Date: September 18, 2025

PROJECT: PMCPA-24-00000114 (DMA-24-114) Central Parc at North Port Pattern Plan

Amendment

REQUEST: Amending the Central Parc at North Port Pattern Plan to revise the buffer planting plan

to remove plantings along the back of lakes adjacent to neighboring properties,

requesting two (2) waivers from Chapter 21 of the 2010 ULDC.

APPLICANT: Kim B. Fields, Auth. Member of Manager of Sabal Trace Development Partners, LLC

(Exhibit A, Affidavit)

OWNERS: Sabal Trace Development Partners, LLC (Exhibit B, Certificate of Sale and Ownership)

LOCATION: North of Greenwood Avenue and west of South Sumter Boulevard, (Section 29,

Township 39 South, Range 21 East)

PARCEL ID#: Multiple; 0999-00-1010 (parent parcel)

I. INTRODUCTION

On July 5, 2024, the Planning and Zoning Division of the City of North Port received an application to amend the Central Parc at North Port Pattern Plan. As this application was submitted before the new Unified Land Development Code (ULDC) was adopted on October 28, 2024, it has been evaluated in accordance with the provisions of the 2010 ULDC.

Central Parc is built on the former Sabal Trace golf course, which ceased operations in 2015. Currently undergoing revitalization, this site is classified as a brownfield area and spans approximately 207 acres. It is located in Activity Center 9 (AC-9), north of Tamiami Trail (US-41) and west of South Sumter Boulevard. AC-9 is designed to encourage infill development, offering a mix of low and medium-density residential options, senior living facilities, retail and storage spaces, medical offices, and neighborhood commercial establishments. This diverse blend intends to meet the needs of surrounding communities while ensuring a convenient connection to the residential and commercial areas along the US-41 corridor.

Since its inception, Central Parc has undergone a series of approvals, including a large-scale Comprehensive Plan Amendment (CPAL-18-060), Text Amendment (TXT-18-179), Rezone (REZ-18-070), Development Master Plan (DMP-18-071), Infrastructure Plan (INF-20-048), Subdivision Plan (SCP-20-047), and the Phase I and Phase II plats (PLF-23-167 & PLF-24-145).

The Future Land Use Designation has recently been changed to Activity Center 9 as part of the 2024 Citywide Large Scale Comprehensive Plan Amendment. Additionally, the Citywide rezone led to a name change of the zoning district from Planned Community Development (PCD) to Activity Center 9 (AC-9), thereby aligning the zoning with the updated future land use designation. It is important to emphasize that these modifications do not affect the authorized land uses or the vested entitlements associated with the Central Parc development.

II. SITE INFORMATION

CURRENT LAND USE

Adopted Future Land Use Map Designation: Activity Center 9 (AC-9)

Adopted Zoning Map Designation: Activity Center 9 (AC-9), formerly Planned Community Development (PCD)

Existing Land Uses: Single-family homes are presently in the development phase

SURROUNDING LAND USES:							
Direction	Existing Land Uses	Future Land Use Map Designation	Zoning Map Designation				
North	Residential	Medium Density Residential (MDR); Low-Density Residential (LDR)	R-2 Residential, Medium; R-1 Residential, Low				
South	Commercial Mixed-Use Development	Activity Center 1 (AC-1)	Activity Center 1 (AC-1)				
East	Residential	High-Intensity Corridor (HIC); Low-Density Residential (LDR)	R-1 Residential, Low; R-3 Residential, Multifamily				
West	Residential	High-Density Residential (HDR); Medium-Density Residential (MDR)	R-3 Residential, Multi- Family; R-2 Residential, Medium				

III. PETITION

Kim B. Fields, Auth. Member of Manager of Sabal Trace Development Partners, LLC (The applicant) is formally petitioning the City to amend the Central Parc at North Port Pattern Plan to revise the buffer plan and request two (2) waivers from the 2010 ULDC.

Since there is no formal procedure for modifying a Pattern Plan, this will be treated as an amendment to the development master plan via an Ordinance, given that the original Pattern Plan was adopted through Ordinance 2019-09. Furthermore, because Ordinance 2019-09 is incorporated by reference in the 2024 adopted ULDC, it is also necessary to amend the ULDC.

The proposed Pattern Plan amendment seeks to revise the approved buffer plan. There are three (3) major changes proposed.

- Remove plantings along the back edges of lakes 1, 2, 3, 5, 6, 7, 8, 9, 10, 12, 13, 14, 16, and 17. These changes would affect adjacent existing developments, including single-family homes, two-family homes, and multi-family residences.
- The Applicant is requesting two waivers from Section 21-9, Table 1, of the 2010 Unified Land Development Code (ULDC). These waivers concern the types of perimeter buffers that are required next to existing uses.
- Lastly, the Applicant asks that the perimeter buffering abutting Mixed-Use Area 1 and Mixed-Use Area 2 follow the 2010 ULDC regulations based on the final use, which will be determined when the Site Development and Infrastructure Plans are submitted in the future.

IV. WAIVER REQUESTS

Waiver 1 - requests relief from ULDC Section 21-9, Table 1, Buffers, which requires a Type B buffer consisting of a 10' wide buffer with one tree every 50' and shrubs between the proposed Single-Family/Two-Family and existing multi-family. The waiver applies to approximately 450 feet of the boundary around Lake 5 between the Colony at Sabal Trace condominiums and Central

Parc. The Applicant is requesting to eliminate any required plantings within the buffer adjacent to the lake, to allow the neighboring condominium residents an unobstructed view of the lake.

Waiver 2 - requests relief from ULDC Section 21-9, Table 1, Buffers, which requires a Type B buffer consisting of a 10' wide buffer with one tree every 50' and shrubs between the proposed Single-Family/Two-Family and existing multi-family. The waiver pertains to approximately 275 feet of the perimeter boundary between Fairway Villas and Central Parc, surrounding Lake 9. The Applicant is requesting to eliminate any required plantings within the buffer adjacent to the lake, proposing that existing preserved mature oaks in the buffer area provide needed buffering between the uses.

V. STAFF ANALYSIS

The approved Development Master Plan (DMP-18-071) and the adopted Central Parc at North Port Pattern Plan (Exhibit C) provide a framework for the site's development. These documents specify requirements for lot configurations, open spaces, buffers, and landscaping in accordance with the master plan. It is important to understand that perimeter buffering does not count toward fulfilling the requirements for interior landscaping, as these are separate and distinct.

The approved Central Parc Pattern Plan includes three types of perimeter buffer categories, labeled A, B, and C. These categories are specific to the Central Parc development and should not be confused with the buffers outlined in the City's 2010 Unified Land Development Code (ULDC).

The buffer plan for Central Parc, approved in 2019, is designed to meet and exceed the minimum standards set by the ULDC. This initiative not only safeguards the local environment, as the site is recognized as a brownfield, but also improves the overall ecosystem of the area. The approved buffers comply with Section 21-9 of the 2010 ULDC, emphasizing the essential role of landscaping in creating harmony between different land uses.

The adopted Central Parc buffers serve a vital function by separating different land uses, effectively minimizing nuisances such as dirt, litter, noise, light glare, unsightly signs, and unattractive buildings or parking areas. Additionally, they establish necessary spacing to reduce the impact of noise, odors, and potential hazards from fires or explosions. The plantings in these buffers also contribute to mitigating air pollution hazards. This plan reflects the developer's commitment to responsible urban development and a dedication to ongoing improvements for the community's benefit.

Based on the applicant's testimony at the City Commission Special Meeting on May 2, 2019 (the first reading for approval of Ordinance 2019-09), the approved buffer plan resulted from outreach to neighboring properties. Given that the Central Parc property was an infill site surrounded by existing development, the enhanced buffer plan significantly influenced the overall approval of both the DMP and Pattern Plan by the City Commission.

2010 ULDC Required Buffer Types and Design Details:

Chapter 21 of the 2010 ULDC provides guidelines for project landscaping, including buffering.

Section 21-9, Tables 1 and 2 provide a comprehensive overview of the types of buffers required between various uses, along with the detailed design specifications for these buffers.

TABLE 2 Buffer Types for Proposed Developments

		Trees Required/Linear	
Buffer Type	Width (feet)	Feet (on center)	Shrubs Required ¹
A	5	One/50	Yes
В	10	One/50	Yes
C	10	One/40	Yes
D	20	One/35	Yes

NOTES:

1 See Sec. 21-9(F), Opacity of buffer, and Sec. 21-9(G), Height of planted buffers (hedges)

Opacity of buffer.

- (1) A planting area shall be so designed and planted as to be fifty percent (50%) or more opaque when viewed horizontally. Shrubs are required every three (3) feet on center in order to meet this fifty percent (50%) opaque requirement.
- (2) When a parking area in any commercial or industrially zoned district is intended to be used at night, such area shall be so designed and planted as to be eighty percent (80%) or more opaque when viewed horizontally. Shrubs are required every two (2) feet on center in order to meet this eighty percent (80%) opaque requirement.

Height of planted buffers (hedges).

- (1) The planting materials shall be at least three (3) feet high when planted. When abutting a right-of-way, shrubs are required to be forty (40) inches above street grade.
- (2) Berms utilized as planted buffers shall have no maximum average height and shall have sodded side slopes not less than four (4) feet horizontally for each one foot (1) vertically may be permitted if sufficient erosion control methods are taken and deemed to be maintainable.

The project is also subject to additional buffer requirements due to its PCD zoning designation:

Sec. 53-113. - General development regulations.

The following Planned Community Development (PCD) District regulations shall govern the general development pattern of the PCD District, unless otherwise modified in the Development Master Plan, as well as existing and proposed physical and environmental site characteristics:

A. Perimeter buffer area. The primary purpose of the perimeter buffer area is to assist in assuring that potentially adverse impacts associated with internal development are mitigated. Areas to be classified as Planned Community Development shall maintain a minimum buffer area of forty (40) feet measured from the property line, unless modified by the Development Master Plan. This buffer shall only apply to the perimeter which abuts existing single-family recorded lots or drainage area. (1) Buffer areas listed in

Sec. 21-9 shall apply to all property lines within the Planned Community Development unless modified by the Development Master Plan.

Section 21-9. Landscaping the perimeter of abutting land uses.

C. Location. Buffers shall be located generally parallel and within the outer perimeter of a lot or parcel and extending to the lot or parcel boundary line, and trees shall be planted parallel and consistent with the property line, unless in conflict with infrastructure as determined by the City.

Urban Design Standards for Activity Center 9

As per the Urban Design Standards Pattern Book, page 116 states, "A buffer shall be placed along each property line that abuts differing land uses with shrubs 36 inches in height at the time of planting. All shrubs shall be from the approved shrub list in Chapter 21 of the ULDC."

The approved buffer plan outlined in the Central Parc Pattern Plan, adopted by Ordinance No. 2019-09, serves as the authoritative guide regarding the Central Parc Buffer Types and Design Details (Exhibit C – Adopted Ordinance No. 2019-09). This document shall remain in effect until the Commission formally approves any amendments to the buffer plan.

The approved buffer types that have been adopted for Central Parc are shown below and attached as Exhibit D – Adopted Buffer Plan.

Approved Buffer Type A - is a 70' wide open space area with a landscaped berm having 3 canopy trees, 3 understory trees, and 30 shrubs every 100'. The berm height is between 3 feet to 5 feet high. This buffer type is located adjacent to residential properties.

Approved Buffer Type B is a 30' wide open space area featuring 3 canopy trees, 3 understory trees, and 30 shrubs every 100' on a small berm. The shrubs can be grouped together. This buffer type is located at the property line between the lakes and the adjacent residential properties.

Approved Buffer Type C is a 30' wide open space area featuring 3 canopy trees and 30 shrubs every 100', with the option of an additional 6-foot-high wall. The shrubs can be grouped together. This buffer type is located on the property line in the mixed-use area adjacent to the residential properties.

[THIS SECTION INTENTIONALLY LEFT BLANK]

The approved buffer area map below indicates the buffer type and location relative to adjacent properties.

Applicant's Proposed Amendments To The Buffer Plan Types:

This section clarifies the applicant's proposed amendments to the buffers and plantings, highlighting the differences between the approved and proposed changes. The proposed perimeter buffer categories have been renumbered as 1, 2, and 3 to avoid confusion with the buffer categories in the Unified Land Development Code (ULDC) (Exhibit E – Proposed Buffer Plan).

Proposed Buffer Type 1 - is a 70' wide open space area with a landscaped berm having 3 canopy trees, 3 understory trees, and 30 shrubs every 100'. The berm height is between 3 feet to 5 feet high. This buffer type is positioned adjacent to residential properties.

Proposed Buffer Type 2 - is a 30' wide open space area having 3 canopy trees, 3 understory trees, 30 shrubs every 100' on a small berm. The shrubs can be grouped together. This buffer type is located at the property line between the lakes and the adjacent residential properties. The berm has been removed with the proposed amendment, and the elevation relates to an existing ditch.

Proposed Buffer Type 3 – is a 30-foot wide open space featuring sod and an optional berm. The sod will be placed in locations where the lake adjoins residential and mixed-use areas 1 and 2.

The buffer plan below identifies the new Buffer Types proposed for adjacent properties.

Analysis of Buffer Changes:

The table below provides a comparison of the changes proposed to the Buffer Types:

Buffer Type	Adopted Pattern Plan	Proposed Pattern Plan	Analysis	
Type A/1	Buffer width: - 70' +/- wide Plantings: - 3 Canopy Trees - 3 Understory Trees - 30 Shrubs	Buffer width: - 70' +/- wide Plantings: - 3 Canopy Trees - 3 Understory Trees - 30 Shrubs	Buffer Design: - No change proposed buffer design (width, plantings, fence/wall/berm) Buffer Locations:	

Buffer Type	Adopted Pattern Plan	Proposed Pattern Plan	Analysis
	Fence/Wall/Berm: - 3'-5' high berm	Fence/Wall/Berm: - 3'-5' high berm	- No change proposed to former Type A buffer locations
Type B/2	Buffer width: - 30' +/- wide Plantings: - 3 Canopy Trees - 3 Understory Trees - 30 Shrubs Fence/Wall/Berm:	Buffer width: - 30' +/- wide Plantings: - 3 Canopy Trees - 3 Understory Trees - 30 Shrubs Fence/Wall/Berm:	Buffer Design: - No change proposed buffer width, and plantings - Berm is optional, but design detail is provided Buffer Location:
	- Small Berm	- Optional 1'-3' berm, max. 4:1 (H:V) side slope	- Type B buffer along multiple lakes modified to a Type 3 buffer
Type C/3	Buffer width: - 30' +/- wide	Buffer width: - 30' Open Green Space + 150' min. of Lake	Buffer Design: - Buffer design modified to remove all plantings and
	Plantings: - 3 Canopy Trees - 30 Shrubs	Plantings: - Sod	substitute it with sod Optional wall substituted with
	Fence/Wall/Berm: - Optional 6' high wall	Fence/Wall/Berm: - Optional 1'-3' berm, max. 4:1 (H:V) side slope	optional berm Buffer Location: Type B buffer along multiple lakes modified to a Type 3 buffer No change to former Type C buffer locations

The proposed **Type 1 buffer** is of greatest significance in the buffer plan, as this buffer is proposed where uses in Central Parc are immediately adjacent to neighboring uses. The proposed Type 1 buffer replicates the former Type A buffer, maintaining the same design specifications and width, with the sole modification being the change in the buffer label.

While the proposed **Type 2 buffer** is comparable in specifications to the Type B buffer from the approved Pattern Plan, the Type 2 buffer is only proposed in one location, where the parcel of

land is a drainage ditch that forms a peninsula just south of Kingsley Road, as illustrated below (Figures 1 and 2).

Figure 2 - Type 2 Buffer Proposal Kingsley Road

At all other locations where a Type B buffer was previously approved, the Applicant is proposing a Type 3 buffer (Sod). The locations where this change is made are adjacent to Lakes 1, 2, 3, 5, 6, 9, 10, 12, 13, 14, 16, and 17.

A **Type 3 buffer** is a significant reduction from the former Type B buffer. The change to a Type 3 buffer is made where single-family/two-family homes within Central Parc are further buffered from surrounding development via proposed/existing lakes. Per the Applicant, buffer plantings are requested to be removed to allow for surrounding property owners to enjoy unobstructed views of the proposed lakes.

The lake width adds to the overall distance separation between uses within Central Parc and surrounding properties; the proposed lack of any plantings in the Type 3 buffer limits any visual, sound, and odor obstructions. The change presents a significant reduction in tree planting within the project, which, while consistent with the ULDC regulations, leads to increased heat island effect, fewer shaded public areas within the development, and limits other benefits to the environment from trees without any substantial new mitigation for the change proposed.

While the Applicant notes that the request is made at the behest of surrounding property owners, who would like to enjoy unobstructed views of the lakes, this claim is not consistently supported based on public comment received. Please see Exhibit F for public comments received during the review of the application. Staff also believes that the intent to provide views of the lake can be met by simply updating the Type B buffers to exclude the required berm and shrubs. Three (3) canopy trees and three (3) understory trees every 100 linear feet will not create visual barriers, and in fact, may create more scenic views of the lake, provided that the planting style is staggered and randomized to provide a less curated appearance.

However, it is also important to recognize that the 2010 ULDC does not require buffers to include plantings where single-family/two-family uses abut like uses, and so the request does not present concerns of compatibility.

There are four (4) locations where planting are required per the 2010 ULDC:

- Adjacent to Lake 5 (Adjacent to multi-family The Colony)
- Adjacent to Lake 9 (Adjacent to multi-family Fairway Villas)
- Adjacent to Lake 7 (Adjacent to mixed-use area)
- Adjacent to Lake 8 (Adjacent to mixed-use area)

Waivers are requested for the buffers adjacent to lakes 5 and 9 to be reduced beyond the required ULDC requirements regarding plantings. A discussion on requested waivers is provided in the following sub-section.

Adjacent to lakes 7 and 8, the proposed Type 3 buffer will be supplemented by additional buffering provided beyond the lake adjacent to areas marked Mixed Use #1 and Mixed Use #2 within Central Parc, as demonstrated in the image below. The Applicant is requesting that this buffering be provided in accordance with Sec. 21-9 based on final use at the time of Site Development and Infrastructure Plan submittals. As no industrial uses are permitted within the Central Parc project per the Pattern Plan, the greatest buffer requirement in these locations will be for commercial uses, where a 10-foot Type C buffer will be required.

This approach would effectively obstruct the view of the adjoining multifamily development from the mixed-use properties, which may encompass multi-family housing, assisted living facilities, and other permitted uses within the Activity Center #9 Zoning District.

Analysis of Requested Waivers:

Waiver#1: Request for relief from ULDC Section 21-9, Table 1, Buffers, which requires a Type B buffer consisting of a 10' wide buffer with one tree every 50' and shrubs between the proposed Single-Family/Two-Family and existing multi-family (Figure 3).

The waiver applies to approximately 450 feet of the boundary around Lake 5 between the Colony at Sabal Trace condominiums and Central Parc. The images below (Figures 3 and 4) demonstrate the location of the requested waiver and the uses existing in the surrounding area and proposed within Central Parc.

Figure 3 - Lake 5 - Location of Waiver #1 Request

Figure 4 - Aerial of Lake 5 and location of proposed adjacent single-family homes

Lake 5 is an existing body of water that was part of the drainage system for the former Sabal Trace Golf Course. The orientation of the lake in relation to the Colony remains essentially the same as it was historically. To the north, there is a multi-family development that borders proposed single-family and two-family homes. According to 2010 ULDC Section 21-9, Table 1, a Type B buffer is required, consisting of a 10-foot-wide open space with one tree planted every 50 feet and shrubs spaced 36 inches apart.

The Applicant is requesting to eliminate any required plantings within the buffer adjacent to the lake, to allow the neighboring condominium residents unobstructed view of the lake.

<u>Analysis:</u> There are 14 new residential dwelling units proposed adjacent to Lake 5 in Central Parc (Figure 5). These units will be incorporated into the Central Parc Phase 3 plat, which will be presented to the Commission in the near future. In lieu of the required landscaping, the proposal suggests the installation of sod.

Figure 5 - Proposed Single-Family lots adjacent to Lake 5

According to the 2010 ULDC, a Type B buffer is mandated between single-family, two-family, and multi-family uses. This buffer requires a minimum width of 10 feet, along with one tree planted every 50 feet on center and shrubs planted every 3 feet on center, in order to achieve a minimum opacity of 50%. The intent of the buffer is not only to provide separation, but also a visual, sound, and odor barrier between uses of varying densities.

The Colony at Sabal Trace operates as a multi-family condominium association. If plantings are eliminated in this location, prospective property owners in Central Parc will have an unobstructed line of sight into the backyards of the condominium units and vice versa, as there are no screening elements proposed.

The Colony at Sabal Trace property is zoned R-3, which allows for density up to 20 units/acre. Buffering that provides adequate screening will ensure compatibility between existing, proposed, as well as potential future uses.

As demonstrated throughout the approved Pattern Plan, Lake 5 was always present in this location. A change away from the previously enhanced Type B buffer in this location already

presents a reduction in previously committed compatibility measures for adjacent and future residents. A further reduction of code required buffering in this location via grant of a waiver is not recommended.

Waiver 2 - requests relief from ULDC Section 21-9, Table 1, Buffers, which requires a Type B buffer consisting of a 10' wide buffer with one tree every 50' and shrubs between the proposed Single-Family/Two-Family and existing multi-family.

The waiver pertains to approximately 275 feet of the perimeter boundary between Fairway Villas and Central Parc, surrounding Lake 9 (Figures 6 and 7).

Figure 7 - Aerial of Lake #9 and Fairway Villas

Lake 9 is a stormwater pond that was constructed to serve the Central Parc project. The Applicant is requesting to eliminate any required plantings within the buffer adjacent to the lake, proposing existing preserved mature oaks in the buffer area provide needed buffering between the uses.

<u>Analysis:</u> There are 20 new residential dwelling units proposed around Lake #9 in Central Parc (Figure 8). Some of these were platted in Central Parc Phase 1 plat, approved by City Commission in February 2024. In lieu of the required landscaping, the proposal suggests the installation of sod.

Figure 8 – Proposed 20 new residential lots adjacent to Lake 9

According to the 2010 ULDC, a Type B buffer is mandated between single-family, two-family, and multi-family uses. This buffer requires a minimum width of 10 feet, along with one tree planted every 50 feet on center and shrubs planted every 3 feet on center, in order to achieve a minimum opacity of 50%. The intent of the buffer is not only to provide separation, but also a visual, sound, and odor barrier between uses of varying densities.

In this case, some preserved mature oaks do provide partial visual screening in the absence of required plantings. However, portions of this perimeter will remain unscreened between the future single-family/two-family uses in Central Parc and the multifamily Fairway development.

The Fairway Villas property is zoned R-3, which allows for density up to 20 units/acre. Buffering that provides adequate screening will ensure compatibility between existing, proposed, as well as potential future uses.

As demonstrated throughout the approved Pattern Plan, Lake 9 was always proposed in this location. A change away from the previously enhanced Type B buffer in this location already

presents a reduction in previously committed compatibility measures for adjacent and future residents. A further reduction of code required buffering in this location via the grant of a waiver is not recommended.

Table Of Staff's Analysis Of Proposed Changes To The Buffer Plan:

REQUIRED BUFFER	CURRENT BUFFER	PROPOSED BUFFER	APPLICANT'S JUSTIFICATION	STAFF RECOMMENDATION
	DESIGNATION	DESIGNATION		
50' OPEN SPACE BUFFER	DMP DESIGNATION "TYPE B"	AMENDED DMP DESIGNATION "TYPE 3"	AMENDMENT The PCD district requires a 40' open space buffer where the PCD abuts single-family recorded lots or drainage areas per the ULDC section 53-113. The DMP amendment as proposed will maintain the required perimeter open space buffer widths throughout. The majority of the PCD will be developed with residential uses. In the areas where the PCD residential development abuts adjacent existing residential development no landscape plantings are required per ULDC section 21-9. Table 1 of section 21-9 lists the buffer between proposed single-family/two-	Staff supports this request. Removal of plantings in this location is justified based on uses within Central Parc and the neighboring properties being alike in nature (single-family) and/or two-family). This is consistent with the requirements of the 2010 ULDC which does not require buffering between like uses. Further, by a combination of 30' open green buffer and 150' minimum lake, the required 40' buffer from PCD districts adjacent to single-family residential is provided.
	BUFFER PER 2010 ULDC 50' OPEN SPACE	BUFFER PER 2010 DESIGNATION ULDC DMP SPACE DESIGNATION	BUFFER PER 2010 DESIGNATION DESIGNATION ULDC 50' OPEN DMP AMENDED SPACE DESIGNATION DMP DESIGNATION DMP BUFFER "TYPE B" DESIGNATION	BUFFER PER 2010 ULDC DMP SPACE BUFFER DESIGNATION BUFFER DESIGNATION BUFFER DESIGNATION BUFFER DESIGNATION BUFFER "TYPE B" AMENDED DMP DESIGNATION "TYPE 3" DESIGNATION "TYPE 3" DESIGNATION "TYPE 3" DESIGNATION "TYPE 3" The PCD district requires a 40' open space buffer where the PCD abuts single-family recorded lots or drainage areas per the ULDC section 53-113. The DMP amendment as proposed will maintain the required perimeter open space buffer widths throughout. The majority of the PCD will be developed with residential uses. In the areas where the PCD residential development abuts adjacent existing residential development no landscape plantings are required per ULDC section 21-9. Table 1 of section 21-9. Table 1 of section 21-9 lists the buffer between proposed single-

CHANGE LOCATION	REQUIRED BUFFER PER 2010 ULDC	CURRENT BUFFER DESIGNATION	PROPOSED BUFFER DESIGNATION	APPLICANT'S JUSTIFICATION FOR AMENDMENT	STAFF RECOMMENDATION
	olbe.			existing single-family/two-family as none. Therefore, no plantings are required. The buffer open space width will remain as currently adopted.	
LAKE 2	50' OPEN SPACE BUFFER	DMP DESIGNATION "TYPE B"	AMENDED DMP DESIGNATION "TYPE 3"	See justification for Lake 1.	Staff supports this request; see details of the recommendation in the Lake 1 row above.
LAKE 3	50' OPEN SPACE BUFFER	DMP DESIGNATION "TYPE B"	AMENDED DMP DESIGNATION "TYPE 3"	See justification for Lake 1.	Staff supports this request; see details of the recommendation in the Lake 1 row above.
LAKE 5	10' TYPE B BUFFER (MF)/ 50' OPEN SPACE BUFFER (SFD)	DMP DESIGNATION "TYPE B"	AMENDED DMP DESIGNATION "TYPE 3"	The Colony is adjacent to both proposed two-family homes and a lake. With the DMP amendment the segment adjacent to the two-family homes will continue to show the 70-foot-wide landscaped buffer. The segment adjacent to the lake will have the green strip and a minimum of 100 feet of lake. The proposed lake (lake 5) adjacent to the northern portion of the Colony is an existing lake that was part of the	Staff does not support this request. Elimination of plantings in this area requires a waiver from the 2010 ULDC for the portion adjacent to the Colony at Sabal Trace condominiums. It should be noted that the 2010 ULDC requires a 10' Type B buffer in this location where single-family/two-family residential is proposed adjacent to existing multifamily uses. It is important to recognize that the adopted Pattern Plan has an enhanced buffer approved in this location providing additional protection between uses of varying density and heights. To ensure compatibility between current and future uses of the two districts, the enhanced buffer should be retained.

Although no open space buffer is required per ULDC section 53-113, the DMP provides no less than 150' of open space inclusive of the lakes. The allowable uses in the Mixed-Use tracts include residential and non-residential uses. The ULDC section 21-9 requires a "TYPE B" buffer, which is a 10' wide planted buffer, where non-residential uses abut multifamily residential uses. As part of this DMP Amendment request those required buffers are being designated	Staff is in support of this request. The request to change the buffer along the perimeter from Type B to Type 3 can be supported provided that robust compensatory buffering is provided adjacent to the mixeduse tracts. A 10' Type C buffer will be required for commercial uses adjacent to the existing multifamily developments, which will provide adequate visual or noise screening for compatibility.
				along the exterior of the

LAKE 9	10' TYPE B BUFFER	DMP DESIGNATION "TYPE B"	AMENDED DMP DESIGNATION "TYPE 3"	projects. Fairway Villas is bounded on the north and east side entirely by proposed single family homes. The DMP amendment will not change the proposed 70-foot-wide landscape buffer along those sides. The western boundary of Fairway Villas abuts Lake 8, Lake 9, and a portion of single-family	Staff does not support this request. Elimination of plantings in this area requires a waiver from the 2010 ULDC. It should be noted that the 2010 ULDC requires a 10' Type B buffer in this location where single-family/two-family residential is proposed adjacent to existing multifamily uses. It is important to recognize that the adopted Pattern Plan has an enhanced buffer approved in this location providing additional protection between uses of varying density and heights. To ensure

CHANGE LOCATION	REQUIRED BUFFER PER 2010 ULDC	CURRENT BUFFER DESIGNATION	PROPOSED BUFFER DESIGNATION	APPLICANT'S JUSTIFICATION FOR AMENDMENT	STAFF RECOMMENDATION
LAKE 13	50' OPEN SPACE BUFFER	DMP DESIGNATION "TYPE B"	AMENDED DMP DESIGNATION "TYPE 3"	See justification for Lake 1.	Staff does not support this waiver request. The buffer in this location provides screening between the entrance right-of-way from Appomattox Drive to the development, and the front and rear of existing single-family residential lots. Removing screening commitments in this location would create noise, light nuisance for the adjacent residences. Staff recommends retaining an enhanced buffer in this location. (See Figures 9 and 10)
LAKE 14	50' OPEN SPACE BUFFER	DMP DESIGNATION "TYPE B"	AMENDED DMP DESIGNATION "TYPE 3"	See justification for Lake 1.	Staff supports this request; see details of the recommendation in the Lake 1 row above.
Drainage adjacent to LAKE 14	50' OPEN SPACE BUFFER	DMP DESIGNATION "TYPE B"	AMENDED DMP DESIGNATION "TYPE 2"	No justification provided	Staff supports this request. In the proposed location the removal of the berm will allow for appropriate grading based on the elevation of the existing ditch.

Consistency with Florida Statutes, the City's Comprehensive Plan, and the City's Unified Land Development Code

Florida Statutes

Florida Statutes § 166.041 Procedures for adoption of ordinances and resolutions.

The notice requirements pursuant to this Statute have been met and are detailed in Section X of this Staff Report.

Staff concludes that the petition for Central Parc at North Port Pattern Plan Amendment is consistent with the requirements of §166.041(3)(a) regarding procedures for adopting ordinances.

Comprehensive Plan

(Effective at the time of Application Submittal)

GOAL 1: Ensure that the character and location of land uses maximize the potential for economic benefit and the enjoyment of natural and man-made resources by citizens while minimizing the threat to health, safety and welfare posed by hazards, nuisances, incompatible land uses, and environmental degradation.

The adopted buffer plan included enhancements over the requirements of the 2010 ULDC, which was consistent with the above goal of minimizing the threat to health, safety, and welfare posed by incompatible land uses. The current change to the buffer plan maintains the same buffers in areas where development in Central Parc is immediately adjacent to the boundary. The Applicant is proposing to eliminate buffer plantings only where proposed/existing lakes create significant (over 180') additional separation between land uses. Staff expects the proposed buffer design will serve as an adequate protection, especially where uses in the proposed project and surrounding uses are alike in nature. However, where uses vary in type or density, staff believes that removal of plantings does not provide adequate visual, noise and odor barriers, and provision of screening must be required.

Overall, if screening is provided between all incompatible land uses, the petition will be consistent with Goal 1 of the Comprehensive Plan.

Policy 2.12: The City's Unified Land Development Code shall continue to be amended to provide for up-to-date techniques for the protection of adjacent lower intensity neighborhoods from the impacts of Activity Center development through either significant landscaped buffer yards or other protective measures.

The changes to the buffer plan will reduce protections to adjacent low-density single-family residential neighborhoods. However, it is important to recognize that the proposed development in Central Parc adjacent to these low-density areas also consist of single-family/two-family residential uses. Further, no change in buffers is proposed where development in Central Parc is adjacent to the perimeters. Plantings are only eliminated where lakes provide substantial additional separation between uses.

Thus, the petition is consistent with Policy 2.12 of the Comprehensive Plan.

Policy 2.17: The City shall maintain or enhance the quietness of neighborhoods by continuing to amend the Unified Land Development Code to utilize up-to-date traffic calming techniques where appropriate, regulate access points for traffic circulation, design landscaped buffers to diminish noise, site design considerations, and ensure that land uses are compatible with residential neighborhoods.

The Applicant proposes to remove plantings from various perimeter buffers where lakes provide additional separation. While this is appropriate where uses are alike and of lower density, it poses a threat to neighborhoods of varying densities or when adjacent to rights-of-way.

Overall, if landscaped screening/planting is retained between all incompatible land uses (adjacent to Lakes 5, 9 and 13), the petition will be consistent with Policy 2.17 of the Comprehensive Plan.

Policy 4.15: Ensure that the character and design of infill development promotes, enhances and increases the vitality of existing neighborhoods.

Central Parc represents an infill development situated amidst established neighborhoods, initially authorized in 2019. The approved buffer plan incorporated enhanced landscaping around the project's perimeter, effectively aligning with the policy's intent. The Applicant asserts that the current proposal to remove specific plantings from buffer zones adjacent to lakes is designed to provide neighboring properties with unobstructed views of these water bodies. However, public feedback reveals a lack of consensus among local residents regarding this assertion. Notwithstanding, the primary objective remains to enhance the existing neighborhoods, particularly in areas where residential densities are comparable, thereby allowing all residents to enjoy views of the lakes. Conversely, in areas where there are differing densities, it is advisable to retain the plantings as per the adopted buffer plan.

Overall, if landscaped screening/planting is retained between all incompatible land uses (adjacent to Lakes 5, 9 and 13), the petition will be consistent with Policy 4.15 of the Comprehensive Plan.

Unified Land
Development Code

(Effective at the time of Application Submittal)

Chapter 21, Section 21-9, Landscaping the perimeter of abutting uses.

The approved buffer plan provides enhancements over the requirements of this ULDC provision as discussed in detail earlier in Section V – Staff Analysis of this report. All proposed changes still provide buffering consistent with the requirements of this code regulation with the exception of the two (2) locations where waivers are requested.

In the locations where waivers are requested adjacent to Lakes 5 and 9, the Applicant is not proposing alternate screening/landscaping requirements that would provide a visual/sound/odor barrier between proposed single-family and existing multifamily uses. Thus, the waiver request cannot be supported. Adjacent to Lake 13, the change in buffer cannot be supported as it would remove screening protection of the existing

adjacent residential homes from the traffic and noise from the entrance drive of Central Parc.

With the exception of the requested waivers and the buffer adjacent to Lake 13, the petition may be found consistent with Chapter 21, Section 21-9 of the ULDC.

Chapter 53, Section 53-113, General development regulations

The proposed changes to the approved buffer plan are consistent with all provisions of this ULDC provision as discussed in detail earlier in Section V – Staff Analysis of this report.

The petition may be found consistent with Chapter 53, Section 53-113 of the ULDC.

VI. NEIGHBORHOOD MEETING

Pursuant to Section 53-5.E. of the Unified Land Development Code, the applicant held a neighborhood meeting on May 14, 2024, at 6:00 p.m. at the Morgan Family Center located at 6207 W. Price Boulevard, North Port, FL 34291. The meeting documents, including public notice, are attached as (Exhibit G – Neighborhood Meeting Documents).

VII. REVIEW PROCESS

A pre-application meeting for the project was held on March 3, 2024 (PRE-24-029). DMA-24-114/ PMCPA-24-00000114 underwent staff review; the reviewing departments had no issues, with the exception of Natural Resources.

Natural Resources has the following outstanding concerns:

- 1. The Unified Land Development Code (ULDC) of North Port, FL, sets forth requirements for landscape buffers aimed at enhancing the visual and environmental quality across various land uses:
 - 1. Buffer Between Activity Center and Residential Area: It is necessary to establish a landscaped buffer separating these areas. This buffer helps to minimize nuisances such as noise and light glare, thereby protecting the residential environment (Section 21-9.A, B).

Any modified landscape plan must comply with ULDC requirements and strive to balance the essential functions of the buffer. Strategies to adhere to the approved pattern plan and to achieve a view of the lake may include:

- Layered Planting: Employ a design where taller plants are placed behind shorter ones to create visual appeal without obstructing views.
- Buffer Design: Ensure compliance with minimum width and density requirements, using native plants for effective screening.

- Selective Pruning: Improve sightlines through careful pruning of existing vegetation.
- Open Viewing Corridors: Create designated areas within the buffer for unobstructed views of the pond.
- Decorative Elements: Incorporate features such as fencing or benches to enhance aesthetics.
- Compliance with Environmental Standards: Ensure that any modifications maintain the tree canopy and protect environmental quality and aquatic ecosystems.
- Regular Maintenance: Implement a maintenance plan to uphold both the integrity of the buffer and its visibility.

By balancing regulatory requirements with the visual interests of residents, it is possible to create a functional and appealing landscape while adhering to the ULDC and the approved Pattern Plan.

2. Section 53-118: Modifications of Regulations

The City Commission may grant waivers or modifications to the regulations only if it is determined that such changes align with the intent and purpose of this chapter, adhere to the Comprehensive Plan, and satisfy any specific criteria established by these regulations or conditions of approval without adversely affecting the public interest. It is important to note that the obstruction of a lake view by single-family or multi-family residences located outside the boundaries of the new development does not constitute a valid basis for modifying a development master plan or for seeking a waiver of the Unified Land Development Code (ULDC) regulations.

Lakes within the new development are designated as amenities that must be maintained by the development itself. Existing residential areas beyond the confines of the activity center and the proposed Homeowners Association (HOA) do not possess any interest or financial stake in the landscaping surrounding the lakes within Central Parc. Therefore, it is strongly recommended that the landscaping approved in the development master plan and the Central Parc pattern plan book remain unchanged.

Furthermore, buffer requirements within the boundaries of Activity Center 9 are established to ensure the integrity of the development's design and its alignment with the comprehensive planning objectives. Altering these buffer requirements to accommodate the aesthetic desires of communities outside of Central Parc would undermine the regulatory framework designed to preserve the intended separation and character of the activity center bordering a different zoning district. Such modifications could potentially disrupt the planned land use and detract from the development's purpose, which is to create a well-defined and cohesive community. Consequently, the preservation of these buffer requirements is essential for maintaining the balance between development and environmental stewardship, as well as safeguarding the public interest in the long term.

VIII. LEGAL REVIEW

The City Attorney's Office reviewed and approved the proposed Ordinance 2025-28 as to form and correctness (Exhibit H – Ordinance No. 2025-28 with Exhibit)

IX. STAFF RECOMMENDATION

Recommended Action:

<u>Option 1:</u> Approve the amended buffer plan as presented by the Applicant, without the grant of Waivers 1 and 2, and the change proposed to the buffer adjacent to Lake 13. Buffers adjacent to Lakes 5, 9 and 13 shall meet the planting/screening specifications of a Type 2 buffer.

Commission Options:

Option 1: Approve the amended buffer plan as presented by the Applicant, without the grant of Waivers 1 and 2, and the change proposed to the buffer adjacent to Lake 13. Buffers adjacent to Lakes 5, 9 and 13 shall meet the planting/screening specifications of a Type 2 buffer.

• Pros:

- Allows unobstructed enjoyment of lake views by surrounding communities, while maintaining adequate screening in place in locations where necessary for compatibility.
- Screening/Planting requirements for buffers are only reduced where lakes add additional open space separation between like uses of over 180' +/-
- Adequate protections put in place to meet the requirements of the 2010 ULDC.

Cons:

- Reduces previous commitments for buffer screening along vast areas of the project's perimeters.
- Enjoyment of lake views by surrounding communities may not be a valid reason for reduction in previous commitments for buffering.
- Substantial reduction in tree planting within the project, which limits benefits related to mitigating heat island effect, shaded public space, and other ecological enhancements from trees.

Option 2: Approve no further changes to the buffer plan as approved via Ordinance 2019-09.

Pros:

- Maintains previous commitments for buffer screening.
- Enjoyment of lake views by surrounding communities may not be a valid reason for reduction in previous commitments for buffering, especially given that public comments received is mixed.
- Reduces incompatibilities between non-residential uses and residential uses, and residential uses of varying densities.
- Retains higher number of trees within the project, which provides numerous benefits including mitigation of heat island effect, shaded public space, and other ecological enhancements from trees.

• Cons:

- While neighborhood input received on this varies, this restricts views of the lakes from surrounding properties.

Option 3: Approve the buffer plan along with waivers, as presented by the Applicant.

Pros:

 While neighborhood input received on this varies, this allows unobstructed enjoyment of lake views by surrounding communities.

• Cons:

- Reduces previous commitments for buffer screening along vast areas of the project's perimeters.
- Does not maintain adequate screening in place in locations where necessary for compatibility.
- Reduces buffer protections put in place beyond the requirements of the 2010 ULDC
- Substantial reduction in tree planting within the project, which limits benefits related to mitigating heat island effect, shaded public space, and other ecological enhancements from trees.

X. PUBLIC NOTICE AND HEARING SCHEDULE

Notice of Public Hearings were mailed to the owner and property owners within a 1,320-foot radius of the subject property on September 2, 2025. The petition was also advertised in a newspaper of general circulation within the City of North Port on September 2, 2025, in accordance with the provisions of Section 166.041(3)(a), Florida Statutes and Section 7.01(c) of the Charter of the City of North Port, and Chapter 1, Article II, Section 1-12 of the City's Unified Land Development Code (ULDC) as amended (Exhibit I).

The undersigned Clerk of the Circuit Court certifies that he or she executed and filed a certificate of sale in this action on September 22, 2017 for the property described herein and that no objections to the sale have been filed within the time allowed for filing objections pursuant to §45.031(4) Florida Statutes.

The following property located in Sarasota County, Florida:

Exhibit "A" Legal description

Parcel I:

A portion of Sections 28, 29, 32 and 33, Township 39 South, Range 21 East, Sarasota County, Florida being more particularly described as follows:

Commencing at the Northwest corner of North Port Charlotte Country Club Unit Onc, per plat thereof recorded in Plat Book 19 at Pages 32 and 32-A through 32-C in the Public Records of Sarasota County, Florida; thence S.21°12'00"W. a distance of 80.00 feet to the Northwesterly corner of Lot 60, Block One in the aforesaid North Port Charlotte County Club Unit One; thence continue S.21°12'00"W. along the Westerly boundary line of said North Port Charlotte County Club Unit One a distance of 233.67 feet to the Point of Beginning; thence S.13°38'52"E., along said Westerly boundary line, a distance of 674.01 feet to the point of curvature of a 275.00 foot radius curve to the left, with the center point of said curve bearing N.76°21'08"E.; thence Southeasterly along the arc of said curve, and said Westerly boundary line, through a central angle of 65°22'48", a distance of 313.80 feet to a point on the arc of said curve; thence leaving the arc of said curve, N.76°21'08"E. along said Westerly boundary line, a distance of 707.14 feet; thence S.67°08'07"E. along said Westerly boundary line, a distance of 128.83 feet; thence S.62°59'35"W., along said Westerly boundary line, a distance of 101.03 feet; thence S.76°21'08" W. along said Westerly boundary line a distance of 511.42 feet to a point on the arc of a non tangent 225.00 foot radius curve to the left, with the center point bearing S.52°35'23"E.; thence Southwesterly, Southerly and Southeasterly along the arc of said curve and said Westerly boundary line, through a central angle of 113°47'29", a distance of 446.86 feet to a point on the arc of said curve; thence leaving the arc of said curve, N.76°21'08"E., along said Westerly boundary line, a distance of 213.08 feet; thence S.13°38'52"E., along said Westerly boundary line a distance of 330.63 feet to a point on the South line of aforesaid Section 28, Township 39 South, Range 21 East bearing S.89°31'55"E., a distance of 802.10 feet from the Southwest corner of said Section 28 which is common to the Southeast corner of Section 29, the Northeast corner of Section 32 and the Northwest corner of Section 33 all in said Township 39 South, Range 21 East; thence continue S.13°38'52"E. along said Westerly boundary of North Port Charlotte County Club Unit One a distance of 58.18 feet; thence S.44°30'00"E., along said Westerly boundary a distance of 300.40 feet to the Southeasterly corner of Lot 18, Block One, aforesaid North Port Charlotte County Club Unit One which is the most Northerly corner of North Port Charlotte County Club Unit Three, per plat thereof recorded in Plat Book 33, Pages 50 and 50A, Public Records of Sarasota County, Florida; thence along the Westerly boundary of said North Port Charlotte County Club Unit Three the following 4 courses, S.45°30'00" W. a distance of 60.00 feet; thence S. 09°08'12"E. a distance of 331.05 feet; thence S.02°52'43"W. a distance of 931.00 feet; thence S.27°52'00"W. a distance of 252.17 feet to the point of curvature of a 156.17 foot radius curve to the right, with the center point of said curve bearing N.62°08'00" W.; thence Southwesterly along the arc of said curve through a central angle of 57°12'10" a distance of 155.92 feet to a point of reverse curvature with a 275.00 foot radius curve to the left, with the center point of said curve bearing S.04°55'50"E.; thence Southwesterly along the arc of said curve and said Westerly boundary through a central angle of 64°25'44" a distance of 309.24 feet to the Southwest corner of aforesaid North Port Charlotte County Club Unit Three which is on

the Northerly right-of-way line of Greenwood Avenue (100 feet wide) as platted in North Port Charlotte County Club Unit Two, per plat thereof recorded in Plat Book 26. Pages 37 and 37A through 37C, Public Records of Sarasota County, Florida; thence N.69°21'34"W. along said Northerly right-of-way line a distance of 68.97 feet to the Southeast corner of Block 3 in said North Port Charlotte County Club Unit Two; thence along the boundary of said Block 3 the following 12 courses N.15°29'25" W. a distance of 361.35 feet to the point of curvature of a 685.00 foot radius curve to the right with the center point bearing N.74°30'35"E.; thence Northerly along the arc of said curve through a central angle of 21°28'36" a distance of 256.76 feet to a point of tangency; thence N.05°59'11"E., a distance of 117.89 feet to the point of curvature of a 3,000.00 foot radius curve to the left with the center point bearing S.84°00'49"E.; thence Northerly along the arc of said curve through a central angle 05°55'49" a distance of 310.51 feet to a point of tangency; thence N.00°03'22"E. a distance of 132.71 feet to a point on the arc of a 1,260.00 foot radius non tangent curve with the center point bearing N.53°46'43"E.; thence Northwesterly along the arc of said curve through a central angle of 17°18'44" a distance of 380.72 feet; thence leaving the arc of said curve N.79°14'40"W, a distance of 148.65 feet; thence S.25°37'28"W. a distance of 76.15 feet to a point on the East line of Section 32, Township 39 South, Range 21 East bearing S.00°31'18"E. a distance of 576.55 feet from the Northeast corner of said Section 32 as referenced on the aforesaid recorded plat; thence continue S.25°37'28"W. a distance of 352.40 feet to the point of curvature of a 1,800.00 foot radius curve to the right, with a center point bearing N.64°22'32" W.; thence Southwesterly along the arc of said curve through a central angle of 21°25'11" a distance of 672.92 feet to a point of tangency; thence S.47°02'39"W. a distance of 314.34 feet; thence S.19°12'49" E. a distance of 229.37 feet to the Southwest corner of aforesaid Block 3 on the Northerly right-of-way line of Greenwood Avenue as shown on said recorded plat of North Port Charlotte County Club Unit Two; thence along the Northerly right-of-way line of Greenwood Avenue as described in Official Records Book 1697, Pages 929 and 930, Public Records of Sarasota County, Florida the following 3 courses S.70°47'11"W. a distance of 69.44 feet to the point of curvature of a 350.00 foot radius curve to the right with the center point bearing N.19°12'49" W.; thence Westerly along the arc of said curve through a central angle of 39°53'10" a distance of 243.65 feet to a point of tangency; thence N.69°19'39" W. a distance of 1041.94 feet; thence leaving the right-of-way of Greenwood Avenue N.22°14'25" W. a distance of 232.52 feet; thence N.05°09'40" E. a distance of 133.96 feet; thence N.09°47'12"E, a distance of 637.41 feet; thence N.00°27'44"W, a distance of 252.77 feet; thence N.00°07'11"W. a distance of 230.00 feet; thence N.42°58'51"W. a distance of 196.78 feet; thence S.89°14'59"W. a distance of 85.60 feet; thence N.42°12'50"W., a distance of 109.58 feet; thence N.23°18'07"W., a distance of 150.51 feet; thence N.65°05'38"W. a distance of 109.88 feet; thence N.20°00'36"W. a distance of 69.50 feet; thence N.05°33'24"E. a distance of 92.98 feet; thence N.31°38'55"E. a distance of 122.29 feet; thence N.51°57'16"E., a distance of 77.05 feet; thence N.14°47'40"E. a distance of 125.91 feet; thence N.38°14'00"E. a distance of 60.72 feet; thence N.24°07'41"W, a distance of 386.77 feet; thence N.05°55'09"E, a distance of 164,43 feet; thence N.88°58'08"W. a distance of 227.04 feet; thence S.39°01'51"W. a distance of 217.73 feet; thence S.82°22'06"W. a distance of 608.57 feet; thence S.89°17'43"W. a distance of 28.34 feet; thence S.44°21'26"W. a distance of 50.00 feet; thence N.45°48'39"W. a distance of 249.21 feet; thence S.89°59'18"W. a distance of 69.98 feet; thence N.62°19'34"W. a distance of 87.07 feet to a point on the arc of a 3,136.58 foot radius curve with the center point bearing S.84°15'00"E.; thence Northerly along the arc of said curve through a central angle of 04°29'49" a distance of 246.18 feet; thence S.79°45'11"E. radial to the last curve a distance of 76.60 feet to

a point on the arc of a 290.00 foot radius curve with the center point bearing S.79°45'11"E.; thence Northeasterly along the arc of said curve through a central angle of 49°34'49" a distance of 250.95 feet thence N.59°49'38"E. a distance of 476.48 feet; thence S.81°06'29"E. a distance of 281.17 feet; thence N.52°22'52"E. a distance of 236.57 feet; thence N.18°50'44"W. a distance of 162.44 feet; thence N.18°59'48"E. a distance of 266.03 feet to the point of curvature of a 230.00 foot radius curve to the left, with the center point bearing N.71°00'12"W.; thence Northwesterly along the arc of said curve through a central angle of 40°18'09" a distance of 161.78 feet; thence leaving said curve N.45°26'23"E. a distance of 203.80 feet; thence N.89°59'57"E. a distance of 190.00 feet; thence S.45°34'34"E. a distance of 423.96 feet; thence S.27°44'18"E. a distance of 270.11 feet; thence S.07°51'12"E. a distance of 878.24 feet to the point of curvature of a 290.00 foot radius curve to the left, with the center point bearing N.82°09'11"E.; thence Southeasterly along the arc of said curve through a central angle of 59°09'44" a distance of 299.45 feet; thence leaving said curve S.00°00'00"E. a distance of 150.00 feet; thence S.08°00'44"E. a distance of 265.03 feet; thence S.82°19'14"E. a distance of 73.49 feet; thence S.20°34'37"E. a distance of 373.99 feet; thence S.25°20'41"W. a distance of 276.53 feet; thence S.25°53'48"E. a distance of 179.85 feet; thence S.72°42'22"E. a distance of 432.37 feet; thence N.73°47'42"E. a distance of 159.34 feet; thence N.19°41'55"E. a distance of 430.17 feet; thence N.36°26'12"W. a distance of 776.03 feet; thence N.10°04'09"E. a distance of 206.48 feet; thence N.56°34'31"E. a distance of 149.54 feet; thence N.24°42'09"E, a distance of 550.36 feet; thence N.75°57'50"E. a distance of 206.16 feet; thence S.54°34'16"E. a distance of 317.41 feet to the Point of Beginning.

Parcel II:

A portion of Tract "A" in North Port Charlotte Country Club, Unit Three (Sumter Green) per plat thereof recorded in Plat Book 33, Pages 50 and 50-A, Public Records of Sarasota County, Florida, being more particularly described as follows:

Commencing at the Northeast corner of said Tract "A", thence S.20°40'21"W. along the Easterly line of Tract "A" a distance of 90.00 feet to the Point of Beginning; thence continue along said Easterly line S.20°40'21"W. a distance of 25.31 feet to the point of curvature of a 25.00 foot radius curve to the right with the center point of said curve bearing N.69°19'39"W.; thence Westerly along the arc of said curve through a central angle of 90°00'00" a distance of 39.27 feet to a point of tangency; thence N.69'19°39"W. along the Southerly line of said Tract "A" a distance of 25.00 feet; thence N.20°40'21"E. a distance of 20.77 feet; thence N.39°30'00"E, a distance of 31.21 feet; thence S.69°19'39"E. a distance of 39.93 feet to the Point of Beginning.

Parcel III:

A portion of Section 33, Township 39 South, Range 21 East, Sarasota County, Florida being more particularly described as follows:

Commence at the intersection of the centerline of Sumter Boulevard as shown on the plat of the Thirty-Fifth Addition to Port Charlotte Subdivision as recorded in Plat Book 15, Page 19, 19-A through 19-D of the Public Records of Sarasota County, Florida, with the existing Northeasterly right-of-way line of U.S. Highway No. 41 (State Road 45); thence N.69°19'39"W., along said Northeasterly right-of-way line, a distance of 70.00 feet to the Point of Beginning, thence

continue N.69°19'39"W. along said Northeasterly right-of-way line a distance of 80.00 feet; thence N.60°28'28"E. a distance of 156.20 feet to the Westerly right-of-way line of aforesaid Sumter Boulevard (100' wide) thence S.20°39'59"W. (S20°40'21"W plat) along said Westerly right-of-way line a distance of 100.00 feet to the point of curvature of a 20.00 foot radius curve to the right, with the center point of said curve bearing N.69°20'01"W.; thence Westerly along the arc of said curve through a central angle of 90°00'22" a distance of 31.42 feet to the Point of Beginning.

Parcel IV:

A portion of Section 29, Township 39 South, Range 21 East, Sarasota County, Florida being more particularly described as follows:

Commencing at the Northwest corner of North Port Charlotte Country Club Unit One, per plat thereof recorded in Plat Book 19, at Pages 32 and 32-A through 32-C in the Public Records of Sarasota County, Florida; thence S. 21°12'00"W. a distance of 80.00 feet to the Northwesterly corner of Lot 60, Block One in the aforesaid North Port Charlotte Country Club Unit One, said Northwesterly corner also being on the Southerly Right-of-Way line of Appomattox Boulevard as platted in the Fifty-Second Addition to Port Charlotte Subdivision, as recorded in Plat Book 21 at Pages 13, 13-A through 13-NN in the Public Records of Sarasota County, Florida and the Point of Beginning, thence continue S.21°12'00"W. a distance of 233.67 feet to the Northerly boundary of Sabal Trace Country Club; thence N.54°34'16"W., a distance of 103.17 feet; thence leaving said Northerly Boundary N.21°12'00"E., a distance of 208.31 feet to the aforesaid Southerly Right-of-Way line of Appomattox Boulevard; thence along said Southerly Right-of-Way line, S.68°48'00"E. a distance of 100.00 feet to the Point of Beginning.

Parcel V:

Drainage Outfall Easement #1:

A 30.00 foot wide drainage outfall easement to the Cocoplum Waterway with said easement being more particularly described as follows:

Commencing at the Southeast corner of Block 3, on the Northerly right-of-way line of Greenwood Avenue as shown on the record plat of North Port Charlotte Country Club, Unit Two as recorded in Plat Book 26, Pages 37, 37-A through 37-C, Public Records of Sarasota County, Florida; thence S.69°21'34"E. along the Northerly right-of-way line of Greenwood Avenue a distance of 22.00 feet to the Point of Beginning; thence continue S.69°21'34"E. along said right-of-way line a distance of 30.01 feet; thence S.22°01'26"W. a distance of 461.58 feet to the Northerly right-of-way of the Cocoplum Waterway as described in Official Records Book 1941, Page 1-5, Public Records of Sarasota County; thence N.69°19'39"W. along said Northerly line a distance of 30.01 feet; thence N.22°01'26"E. a distance of 461.56 feet to the Point of Beginning, less right-of-way for Greenwood Avenue.

Drainage Outfall Easement #2:

A 30.00 foot wide drainage outfall easement to the Cocoplum Waterway with said easement being more particularly described as follows:

Commencing at the Southwest corner of Block 3 on the Northerly right-of-way line of Greenwood Avenue as shown on the record plat of North Port Charlotte Country Club, Unit Two, per plat as recorded in Plat Book 26, Pages 37, 37-A through 37-C, Public Records of Sarasota County, Florida; thence along the Northerly right-of-way line of Greenwood Avenue N.70°47'11"E. a distance of 10.05 feet; thence S.20°09'22"W. a distance of 222.42 feet to a point on the Northerly right-of-way line of the Cocoplum Waterway as described in Official Records Book 1941, Page 1-5, Public Records of said Sarasota County; thence N.69°19'39"W. along said Northerly line a distance of 30.00 feet, thence N.20°09'22"E. a distance of 197.54 feet to the Northerly right-of-way line of said Greenwood Avenue; thence N.70°47'11"E. along said Northerly line a distance of 28.75 feet to the Point of Beginning, less right-of-way for Greenwood Avenue.

Drainage Outfall Easement #3:

A 50.00 foot wide drainage outfall easement for a golf course lake (drainage easement #3 on the Sabal Trace Country Club) running from a Southerly boundary of the Sabal Trace Country Club Westerly to North Port Boulevard, with said outfall easement being more particularly described as follows:

Commencing at the Southwest corner of Block 3 on the Northerly right-of-way line of Greenwood Avenue as shown on the record plat of North Port Charlotte Country Club, Unit Two, per plat thereof recorded in Plat Book 26, Pages 37, 37-A through 37-C, Public Records of Sarasota County, Florida; thence along the Northerly right-of-way line of Greenwood Avenue as described in Official Records Book 1697, Pages 929 and 930, Public Records of Sarasota County, Florida the following 3 courses S.70°47'11"W, a distance of 69.44 feet to the point of curvature of a 350.00 foot radius curve to the right with the center point bearing N.19°12'49"W.; thence Westerly along the arc of said curve through a central angle of 39°53'10" a distance of 243.65 feet to a point of tangency; thence N.69°19'39"W. a distance of 1041.94 feet; thence leaving the right-of-way of Greenwood Avenue along the boundary of said Sabal Trace Country Club N.22°14'25"W. a distance of 232.52 feet; thence N.05°09'40"E. a distance of 133.96 feet; thence N.09°47'12"E. a distance of 637.41 feet thence N.00°27'44"W, a distance of 252.77 feet: thence N.00°07'11"W. a distance of 230.00 feet; thence N.42°58'51"W. a distance of 196.78 feet; thence S.85°14'59"W. a distance of 85.60 feet; thence N.42°12'50"W. a distance of 109.58 feet; thence N.23°18'07"W. a distance of 150.51 feet; thence N.65°05'35"W. a distance of 109.88 feet; thence N.20°00'36"W, a distance of 69.50 feet; thence N.09°33'24"E, a distance of 92.98 feet; thence N. 31°38'55"E, a distance of 122.29 feet; thence N.51°57'16"E. a distance of 77.05 feet; thence N.14°47'40"E. a distance of 125.91 feet; thence N.38°14'00"E. a distance of 60.72 feet; thence N.24°07'41"W. a distance of 386.77 feet thence N.05°55'09"E. a distance of 164.43 feet: thence N.88°58'08"W. a distance of 227.04 feet; thence S.39°01'51"W. a distance of 217.73 feet; thence S.82°22'06"W. a distance of 327.38 feet to the Point of Beginning of the outfall easement; thence S.44°21'26"W. a distance of 157.84 feet to a point on the arc of a 535.00 foot radius curve, with the center point of said curve bearing N49°27'24"W.; thence Southwesterly along the are of said curve through a central angle of 46°02'14" a distance of 429.87 feet to a point of tangency; thence S.86°34′50″W. a distance of 261.66 feet to a point on the Westerly right-of-way line of North Port Boulevard; thence N.02°34′35″W. along said right-of-way line a distance of 15.16 feet to the point of curvature of a 3,400.00 foot radius curve to the right, with the center point of said curve bearing N.87°25′25″E.; thence Northerly along the arc of said curve and said right-of-way line through a central angle of 00°35′14″ a distance of 34.85 feet to the Southwesterly corner of a 20.00 foot wide effluent line easement to the golf course as described in Official Records Book 1856, Page 1801, Public Records of said Sarasota County; thence along the Southerly line of said effluent line easement the following 4 courses, N.86°34′50″E, a distance of 260.75 feet to the point of curvature of a 485.00 foot radius curve to the left with the center point of said curve bearing N.03°25′10″W.; thence Northeasterly along the arc of said curve through a central angle of 46°13′45″ a distance of 391.32 feet; thence N.44°21′26″E, on a non tangent line a distance of 95.57 feet to the golf course boundary; thence N.82°22′06″E, a distance of 81.19 feet to the Point of Beginning of the outfall easement.

All collectively "the Land" together with:

(i) all buildings and improvements now or hereafter erected on the Land; (ii) all fixtures, machinery, equipment and other articles of real, personal or mixed property attached to, situated or installed in or upon, or used in the operation or maintenance of the Land or any buildings or improvements situated thereon, whether or not such real, personal or mixed property is or shall be affixed to the Land; (iii) all building materials, building machinery and building equipment delivered on site to the Land during the course of, or in connection with, any construction, repair or renovation of the buildings and improvements situated or to be situated thereon; (iv) all leases, licenses or occupancy agreements of all or any part of the Land and all extensions, renewals, and modifications thereof, and any options, rights of first refusal or guarantees relating thereto; all rents, income, revenues, security deposits, issues, profits, awards and payments of any kind payable under the leases or otherwise arising from the Land; (v) all contract rights, accounts receivable and general intangibles relating to the land or the use, occupancy, maintenance, construction, repair or operation thereof; all management agreements, franchise agreements, utility agreements and deposits; all maps, plans, surveys and specifications; all warranties and guaranties; all permits, licenses and approvals; and all insurance policies, and (vi) all estates, rights, tenements, hereditaments, privileges, easements, and appurtenances of any kind benefiting the Land; all means of access to and from the Land, whether public or private; and all water and mineral rights.

Exhibit C - Adopted Ordinance No. 2019-09 Central Parc Pattern Plan

City of North Port

ORDINANCE NO. 2019-09

AN ORDINANCE OF THE CITY OF NORTH PORT, FLORIDA, AMENDING THE UNIFIED LAND DEVELOPMENT CODE TO ADD A NEW ACTIVITY CENTER #9 BY AMENDING CHAPTER 55 – ACTIVITY CENTER DESIGN REGULATIONS, SECTION 55-4 – GENERAL; AMENDING CHAPTER 55 – ACTIVITY CENTER DESIGN REGULATIONS TO ADD A NEW ARTICLE IX – CENTRAL PARC (ACTIVITY CENTER 9); AMENDING CHAPTER 53 – ZONING REGULATIONS, ARTICLE III – COMMERCIAL GENERAL DISTRICT, SECTION 53-38 – PERMITTED PRINCIPAL USES AND STRUCTURES; AMENDING THE URBAN DESIGN STANDARDS PATTERN BOOK TO PROVIDE REGULATIONS FOR ACTIVITY CENTER #9; ADOPTING THE CENTRAL PARC AT NORTH PORT PATTERN PLAN; PROVIDING FOR FINDINGS; PROVIDING FOR ADOPTION; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; PROVIDING FOR CODIFICATION; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Chapter 55 of the Unified Land Development Code ("ULDC") sets forth regulations for development within the City's eight Activity Centers; and

WHEREAS, On July 23, 2018, Mark Gerenger, Managing Partner of Sabal Trace Development Partners, LLC, property owner(s) submitted petition number TXT-18-179 to amend Chapter 55 to add regulations for a new Activity Center #9, related to petitions CPAL-18-060 and REZ-080; and

WHEREAS, on April 18, 2019, the City of North Port Planning and Zoning Advisory Board, designated as the Local Planning Agency, held a properly-noticed public hearing to receive public comments on the revision of the Unified Land Development Code; and

WHEREAS, the City Commission of the City of North Port has held properly-noticed public hearings to review the recommendations of the Planning and Zoning Advisory Board and to receive public comments on the revision of the Unified Land Development Code; and

WHEREAS, the City Commission has determined that the proposed amendments are consistent with the Comprehensive Plan and serve the public health, safety, and welfare of the citizens of the City of North Port, Florida.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF NORTH PORT, FLORIDA, AS FOLLOWS:

1.01. The recitals outlined above are incorporated by reference as findings of fact as if expressly set forth herein.

SECTION 2 – ADOPTION:

2.01 The City Commission hereby approves and adopts the following amendments to the Unified Land Development Code:

"Chapter 55 – ACTIVITY CENTER DESIGN REGULATIONS

Sec. 55-4. – General

[Replace Fig. 55-1 in its entirety with the map identified as "Exhibit A," attached hereto and incorporated as if set forth herein.]

[Delete Fig. 55-2 in its entirety.]

The above maps are for general information only. They do not constitute the official adopted City maps.

. . .

B. Architectural and art.

. . .

(1) The architectural and art themes for all Activity Centers are specified in the Urban Design Standards Pattern Book (UDSPB) and this Unified Land Development Code.

(c) Central Parc (AC #9) — The development within the two mixed-use areas in this activity center identified as "Mixed-Use #1" and "Mixed-Use #2" shall be regulated by the AC #9 Urban Design Standards Pattern Book and this Unified Land Development Code.

The residential development in Phases 1 and 2 within this Activity Center shall be regulated first by the architectural guidelines in the Central Parc at North Port Pattern Plan. Where the architectural guidelines for the residential development in Phase 1 and 2 fail to address standards pertaining to these residential development areas, the regulations set forth in the Urban Design Standards Pattern Book and this Unified Land Development Code shall apply.

. . . "

2.02 The City Commission hereby approves and adopts the following amendments to the Unified Land Development Code:

Exhibit C - Adopted Ordinance No. 2019-09 Central Parc Pattern Plar

"Chapter 55 – ACTIVITY CENTER DESIGN REGULATIONS

. . .

ARTICLE IX. - CENTRAL PARC (Activity Center #9)

Sec. 55-60. - Intent.

The intent of this section is to ensure all development within the two mixed use areas of Central Parc at North Port adheres to the Urban Design Standards Pattern Book (UDSPB) of Activity Center #1, incorporated by reference as if set forth fully herein, pursuant to Section 55-14 et seq. and all residential development within Phases 1 and 2 of Central Parc at North Port adhere to the architectural guidelines in Central Parc at North Port Pattern Plan, incorporated by reference as if set forth fully herein, and to create a specific identifying character, continuity and connectivity within the Activity Center. It is generally intended to utilize these Activity Center regulations to implement the Comprehensive Plan, Future Land Use Element, Goal 2, Policy 2.9.1: This Activity Center shall be established to provide infill development with a mixture of low and medium density residential uses, as well as senior living, retail storage, medical office, and neighborhood commercial to serve the surrounding neighborhoods, to interface with residential and commercial along the US-41 corridor.

Sec. 55-61. - Permitted principal uses and structures.

A. The parameter for the percentage of allowable land uses pursuant to the Comprehensive Plan are as follows:

Low Density Residential	<u>85%</u>
Medium Density Residential	<u>0%</u>
High Density Residential	<u>0%</u>
Mixed-Use Development	<u>15%</u>

- B. <u>Permitted principal uses and structures shall be as follows:</u>
 - (1) Mixed-use development areas.
 - (a) Adult living facility.
 - (b) Art gallery, museum.
 - (c) Bank or financial institution (no drive-through).
 - (d) Business services.
 - (e) Emergency and essential services.
 - (f) Exercise gymnasium.
 - (g) House of worship, provided that minimum parcel size shall not be less than two (2) acres.
 - (h) Multiple-family dwellings and townhomes comprised of no more than eight (8) dwelling units attached side by side or one (1) above another, with each unit having direct exterior access.
 - (i) Professional office including medical and dental office/clinic.
 - (j) Mini-storage facility.
 - (k) Personal services.
 - (I) Post office.

Exhibit C - Adopted Ordinance No. 2019-09 Central Parc Pattern Plan

- (m) Professional services.
- (n) Recreational or community center maintained by a Community Development District or a homeowner's association, as defined in F.S. 720.301(9).
- (o) Restaurant (no drive-through).
- (2) Residential development areas.
 - (a) Family day care.
 - (b) <u>Model home. See Sec. 53-240(U) of this Unified Land</u>

 Development Code.
 - (c) Non-profit park or playground.
 - (d) PODS shall be permitted in accordance with Sec. 53-265(A)(2) of this Unified Land Development Code.
 - (e) Recreational or community center maintained by a Community Development District or a homeowner's association, as defined in F.S. 720.301(9).
 - (f) Single-family residential.
 - (g) Two-family dwelling.

Sec. 55-62. - Prohibited uses and structures.

- A. Any use or structure not expressly, or by reasonable implication, permitted herein or permitted by special exception shall be unlawful in this district, including specifically adult entertainment and exhibition establishments, adult bookstores and any other establishments whose primary purpose is to sell sexually explicit material or the exhibition of sexually explicit activities. Listed permitted or permissible uses do not include either as a principal or an accessory use any of the following:
 - (1) <u>Adult exhibition/entertainment.</u>
 - (2) Adult gaming/casino.
 - (3) <u>Bail bondsman.</u>
 - (4) <u>Billboards</u>.
 - (5) <u>Cemetery.</u>
 - (6) Check quick cashing and quick loan establishment.
 - (7) <u>Equipment rental.</u>
 - (8) <u>Fireworks sales or manufacturing.</u>
 - (9) <u>Funeral home.</u>
 - (10) Heavy machinery and equipment sales and service.
 - (11) <u>Incinerator.</u>
 - (12) <u>Junkyard or automobile wrecking yard.</u>
 - (13) Manufacturing or industrial establishment.
 - (14) <u>Pawn shop.</u>
 - (15) Restaurant, drive-through.
 - (16) Tattoo parlor or body art establishment.
 - (17) Truck stop.

Exhibit C - Adopted Ordinance No. 2019-09 Central Parc Pattern Plan

- (18) Warehouse and storage, except as permitted in Sec. 55-61.
- (19) Wholesale establishment.
- (20) Wholesale club.
- (21) The parking and storage of construction equipment except in connection with authorized active, continuing construction on the premises.
- (22) The keeping of farm animals, exotic animals, livestock and poultry, or any animal normally found in the wild.
- (23) Any car service activity other than that done by the homeowner, or by a service professional who has been granted permission by the homeowner, to the homeowner's vehicle shall be expressly prohibited.
- B. <u>All communication towers, including but not limited to television and radio transmitter towers, are prohibited. This section is not meant to prohibit small-cell deployment.</u>

Sec. 55-63. - Special exceptions.

All special exceptions shall enhance the intent of this activity center and shall be approved by Commission pursuant to Chapter 53, Article XXII of this Unified Land Development Code.

Sec. 55-64. - Permitted signs.

See Chapter 29 and the Urban Design Standards Pattern Book."

2.03 The City Commission hereby approves and adopts the following amendments to the Unified Land Development Code:

"Chapter 53 – ZONING REGULATIONS

. . .

"

. . .

. . .

PART 2. – SCHEDULE OF DISTRICT REGULATIONS

ARTICLE III. - CG COMMERCIAL GENERAL DISTRICT

Sec. 53-38. – Permitted principal uses and structures.

- A. Permitted principal uses and structures shall be as follows:
 - (37) Retail mini storage facilities. Permitted in Panacea, (AC #4), and The Shire (AC #6), and Central Parc (AC #9) only. No retail ministorage facilities are permitted in AC #1, 2, 3, 5, 7, or 8. In addition to any applicable zoning district and use regulations, see Sec. 53-257, Special Structures, Mini Storage Facilities.

Page 5 of 7

- 2.04 The City Commission hereby approves and adopts amendments to the Urban Design Standards Pattern Book to add design standards and regulations for Activity Center #9 as shown in "Exhibit B," attached hereto and incorporated as if set forth herein.
- 2.05 The City Commission hereby approves and adopts the Central Parc at North Port Pattern Plan to add design standards and regulations for residential development within Activity Center #9 as shown in "Exhibit C," attached hereto and incorporated as if set forth herein.

SECTION 3 – CONFLICTS:

3.01 In the event of any conflict between the provisions of this ordinance and any other ordinance or portions thereof, the provisions of this ordinance shall prevail to the extent of such conflict.

SECTION 4 – SEVERABILITY:

4.01 If any section, subsection, sentence, clause, phrase, or provision of this ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such provision shall be deemed a separate, distinct, and independent provision and such holding shall not affect the validity of the remaining portions hereof.

SECTION 5 – CODIFICATION:

5.01 In this ordinance, additions are shown as <u>underlined</u> and deletions as strikethrough. Additional codification information and notations appear in *italics*. These editorial notations shall not appear in the codified text.

SECTION 6 – EFFECTIVE DATE:

6.01 This ordinance shall take effect upon the effective date of Ordinance No. 2019-07, regarding Amendment No. CPAL-18-060 to the Comprehensive Plan. No development order or development permits dependent on this ordinance may be issued before it has become effective.

READ BY TITLE ONLY at first reading by the City Commission of the City of North Port, Florida, in public
session on the day of 2019.
PASSED and DULY ADOPTED by the City Commission of the City of North Port, Florida, on the second and
final reading in public session this 35 day of 3019 .

⁽I) All walking/fitness trails shall be of a City approved surface.

Q) If wet ponds are located in the front or side of buildings, they shall include a fountain, waterfall or similar aeration device with accent lighting and used as a pedestrian amenity. Retention is required for signature locations, and when stormwater requirements exceed thresholds established in the Unified Land Development Code. Pump size and spray pattern to be determined based on individual site design. Stormwater systems may be located underground with a plan approved by the City's Planning, Zoning and Engineering Department.

⁽³⁾ All transit shelters shall be North Port City Center Green.

CENTRAL PARC

Activity Center #9

All areas identified shall be designated Central Parc (Activity Center #9), present and future, and shall be regulated by these Urban Design Standards, the Unified Land Development Code, and any approved Development Master or Concept Plan in effect. All roadway cuts that intersect with public rights of way shall be approved by the City of North Port.

CENTRAL PARC

Activity Center#9

This Activity Center was established to provide for retail, residential, office, and commercial uses. It is located north of US 41 along Greenwood Avenue. All steel and aluminum shall be painted, or anodized, all wood shall be painted or stained, ornament and trim colors shall be compatible and harmonious with the building colors. High intensity bright and metallic colors are prohibited. Private colors within a development shall be "Terra Cotta" as indicated in the chart on page 6. The color of all outside furniture and metal located in this activity center shall be "North Port City Center Green".

Permitted uses for Central Parc are listed in Chapter 55 of the Unified Land Development Code. All development within the Mixed Use Development Areas in Central Parc shall provide the design elements in a similar style to those listed and shown:

Architectural Style: Mediterranean

Private Color: Terra Cotta (Pantone 1605C)

Public Color: North Port City Center Green (Pantone 567C)

Benches – shall be made of metal with a curved back with similar embellished design as shown. The bench back and seat shall be connected with gooseneck armrests.

Bike Racks - at least one bike rack shall be provided per development site and shall be rounded corner rectangular as shown. Slots for 4 bikes shall constitute one bike rack as required by the Unified land Development Code. Calculations for the number of bike racks per site may be found in the City's ULDC.

Brick pavers or stamped concrete shall be used for all pedestrian crossings both internal and external to the site and shall be in a herringbone pattern. The design shall be red brick bordered by concrete bands as shown. The minimum width shall be 5 feet. All pedestrian crossings on collector or arterial roadways shall be City approved design as used on Sumter and Toledo Blade.

Exhibit B to Ordinance 2019-09

Building height shall be a maximum of 35 feet. (Except that senior living facilities shall have a maximum height of 50 feet). Enhanced façade and landscaping is required when development abuts a waterway, residential zoning, park lands, or R-O-W.

Dumpsters areas shall be built to Public Works specifications, shielded from public view and screened with landscape plantings.

Minimum Size: the corral pad must be constructed of concrete four inches thick, inclined from front to back to allow water run off (one inch in twelve feet) with minimum interior dimensions of the corral twelve by fourteen feet exclusive of any posts or bumpers. The length of the largest dumpsters is ten feet. That requires a minimum of 12 feet from any interior post or bumper to the closed gate. Tenants can then gain 360E access to the dumpster to fill it equally.

The Approach: the approach to the pad must be a hard surface to support the weight of a 25,000+ pound truck. The approach elevation must be nearly level to allow alignment and meshing of the truck and the dumpster. Ideally, a turnaround area for the truck would be provided so the final approach to the pad to be straight for at least 30 feet. This would also prevent excess moving of the truck that can damage non- concrete road surfaces.

The Corral: a solid masonry wall will enclose the dumpster pad, minimum six feet high on three sides, with the gate at the front. The front gate must be a double gate, the width of the corral frontal area, minus required structural supports on the sides. The front gate shall have no center gate support to impede access to the dumpster. The most successful designs incorporate anchor or hurricane fence gates regardless of the side material. This gate design would allow the truck an unobstructed approach. The entire corral, including a gate, must be a material that is opaque.

Fences shall be consistent with the building design. Stained wood and coated chain link fences may be used in areas not visible from the street and black decorative wrought iron fences may be used in approved areas. Split rail, stockade or similar type fencing is prohibited.

Landscape designs shall promote the reduction of future maintenance. It is the developer's responsibility to maintain all landscaping.

<u>Lighting</u> – light poles shall be as shown in figure #1 and shall be painted North Port City Center Green within the development. Lights are to be placed within the development along all roadways, drives and footpaths. If connector or major local roadways are designed as part of a development, street lights shall be as shown in figure #2. All pedestrian areas shall maintain a minimum of 0.9 foot candles.

Figure #3

Figure #2

Exhibit B to Ordinance 2019-09

Outdoor displays are allowed with a Special Exception permit. All displays must be harmonious with the architectural design and shall not impose a pedestrian or traffic hazard. No display shall block pedestrian passage along any sidewalk.

Outdoor sales and storage are prohibited except as provided. All storage shall be within a fully enclosed building. Outdoor vehicle and boat storage as an accessory use to a mini storage facility shall be underneath a fixed roof that meets the design requirements of this Activity Center.

Outdoor seating areas shall use the courtyard approach and shall use a courtyard setting with canopy trees as shown. If all setbacks, site lines and safety regulations are followed, the use of a widened sidewalk may be used to accommodate a seating area.

Parking requirements are found in Chapter 25 of the City's ULDC.

Planters shall be placed along sidewalks and entryways in the Mixed Use Development Areas. Planters shall be made of concrete or of a material with similar appearance and shall be terra cotta in color. The planter shall have a maximum height of 2 feet and have a rounded bowl shape with a base as shown below. See chart below for the minimum number of planters required.

Building Front horizontal measurement	Planters required
Up to 50 ft	2
51'-100'	4
101 - 125	5

For each additional 25 feet one planter is required.

Reflective glass may not be used on the first floor of any building to prevent glare to vehicular traffic.

Roofs shall be barrel tile design or metal roof as designated per AC #1 Architectural Guidelines.

Signs shall be in keeping with the Central Parc Architectural Guidelines with columns, a base and capital with wording between columns.

Calculations for sign faces are found in the City's Unified Land Development Code. The height of freestanding signs in Central Parc (Activity Center #9) is limited to a maximum of 25 feet.

Hangings signs are permitted with the bottom of the sign measuring a minimum of 8 feet above the sidewalk. The sign shall be oval in shape with a background color of Pantone warm gray 1C with terracotta color (Pantone 1605C) lettering and border. The lettering shall be Block. The sign shall be attached with a single arm with scroll embellishment as shown with a sign area not to exceed nine square feet.

Prohibited Signs are as follows:

- Animated signs
- Signs with visible neon tubing
- Bench signs
- Obscene signs
- Roof signs
- Painted wall signs
- Portable changeable copy signs
- Balloons of all types
- Revolving or rotating signs

 Flashing or audible signs

Streets trees are required along all roadways as regulated in the ULDC, Chapter 45. All shrubs shall be 40 inches above street grade when abutting a roadway. Where a commercial development abuts a residential neighborhood and not adjacent to a waterway or park lands, a solid masonry buffer wall shall be used in conjunction with trees placed 30 feet on center. Shrubs shall be planted between the trees to build a continuous hedge. A buffer shall be placed along each property line that abuts differing land uses with shrubs 36 inches in height at time of planting. All shrubs shall be from the approved shrub list in Chapter 21 of the ULDC.

Identifying Tree: Black Olive

Trash Receptacles shall be placed at all door entries and next to each pedestrian bench. The design shall be rounded and in a coordinating pattern, color and material as the planters to enhance visual impact throughout the Activity Center. See examples below.

Utilities shall be underground.

Wheel stops shall be placed in compliance with Chapter 21 and 25 of the Unified Land Development Code.

Project Overview + General Description

Central Parc at North Port Planned Community Development (PCD) Pattern Plan

The area known as Central Parc at North Port Planned Community Development (PCD) is located north of Greenwood Avenue and south of Appomattox Drive between North Port Boulevard and Sumter Boulevard. The property was previously the subject of a masterplan approval under its future land use designation and zoning consisting of 614 multi-family units in multistory buildings, some up to four (4) stories in height. The approved development plan proposed to redevelop The mixed - use development areas will be adjacent to the existing Sabal Trace golf course into a replica style course with accompanying new residential development and additional commercial development. That plan approval included a Development Concept Plan (DCP) and Preliminary Subdivision Plan (PSP). On January 9, 2006 DCP 05-84 and PSP 05-85 were approved by the City of North Port. Due in large part to the Great Recession, the approved project was not developed and the approvals have since expired.

The property was originally zoned Residential Multi-Family (RMF) with a future land use designation of residential. In 2001, Charlotte Golf Partners bought the property envisioning 800 homes ancillary to the golf course. However, without Charlotte Golf Partners' approval, the City initiated a rezoning from RMF to Commercial Recreation and changed the future land use designation from residential to Recreation Open Space, resulting in litigation and an eventual Settlement Agreement.

The property's residential character will now be restored, while providing a logical transition from Activity Center #1 with new mixed-use development areas, and new residential uses. The proposed plan is similar in nature to the previously approved project, as it proposes infill development taking advantage of all existing City infrastructure and a location proximate to retail development, schools, and a major arterial roadway. The proposed plan anticipates a main entry from Greenwood Avenue with secondary and emergency

access to Appomattox Drive. The main change to the plan is removal of all golf course facilities, rather focusing on exterior landscape buffering, water features, and open spaces. The current plan anticipates a mix of predominantly residential single-family detached and attached villa style units with two (2) parcels that will incorporate a mixture of uses.

Greenwood Avenue and be accessed from the main entry road. The plan for the mixed use development areas may include medical office, ancillary club house, senior living facility, retail, storage facilities for the development and adjacent development, neighborhood commercial, and multi-family. The typical single-family and villa type residential units proposed solely within the residential development areas will not exceed two (2) stories and the style will be compatible with the surrounding developed neighborhoods with single-family and villa type units.

The following Pattern Plan is designed in general conformance with the North Port Zoning Regulations and the City's Urban Design Standards Pattern Book. The following Pattern Plan is for Central Parc at North Port Planned Community Development (PCD) adopted by the City of North Port on _____.

Exhibit C to Ordinance 2019-09

Central Parc at North Port Planned Community Development (PCD) Pattern Plan

Concept Plan

Figure 1

Mixed Use Development Areas

Central Parc at North Port Planned Community
Development (PCD) Pattern Plan

The Mixed Use Development Areas will be adjacent to Greenwood Avenue and accessed from the main entry road. The plan for the mixed-use area may include medical office, ancillary club house, senior living facility, retail, storage facilities for the new and existing adjacent development, neighborhood commercial, and multi-family.

Through planning and economic development efforts, creating interconnectivity and options for transportation, along with the continued development of Activity Centers, the City's goal is to provide the opportunity to create a live/work community, which would decrease much of the need to use I-75, and increase the overall quality of life for residents. This includes not only the live/work concept, but also includes issues such as connectivity between neighborhoods, schools, civic areas, and commercial areas.

The original core of the City is Activity Center #1 (the US-41 corridor, south of the Subject Property) and the adjacent residential areas. The 1997 Comprehensive Plan identified this area and after this Comprehensive Plan, the City made it a priority to enhance the attractiveness of the area and to create a positive environment for the location of new businesses through redevelopment.

All development within the two Mixed Use Development Areas of Central Parc at North Port adheres to the "Architectural Guidelines" for the AC #9 and the Urban Design Standards Pattern Book (UDSPB) pursuant to Section 55-60 et seq., ULDC to create a specific identifying character, continuity, and connectivity within the Activity Center. It is generally intended to utilize these Activity Center regulations to implement the Comprehensive Plan, Future Land Use Element, Goal 2, Policy 2.9.1: This Activity Center shall be established to provide infill development with a mixture of low and medium density residential uses, as well as senior living, retail storage, medical office, and neighborhood commercial to serve the surrounding neighborhoods and interface with residential and commercial along the US-41 corridor.

Residential Development Areas

The proposed development includes a mixture of housing types, sizes, and prices in a location adjoining existing and proposed workplaces, commercial uses, and office uses to benefit current and future residents of North Port. All residential development within Phases 1 and 2 of Central Parc at North Port will adhere to the architectural guidelines in this Central Parc at North Port PCD Pattern Plan to create a specific identifying character, continuity, and connectivity.

Side Yard:								

In general, Central Parc at North Port PCD is divided into two types of development area. These development areas are designated as Mixed Use or Residential. Land uses within the Mixed-Use and Residential Development Areas shall be regulated in part by Figure 2. The following figure shall serve as the allowable land use regulating instrument for permitting development within the Mixed-Use and Residential Development Areas. Refer to Figure 2 of this Pattern Plan for locations of the individual development areas.

⁽¹⁾ For single-family residential uses see Dimensional and Performance Standards (Page 8)

⁽⁴⁾ Mini-storage development shall not exceed 7 acres of land area.

Central Parc at North Port Planned Community Development (PCD) Pattern Plan

Dimensional + Performance Standards

Central Parc at North Port Planned Community Development (PCD) Pattern Plan

Residential development within is described as one of the following structure types: Single-Family Detached - Type A, Single-Family Detached - Type B, Single-Family Attached Villas. These residential structure types are unique in their configuration and are sited on specific lot sizes with corresponding setback standards. Typicals of the structure types are shown in Figures 3 through 5. Figures 6, 7, and 8 graphically describe each residential structure type while establishing dimensional standards for the said structures.

single-family type a detached

single-family type b detached

single-family attached

NOTES: To be able to adjust to marketing conditions, changes to the Building Code, resident input, etc. product styles / building footprints illustrated in the figures above may be adjusted from shown and shall meet all dimensional standards

(1) Front loading garage models (FLG) shall have a larger front setback than side loading garage models (SLG)

(3) Patios and pool decks for Single-Family Attached may have a 0 FT side setback provided they abut a shared privacy wall.

(6) Cornices, veneers, or other non-structural projections shall not count towards setbacks. They shall be treated similar to roof overhangs.

(8) Lot Coverage is defined as percent of lot area under fixed roof. Lot Coverage does not include pools, decks, driveways, patios, sidewalks, etc.

⁽²⁾ Screen enclosures for Single-Family Attached will have a 5 FT side setback without a privacy wall, or a 0 FT side setback with a privacy wall, provided that the screen is located atop the privacy wall.

⁽⁴⁾ Corner setbacks do not apply when the side property line is adjacent to a platted open space tract of at least 10 FT in width. (5) The rear setback for pools, pool decks, and screen enclosures may be reduced to 0 FT when the rear property line abuts an easement, water body, or open space tract of at least 50 FT in width.

⁽⁷⁾ Min. lot area and width for curvilinear lots may be less then required provided that all min. setback requirements are met and the average lot width (front lot line and rear lot line) is equal to or greater than the min. lot width required.

Central Parc at North Port Planned Community Development (PCD) Pattern Plan

The architectural intent of mini storage structure types are shown in Figures 9 through 12. The intent shall match the same architectural style as the AC #9 for mixed use.

Main Components are:

Single Story (except architectural features such as a tower).
Exterior walls shall have architectural features such as relief, banding, reveals, cornices, etc. and walls shall

incorporate change in plane.
Roof lines along the exterior shall be hip or gable style and finishes to custom with AC #9 standards.

Figure 9

Figure 10

Subject: Keep the Berm with Landscaping (8 reasons)

Categories: External

[You don't often get email from raylupekim@yahoo.com. Learn why this is important at https://aka.ms/LearnAboutSenderIdentification]

Peter,

Having spent my teenage years in Illinois water skying on the 25,000 acre Carlyle Lake. I am amazed at how Florida will call any puddle of water a Lake and use the word Vistas to describe the view. Haha

I currently live in VOSTII on Lakewood Blvd and Kimly-horn is the Engineering Firm for the new community going in at the old golf course.

- 1) See opening line "Not a Vista"
- 2) Having lived 8 years in a beautiful neighborhood in Orlando called Village Walk (Same as Island Walk on the way to Venice). The noise travels easier across water and will cause conversations and laughter to be amplified and sent louder and farther than you think.
- 3) Remember build for the people that are buying in the new community. If the neighboring communities want the alleged "Vistas" they can buy in the new community.
- 4) If I was buying in that new community I would want to look out across the water and see a beautify landscaped backdrop rather than look at a hole in the backdrop just to see the back yards of the neighboring community.
- 5) If I was buying in that new community I would NOT want to hear somebody playing their radio way too loud only to be amplified across the water. Believe me even without the water I have witnessed this happening quite a few times while being here in VOSTII only 2 years.
- 6) I look forward to having a beautiful landscaped berm so that I can listen to the birds that make their home amongst the landscaping.
- 7) I lived 8 years 1/4 mile from Lake Weohyakapka 7,528 acres in Polk County. A wise man David Wine who owned the property south of my neighborhood said that if at any time you don't like what is being built next to you it's your own fault. You could have bought it first and designed it exactly the way you wanted it to be. But guaranteed there would be someone that would complain.
- 8) With that being said all my words are spoken to enhance your work. I spent 1 year 9 months as the Chief Operator at the West Villages water plant for the City of North Port during its build out by Kimley-horn. I praise them for a fine job although having many years experience as a water plant operator I had many conversations with Kimley-horn engineers to tweak some of the processes to further enhance their work. John Marabella.

Ramon.

Deidra, were some of the corespondents that I spoke with.

I have moved on from the City of North Port employment but enjoyed working with Garney and Kimley-horn at the West Villages plant construction.

Please acknowledge receipt of my input, Sir.

Respectfully,

Ray Taylor

The plants will mature. I believe that section of landscape is finished so yes that may be similar to other segments of perimeter planting.

This is a photo behind one of the units in Sabal Trace Villas. I would not consider these canopy tress as they afford no privacy. Is this what is proposed to be installed behind the homes on Kingsley Rd?

Thank you , Daniel Mize 5081 Kingsley Rd 941-586-7947

Mr. Mize,

The buffer behind you home will not be affected by this proposed amendment. Canopy trees are defined in the City of North Port Unified Development Code. The developer can use any of those trees from the list in the buffer. There will be a mix of trees. The code does allow a cluster of 3 palms in place of a single canopy tree. I can't tell you for sure what type of tree will be placed in the buffer adjacent to your home.

Thank you.

Subject: 5081 Kingsley Rd Buffer

Good afternoon,

Exhibit F - Public Comments

I am contacting you in regard to the buffer zone behind our home at 5081 Kingsley Rd. We are in the buffer type A which shows the landscape and trees to be added. (I have attached the Exhibit) It shows 3 canopy trees, 3 understory trees and 30 shrubs.

In looking at some of the landscape going in it appears palm trees are being used as part of the buffer. The purpose of the canopy trees is to add privacy as they grow and spread out. Palm trees do not offer privacy and will not at any age based on my observations. Could you clarify what type of canopy trees will be installed behind our home? Privacy is our main concern.

Thank you for time Daniel Mize 941-586-7947

We are residents of the Sabal Trace Community and are concerned about the meeting that has be set up regarding modifications to landscaping along lake banks in the development.

The first plan we were told there would be easements along our property line for privacy to our property. Now it sounds like no easements will be done, and now no planting of trees or shrubs around lakes, so that leaves us with no barrier from the lakes if they flood!

I don't see how not adding trees and shrubs will ruin a view, but they would enhance the lake. This contractor wants to get out of all of this because it will cost more money!

On another note, my understanding from the beginning that said contractors when working on a building site are to make arrangements to keep the dust settled down, and as you know we have not had a lot of rain, so it's a dust bowl out there, and our lanais are being covered with dust everyday! This is not healthy for our residents, who like to sit outside or walk, and now are inhaling all the dust from builders! Plus using thousands of gallons of water to clean their lanais!

This builder is not being fair to the community, and the promises made in beginning are just becoming lies!

Skip.

Even though we will be departing soon and unable to attend this forthcoming meeting. Our comments are below.

Absolutely without any questions we do NOT NEED LARGE OAKS. Anything more than 5/6 feet will detract from our views over our newly formed lake.

The current views are just perfect -no trees or shrubs needed. It's probably not as good as the former 28th Fairway, but that is a personal opinion.

It is still a welcome sight every morning as we watch the sunrise over the new lake.

Anything that will spoil that new vista should not be entertained by anyone, especially those Residents on the first/ground floor Units.

Kind regards Geoff & Carol Unit 203.

Good morning Mr. Van Buskirk,

We are homeowners in the Villas of Sabal Trace and received the invitation to the neighborhood meeting on May 14, 2024 but will not be able to attend.

The purpose of this email is to express our support for a modified master plan that would allow for complete viewing of any of the retention pond/lake on the new Central Parc development.

Since we purchased the property in 2012 we have had a view of the pond behind us and have appreciated the work the developer has put into clearing that area. We understand there is a practical reason for the ponds but also enjoy viewing these areas and the wildlife they bring and we consider them an asset to our property and community.

We look forward to hearing about a modification and proposal that allows for full viewing of the ponds and wish there had been an option for online viewing of the meeting.

Sincerely, Jim and LeeAnn Robbins Villas of Sabal Trace 4329 Fairway Dr. From: Jeanne May <jkmay2@yahoo.com>

After receiving the recent communication regarding the plan to modify the landscaping plan, I wanted to take a moment to respond. Although the lakes are beautiful and I understand the desire to keep the view clear, I want to be sure that areas such as mine at The Colony at 5762 Sabal Trace Drive unit 102 remain adequately landscaped. My unit will border on a road and will be near a cul-de-sac. The initial plan called for a 5 foot raised berm and landscaping to protect my view and provide relief from car lights. I definitely want this plan to remain in my area.

Sincerely Steve Walter

Note: This residence will have the type A buffer adjacent to his unit as he is not fronting a lake.

Subject: Central Parc Landscape Revision Meeting May 14th, 2024

TO ALL:

It is important that as many of you as possible attend this meeting at the Morgan Center, 6 PM, Tuesday May 14th. The City of North Port wants the developer of Central Parc (the old Sabal Trace Golf Course) to plant trees all around the Lakes. Lake 7 is the one in Linkside's backyard (behind buildings 100 - 600). If the city has its way, there will be several Southern Oak's planted right on the boundary line between us and the development. This will not only block any view we have of the lake but will also create an additional mess for our landscape people.

Exhibit F - Public Comments

The Developer has produced a revision to the Landscape Plan that eliminates the trees on the boundary line. What we have now is what we would end up with, a great view of the Lake and the wildlife. I have attached a copy of the revised plan to this email.

What I need is a consensus from the owners that agrees with the Developers Revised Plan. The developer will then take this to the city for approval with hopefully a majority of the surrounding HOA's approval. Strength in Numbers!

Please let me know your thoughts and please do not do a reply all. Just send an email to me if you approve this revision and please try to attend the meeting.

Thank you all,

Skip Skoda

PS from Dorothy. I confirm Jack's comment regarding the landscape around the lake. I also am hoping that the stocking of the lake with fish occurs in the near future. I haven't seen or heard of any plan for stocking and am aware it is an "involved" process. Are you aware of anything? Thanks again for your involvement in this and communicating with us. Dorothy

Jim,

Here is the exhibit showing where we plan not to plant along the lake banks. There is one area that has changed next to County Club Estates. This exhibit shows two lakes but the final plan has that all as one lake. I will have that updated for the neighborhood meeting.

I printed hard copies as well. Let me know how to get them to you.

Re: Central Parc Buffer Plan

We support the Alliance and the development of the latest Buffer Plan for landscaping.

May 12, 2024

Mark Generger Central Parc Group 630 Wymore Road Maitland, Florida 32751

RE: Buffer Plan 07

Dear Mark Generger:

The Sabal Trace Single Family Homeowners Association would like to express their support for the Central Parc Buffer Plan 07 that will be presented on Tuesday May 14th at the Morgan Center. This buffer revision to the waterfront property is a result of the Alliance Committee unanimous recommendation to remove these specific buffer plantings. Community input is necessary and vital for a successful project.

Sincerely,

Single Family Board of Directors

Dear Mr. Van Buskrirk,

The Linkside 1 Condominium at Sabal Trace Association, Inc. Board of Directors supports the requested changes to the Central Parc Development Master Plan that abuts the Central Parc Development Master Plan by the developer to be presented on May 14, 2024. The support is for both the Buffer Landscape Revisions and the request to change the Commercial Zoned area to Residential Zoning of the Central Parc Development Master Plan.

Subject: 5081 Kingsley Rd Buffer **Attachments:** 5081 Buffer Plan.pdf

Categories: External

Good afternoon,

I am contacting you in regard to the buffer zone behind our home at 5081 Kingsley Rd. We are in the buffer type A which shows the landscape and trees to be added. (I have attached the Exhibit) It shows 3 canopy trees, 3 understory trees and 30 shrubs.

In looking at some of the landscape going in it appears palm trees are being used as part of the buffer. The purpose of the canopy trees is to add privacy as they grow and spread out. Palm trees do not offer privacy and will not at any age based on my observations. Could you clarify what type of canopy trees will be installed behind our home? Privacy is our main concern.

Thank you for time Daniel Mize 941-586-7947

[You don't often get email from sarat5925@gmail.com. Learn why this is important at https://aka.ms/LearnAboutSenderIdentification]

Good afternoon, I recently received notice of a meeting on Tuesday May 14th regarding the above development. I plan to attend and would appreciate a response to my following questions.

Is there a planned change of the section slated for commercial use? A rumor is circulating this could be changing too 4 story apartments.

When will the buffer be planted between The Colony (the blue condos) and Central Parc?

Thank you for the opportunity to ask questions, Sara Tew 5762 Sabal Trace Dr Unit 204

Neighborhood Meeting Invitation Central Parc Minor Landscape Modification

Date:

Tuesday, May 14, 2024

Time:

6:00 p.m. to 7:00 p.m.

Location:

Morgan Family Center 6207 W. Price Boulevard

North Port, FL 34291

Contact:

Peter Van Buskirk

By email at peter.vanbuskirk@kimley-horn.com

By phone at 941-379-7600

The Applicant, Sabal Trace Development Partners, LLC, is holding this meeting to present a proposed minor landscape modification of the Central Parc Development Master Plan. The project is located north of Greenwood Avenue and south of Appomattox Drive, between North Port Boulevard and Sumter Boulevard.

This is not a public hearing. The purpose of this meeting is merely to inform neighboring property owners of the Applicant's proposal to request a minor modification to the Development Master Plan. The request is comprised of adjusting the landscaping proposed along the outsides of project lakes abutting adjacent properties. It was brought to the developer's attention that some adjacent residents were concerned about the planting of landscaping along the project lake banks abutting neighboring properties. The feeling was that the planting materials between the lakes and adjacent properties would block the view of the new lakes thereby screening the open vistas.

That is the only modification being requested.

At the meeting, we are looking forward to introducing the applicant's representatives, presenting the request, and explaining the application process for the modification. Following the presentation, we will entertain questions and comments regarding the minor modification.

For the sake of efficiency and to make sure we sufficiently respond to your questions, we would encourage you to send questions in advance to: Peter Van Buskirk at either peter.vanbuskirk@kimley-horn.com or 941-379-7600. Thank you.

Neighborhood Information Meeting: Central Parc

Hosted by Kimley-Horn and Associates, Inc.

Tuesday May 14, 2024

Meeting Start: 6:05pm

Question and Answers: 6:11pm

- → Speaker 1: What is the timeline changes for the planting areas that will not be lositng plantings? Areas with the proposed plantings will not be delayed, no expected changes. Can the saved planting be planted elsewhere? We will ask the developer, but as of right now, the code does not require and buffering so most of the plantings are to help with a space request.
- → Speaker 2: **Do you intend to landscape around the areas of mixed use tracts?**Could be medical office, mini-storage, or 50-thousand sf of retail. Plantings will not be on the outside of those lakes near those tracts.
- → Speaker 3: Will the berm still be there? The berm will be there and is integral part of the drainage. It will include some shrubbery with an undulating design to give it appeal.
- → Speaker 4: The berm is breaking up the drainage on the backyard.
- → Speaker 5: We want the protection from the mixed use's noise pollution and light pollution that the trees will offer. Trees are not going to fix noise pollution (must be a wall that is 12' high) but we have allowed for spacing to help create a distance barrier.
- → Speaker 6: The lakes are stormwater ponds, are the plantings removed going to impact the requirements for treatment? No, those plantings are not, not used for nutrient uptake. Shallow vegetated lakes will help with treatment. These plantings removed are not impacting the stormwater management system.
- → Speaker 7: Poor job of cleaning lake area, uneven shoreline, mounds of dirt sticking up out of the ground. We will inform the contractor.
- → Speaker 8: Are trees going to be planted on the shared property line? No
- → Speaker 9: Concerned with drainage, our place is surrounded on three sides, and during Hurricane Ian there was a lot flooding. Most of the drainage in that area has not been completed and will be finished in the subsequent phase.
- → Speaker 10: **Will all lakes have fountains?** Fountains or aerators are required in all lakes and will be placed in optimal locations.
- → Speaker 11: When will the project be done? Project is expected to be completed in 2025.

- → Speaker 12: Do you plan to move the canopy elsewhere from the areas that are no longer being planted? No. All lots meet the 2-tree requirement and all other areas meet the planting requirement.
- → Speaker 13: Where will the homes be built on the lot, are they at the same level. Most will be the same offset from the road but the models will vary in size. We are unsure if the models are more than single-story. Green area from our lots from surrounding properties is 35-70'.
- → Speaker 14: **How many people called and complained about the plantings?** We received quite a few emails in favor and in opposition.
- → Speaker 15: Concerned about the taxes from the debris on berms from vegetation. CDD will be responsible (funded solely by property within Central Parc)
- → Speaker 16: Is the community gated? Yes, for the residential portion
- → Speaker 17: **Trees were removed, we lost our privacy in our backyard.** Trees will be planted there and will grow; all plantings are irrigated and will be maintained by the CDD.

Meeting End: 6:35pm

City of North Port

ORDINANCE NO. 2025-28

AN ORDINANCE OF THE CITY OF NORTH PORT, FLORIDA, AMENDING THE CENTRAL PARC AT NORTH PORT (ACTIVITY CENTER 9) PATTERN PLAN TO REVISE THE BUFFER PLAN; AMENDING ARTICLE III, TABLE 3.3.1.2: DIMENSIONAL STANDARDS AND ARTICLE IV, DEVELOPMENT STANDARDS OF THE UNIFIED LAND DEVELOPMENT CODE TO REFERENCE THE AMENDED CENTRAL PARC AT NORTH PORT PATTERN PLAN; PROVIDING FOR FINDINGS; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; PROVIDING FOR CODIFICATION; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of North Port, Florida is committed to planning and managing the future growth and development of the City by adhering to its Comprehensive Plan and Unified Land Development Code ("ULDC"); and

WHEREAS, this Ordinance updates the Central Parc at North Port Pattern Plan by revising the Buffer Plan to better reflect current development needs, ensure consistency with the City's Comprehensive Plan, and update related provisions of the Unified Land Development Code; and

WHEREAS, these revisions are intended to enhance compatibility between land uses, improve design standards, and promote the orderly growth and development of Activity Center 9; and

WHEREAS, on July 23, 2019, the City Commission adopted Ordinance No. 2019-09, establishing the Central Parc at North Port Pattern Plan; and

WHEREAS, Applicant Kim B. Fields, Authorized Member of Manager of Sabal Trace Development Partners, LLC ("Applicant") filed Petition No. DMA-24-114, requesting an amendment to the Central Parc at North Port Pattern Plan; and

WHEREAS, on May 14, 2024, Applicant held noticed neighborhood meeting(s) regarding the proposed amendment; and

WHEREAS, the Planning and Zoning Advisory Board, designated as the local planning agency, held a properly noticed public hearing on September 18, 2025, to receive public comment on the subject matter of this ordinance and to make its recommendation to the City Commission; and

WHEREAS, the City Commission held properly-noticed public hearings at first and second reading of this ordinance, at which time all interested parties had an opportunity to appear and be heard, and the City

Commission considered all relevant evidence presented, as well as the Planning and Zoning Advisory Board's recommendation; and

WHEREAS, the City Commission finds that competent substantial evidence supports the findings and actions herein; and

WHEREAS, the City Commission finds that its action serves the public health, safety, and welfare of the citizens of the City of North Port, Florida.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF NORTH PORT, FLORIDA:

SECTION 1 – FINDINGS

- 1.01 The above recitals are true and correct and are incorporated in this ordinance by reference.
- 1.02 Pursuant to Florida Statutes Section 166.041(4)(c), a business impact estimate was not required because this ordinance is enacted to implement comprehensive plan amendments and land development regulation amendments initiated by an application by a private party other than the municipality.
- 1.03 The City Commission finds the regulations in this ordinance to be consistent with the North Port Comprehensive Plan.
- 1.04 The City Commission makes the following additional findings:
 - a. This amended Pattern Plan is consistent with the ULDC, including Article IV of the ULDC, which provides the minimum requirements of the Central Parc (Activity Center 9) Activity Center Design Regulations.
- 1.05 The City Commission finds that, pursuant to Section 14 of Chapter 2023-304, Laws of Florida, this amendment to the land development regulations is not more restrictive or burdensome than current regulations.
- 1.06 This amendment is made pursuant to PMCPA-24-00000114 formerly DMA-24-114, filed by applicant Kim B. Fields, Auth. Member of Manager Sabal Trace Development Partners, LLC. The associated application was initiated by a private party, other than the City of North Port, Florida. The property that is the subject of the application is owned by the initiating private party.
- 1.07 All identified exhibits are incorporated in this ordinance by reference.

SECTION 2 – ADOPTION

- 2.01 The City Commission hereby approves and adopts the amended Central Parc at North Port Pattern Plan attached as "Exhibit A."
- 2.02 ARTICLE III. ACTIVITY CENTER DISTRICTS, Table 3.3.1.2: Dimensional Standards of the Unified Land Development Code is amended to read as follows:

"ARTICLE III. - ACTIVITY CENTER DISTRICTS

. . .

Table 3.3.1.2: Dimensional Standards

Additional restrictions apply in the Conservation Restricted Overlay District, the Myakka River Protection Zone, and adjacent to wetlands per Chapter 6, Article VII, and Chapter 6, <a href="Article VIII, of this ULDC.

¹ Residential accessory <u>structures</u> may be located in side or rear yards only. Minimum setbacks of 10-foot rear (20-foot waterfront) and 5-foot side apply to accessory structures 300 SF or smaller. Accessory structures larger than 300 SF, other than swimming pools, screen enclosures, tennis courts and other similar recreational facilities, shall maintain the same required setbacks as the primary structure. Non-residential accessory structures may be located in any yard and must meet the primary structure setbacks.

² If the width of a required landscape buffer per <u>Chapter 4, Article III., Section 4.3.12</u> exceeds the required setback the buffer requirement establishes the minimum setback. If a maximum or minimum setback conflicts with an easement, the setback may be adjusted to the minimum necessary to ensure the structure does not impact access to the easement.

³ Waterfront setbacks do not apply to docks and accessory structures associated with activating the waterfront nor do they apply to platted drainage easements. See Chapter 4, Article II., Section 4.2.7.

Overall ISR applies to a development as a whole when common area is provided. Open space requirements also apply per <u>Chapter 4</u>, <u>Article IX.</u>, <u>Section 4.9.2</u>.

⁵ Marsh Creek/Heron Creek development standards are governed by the Heron Creek Pattern Book, not the standards provided herein.

Ordinance No. 2025-28

⁶ Panacea/The Woodlands and North Port Gardens development standards are governed by Development of Regional Impact Development Orders, not the standards provided above.

2.03 ARTICLE IV. – DEVELOPMENT STANDARDS of the Unified Land Development Code is hereby amended to read as follows:

"ARTICLE IV. - DEVELOPMENT STANDARDS

. . .

Section 4.4.3. Activity Centers

. .

B. **Activity Center 9**, Central Parc will continue to be governed by the design standards incorporated in Ordinance No. <u>2019-09-2025-XX</u>.

. . ."

SECTION 3 – CONFLICTS

3.01 In the event of any conflicts between the provision of this ordinance and any other ordinance, in whole or in part, the provisions of this ordinance shall prevail to the extent of the conflict.

SECTION 4 – SEVERABILITY

4.01 If a court of competent jurisdiction finds that any section, subsection, sentence, clause, phrase, or provision of this ordinance is for any reason invalid or unconstitutional, that provision will be deemed a separate, distinct, and independent provision and will not affect the validity of the remaining portions of the ordinance.

SECTION 5 – CODIFICATION

5.01 In this ordinance, additions are shown as <u>underlined</u> and deletions as strikethrough. Any additional codification information and notations appear in *italics*. These editorial notations shall not appear in the codified text.

SECTION 6 – EFFECTIVE DATE

6.01 This ordinance shall take effect immediately upon adoption.

READ BY TITLE ONLY at first reading by the City Commission of the City of North Port, Florida in public session on October 14, 2025.

ADOPTED by the City Commission of the City of North Port, Florida on the second and final reading in public session on October 28, 2025.

⁷ Maximum building height for senior living facilities is 50-feet.

Project Overview + General Description

Central Parc at North Port Planned Community Development (PCD) Pattern Plan

The area known as Central Parc at North Port Planned Community Development (PCD) is located north of Greenwood Avenue and south of Appomattox Drive between North Port Boulevard and Sumter Boulevard. The property was previously the subject of a masterplan approval under its future land use designation and zoning consisting of 614 multi-family units in multistory buildings, some up to four (4) stories in height. The approved development plan proposed to redevelop the existing Sabal Trace golf course into a replica style course with accompanying new residential development and additional commercial development. That plan approval included a Development Concept Plan (DCP) and Preliminary Subdivision Plan (PSP). On January 9, 2006 DCP 05-84 and PSP 05-85 were approved by the City of North Port. Due in large part to the Great Recession, the approved project was not developed and the approvals have since expired.

The property was originally zoned Residential Multi-Family (RMF) with a future land use designation of residential. In 2001, Charlotte Golf Partners bought the property envisioning 800 homes ancillary to the golf course. However, without Charlotte Golf Partners' approval, the City initiated a rezoning from RMF to Commercial Recreation and changed the future land use designation from residential to Recreation Open Space, resulting in litigation and an eventual Settlement Agreement.

The property's residential character will now be restored, while providing a logical transition from Activity Center #1 with new mixed-use development areas, and new residential uses. The proposed plan is similar in nature to the previously approved project, as it proposes infill development taking advantage of all existing City infrastructure and a location proximate to retail development, schools, and a major arterial roadway. The proposed plan anticipates a main entry from Greenwood Avenue with secondary and emergency

access to Appomattox Drive. The main change to the plan is removal of all golf course facilities, rather focusing on exterior landscape buffering, water features, and open spaces. The current plan anticipates a mix of predominantly residential single-family detached and attached villa style units with two (2) parcels that will incorporate a mixture of uses.

The mixed - use development areas will be adjacent to Greenwood Avenue and be accessed from the main entry road. The plan for the mixed use development areas may include medical office, ancillary club house, senior living facility, retail, storage facilities for the development and adjacent development, neighborhood commercial, and multi-family. The typical single-family and villa type residential units proposed solely within the residential development areas will not exceed two (2) stories and the style will be compatible with the surrounding developed neighborhoods with single-family and villa type units.

The following Pattern Plan is designed in general conformance with the North Port Zoning Regulations and the City's Urban Design Standards Pattern Book. The following Pattern Plan is for Central Parc at North Port Planned Community Development (PCD) adopted by the City of North Port on ____.

Concept Plan

Figure I

Mixed Use Development Areas

Central Parc at North Port Planned Community Development (PCD) Pattern Plan

The Mixed Use Development Areas will be adjacent to Greenwood Avenue and accessed from the main entry road. The plan for the mixed-use area may include medical office, ancillary club house, senior living facility, retail, storage facilities for the new and existing adjacent development, neighborhood commercial, and multi-family.

Through planning and economic development efforts, creating interconnectivity and options for transportation, along with the continued development of Activity Centers, the City's goal is to provide the opportunity to create a live/work community, which would decrease much of the need to use I-75, and increase the overall quality of life for residents. This includes not only the live/work concept, but also includes issues such as connectivity between neighborhoods, schools, civic areas, and commercial areas.

The original core of the City is Activity Center #1 (the US-41 corridor, south of the Subject Property) and the adjacent residential areas. The 1997 Comprehensive Plan identified this area and after this Comprehensive Plan, the City made it a priority to enhance the attractiveness of the area and to create a positive environment for the location of new businesses through redevelopment.

All development within the two Mixed Use Development Areas of Central Parc at North Port adheres to the "Architectural Guidelines" for the AC #9 and the Urban Design Standards Pattern Book (UDSPB) pursuant to Section 55-60 et seq., ULDC to create a specific identifying character, continuity, and connectivity within the Activity Center. It is generally intended to utilize these Activity Center regulations to implement the Comprehensive Plan, Future Land Use Element, Goal 2, Policy 2.9.1: This Activity Center shall be established to provide infill development with a mixture of low and medium density residential uses, as well as senior living, retail storage, medical office, and neighborhood commercial to serve the surrounding neighborhoods and interface with residential and commercial along the US-41 corridor.

Residential Development Areas

The proposed development includes a mixture of housing types, sizes, and prices in a location adjoining existing and proposed workplaces, commercial uses, and office uses to benefit current and future residents of North Port. All residential development within Phases 1 and 2 of Central Parc at North Port will adhere to the architectural guidelines in this Central Parc at North Port PCD Pattern Plan to create a specific identifying character, continuity, and connectivity.

Land Use Standards

Central Parc at North Port Planned Community Development (PCD) Pattern Plan

Figure 2	Mixed Use Development Areas					Residential Development Areas	
	Medical Office	Multi	Multi-Family		ercial	Single Femily Detected	Cinala Family Villa
		Senior Living	Conventional Multi-Family	Neighborhood Commercial	Mini Storage (4)	Single-Family Detached	Single-Family Villas
Maximum density/intensity	0.50 FAR	300 beds / 0.50 FAR	10 du/acre	0.5 FAR	35% of available lot area	4 du/acre	10 du/acre
Minimum lot requirements	Minimum land area of 7,500 SF with a minimum width of 50-feet measured along the front property line	Minimum land area of 7,500 SF with a minimum width of 50-feet measured along the front property line	Min. lot size: 8,700 SF	Minimum land area of 7,500 SF with a minimum width of 50-feet measured along the front property line	Minimum land area of ≥ ½ acre and have a minimum frontage of 100-feet	See dimensional and performance standards	See dimensional and performance standards
Maximum lot coverage	50%	50%	50%	50%	50%	50%	50%
Minimum dwelling living area		350 SF	1,000 SF			1,500 SF	1,000 SF
Maximum building size	30,000			20,000	80,000SF		
Minimum setback requirements(1)						See dimensional and performance standards for setbacks	See dimensional and performance standards for setbacks
Front Yard: Side Yard:	0-feet	10-feet	10-feet	0-feet	10-feet		

In general, Central Parc at North Port PCD is divided into two types of development area. These development areas are designated as Mixed Use or Residential. Land uses within the Mixed-Use and Residential Development Areas shall be regulated in part by Figure 2. The following figure shall serve as the allowable land use regulating instrument for permitting development within the Mixed-Use and Residential Development Areas. Refer to Figure 2 of this Pattern Plan for locations of the individual development areas.

⁽¹⁾ For single-family residential uses see Dimensional and Performance Standards (Page 8)

⁽⁴⁾ Mini-storage development shall not exceed 7 acres of land area.

Figure 2		Mixe	ed Use Developi	ment Areas	T	Residentia	al Development Areas
	Medical Office	Mult	i-Family	Comm	ercial	Cinale Femily Detected	Circula Familia Villa
		Senior Living	Conventional Multi-family	Neighborhood Commercial	Mini Storage (4)	Single-Family Detached	Single-Family Villas
Interior:	0-feet	10-feet	10-feet	0-feet	None unless a landscaping buffer is required as set forth elsewhere in the ULDC		
Abutting a road:	0-feet	10-feet	20-feet	0-feet	15-feet		
Abutting residential zoning:	30-feet	30-feet	20-feet	30-feet	30-feet		
Rear yard:	20-feet	20-feet	20-feet	20-feet	20-feet		
Abutting a road:	0-feet	10-feet	20-feet	0-feet	15-feet		
Abutting water:	25-feet	25-feet	25-feet	25-feet	25-feet		
Waterfront yard or drainage right-of-way:	25-feet	25-feet	25-feet	25-feet	25-feet		
Maximum building height	35-feet	50-feet	35-feet	35-feet	35-feet	35-feet	35-feet
Minimum open space (2) (3)	10%	15%	15%	10%	10%	25%	25%

- (2) Open Space percentage is on-site only. Total project open space for Central Parc at North Port is 30% minimum.
- (3) Each individual infrastructure / subdivision / site plan application must provide and open space tracking chart to verify minimum open space requirements are being met for the entire site.
- (4) Mini-storage development shall not exceed 7 acres of land area.

Prohibited Uses & Structures

- (1) Adult exhibition / entertainment.
- (2) Adult gaming / casino.
- (3) Bail bondsman.
- (4) Billboards.
- (5) Cemetary.
- (6) Check quick cashing and quick loan establishments.
- (7) Equipment rental.
- (8) Fireworks sales or manufacturing.
- 265 (9) Funeral home.
 - (10) Heavy machinery and equipment sales and service.
 - (11) Incinerator.
 - (12) Junkyard or automobile wrecking yard.
 - (13) Manufacturing or industrial establishments.
 - (14) Pawn shop.
 - (15) Restaurant, drive-through.
 - (16) Tattoo parlor or body art establishment.
 - (17) Truck stop.
 - (18) Warehouse and storage, except as permitted in Sec. 55-61.
 - (19) Wholesale establishment.
 - (20) Wholesale club.
 - (21) The parking and storage of construction equiment in connection with authorized active, continuing construction on the premises.
 - (22) The keeping of farm animals, exotic animals, livestock and poultry, or any animal normally found in the wild.
 - (23) Any car service activity other than that done by the homeowner, or by a service professional who has been granted permission by the homeowner, to the homeowner's vehicle shall be expressly prohibited.
 - (24) All communication towers including but not limited to television and radio transmitter towers, are prohibited. This section is not meant to prohibit small- cell deployment.

Dimensional + Performance Standards

Central Parc at North Port Planned Community Development (PCD) Pattern Plan

Residential development within is described as one of the following structure types: Single-Family Detached - Type A, Single-Family Detached - Type B, Single-Family Attached Villas. These residential structure types are unique in their configuration and are sited on specific lot sizes with corresponding setback standards. Typicals of the structure types are shown in Figures 3 through 5. Figures 6, 7, and 8 graphically describe each residential structure type while establishing dimensional standards for the said structures.

DEVELOPMENT STANDARDS	SINGLE-FAMILY DETACHED - TYPE A	SINGLE-FAMILY DETACHED - TYPE B	SINGLE-FAMILY ATTACHED
LOT AREA (MIN)(8)	6,500 SF	5,200 SF	4,160 SF (per unit)
LOT WIDTH(MIN) ⁽⁷⁾	50 FT	40 FT	32 FT
LOT DEPTH(MIN)	130 FT	130 FT	125 FT
LOT COVERAGE (MAX)(8)	50 %	50 %	50 %
FRONT SETBACK (MIN) (6)	20 FT (FLG) / 14 FT (SLG)	20 FT (FLG) / 14 FT (SLG)	20 FT / 14 FT (SLG)
SIDE SETBACK (MIN) (STRUCTURES)(3)(4)(6)	5 FT 10 FT (CORNER LOTS)	5 FT 10 FT (CORNER LOT)	5 FT 0 FT (COMMON WALL or SHARED LOT LINE) 10 FT (CORNER LOT)
SIDE SETBACK(MIN) (POOL DECKS, PATIOS, AND SCREEN ENCLOSURES)(2)(3)(6)(8)	3 FT	3 FT	4 FT (WITH SIDE YARD) / 0 FT (COMMON WALL / SHARED LOT LINE) (POOL EDGES HAVE A 5 FT SETBACK ON SIDE YARDS OF UNITS)
REAR SETBACK (MIN) (5)(6)	10 FT (STRUCTURE) / 4 FT (DECK/PATIO) / 5 FT (POOL EDGE)	10 FT (STRUCTURE) / 4 FT (DECK/PATIO) / 5 FT (POOL EDGE)	10 FT (STRUCTURE) / 4 FT (DECK/PATIO) / 5 FT (POOL EDGE)

NOTES: To be able to adjust to marketing conditions, changes to the Building Code, resident input, etc. product styles / building footprints illustrated in the figures above may be adjusted from shown and shall meet all dimensional standards

⁽¹⁾ Front loading garage models (FLG) shall have a larger front setback than side loading garage models (SLG)

⁽²⁾ Screen enclosures for Single-Family Attached will have a 5 FT side setback without a privacy wall, or a 0 FT side setback with a privacy wall, provided that the screen is located atop the privacy wall.

⁽³⁾ Patios and pool decks for Single-Family Attached may have a 0 FT side setback provided they abut a shared privacy wall.

⁽⁴⁾ Corner setbacks do not apply when the side property line is adjacent to a platted open space tract of at least 10 FT in width.

⁽⁵⁾ The rear setback for pools, pool decks, and screen enclosures may be reduced to 0 FT when the rear property line abuts an easement, water body, or open space tract of at least 50 FT in width.

⁽⁶⁾ Cornices, veneers, or other non-structural projections shall not count towards setbacks. They shall be treated similar to roof overhangs.

⁽⁷⁾ Min. lot area and width for curvilinear lots may be less then required provided that all min. setback requirements are met and the average lot width (front lot line and rear lot line) is equal to or greater than the min. lot width required.

⁽⁸⁾ Lot Coverage is defined as percent of lot area under fixed roof. Lot Coverage does not include pools, decks, driveways, patios, sidewalks, etc.

The architectural intent of mini storage structure types are shown in Figures 9 through 12. The intent shall match the same architectural style as the AC #9 for mixed use.

- Main Components are:
 Single Story (except architectural features such as a tower).
 Exterior walls shall have architectural features such as relief, banding, reveals, cornices, etc. and walls shall incorporate change in plane.
 Roof lines along the exterior shall be hip or gable style and finishes to custom with AC #9 standards.

Figure 9

Figure 10 Figure 12 Figure 11

Roadway Plan

Central Parc at North Port Planned Community Development (PCD) Pattern Plan

Central Parc at North Port PCD design allows for the following primary street types: Boulevard Streets (Entrance Road only), and Type I Residential Local Roads (Residential Development Areas only).

Enhanced buffering, including lakes and swales, that exceeds the basic code requirements is proposed between the two (2) Mixed Use Development Areas and the new residential development, as well as the new residential development and the existing residential development.

(1) Lane Width Includes 2-foot Wide Concrete Curb

*Provide 8' Sidewalk where entry road connects to Appomatox Drive.

Figure 13 Typical Boulevard Road Section + Plan

Figure 14 Typical Residential Local Road Section + Plan

Emergency Vehicle Access Plan

Central Parc at North Port Planned Community Development (PCD) Pattern Plan

Emergency access to Central Parc at North Port PCD will be provided during the interim phases of construction until build out of the project occurs. Emergency access will be provided by the Greenwood Avenue main entrance as well as the secondary entrance off Appomattox Drive.

Note:

Mixed Use #1 and #2 will be developed under separate MAS applications. The exterior roadway and utility infrastructure to support Mixed Use #1 and #2 will be completed with Phase 1.

AMENDED Buffer Plan

Central Parc at North Port Planned Community Development (PCD) Pattern Plan

Buffer Type 1 (Typical 100 FT)

- 3 Canopy Trees
- 3 Understory Trees
- 30 Shrubs (can be grouped together)
- 3 FT to 5 FT high berm (Maximum 4:1 (H:V) side slopes)

Buffer Type 2 (Typical 100 FT)

- 3 Canopy Trees
- 3 Understory Trees
- 30 Shrubs (can be grouped together) Optional 1FT to 3FT high berm (Maximum 4:1 (H:V) side slopes)

Buffer Type 3 (Typical 100 FT)

- Sod
- Optional 1FT to 3FT High Berm (Maximum 4:1 (H:V) side slopes)

Buffer Type 3 Elevation

AMENDED Buffer Plan

Central Parc at North Port Planned Community Development (PCD) Pattern Plan

Activity Center #9

All areas identified shall be designated Central Parc (Activity Center #9), present and future, and shall be regulated by these Urban Design Standards, the Unified Land Development Code, and any approved Development Master or Concept Plan in effect. All roadway cuts that intersect with public rights of way shall be approved by the City of North Port.

Name	General Location	Architectural Style (1)
Activity Center #9/Central Parc	Greenwood Avenue	Mediterranean (Mixed Use Development Areas)
All Activity Centers		Clock Towers: Locate within public R-O-W on arterial and collector streets. Fountains: to be located in a public space incorporated into the design.

CHART #2

Colors (1)

Name	General Location	Private Color	Public Color
Activity Center #9/Central Parc	Greenwood Avenue	Terra Cotta (Pantone 1605 C) (Mixed Use Development Areas)	North Port City Center Green
All Activity Centers		N/A	All metal clock towers (black, white or Private Activity Center color)

- (1) All colors shall be on the dark end of the spectrum and shall be approved by the City. Bright, florescent or neon colors are prohibited.
- (2) North Port City Center Green is Pantone 567C.

Style and Design

CHART #3

Site Amenities, Part I

Commercial Center Designation/Name	Street Furniture (1)	Lighting	Brick Paving (2)	Street Trees (3)	Canals (4)	Buried Utilities (On-site)	Public Art
Activity Center #9/Central Parc	Y	Y	Y	Y	Y	Y	Y

- (I) Street furniture to include: benches, planters, bollards, smoking urns, trash and recycling receptacles, water fountains (pet friendly), and clock towers.
- (2) All pedestrian crosswalks, sidewalks, and ADA curb cuts shall be in the design specified for each Activity Center. Stamped concrete may be used in lieu of brick pavers, subject to City approval.
- (3) Consistent with the Unified Land Development Code, Chapter 21 & 45.
- (4) Canal treatments (Blueway Commons) shall be applicable to Activity Centers only. Future Activity Centers or lands rezoned to Planned Community Development (PCD) that include major canals will be required to include the design standards outlined in this document.

CHART#4

Site Amenities, Part II

Commercial Center Designation/Name	Walking/Fitness Path along Blueway (w/Pet- Friendly Water Fountain) (1)	Gazebo/ Pavilion	Bike Racks	Clock Tower	Wet Stormwater w/ Fountain & lighting	Transit Shelters (3)
Activity Center #9/Central Parc	Y	Y	Y	Y	Y	Y

- (1) All walking/fitness trails shall be of a City approved surface.
- (2) If wet ponds are located in the front or side of buildings, they shall include a fountain, waterfall or similar aeration device with accent lighting and used as a pedestrian amenity. Retention is required for signature locations, and when stormwater requirements exceed thresholds established in the Unified Land Development Code. Pump size and spray pattern to be determined based on individual site design. Stormwater systems may be located underground with a plan approved by the City's Planning, Zoning and Engineering Department.
- (3) All transit shelters shall be North Port City Center Green.

Activity Center#9

This Activity Center was established to provide for retail, residential, office, and commercial uses. It is located north of US 41 along Greenwood Avenue. All steel and aluminum shall be painted, or anodized, all wood shall be painted or stained, ornament and trim colors shall be compatible and harmonious with the building colors. High intensity bright and metallic colors are prohibited. Private colors within a development shall be "Terra Cotta" as indicated in the chart on page 6. The color of all outside furniture and metal located in this activity center shall be "North Port City Center Green".

Permitted uses for Central Parc are listed in Chapter 55 of the Unified Land Development Code. All development within the Mixed Use Development Areas in Central Parc shall provide the design elements in a similar style to those listed and shown:

Architectural Style: Mediterranean

Private Color: Terra Cotta (Pantone 1605C)

Public Color: North Port City Center Green (Pantone 567C)

Benches – shall be made of metal with a curved back with similar embellished design as shown. The bench back and seat shall be connected with gooseneck armrests.

Bike Racks - at least one bike rack shall be provided per development site and shall be rounded corner rectangular as shown. Slots for 4 bikes shall constitute one bike rack as required by the Unified land Development Code. Calculations for the number of bike racks per site may be found in the City's ULDC.

Brick pavers or stamped concrete shall be used for all pedestrian crossings both internal and external to the site and shall be in a herringbone pattern. The design shall be red brick bordered by concrete bands as shown. The minimum width shall be 5 feet. All pedestrian crossings on collector or arterial roadways shall be City approved design as used on Sumter and Toledo Blade.

Building height shall be a maximum of 35 feet. (Except that senior living facilities shall have a maximum height of 50 feet). Enhanced façade and landscaping is required when development abuts a waterway, residential zoning, park lands, or R-O-W.

Dumpsters areas shall be built to Public Works specifications, shielded from public view and screened with landscape plantings.

Minimum Size: the corral pad must be constructed of concrete four inches thick, inclined from front to back to allow water run off (one inch in twelve feet) with minimum interior dimensions of the corral twelve by fourteen feet exclusive of any posts or bumpers. The length of the largest dumpsters is ten feet. That requires a minimum of 12 feet from any interior post or bumper to the closed gate. Tenants can then gain 360E access to the dumpster to fill it equally.

The Approach: the approach to the pad must be a hard surface to support the weight of a 25,000+ pound truck. The approach elevation must be nearly level to allow alignment and meshing of the truck and the dumpster. Ideally, a turnaround area for the truck would be provided so the final approach to the pad to be straight for at least 30 feet. This would also prevent excess moving of the truck that can damage non-concrete road surfaces.

The Corral: a solid masonry wall will enclose the dumpster pad, minimum six feet high on three sides, with the gate at the front. The front gate must be a double gate, the width of the corral frontal area, minus required structural supports on the sides. The front gate shall have no center gate support to impede access to the dumpster. The most successful designs incorporate anchor or hurricane fence gates regardless of the side material. This gate design would allow the truck an unobstructed approach. The entire corral, including a gate, must be a material that is opaque.

Fences shall be consistent with the building design. Stained wood and coated chain link fences may be used in areas not visible from the street and black decorative wrought iron fences may be used in approved areas. Split rail, stockade or similar type fencing is prohibited.

Landscape designs shall promote the reduction of future maintenance. It is the developer's responsibility to maintain all landscaping.

Lighting – light poles shall be as shown in figure #1 and shall be painted North Port City Center Green within the development. Lights are to be placed within the development along all roadways, drives and footpaths. If connector or major local roadways are designed as part of a development, street lights shall be as shown in figure #2. All pedestrian areas shall maintain a minimum of 0.9 foot candles.

Figure #3

Figure #2

Outdoor displays are allowed with a Special Exception permit. All displays must be harmonious with the architectural design and shall not impose a pedestrian or traffic hazard. No display shall block pedestrian passage along any sidewalk.

Outdoor sales and storage are prohibited except as provided. All storage shall be within a fully enclosed building. Outdoor vehicle and boat storage as an accessory use to a mini storage facility shall be underneath a fixed roof that meets the design requirements of this Activity Center.

Outdoor seating areas shall use the courtyard approach and shall use a courtyard setting with canopy trees as shown. If all setbacks, site lines and safety regulations are followed, the use of a widened sidewalk may be used to accommodate a seating area.

Parking requirements are found in Chapter 25 of the City's ULDC.

Planters shall be placed along sidewalks and entryways in the Mixed Use Development Areas. Planters shall be made of concrete or of a material with similar appearance and shall be terra cotta in color. The planter shall have a maximum height of 2 feet and have a rounded bowl shape with a base as shown below. See chart below for the minimum number of planters required.

Building Front horizontal measurement	Planters required
Up to 50 ft	2
51' – 100' 101 – 125'	4
101 – 123	3

For each additional 25 feet one planter is required.

Reflective glass may not be used on the first floor of any building to prevent glare to vehicular traffic.

Roofs shall be barrel tile design or metal roof as designated per AC #1 Architectural Guidelines.

Signs shall be in keeping with the Central Parc Architectural Guidelines with columns, a base and capital with wording between columns. Calculations for sign faces are found in the City's Unified Land Development Code. The height of freestanding signs in Central Parc (Activity Center #9) is limited to a maximum of 25 feet.

Hangings signs are permitted with the bottom of the sign measuring a minimum of 8 feet above the sidewalk. The sign shall be oval in shape with a background color of Pantone warm gray 1C with terracotta color (Pantone 1605C) lettering and border. The lettering shall be Block. The sign shall be attached with a single arm with scroll embellishment as shown with a sign area not to exceed nine square feet.

Prohibited Signs are as follows:

- Animated signs
- Signs with visible neon tubing
- Bench signs
- Obscene signs
- Roof signs
- Painted wall signs
- Portable changeable copy signs
- Balloons of all types
- Revolving or rotating signs
 Flashing or audible signs

Streets trees are required along all roadways as regulated in the ULDC, Chapter 45. All shrubs shall be 40 inches above street grade when abutting a roadway. Where a commercial development abuts a residential neighborhood and not adjacent to a waterway or park lands, a solid masonry buffer wall shall be used in conjunction with trees placed 30 feet on center. Shrubs shall be planted between the trees to build a continuous hedge. A buffer shall be placed along each property line that abuts differing land uses with shrubs 36 inches in height at time of planting. All shrubs shall be from the approved shrub list in Chapter 21 of the ULDC.

Identifying Tree: Black Olive

Trash Receptacles shall be placed at all door entries and next to each pedestrian bench. The design shall be rounded and in a coordinating pattern, color and material as the planters to enhance visual impact throughout the Activity Center. See examples below.

Utilities shall be underground.

Wheel stops shall be placed in compliance with Chapter 21 and 25 of the Unified Land Development Code.

Freedom/from B1

But all in all, the event did happen eventually and attendees seemed to love it, Stokes said.

Stokes, who is the commissioner for District 5, the district that includes Wellen Park, said he hopes more events happen at CoolToday Park in the future as it is a great venue for them.

"I really thought it was a great event. People love that stuff. It's great to see people come out," Stokes said. "That's what it's all about."

To learn more about future events visit northportfl.gov/Event-Directory

A firework show took place at the end of the event.

PHOTOS BY ELAINE ALLEN-EMRICH

Attendees enjoy live music and more at the event every year.

Workshop/

There's also a "Live Where You Want to Play" campaign with the Arts Alliance targeting active retirees who will be starting soon, she said.

All three organizations work together under the umbrella of SupportThe941.com, which supports local businesses after a crisis, she said.

VSC, EDC and area chamber of commerce representatives did "Support The 941" walks after last year's storms that meant a lot to the more than 250 businesses they visited, said Erin Silk, president and CEO of EDC, the county's official economic development agency.

"I would call the three organizations a force multiplier," she said.

They're active members in each other's organization, attend each other's events

and have regular meetings of their marketing teams, she said.

VSC and EDC are even "roommates": The EDC subleases space from VSC, she said.

And the EDC's online iob board includes "Arts & Culture" as a job category for searchers, she said.

Such synergy is "multiplicative" in nature, Commission Chair Joe Neunder said.

Brian Hersh, CEO of the Arts Alliance, which manages the county's cultural and arts grants program, said the "breadth and depth of artistic excellence" in the county brought him here.

The job board on its website is the third-most visited page, he said.

Arts and culture are an important component in the quality of life in the county, he said, and have a huge impact on the economy — \$342 million in 2022, according to a study

REMODEL

by Americans for the Arts, he said.

It showed that nearly two-thirds of nonlocal people attending an event here said the primary purpose of their visit was to go to the event, he said.

Commissioner Tom Knight noted the presence at the Venice Community Center of representatives of other arts organizations and nonprofits, saying "there's a lot of influence in this room."

It was an indication of how important the arts are, he said.

"I think you've proven your might," he said.

The commissioners offered a few suggestions to the organizations, including a recommendation to publicize their work more, but otherwise had nothing but praise for them.

"Without each of you, we will not be successful," Commissioner Teresa Mast said.

AREA NEWS BRIEFS

Work to begin at several county parks

 $PORT\,CHARLOTTE-Charlotte$ County officials announced work projects at William R. Gaines Jr. Veterans Memorial Park, Larry Taylor Kiwanis Park, Deep Creek Park, and Harold Avenue Regional Park.

Restroom renovations are scheduled to be complete by Dec. 18. The restrooms will be closed during the project. There will be portable restrooms on site. The parks will remain open. Park patrons are asked to avoid the work areas ler@CharlotteCountyFL.gov. and use caution when in the park.

For more information, contact Casey. Rodman@CharlotteCountyFL.gov.

Ariens Dog Park closed for improvements

CHARLOTTE HARBOR — The Katherine Ariens Dog Park, 22410 Glass Lane, Charlotte Harbor, is closed for improvements.

The work started Aug. 4, and will take approximately 12 weeks.

The county's dog park at the Ann and Chuck Dever Regional Park, 6890 San Casa Drive, Englewood, is open for use.

For more information, email Lacey. Solomon@CharlotteCountyFL.gov.

South County pool is open

PUNTA GORDA — The public pool at South County Regional Park, 670 Cooper St., Punta Gorda, is now open. Early bird lap swim is 6:30 a.m.

Water aerobics and lap swim is at 9 a.m.

Recreational swim is from 10 a.m. to

For more information, contact Oliver Mueller at 941-833-3809 or Oliver. Muel-

Wine tasting planned

ROTONDA — The Rotonda American Legion Auxiliary Unit 113 has a Wine Tasting from 12:30-3:30 p.m. Sept. 13 at the post, 3436 Indiana Road, Rotonda West.

Cost is \$20 to sample PRP International Wines. Light snacks will be provided. Tickets are available at the bar. For every bottle purchased, \$1 will go toward Honor Flight.

For more information, call 941-697-3616.

PUBLIC HEARING NOTICE OF INTENT TO CONSIDER PETITION NO. PMCPA-24-00000114 (formerly DMA-24-114)

NOTICE IS HEREBY GIVEN, that the Planning and Zoning Advisory Board designated as the Local Planning Agency (LPA) will hold a public hearing at 9:00 a.m. or shortly thereafter, on Thursday, September 18, 2025, in the City Chambers located at 4970 City Hall Boulevard, North Port, Florida, to consider and act upon Petition No. PMCPA-24-00000114 (formerly DMA-24-114)

DEVELOPMENT MASTER PLAN AMENDMENT PETITION NO. PMCPA-24-00000114 (formerly DMA-24-114)

Development Master Plan Amendment approval to amend the Central Parc at North Port Pattern Plan. The proposed amendment seeks to modify the existing buffer by removing plantings located along the back of the lakes adjacent to neighboring properties. Additionally, the petitioner requests two waivers from Chapter 21 of the 2010 Unified Land Development Code (ULDC). Located North of Greenwood Avenue and west of South Sumter Boulevard, (Section 29, Township 39 South, Range 21 East).

Site Location Map

Note: Proposed PMCPA-24-00000114 (formerly DMA-24-114) (boundary of the area) is depicted on this map.

The documents pertinent to the proposed petition are on file in the Development Services Department, Planning & Zoning Division for inspection by the public between the hours of 8 a.m. to 4 p.m., Monday through Friday.

All interested parties may attend the hearing and be heard with respect to the proposed Petition.

This public hearing may be continued from time to time.

No stenographic record by a certified court reporter is made of these meetings. If a person decides to appeal any decisions made with respect to any matter considered at the meeting(s) or hearing(s) noticed herein, he/ she will need a record of the proceedings, and for such purpose may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which any appeal is to be based.

The North Port City Hall is wheelchair accessible. Special parking is available on the west side of City Hall and the building may be accessed from the parking area. Persons with hearing difficulties may contact the City Clerk to obtain a hearing device for use during meetings. Pursuant to the Americans with Disabilities Act, any person requiring special accommodations to participate in the meeting is asked to submit such a request at least 48 hours before the meeting by contacting the City Clerk's Office via email (cityclerk@northportfl.gov), fax (941-429-7008), or telephone (941-429-7270; this telephone voice number can be reached by persons using TTY/TDD equipment via the Florida Relay Service at 711).

Heather Faust, MMC City Clerk

Please publish in legal section: September 2, 2025

City of North Port Development Services Planning & Zoning Division 4970 City Hall Boulevard North Port, FL 34286

PUBLIC NOTICE - CITY OF NORTH PORT NOTICE OF PUBLIC HEARING FOR ORDINANCE NO. 2025-28 PETITION NO. PMCPA-24-00000114 (formerly DMA-24-114)

NOTICE IS HEREBY GIVEN, pursuant to Florida State Statute 166.041(3)(c) that the City Commission of the City of North Port proposes to approve the following:

AN ORDINANCE OF THE CITY OF NORTH PORT, FLORIDA, AMENDING THE CENTRAL PARC AT NORTH PORT (ACTIVITY CENTER 9) PATTERN PLAN TO REVISE THE BUFFER PLAN; AMENDING ARTICLE III, TABLE 3.3.1.2: DIMENSIONAL STANDARDS AND ARTICLE IV, DEVELOPMENT STANDARDS OF THE UNIFIED LAND DEVELOPMENT CODE TO REFERENCE THE AMENDED CENTRAL PARC AT NORTH PORT PATTERN PLAN; PROVIDING FOR FINDINGS; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; PROVIDING FOR CODIFICATION; AND PROVIDING AN EFFECTIVE DATE.

A Public Hearing will be held before the Planning and Zoning Advisory Board, designated as the Local Planning Agency (LPA), at **9:00** a.m. or shortly thereafter, on **Thursday, September 18, 2025**, in the City Chambers located at 4970 City Hall Boulevard, North Port, Florida to consider and act upon Ordinance No. 2025-28 (PETITION NO. PMCPA-24-00000114 (formerly DMA-24-114).

A Public Hearing for the first reading will be held before the City Commission of the City of North Port at 10:00 a.m., or shortly thereafter, on Tuesday, October 14, 2025. A Public Hearing for the second reading will be held before the City Commission of the City of North Port at 6:00 p.m., or shortly thereafter, on Tuesday, October 28, 2025.
