SUMMARY OF PAY ITEMS
BID SCHEDULE - SUMMARY OF PAY ITEMS

It is understood that the estimated summary of pay item quantities are approximate only and are solely for the purpose of facilitating the comparison of bids, and that the Contractor's compensation shall be computed upon the basis of the actual quantities in the completed work, whether they be more or less than those shown.

Preparation of Bid Schedules: Contractor MUST use the bid schedule provided in this document or in excel document format provided by the City (**DO NOT RECREATE THIS FORM**). All blank spaces in the Bid Form must be filled in legibly.

Bidder should not reference the words "No Charge, N/A, included, dash, etc." in any of the blocks. Bidder must identify a monetary amount for each UNIT PRICE line item and the extended price (unless the unit price is "x" out by the City).

If bidder is not providing a bid price for an item, zero (0) must be designated on that line item. Failure to identify a monetary amount in any of the UNIT PRICE line items may cause bidder to be deemed non-responsive and bid response be rejected. In case of discrepancy between unit price and extended price, the unit price will govern. Apparent errors in extension will be corrected.

MEASUREMENT OF QUANTITIES: The Contractor shall submit quantities measured in accordance with the Technical Specifications. The quantities of work performed and submitted will be verified and/or adjusted by the City. The City verified or adjusted measurements shall be final and binding. All work computed under the contract shall be measured according to the United States Standard Measurement and Weights. The City does not assume any responsibility that the final quantities will remain in accord with estimated quantities, nor shall the Contractor claim misunderstanding or deception because of such estimate of quantities. The estimated quantities of work to be done and material to be provided may be increased, decreased, or omitted, as provided herein. Any increase in quantities shall be approved by the City prior to any work.
