated using the discount rate of 7.50%, as well as what the City’s net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1-percentage-point higher (8.50%) than the current rate:

| | 1% Decrease 6.50% | Current Discount Rate 7.50% | 1% Increase 8.50% |
|--------------------------|----------------------|-----------------------------------|----------------------|
| City's net pension asset | \$ 3,872,766 | \$ (2,110,940) | \$ (7,006,146) |

PENSION PLAN FIDUCIARY NET POSITION

Detailed information regarding the Plan’s fiduciary net position is available in the separately issued City of North Port, Florida Firefighters’ Pension – Local Option Trust Fund financial report.

Applicable totals for all of the City’s defined benefit pension plans are reflected below:

| | Police Officers' Pension | Firefighters' Pension | FRS Pension | HIS Pension | Total |
|--------------------------------------|-----------------------------------------|----------------------------------|------------------------|------------------------|---------------|
| City's net pension (asset) liability | \$ 2,347,847 | \$ (2,110,940) | \$ 22,078,832 | \$ 7,698,585 | \$ 30,014,324 |
| Deferred outflows of resources | 3,888,738 | 2,801,608 | 13,067,182 | 2,409,923 | 22,167,451 |
| Deferred inflows of resources | 1,458,074 | 4,364,294 | 1,921,104 | 903,113 | 8,646,585 |
| Pension expense/expenditure | 2,047,263 | 698,150 | 4,472,827 | 780,879 | 7,999,119 |

NOTE J – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

The City of North Port has implemented GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. This statement sets forth rules for how governmental employers should account for Other Postemployment Benefits (“OPEB”).

Plan Description – Retired Police Officers, Firefighters and general employees, as well as their dependents, are permitted to remain covered under the City’s single-employer defined benefit medical plan as long as they pay the premium not exceeding the rate developed by blending the claims experience of all plan members for the plan and coverage elected. The plan does not issue a stand-alone financial report.

Benefits Provided - The City subsidizes the premium rates paid by the retirees by allowing them to participate in the plan at the blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. The City has assumed an obligation to pay for the implicit subsidy for the covered lifetimes of the current retirees and their spouses, as well for the covered lifetimes of the current employees after they retire in the future.

The plan also provides all retirees and their dependents with dental, vision and life benefits at a subsidized cost.

Funding Policy – Currently, the City’s OPEB benefits are unfunded. Since this OPEB is directly tied to insurance coverage for active employees, a separate single employer benefit plan has not been established to account for the benefits and obligations related to the implicit rate subsidy. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. Therefore, the ultimate subsidies which are provided over time are financed directly by general assets of the City, which are invested in short-term fixed income instruments

according to its investment policy.

Employees Covered by Benefit Terms

At September 30, 2018, the following employees were covered by the benefits terms:

| | |
|------------------------------------------------------------|-----------|
| Active employees | 550 |
| Inactive employees or spouses currently receiving benefits | <u>21</u> |
| | 571 |

Total OPEB Obligation

The City's total OPEB liability of \$3,526,929 and \$3,255,316 at September 30, 2018 and 2017, respectively, was measured as of September 30, 2018 and was determined by an actuarial valuation as of October 1, 2017.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the October 1, 2017 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| | |
|------------------------------------------|------------------------------------------------------------------------------------------------|
| Inflation | 3.00% |
| Salary increases | 4.00% |
| Discount rate | 3.64% |
| Healthcare cost trend rates | 6.00% for 2019 to 2020, decreasing to an an ultimate rate of 5.00% for 2028 and later years |
| Retirees' share of benefit-related costs | 100% of projected health insurance premiums for retirees |

The discount rate was based on the S&P Municipal Bond 20-Year High-Grade Rate Index as of September 30, 2018.

Mortality rates were based on the RP-2000 Combined Healthy Mortality, Sex-Distinct table.

The actuarial assumptions used in the October 1, 2017 valuation were based on census data as of September 30, 2018.

Changes in the Net OPEB Liability

Changes in the net OPEB liability were as follows:

| | |
|------------------------------------------------|---------------------|
| Net OPEB obligation, September 30, 2017 | <u>\$ 3,255,316</u> |
| Service cost | 238,046 |
| Interest | 106,492 |
| Changes in assumptions and other inputs | 57,988 |
| Benefit payments | (152,898) |
| Other changes | 21,985 |
| Net changes | <u>271,613</u> |
| Net OPEB obligation, September 30, 2018 | <u>\$ 3,526,929</u> |

Changes of assumptions reflects a change in the discount rate from 3.35% for 2017 to 3.64% for 2018.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following represents the net OPEB liability of the City, as well as what the City’s net OPEB liability would be if it were calculated using a discount rate that is 1% lower (2.64%) or 1% higher (4.64%) than the current discount rate:

| | 1% Decrease 2.64% | Current Discount Rate 3.64% | 1% Increase 4.64% |
|--------------------|----------------------|-----------------------------------|----------------------|
| Net OPEB liability | \$ 3,839,826 | \$ 3,526,929 | \$ 3,248,216 |

The following represents the total OPEB liability of the City, as well as what the City’s total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower (2.64%) or 1% higher (4.64%) than the current healthcare cost trend rates:

| | 1% Decrease 5.00% decreasing to 4.00% | Current Discount Rate 6.00% decreasing to 5.00% | 1% Increase 7.00% decreasing to 6.00% |
|----------------------|------------------------------------------------|-------------------------------------------------------------|------------------------------------------------|
| Total OPEB liability | \$ 3,177,394 | \$ 3,526,929 | \$ 3,937,848 |

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB:

For the year ended September 30, 2018, the City recognized OPEB expense of \$351,270. At September 30, 2018, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| Description | Deferred Outflows of Resources | Deferred Inflows of Resources |
|------------------------|-------------------------------------------|------------------------------------------|
| Changes of assumptions | \$ 152,947 | \$ 79,704 |
| Total | \$ 152,947 | \$ 79,704 |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in expense as follows:

| Fiscal Year Ending Year Ended September 30: | Amount |
|------------------------------------------------|----------|
| 2019 | \$ 6,733 |
| 2020 | 6,733 |
| 2021 | 6,733 |
| 2022 | 6,733 |
| 2023 | 6,733 |
| Thereafter | 39,578 |

NOTE K – DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

Plan amendments have been made, so that the plan is in compliance with IRC Section 457, as amended by the 1996 changes to the tax code. The assets are now held in various custodial accounts. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are solely the property and rights of the various participants of the plan.

NOTE L - RISK MANAGEMENT AND SELF-INSURANCE PROGRAM

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the City carries commercial insurance.

During fiscal year 2016, the City established a self-insurance retention program for workers' compensation, automobile liability and general liability (including employee benefits, law enforcement, public officials' and employment practices liability). Workers' compensation risks in excess of \$350,000 per occurrence, automobile liability risks in excess of \$100,000 per person/per accident, and general liability risks in excess of \$100,000 per occurrence are co-insured with an outside carrier.

The program is accounted for using an internal service fund. Revenues for this fund consists of amounts contributed by other City funds. Both revenues and the related charges are recorded as interfund services. Accordingly, the related charges are reflected as expenditures, or expense items, in the appropriate funds.

Liabilities of the self-insurance fund are reported when it is probable that a loss has occurred, and the amount of the loss can be reasonably estimated. Liabilities typically include an amount for claims that have been incurred but not reported (IBNRs). There were no material amounts of IBNR claims recorded as of fiscal year-end.

Self-insurance claims expense for fiscal year ending September 30, 2018 were as follows: workers' compensation (\$365,568); automobile (\$42,053) and general liability (\$292,545).

NOTE M – CONTINGENT LIABILITIES

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal and state governments. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the City's counsel that resolution of these matters will not have a material adverse effect on the financial condition of the City.

NOTE N – RESTATEMENT OF NET POSITION

For the current year, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The scope of this statement addresses accounting and financial reporting for OPEB that is provided to the employees of state and local governmental employers. GASB 75 establishes standards for recognizing and measuring liabilities, deferred inflows/outflows of resources, and expenses/expenditures. This statement required the restatement of the September 30, 2017 net position in governmental activities, business-type activities and enterprise funds. The change is in accordance with generally accepted accounting principles.

The following tables present the details of the restatements:

| | Governmental Activities | Business-type Activities | Total |
|---------------------------------------------------------|------------------------------|------------------------------|------------------------------|
| Net position, September 30, 2017 as previously reported | \$ 319,792,921 | \$ 130,006,778 | \$ 449,799,699 |
| Cumulative effect of application of GASB 75 | <u>(758,781)</u> | <u>(40,184)</u> | <u>(798,965)</u> |
| Net position, September 30, 2017 as restated | <u>\$ 319,034,140</u> | <u>\$ 129,966,594</u> | <u>\$ 449,000,734</u> |

| | Water & Sewer Utilities |
|---------------------------------------------------------|------------------------------|
| Net position, September 30, 2017 as previously reported | \$ 130,058,771 |
| Cumulative effect of application of GASB 75 | <u>(40,184)</u> |
| Net position, September 30, 2017 as restated | <u>\$ 130,018,587</u> |

NOTE O – SUBSEQUENT EVENTS

Effective October 1, 2018, the City implemented a self-insured program for group medical claims.

On October 1, 2018, the City paid off the entire remaining principal amount due of \$2,634,627 for the Florida Department of Transportation State Infrastructure Bank (SIB) loan. This was one year in advance of the original final due date of October 1, 2020.

Valuation Date 10/1/2016
Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates

| | | |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------|
| Mortality rate | <p><i>Healthy Lives:</i> Female: RP2000 Generational, 100% Annuitant White Collar, Scale BB. Male: RP2000 Generational, 10% Annuitant White Collar / 90% Annuitant Blue Collar, Scale BB. <i>Disabled Lives:</i> Female: 60% RP2000 Disabled Female set forward two years / 40% Annuitant White Collar with no setback, no projection scale. Male: 60% RP2000 Disabled Male set back four years / 40% Annuitant White Collar with no setback, no projection scale.</p> <p>The assumed rates of mortality were mandated by Chapter 2015-157, Laws of Florida. This law mandates the use of the assumptions used in either of the two most recent valuations of the Florida Retirement System (FRS) for special risk participants. The above rates are those outlined in the July 1, 2015 FRS actuarial valuation report. We feel these assumptions sufficiently accommodate future mortality improvements</p> | |
| Inflation | 2.50% per year | |
| Salary increases | <u>Credited Service</u> | <u>Assumption</u> |
| | First 2 years | 17.0% |
| | 2 - 10 years | 8.5% |
| | 11 - 20 years | 6.0% |
| | More than 20 years | 2.0% |
| Interest rate | 7.75% per year compounded annually, net of investment related expenses | |
| Payroll growth | 5.00% per year | |
| Final year salary load | Projected salary at retirement is increased 20% to account for non-regular compensation (no load for members hired after January 1, 2012). | |
| Normal retirement | Years Eligible | Percent |
| | <u>for Normal Ret.</u> | <u>Retiring</u> |
| | 0 | 66.7% |
| | 1 | 50.0% |
| | 2 or more | 100.0% |
| Early retirement | Commencing with attainment of early retirement status (age 45 with 10 years of service). Members are assumed to retire with an immediate subsidized benefit at the rate of 10% per year | |
| Termination rates | <u>Credited Service</u> | <u>Assumption</u> |

Valuation Date 10/1/16

Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in contributions are reported.

Methods and assumptions used to determine contribution rates:

| | |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Funding method | Entry age normal actuarial cost method |
| Amortization method | Level percentage of pay, closed |
| Remaining amortization period | 29 years (as of 10/01/2016) |
| Asset valuation method | Each year, the prior actuarial value of assets is brought forward utilizing the historical geometric 4-year average market value return. It is possible that over time this technique will produce an insignificant bias above or below market value. |
| Mortality | RP-2000 Table with no projection. Disabled lives set forward 5 years. We believe this assumption sufficiently accommodates expected future mortality improvements. |
| Inflation | 2.50% per year |
| Salary increases | 7.5% per year until the assumed retirement age. Projected salary at retirement is increased by the frozen dollar value of sick and annual leave as of July 5, 2012. |
| Interest rate | 8.00% per year compounded annually |
| Payroll growth | 0.00% per year. This assumption is supported given that the Plan is closed to new hires. |
| Post retirement COLA | 3.00% from age 55 until 63 |
| Retirement age | Earlier of age 55 with 10 years of credited service or age 52 with 25 years of credited service. Also, any active member who is eligible for normal retirement is assumed to continue employment for one additional year. |
| Early retirement | Commencing with the earliest early retirement age (50), members are assumed to retire with an immediate subsidized benefit at the rate of 5% per year. |
| Disability rates | See table below. It is assumed that 75% of disablements are service related. |
| Termination rates | See table below. |

Termination and disability rate table

| Age | % Becoming Disabled During the Year | % Terminating During the Year |
|-----|-------------------------------------|-------------------------------|
| 20 | 0.03% | 6.00% |
| 30 | 0.04% | 5.00% |
| 40 | 0.07% | 2.60% |
| 50 | 0.18% | 0.80% |

TRUST AND AGENCY FUNDS

Trust funds are used to administer resources reserved and held by a governmental unit as the trustee or as the agent for others. Use of these trust funds facilitates the discharge of responsibilities placed upon the governmental unit by virtue of law or other authority.

Agency funds are used to account for assets held by the government as an agent for individuals, private organizations, other governments and/or other funds.

PENSION TRUST FUNDS:

POLICE OFFICERS' PENSION TRUST FUND - This fund is used to account for receipts and disbursements, as authorized by the respective pension board.

FIREFIGHTERS' PENSION TRUST FUND - This fund is used to account for receipts and disbursements, as authorized by the respective pension board.

AGENCY FUNDS:

COUNTY ROAD IMPACT FEES FUND - This fund is used to account for county road impact fees collected for and disbursed to Sarasota County.

EDUCATION IMPACT FEES FUND - This fund is used to account for education impact fees collected for and disbursed to the Sarasota County School Board.

COUNTY JUSTICE IMPACT FEES FUND - This fund is used to account for county justice impact fees collected for and disbursed to Sarasota County.

COUNTY GENERAL GOVERNMENT IMPACT FEES FUND - This fund is used to account for county general government impact fees collected for and disbursed to Sarasota County.

INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor, City Commission
and City Manager
City of North Port, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of North Port, Florida (the “City”), as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City’s basic financial statements, and have issued our report thereon dated April 24, 2019. Our report includes a reference to the change in accounting principle resulting from the implementation of Governmental Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Post-employment Benefits Other Than Pensions*, as of October 1, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City’s internal control. Accordingly, we do not express an opinion on the effectiveness of the City’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Bradenton, Florida
April 24, 2019

**CITY OF NORTH PORT, FLORIDA
SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED SEPTEMBER 30, 2018**

**SECTION I
SUMMARY OF AUDIT RESULTS**

Financial Statements

| | |
|----------------------------------------------------------------------------------|-----------------------------------|
| Type of auditor's report issued | Unmodified |
| Internal control over financial reporting: Material weaknesses identified? | ____ yes <u> X </u> no |
| Significant deficiencies identified not considered to be material weaknesses? | ____ yes <u> X </u> none reported |
| Noncompliance material to financial statements noted? | ____ yes <u> X </u> no |

Federal Programs and State Financial Assistance Projects

Federal and state single audits were not required as the City did not expend greater than \$750,000 of federal or state funds during its fiscal year ended September 30, 2018.

**SECTION II
FINANCIAL STATEMENT FINDINGS AND RESPONSES**

There were no current year audit findings reported.

**SECTION III
FEDERAL AWARD AND STATE FINANCIAL ASSISTANCE PROJECT
FINDINGS AND QUESTIONED COSTS**

Not applicable.

**SECTION IV
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS**

There were no prior year audit findings reported.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Honorable Mayor, City Commission,
and City Manager
City of North Port, Florida

Report on the Financial Statements

We have audited the financial statements of the City of North Port, Florida (the "City"), as of and for the fiscal year ended September 30, 2018, and have issued our report thereon dated April 24, 2019.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated April 24, 2019, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations in the preceding annual financial audit report requiring correction.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The information has been disclosed in the notes to the financial statements.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City has met one or more of the conditions described in Section 218.503(1), *Florida Statutes*, and identify the specific conditions(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), *Florida Statutes*.

Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by the same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.d., *Rules of the Auditor General*, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), *Florida Statutes*. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), *Florida Statutes*.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT

Honorable Mayor, City Commission,
and City Manager
City of North Port, Florida

We have examined the City of North Port, Florida's (the "City") compliance with Section 218.415, *Florida Statutes*, regarding the investment of public funds during the year ended September 30, 2018. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2018.

This report is intended solely for the information and use of the City and the Auditor General, State of Florida, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in cursive script that reads "Mauldin & Jenkins, LLC".
