

Non-Competitive Procurement Justification

Project Name: Thompson Pump Hurricane Ian Repairs

FEMA Identifier: TBD

Purpose: Fix equipment that was damaged due to storm Ian.

I. Regulatory Basis for the Non-Competitive Procurement

The City of North Port (the City) undertook this procurement under the justification provided in 2 CFR Part 200.320(c)(3):

- “The public exigency or emergency for the requirement will not permit a delay resulting from publicizing a competitive solicitation.”

II. Brief Description of the Product or Service Being Procured

Installation of a replacement diesel engine on a Thompson bypass pump.

III. Why a Non-Competitive Procurement Was Necessary

This unit was damaged due to flooding in Hurricane Ian and was needed for our emergency recovery process.

IV. Duration of Non-Competitive Contract Scope of Work

Thompson Pumps is the original equipment manufacturer chosen to expedite these repairs.

V. Why a Competitive Procurement Would Not Have Been Suitable

This pump was picked up by Thompson Pumps the week of October 3, 2022 in order to make the necessary repairs as soon as possible.

VI. Conflict of Interest Checks

No conflicts of interest, either known or apparent, exist between Thompson Pumps Inc and the city.

VII. Additional Considerations

The purpose of these repairs was to restore public safety and health as quickly as possible by providing wastewater collection system’s proper functionality.
