

## City of North Port

### ORDINANCE NO. 2026-21

**AN ORDINANCE OF THE CITY OF NORTH PORT, FLORIDA, AMENDING THE CODE OF THE CITY OF NORTH PORT, FLORIDA, APPENDIX A – CITY FEE STRUCTURE; AMENDING DEVELOPMENT SERVICES – DEVELOPMENT REVIEW, PLANNING AND ZONING, AND NATURAL RESOURCES FEES; FIRE RESCUE DISTRICT FEES; PARKS AND RECREATION – GENERAL FEES, PARKS AND RECREATION – FACILITY RENTAL FEES; SOLID WASTE DISTRICT FEES; UTILITIES FEES; ROAD AND DRAINAGE DISTRICT FEES; PROVIDING FOR FINDINGS; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; PROVIDING FOR CODIFICATION; AND PROVIDING AN EFFECTIVE DATE.**

**WHEREAS**, the City Commission of the City of North Port, Florida has the duty, right, power, and authority to levy and collect fees for municipal purposes, including user fees as set forth in Florida Statutes Section 166.201; and

**WHEREAS**, the City's fees provide funding for municipal purposes, including but not limited to, conducting municipal government, performing municipal functions, and rendering municipal services; and

**WHEREAS**, the City Fee Schedule is codified as Appendix A to the Code of the City of North Port, Florida; and

**WHEREAS**, on March 3, 2025, Willdan Financial Services, prepared the *North Port Florida 2025 Comprehensive User Fee Study* and Commission approved and adopted the study through Ordinance No. 2025-14, some fees are being adjusted to align with the recommendations; and

**WHEREAS**, the City Commission desires to update the City Fee Schedule; and

**WHEREAS**, the City Commission finds that these amendments serve the public health, safety, and welfare of the citizens of the City of North Port, Florida.

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF NORTH PORT, FLORIDA:**

#### **SECTION 1 – FINDINGS**

1.01 The above recitals are true and correct and are incorporated in this ordinance by reference.

- 1.02 In accordance with Florida Statutes Section 166.041(4)(a), the City timely posted a business impact estimate on the City's website on or before the date the newspaper published notice of this ordinance's final reading.
- 1.03 The City Commission finds that the fees established in this ordinance are fair, reasonable, just, and equitable.
- 1.04 The City Commission further finds that the building fees established in this ordinance:
- a. Are reasonable;
  - b. Relate to the level of service provided by the City;
  - c. Shall be used solely for carrying out the City's responsibilities in enforcing the Florida Building Code and any other allowable activities per Florida Statutes Section 553.80; and
  - d. Do not exceed the total estimated annual costs of allowable activities per Florida Statutes Section 553.80.
- 1.05 The City Commission finds that the regulatory fees established in this ordinance do not exceed the cost of the regulatory activity and are calculated to pay the cost of the regulatory activity for which they are imposed.
- 1.06 The City Commission finds that the user fees established in this ordinance are imposed in the exercise of a proprietary activity and benefit the party paying the fee in a manner not shared by the general public.
- 1.07 The City Commission finds that, pursuant to Section 14 of Chapter 2023-304, Laws of Florida, the changes to the land development-related fees are not more restrictive or burdensome than current fees.

## SECTION 2 – ADOPTION

- 2.01 Appendix A of the Code of the City of North Port, Florida is hereby amended as follows:

| Existing construction annual fire and life safety inspections are performed consistent with the Florida Fire Prevention Code, as may be amended, chapter 69A-60, Florida Administrative Code, on all commercial businesses, multi-family (3 units or more) structures, commercial, residential dwelling units (apartment complexes) and transient lodging. Required inspections for state, local and/or federal operating certifications and/or licenses are based upon total square footage per building, per inspection, as outlined below. Annual inspection fees for commercial buildings with multiple businesses within the same overall building shell (i.e., strip malls, shopping complexes) are calculated on a square footage basis for each individual business therein, as indicated below; however the fee for the overall building shell inspection is instead based on the total number of fire protection systems (i.e., Fire Alarm Control Unites, sprinkler risers, Fire Department Connections, and other associated fire protection systems), at the rate of \$50.00 for the first system plus \$10.00 for each additional system to be inspected. |                                                                                                                |
| First reinspection for noncompliance will not be subject to a fee, each subsequent inspection for noncompliance thereafter shall be subject to a charge two times the original fee amount.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |                                                                                                                |
