STAFF REPORT

New Hope Community Church Rezone, Ordinance No. 2017-08 (REZ-17-027)

Rezoning $\pm$ 3.7 acres from City of North Port Residential Single-Family zoning district (RSF-2) designation to City of North Port Office, Professional, Institutional zoning district (OPI) designation.

To: Peter D. Lear, CPA, CGMA, Interim City Manager

Thru: Scott Williams, Neighborhood Development Services Director

Thru: Michele Norton, AICP, Planning Manager

From: Sherry Willette-Grondin, Zoning Coordinator

Date: May 10, 2017

I. GENERAL INFORMATION

Project: Petition No. REZ-17-027, Ordinance No. 2017-08, New Hope Rezone

Request: Approval of Rezoning $\pm$ 3.7 acres from City of North Port Residential Single-Family zoning district (RSF-2) designation to City of North Port Office, Professional, Institutional zoning district (OPI) designation.

Applicant: Robert J. Doerrfeld, Vice-President (**Exhibit A-1, Affidavit**)

Owner(s): New Hope Community Church of North Port, an Affiliated Church of the Christian and Missionary Alliance, Inc. (**Exhibit A-2, Warranty Deed**)

Location: 5600 S. Biscayne Drive

Property Size: $\pm$ 3.7 acres

II. BACKGROUND

The New Hope Community Church was built in 1964 prior to the City's zoning regulations. The church property was previously owned by the First Presbyterian Church and then sold to its current owners, the New Hope Community Church in 2008. In 2013, the applicant had purchased three former modular classrooms for expansion of the church activities.

The New Hope Community Church property underwent a special exception in 2014 to allow for three (3) one-story modular buildings to be used as classrooms and as temporary structures for

a two-year period under SPX-13-075 which expired in 2016. When the Special Exception expired, the applicant had the option to apply for an extension pursuant to the provisions of the order of approval. It should be noted that the modular buildings have been permitted and all inspections have been met.

Staff received a request for a special exception extension on May 25, 2016, however, when staff began researching the special exception extension, it was found the current zoning of Residential Single-Family zoning district (RSF-2) is inconsistent with the Future Land Use (FLU) Map which classifies the property as Activity Center and the City's Comprehensive Plan, Future Land Use Element, Goal 1: Policy 1.1 which states, "These lands are designated to provide an area for coordinated development of industrial, commercial, professional office, residential, public and recreational uses. This designation provides for a variety of uses where project components and land use relationships are physically and functionally integrated. This conflicts with the Comprehensive Plan's Future Land Use Goals, Objectives and Policies (GOP's) which defines the Density/Intensity (D/I) standards for Activity Centers. As shown in Figure 1 below, Low Density Residential is a non-permitted use (NPU), however, Professional Office is permitted.

According to Sec. 53-120 of the Unified Land Development Code regarding the intent of the Residential Single-Family zoning district RSF-2 designation it states, **“these districts are intended to be single-family residential areas of low density”**.

Staff met with the representatives of New Hope Community Church to discuss the matter and provided the property owner with the option to extend the Special Exception or apply for rezone. The property owner through their submission of an application for rezone, opted for rezoning the property to Office, Professional, Institutional.

On February 13, 2017, Robert J. Doerrfeld, Vice-President of New Hope Community Church of North Port, an Affiliated Church of the Christian and Missionary Alliance, Inc., submitted a petition to the City of North Port requesting approval to rezone ± 3.7 acres from City of North Port Residential Single-Family zoning district (RSF-2) designation to City of North Port Office, Professional, Institutional zoning district (OPI) designation.

The subject property is located north of Tamiami Trail, US-41, east of and adjacent to S. Biscayne Drive.

The site is currently zoned Residential Single-Family zoning district (RSF-2) designation with a Future Land Use of Activity Center. The RSF-2 zoning district is intended to be single-family residential areas of low density. Under the current RSF-2 zoning regulations, houses of worship are neither a permitted or prohibited use. However, a house of worship can be considered through a special exception with a minimum parcel size of two acres. The existing church building currently functions as a sanctuary, fellowship hall, nursery and an afternoon meeting place for the Church’s youth ministries and other accessory types uses including a cold weather shelter when necessary.

Rezoning the property to Office, Professional, Institutional zoning district (OPI) designation as defined in the adopted Unified Land Development Code is consistent with these uses and states:

Sec. 53-89. - Intent.

The OPI land use grouping is intended for professional and business offices, institutional, cultural and allied uses. The land use grouping is not commercial in character; however, certain very limited commercial uses may be permissible by special exception in demonstrated support of office and institutional uses in the specific OPI land use group. Large-scale office, professional, cultural and institutional uses are encouraged to locate in these areas. Houses of worship are a permitted use under the OPI zoning designation.

Rezoning the New Hope Community Church property to Office, Professional, Institutional is consistent with Comprehensive Plan, and the Future Land Use Map. In addition, the Office, Professional, Institutional zoning is compatible with the surrounding area. The property directly

north and adjacent is zoned OPI (The Academy for Learning), the property directly to the east is zoned (GU) Government Use (The City of North Port Wastewater Treatment Plant), the property adjacent and south is (CG) Commercial General (Farley Funeral Home), and immediately to the west the area is zoned RSF-3 which is medium density residential (maximum of ten (10.0) residential units per gross acre). It should be noted, the strip of land between the Farley Funeral Home and the subject property is reserved as a 40-foot wide utility and drainage easement and is zoned RSF-2. In 2003, First Presbyterian Church sold this portion of property consisting of 0.78 acres to Farley Funeral Home. In addition to the utility and drainage easement, a portion of the property serves as an overflow rock parking area for Farley Funeral Home and is not included as part of the rezone.

A Comprehensive Plan Amendment is not required as the Future Land Use Map Designation is Activity Center. Rezoning the property to Office, Professional Institutional district zoning (OPI) would bring the site in compliance with the Comprehensive Plan, the Future Land Use Map, and under the OPI zoning designation the house of worship would be a permitted use. However, any future expansion or phasing of the property is subject to the zoning requirements as provided by the Unified Land Development Code and would require the property to undergo a Development Master Plan and Major Site and Development Plan.

III. STAFF RECOMMENDATION

Based on staff's evaluation and stated findings, staff recommends the City Commission approve Ordinance No. 2017-08, Petition No. REZ-17-027, New Hope Community Church Rezone for second reading.

PLANNING & ZONING ADVISORY BOARD RECOMMENDATION

The Planning and Zoning Advisory Board (PZAB) at their regularly scheduled meeting of April 20, 2017, recommended that the City Commission approve Ordinance No. 2017-08, Petition No. REZ-17-027 with a 4-1 vote. The board member dissenting gave no reason for the dissenting vote. There were no issues raised.

COMMISSION RECOMMENDATION

The City Commission at their regularly scheduled meeting of May 10, 2017, approved Ordinance No. 2017-08, Petition No. REZ-17-027 with a unanimous 4-0 vote for second reading on May 23, 2017.

SITE INFORMATION**Land Use**

Adopted Future Land Use Map Designation: Activity Center

Adopted Zoning Map Designation: RSF-2

Existing Land Use(s): Institutional - House of worship

Transportation: US-41 Tamiami Trail, Biscayne Drive

Environmental

Conservation: The site is not located within the Conservation Restricted Overlay.
Flood Zone: Zone B, Panel 1202790010B

IV. STAFF ANALYSIS

This section includes the applicable findings of rezoning per the Unified Land Development Code (ULDC) Section 1-33 E (1) ULDC citations, ULDC criteria relevant to the request in **bold**, followed by findings of fact and conclusions related to each criterion in *italics*.

APPLICABLE FINDINGS FOR REZONING:

- a. Whether the proposed change would be consistent with the future land use map and the goals, objectives and policies of the Comprehensive Plan (See Comprehensive Plan - Future Land Use Element).**

Response: This amendment is consistent with the Comprehensive Plan Future Land Use Goals, Objectives, & Policies (GOP's) Policy 1.1 Activity Centers - These lands are designated to provide an area for coordinated development of industrial, commercial, professional office, residential, public and recreational uses, and will bring the zoning in conformance with the Future Land Use Category of Activity Center and with the existing land use of Institutional-House of Worship.

- b. The relationship of the proposed change to the existing land use pattern.**

Response: The properties adjacent to the site are zoned Office, Professional, Institutional to the north, Government Use to the east, Commercial General to the south, and Medium Density Residential (RSF-3) to the west. The proposed change to rezone to Office, Professional, Institutional zoning district (OPI) designation for the ±3.7 acres would fit in existing land use pattern.

- c. Whether the proposed change would lead to the creation of an isolated zoning unrelated to adjacent and nearby districts.**

Response: The subject property with its current zoning of Residential Single-Family (RSF-2) low density residential is in of itself an isolated zoning district unrelated to adjacent and nearby districts as shown with the existing uses surrounding the subject property. Rezoning the property to Office, Professional, Institutional zoning district (OPI) designation for the ±3.7 acres fits with the current land use of Institutional-House of Worship.

- d. **The impact on the availability of adequate public facilities consistent with the level of service standards adopted in the Comprehensive Plan and as defined and implemented through the City's Concurrency Management System Regulations as set forth in Chapter 5 of this Unified Land Development Code.**

Response: The levels of service will not be impacted by the rezoning as the house of worship and associated buildings have already been constructed and have been onsite for a number of years. At the time the church would expand the property, they would be required to complete a Development Master Plan and a Major Site and Development Plan which will be reviewed for impacts on the level of services and any required infrastructure and traffic analysis through the development process.

- e. **Whether changes or changing conditions make the passage of the proposed amendment necessary.**

Response: The rezone is necessary to bring the zoning designation in conformance with the Comprehensive Plan, the Future Land Use Map, the existing use, and the surrounding zoning.

- f. **Whether the proposed change will adversely influence living conditions in the neighborhood.**

Response: The proposed change will not adversely influence current living conditions in the neighborhood. The church has been in existence since 1964. The change is for a rezone only to bring the land use designation to be consistent with the existing land use and the Comprehensive Plan.

- g. **Whether the proposed change will create or excessively increase traffic congestion or otherwise affect public safety.**

Response: There is no proposed expansion of the church site at this time. The existing traffic pattern will not increase nor will there be an impact on public safety.

- h. **Whether the proposed change will create a drainage problem.**

Response: At this time, there is no proposed expansion of the church site. However, when the church decides to expand, they will be required to complete a Development Master Plan and a Major Site and Development Plan. At that time the stormwater and drainage systems will be addressed as part of the development process.

- i. **Whether the proposed change will seriously reduce light and air to adjacent areas.**

Response: The rezone will not seriously reduce light and air.

- j. **Whether the proposed change will adversely affect property values in the adjacent area.**

Response: Rezoning the property will not adversely affect the property values in the adjacent area as the area proposed for rezone to the Office, Professional, Institutional (OPI) zoning designation is the same as the surrounding area zoning to the north and compatible to the zoning to south, east and west of the subject property.

- k. **Whether the proposed change will be a deterrent to the improvement or development of adjacent property in accord with existing regulations.**

Response: The change in zoning designation will not be a deterrent to the improvement or development of adjacent property.

- l. **Whether the proposed change will constitute a grant of special privilege to an individual owner as contrasted with the public welfare.**

Response: Approval of this request will not constitute a grant of special privilege to an individual owner as contrasted with the public welfare. This rezoning request is intended to bring the land into conformance with the underlying Future Land Use Category of Activity Center.

- m. **Whether there are substantial reasons why the property cannot be used in accord with existing zoning.**

Response: The property is zoned Residential Single-Family (RSF-2) which is intended for low density residential. Although the existing church has been in place since before the zoning regulations came into effect, the current zoning has created an enclave with the surrounding area.

- n. **Whether the change suggested is out of scale with the character of the neighborhood.**

Response: The zoning changes are within the scale of the surrounding neighborhood as depicted on the current zoning map and the future land use map.

- o. **Whether the use causes a decrease in level of service, concurrency in any area listed in Chapter 5, or causes adverse effects on health, safety and welfare of the citizens of North Port and it is impossible to find other adequate sites in the City for the proposed use in districts already permitting such use that would maintain the adopted level of service, concurrency levels as listed in Chapter 5 or adequate services for the health, safety and welfare of the citizens of North Port.**

Response: There is no proposed change to the existing use only to the zoning designation. At this time, the use is not decreasing level of service or causing adverse affects on the health, safety and welfare of the citizens of North Port.

The applicant has provided a written narrative pursuant to Article IV, Section 1-33 E.(1) of the Unified Land Development Code (ULDC) attached as (Exhibit B).

V. REVIEW PROCESS

The City Attorney reviewed and approved Ordinance 2017-08 as to form and correctness.

VI. PUBLIC NOTICE

- Courtesy notices of public hearing were mailed to property owners within 1,320 feet of the subject property on March 31, 2017. **(Exhibit C).**
- The petition was advertised in a newspaper of general circulation within the City of North Port on April 1, 2017 pursuant to the provisions of Section 166.041(3)(a), Florida Statutes and Section 9.01(b) of the Charter of the City of North Port, and Chapter 1 Article II, Section 1-12 of the City's Unified Land Development Code (ULDC) as amended **(Exhibit D).**

Written narrative explaining the following:

- (a) Whether the proposed change would be consistent with the future land use map and the goals, objectives and policies of the Comprehensive Plan (See Comprehensive Plan - Future Land Use Element).

Proposed change will be consistent with future land use map and goals, objectives and policies of the Comprehensive Plan.

- (b) The relationship of the proposed change to the existing land use pattern.

There are no proposed changes to the existing land use pattern.

- (c) Whether the proposed change would lead to the creation of an isolated zoning unrelated to adjacent and nearby districts.

The proposed change would not lead to the creation of an isolated zoning unrelated to adjacent and nearby districts.

- (d) The impact on the availability of adequate public facilities consistent with the level of service standards adopted in the Comprehensive Plan and as defined and implemented through the City's Concurrency Management System Regulations as set forth in Chapter 5 of this Unified Land Development Code.

The availability of adequate public facilities is consistent with the level of service standards implemented through the City's Concurrency Management System Regulation.

- (e) Whether changed or changing conditions make the passage of the proposed zoning necessary.

There are no changed or changing conditions.

- (f) Whether the proposed change will adversely influence living conditions in the neighborhood.

There will be no proposed change to adversely influence the living conditions in the neighborhood.

- (g) Whether the proposed change will create or excessively increase traffic congestion or otherwise affect public safety.

Proposed change will not excessively increase traffic congestion or otherwise affect public safety.

- (h) Whether the proposed change will create a drainage problem.

Proposed change will not create a drainage problem.

- (i) Whether the proposed change will seriously reduce light and air to adjacent areas.

Proposed change will not reduce light and air to adjacent areas.

- (j) Whether the proposed change will adversely affect property values in the adjacent areas.

Proposed change should not adversely affect property values in the adjacent areas.

- (k) Whether the proposed change will be a deterrent to the improvement or development of adjacent property in accord with existing regulations.

Proposed change will not be a deterrent to the improvement or development of the adjacent property in accord with existing regulations.

- (l) Whether the proposed change will constitute a grant of special privilege to an individual owner as contrasted with the public welfare.

P.O. Box 7317, North Port, FL 34287 Phone (941) 276-5770

www.newhopenp.org * info@newhopenp.org

Proposed change will not constitute a grant of special privilege to an individual owner as contrasted with the public welfare.

- (m) Whether there are substantial reasons why the property cannot be used in accord with existing zoning.

No response

- (n) Whether the change suggested is out of scale with the character of the neighborhood.

The change suggested is not out of scale with the character of the neighborhood.

- (o) Whether the use causes a decrease in level of service, concurrency in any area listed in Chapter 5, or causes adverse effects on the health, safety and welfare of the citizens of North Port and it is impossible to find other adequate sites in the City for the proposed use in districts already permitting such use that would maintain the adopted level of service, concurrency levels as listed in Chapter 5 or adequate services for the health, safety and welfare of the citizens of North Port.

The proposed change will not cause a decrease in the level of services, or cause adverse effects on the health, safety and welfare of the citizens of North Port.
