

## GREENEST CITIZEN AWARD

THE CITY OF NORTH PORT IS PROUD TO PRESENT THIS ANNUAL AWARD TO

**Jeremy Ansel**

**“ He takes kids on campus and hiking trips, showing them the importance of protecting our planet,”**

**Jeremy Ansel-** Jeremy Ansel has been the Cubmaster for Pack 257 for 4 years. In that time, he has taught over 100 scouts the power of protecting nature and being a good steward to our planet. He takes kids on campus and hiking trips, showing them the importance of protecting our planet, instructing them on essential survival items and how to leave no trace. Not only is he instilling a deep love for nature in the next generation, but he also lives that mission daily in his work as a soil conservationist - where he works with local farmers to implement conservation practices to improve farm yields and feed our country. Not only does he help teach people and kids how to be greener but he practices what he preaches - with a membership in People for Trees, installing solar panels on his home, planting Florida friendly vegetation, and creating a protective sanctuary on his second lot for gopher tortoises.

He truly is the “GREENEST CITIZEN” for 2025

Presented this 5<sup>th</sup> day of June 2025
