Why do you desire to serve on the above Board/Committee? Please list any relative experience, if applicable.

Reviewing of the City Charter is something that is important especially to a growing city. Things change throughout time and some things that may have been part of the City Charter may need to be updated to reflect the changes of the times. Being able to be a part of the Charter Review Advisory Board would allow me to be one voice for the residents to see if the Charter Review Advisory Board can recommend the changes needed to make North Port the best city it can possibly be for its residents.
