North Port
Fire Rescue
2021/2022**

*Our Mission is to:
" Provide Exceptional
Public Safety Services in a
Safe, Compassionate, and
Professional Manner "*

- Exceptional
- Safe
- Compassionate
- Professional

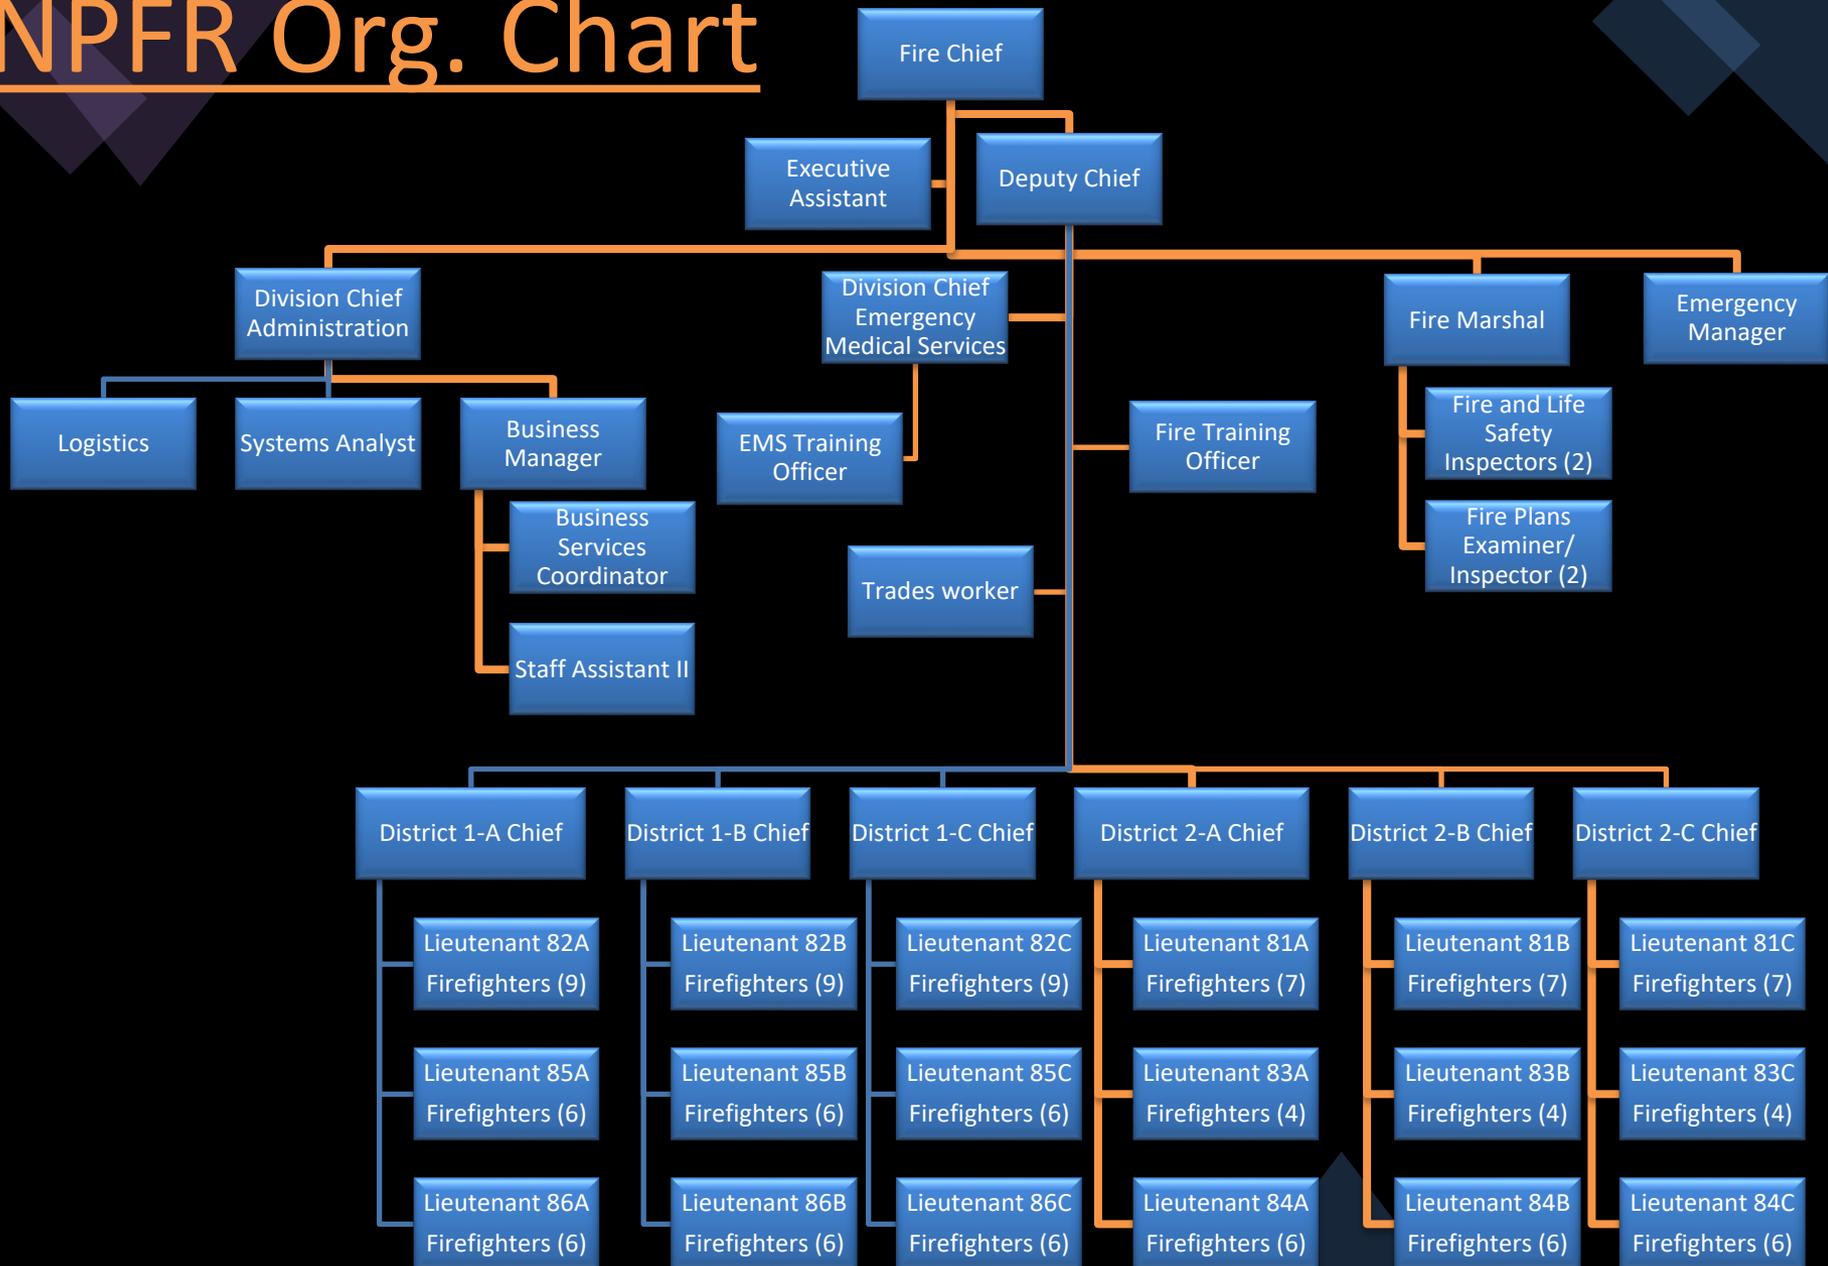

North Port **2022** Fire Rescue

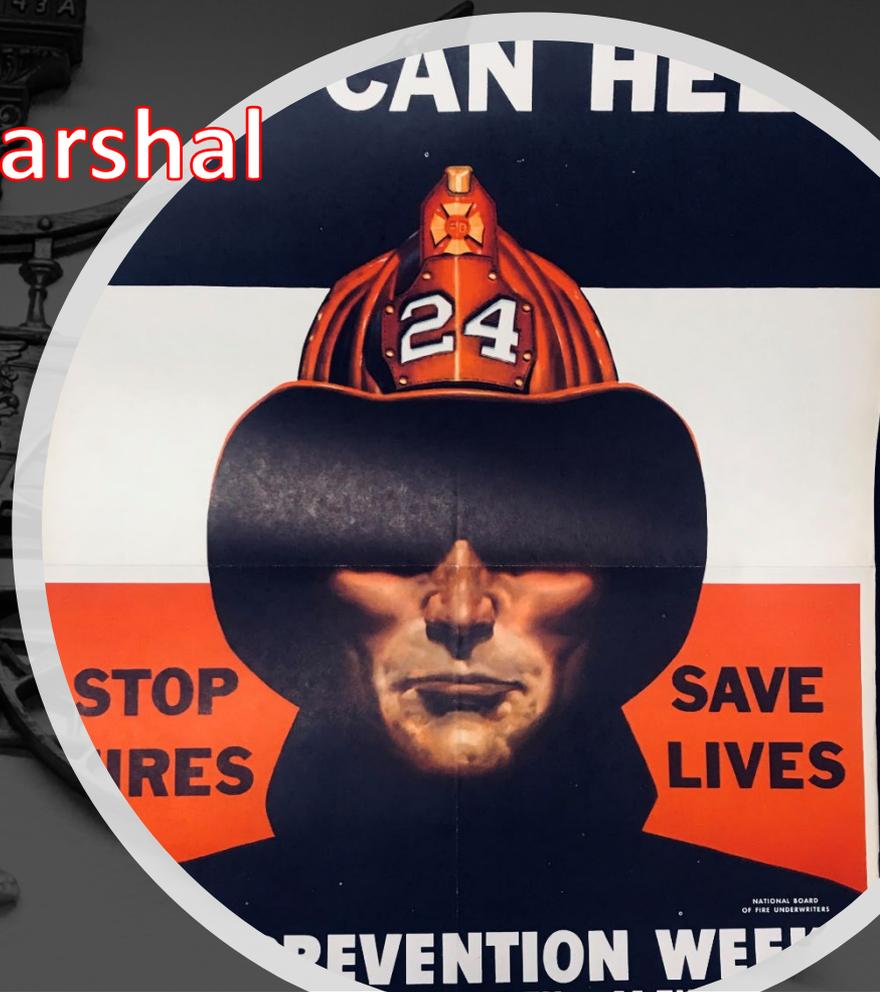

Our Vision is to provide first class fire, EMS, and public safety services to this community and to create and maintain a predictable, sustainable economic future. We will maintain a “customer first” service model to our internal and external customers while representing, supporting, and maintaining our fire department and city *family* with pride and honor.

- **We will** recruit, hire, train, and retain exceptional personnel that will endeavor to meet and honor our mission, maintain the public trust, be innovative and efficient in thoughts and actions, and maintain collaborative relationships between leadership, workforce, and all other stakeholders for their service career.
- **We will** enjoy every tour of duty, love and honor this career, and always strive to be our best. We will honor both names on our turnout coats and uniforms equally understanding that just like the two names, we have two families; our city family and our birth family.
- **We will** exercise selfless devotion to career while helping each other maintain physical, mental, and emotional wellbeing for each of our members.
- **We will** plan for success and succession because we know that hoping for them is ineffective and purposeful actions and participation will position us for the future.
- **We will** lead, responsive to our stakeholders; internal and external.
- **We will** challenge the status quo in pursuit of efficiency and effectiveness through innovation, accountability, and professional growth as individuals and as a team.
- **We will** develop and maintain strategic partnerships throughout the city and community that help us address the unique challenge of rapid growth while promoting personalized service delivery with the highest quality of pride and professionalism.
- **We will** pursue International Accreditation; not for the recognition but for the internal evaluation and the processes that continually promote our efficiency and effectiveness.
- **We will** be successful through continued execution of funding policies for strategic reserves and capital acquisition accounts that bolster fiscal responsibility and position this Fire Rescue Department to successfully meet the defined level of service delivery that this community has come to expect even during times of economic difficulty and/or uncertainty.

- THANK YOU all for the OPPORTUNITY to PROVIDE EXCEPTIONAL PUBLIC SAFETY SERVICES to this COMMUNITY. We are reminded daily of the great responsibility bestowed upon us in the daily provision of services to this community and we are committed to demonstrate our gratitude with every smile, every wave, every word and interaction.

- Scott Titus,
North Port Fire Chief
