* **Program Description** Operation Santa Surprise is a program that assists families suffering from economic distress. This assistance is done by "surprising" families who are very low on income by assisting the purchase of food for their family. In addition, this operation will be working with the families that have a terminally ill family member in an effort to embrace the values of what being a family is about. We will be utilizing this grant money to help fund holiday dinners to families of terminally ill in an effort to allow them to spend more time together on their possibly last holiday together. The above will be strategically chosen to have maximum impact and we will be working with the media in doing so. Lastly, this grant will assist in funding Shop With a Cop to allow under privileged children shop for holiday presents with law enforcement officers. This is a national program which impacts families tremendously.

* **Program Relevancy** The proposed program will be used to meet the needs of the community by embracing family values and strengthening the relationship between businesses, law enforcement, children, and families. By doing this it strengthens the trust between all entities, and is statistically proven to reduce crime. By executing programs as described in this grant application, it has created an avenue for communication between the community we serve and the law enforcement who serves them.
