**WHEREAS**, Resolution No. 2017-R-04 created a Local Register of Historic Sites and Structures (Local Register) within the City; and

**WHEREAS**, as part of the City's redevelopment of Warm Mineral Springs, the September 30, 2016 Phase 2, Structural Assessment (Assessment) prepared by DMK Associates and presented to Commission at a workshop on October 21, 2016 found that the buildings on the Warm Mineral Springs site were originally designed and constructed in 1959 by famed architect, Jack West, a member of the Sarasota School of Architecture; and

**WHEREAS**, the Assessment further found that the buildings were created to accommodate a celebration of the quadricentennial in North Port in the early 1960s; and

**WHEREAS**, the Assessment concluded that all three buildings on the Warm Mineral Springs site are considered to be of historic value and would be eligible for inclusion on the NRHP; and

**WHEREAS**, Section 58-5 of the ULDC sets forth the criteria utilized to identify any significant historic resources on the Local Register, which are based on the factors for listing on the NRHP; and

**WHEREAS**, based on the Assessment, the City finds that the buildings meet the criteria for and proposes to include the Warm Mineral Springs Spa South Structure, Warm Mineral Springs Spa North Structure and the Warm Mineral Springs Cyclorama as part of the Local Register; and
