

Tim Drumm, P.E.

Professional Engineer

I strive to provide the highest quality of engineering services and professional demeanor to every position I am a part of.

Experience

2006 - 2023

Staff Engineering at Drumm Engineering

I have been providing civil and structural engineering services for builders and individuals in SW Florida. I have experience working with different local and State Agencies to accomplish goals that meet the requirements of the governing agencies and the demands of the individuals.

2023 – Current

President of Drumm Engineering

I have been running and managing Drumm Engineering from both an engineering and business aspects for many years. This has taught me how to balance a budget and meet goals. I know how to interact with both lay people and government officials.

Education

2002 – 2006

Bachelor's degree in civil engineering

University of South Florida
