Re: North Port 24-01ESR – Expedited State Review of Proposed Comprehensive Plan Amendment

The Office of Intergovernmental Programs of the Florida Department of Environmental Protection (Department) has reviewed the above-referenced amendment package under the provisions of Chapter 163, Florida Statutes. The Department conducted a detailed review that focused on potential adverse impacts to important state resources and facilities, specifically: air and water pollution; wetlands and other surface waters of the state; federal and state-owned lands and interest in lands, including state parks, greenways and trails, conservation easements; solid waste; and water and wastewater treatment.

Based on our review of the submitted amendment package, the Department has found no provision that, if adopted, would result in adverse impacts to important state resources subject to the Department's jurisdiction.

Please submit all future amendments by email to Plan.Review@FloridaDEP.gov. If your submittal is too large to send via email or if you need other assistance, contact Lindsay Weaver at (850) 717-9037.

RE: Transmittal of Proposed Comprehensive Plan Amendment for Expedited Review
(CPAL-24-057 Amendments associated with Unified Land Development Code Update)

Ms. Powell:

The City of North Port Commission hereby transmits to the Florida Department of Economic Opportunity Comprehensive Plan Amendment CPAL-24-057 for review and comment. The Planning and Zoning Advisory Board, acting as the City's Local Planning Agency, held a public hearing for the amendment on May 16, 2024, and recommended approval of the amendment. On May 28, 2024, the North Port City Commission held a public hearing, and approved the Comprehensive Plan Amendment for transmittal to the Florida Department of Commerce for review and comment with direction to incorporate the following revisions for the adoption hearing:

- Future Land Use Element: Remove all reference to 0.5 mile and 1.5 mile in medium and high-density corridor descriptions or to clarify intent and purpose of contiguity.
- Future Land Use Map. Change the parcel commonly referred to as Italy Avenue from medium density corridor designation to public/institutional designation.

CPAL-24-057 is an amendment to the City of North Port Comprehensive Plan, including amending the future land use element, repealing, and replacing the future land use map, and amending several other elements to provide for consistency between the comprehensive plan and the unified land development code, which the City is currently updating. This amendment is not applicable to an area of critical state concern.

All files of the transmittal package are submitted as pdf with this letter electronically through the submittal portal. By this letter, we certify that one copy of the transmittal materials has been submitted simultaneously to the following agencies:

- Florida Department of Education
- Florida Department of Environmental Protection
- Florida Department of State, Bureau of Historic Preservation
- Florida Department of Transportation
- Southwest Florida Regional Planning Council
- Southwest Florida Water Management District

- Planning and Development Services, Sarasota County
- Sarasota County School District (per request)

The amendment is anticipated to be heard for adoption in August, following receipt of the comment letter from the State Land Planning Agency.
