## MEMORANDUM

TO: Ginny Duyn - Manager, Purchasing

THRU: Sandy Pfundheller, Interim General Services Director *SP*

FROM: Jeff Kasson - Manager, Information Technology *JK*

SUBJECT: Purchase Justification

DATE: May 31, 2017

---

In 2015, Commission approved and executed an agreement between Sarasota County and the City that allowed the City to utilize Disaster Recovery hosting services provided by the County. The Commission agenda item reflecting this approval is #14-1010. In 2016, the agreement was amended to add additional devices to the hosting service. County hosting services are invoiced and paid on a monthly basis. While there are other private providers of hosting services, they cannot provide the cost effective and comprehensive benefits that the City receives from Sarasota County.

Some of these benefits are listed below.

1. Sarasota County provides hosting primarily for public government agencies.
2. The cost is shared between tenants of the hosting facility, and it is a non-profit model.
3. The cost is less than services that can be found commercially.
4. The City and County have a direct fiber cable connecting both institutions, providing exceptional bandwidth capacity for data transfers. The cost for commercially provided bandwidth at the same capacity would be much more expensive, and would be a requirement if we used a commercial hosting provider.
5. The Sarasota County datacenter meets our requirements for security and natural disaster resistance and preparedness.
6. There is existing collaboration between the County and City, beyond the hosting service. This hosting arrangement positions both entities for future collaboration and cost sharing opportunities.

We urge you to approve this request to continue funding this service for another year. Thank you.
