Chris:

Following up on our prior Teams public meeting of January 20th and our phone call from earlier today. The WVID Board has taken the position on the use of golf carts on WVID roadways (West Villages Parkway, Preto Blvd., Manasota Beach Road; Playmore Rd & the Wellen Park Downtown streets), that we are going to follow State Law on this matter and thus our position is the use of LSV's shall be required.

Behind a community gate, like within Island Walk, Grand Paradiso etc. the Board has not heretofore taken a position upon.

Sincerely, John
WVID Board of Supervisors, Chairman
