RE: FY2020-2021 Thompson Pump- 4DD-

Hello Steve/Tom,

Thank you for your interest in Thompson Pump & Manufacturing and the products and the services that we provide. Based on your request, the pricing below is for (1) Thompson Pump model 4D- as a positive displacement, double diaphragm pump. This will be a new Thompson Pump within the City of North Port's fleet, and will be utilized for various sump dewatering type applications where the pump will be required to move low volumes of water in shallow excavations.

Sourcewell, formerly NJPA, serves as a National Municipal Contracting Agency which enables the City of North Port to avoid the hassle and expense of purchasing this pump through the public bid process. Sourcewell facilitates a **"competitive bidding process"** on behalf of its members' establishing a legal contract pathway which allows you to choose the products and equipment you want while saving you time and money. You can also visit us on the Sourcewell website at www.sourcewell-mn.gov by entering "Thompson Pump" or our contract number (012418-TPM) to view our landing page.
