Subject: Local Option Gas Tax Revenue Distribution

Dear Mr. Fletcher:

Sarasota County currently levies a 6-cent per gallon local option gas tax, implemented by Sarasota County Ordinance No. 86-65, as amended by Ordinance 2011-069, reauthorized by Ordinance 2016-002, and an additional 5-cent per gallon local option gas tax, implemented by Sarasota County Ordinance No. 2000-029, as authorized by Florida Statute 336.025. Florida Statutes provide that the County may establish, by Interlocal Agreement with the municipality or municipalities located therein representing a majority of the incorporated area population within the County, a distribution formula for dividing the proceeds of the tax among the County and all eligible municipalities within, based on population figures to be reviewed annually.

Per Florida Statute 336.025(1)(b)2, the County is allowed to enter into Interlocal Agreements with one or more municipalities representing a majority of the population. As the City of North Port and the City of Sarasota represent the two most populous municipalities within Sarasota County, respectively, their Commissions will be party to the Interlocal Agreements.

Once both City Commissions approve the Interlocal Agreements, they will be presented to the Sarasota County Commission (BCC) for approval on May 19, 2026. After the BCC Chair signs the Interlocal Agreements, they will subsequently be filed with the State Department of Revenue before October 1, 2026, as required. Originals for signature will be provided prior to the City Commission meeting date. A fully executed original of the Interlocal Agreement will be provided to the City of North Port Clerk's office upon completion.

Thank you for your expediency in this matter.

Sincerely,

Jonathan R. Lewis
County Administrator
