Salaries of Elected County Constitutional Officers and School District Officials for Fiscal Year 2016-17

Summary:

The practice of determining the compensation of Florida's county constitutional officers by state law was sanctioned by the Constitution of 1885 and has been maintained since the 1968 constitutional revision.¹ However, it was not until 1973 that the Legislature authorized the salary compensation formula that was the precursor to its present form.² Prior to that legislation, the authorization of changes to county officers' compensation required frequent legislative action. A summary of these historical constitutional provisions and general law amendments can be found in this report's appendix.

In expressing its intent, the Legislature determined that a uniform salary law was needed to replace the previous local law method of determining compensation, which was haphazard, preferential, inequitable, and probably unconstitutional.³ In addition, the Legislature intended to provide for uniform compensation of county officers having substantially equal duties and responsibilities and basing these uniform salary schedules on countywide population. Furthermore, in acknowledging the Legislature's stated intent for uniformity, Florida's Attorney General opined in 2008 that a sheriff could not voluntarily reduce his or her salary below that established by law.⁴ However, in 2009, the Legislature authorized district school board members and elected school superintendents to reduce their salaries on a voluntary basis.⁵ Furthermore, in 2011, the Legislature authorized county commissioners, clerks of circuit court, county comptrollers, sheriffs, supervisors of elections, property appraisers, and tax collectors to voluntarily reduce their salaries.⁶

The statutory salary provisions apply to all designated officers in all counties, except those officials whose salaries are not subject to being set by the Legislature due to the provisions of a county home rule charter, as well as those officials of counties that have a chartered consolidated form of government as provided in Chapter 67-1320, L.O.F., (i.e., Duval County).⁷ The adoption of a charter provides the county's electors with a mechanism to fundamentally alter the form of county government and the status of constitutional officers.⁸ Salaries have been computed for all officers of charter counties and are provided for reference purposes even though the statutorily-calculated figures may not be applicable.

The current salary formula methodology specifies that the latest official population census counts or intercensal estimates for the years between decennial censuses serve as a major component of the salary computation. In addition to the population figures, the salary formula contains five other components. The *base salary* and *group rate* components for the separate officers are specified in various sections of Chapter

According to the Florida Association of Counties, Florida's charter counties and their respective year of charter adoption are as follows: Alachua (1987), Brevard (1994), Broward (1975), Charlotte (1986), Clay (1991), Columbia (2002), Duval (1968), Hillsborough (1983), Lee (1996), Leon (2002), Miami-Dade (1957), Orange (1987), Osceola (1992), Palm Beach (1985), Pinellas (1980), Polk (1998), Sarasota (1971), Seminole (1989), Volusia (1971) and Wakulla (2008) available at <http://www.fl-counties.com/about-floridas-counties/charter-county-information>.

145, F.S., for elected county officers and Chapter 1001, F.S., for elected school district officials.⁹ The *initial factor* component is currently set in law as a constant numerical value.¹⁰ The Florida Department of Management Services (DMS) annually certifies the remaining two components, the *annual factor* and *cumulative annual factor*, used in the salary formula calculations.¹¹ Traditionally, this annual certification has occurred in late summer, typically during the month of August or September.¹²

Prior to 1984, the Florida Department of Community Affairs calculated salaries for county constitutional officers; however, that authority was deleted from law during the 1984 legislative session.¹³ From 1985 through 2009, the former Legislative Committee on Intergovernmental Relations continued the annual salary calculations for county constitutional officers and elected school officials as a service to governmental units. Since 2010, the Legislature's Office of Economic and Demographic Research (EDR) has made the annual calculations. Since the EDR is not required by law to perform these calculations, county government and school district officials are encouraged to independently verify the salaries of their respective elected officials.

General Law Amendments Affecting Elected County and School District Officers' Compensation:

Chapter 2016-157, L.O.F., made the base salaries and group rates used to calculate a supervisor of election's salary the same as the current base salaries and group rates used to calculate the salaries of the clerks of circuit court, county comptrollers, property appraisers, and tax collectors.

Definition of Terms Relevant to the Current Statutory Formula:

Population means the latest annual determination of population of local governments produced by the EDR and provided to the Governor's Office in accordance with s. 186.901, F.S.¹⁴ For the years between decennial censuses, the University of Florida's Bureau of Economic and Business Research (BEBR) generates annual population estimates for local governments, in accordance with a contract administered by the EDR. *Salary* means the total annual compensation, payable under the schedules set forth in Chapter 145, F.S., to be paid to an officer as personal income.¹⁵ *Annual Factor* means 1 plus the lesser of either: 1) the average percentage increase in the salaries of state career service employees for the current fiscal year as determined by the DMS or as provided in the General Appropriations Act; or 2) 7 percent.¹⁶ *Cumulative Annual Factor* means the product of all annual factors certified under this act prior to the fiscal year for which salaries are being calculated.¹⁷ *Initial Factor* means a factor of 1.292, which is the product, rounded to the nearest thousandth, of an earlier cost-of-living increase factor authorized by Chapter 73-173, L.O.F., and intended by the Legislature to be preserved in adjustments to salaries made prior to the enactment of Chapter 76-80, L.O.F., multiplied by the annual increase factor authorized by Chapter 79-327, L.O.F.¹⁸

Salary Computation Methodology:

STEP 1 of the salary computation involves the determination of the relevant population group number for the elected officer based on the countywide population. **Table 1** lists the official 2015 county population estimates used to compute the 2016-17 salaries.

Two sets of countywide population ranges are used to determine the salaries of the elected officers. One set applies to the clerk of circuit court, county comptroller (if applicable), tax collector, property appraiser, supervisor of elections, sheriff, and school superintendent. The second set applies only to county commissioners and school board members. Each population range has an assigned population group number.

STEP 2 of the salary computation involves the determination of the relevant base salary and group rate that corresponds to the population group number determined in the first step. **Table 2** displays the applicable sets of population ranges, base salaries, and group rates, which correspond to each population group number.

STEP 3 involves computing the salaries of elected county officers using the following formula.

$$\text{Salary} = [\text{Base Salary} + (\text{Population Above Group Minimum} \times \text{Group Rate})] \times \\ \text{Initial Factor} \times \text{Certified Annual Factor} \times \text{Certified Cumulative Annual Factor}$$

Sample Computation of Salary:

Alachua County's Clerk of Circuit Court, Property Appraiser, Supervisor of Elections, and Tax Collector

2015 Population Estimate:	254,893
Group Number (IV) Minimum:	200,000
Corresponding Base Salary (i.e., Group IV):	\$30,175
Corresponding Group Rate (i.e., Group IV):	0.01575
Initial Factor:	1.292
Certified Annual Factor:	1.0015
Certified Cumulative Annual Factor:	3.2985

$$\text{Salary} = [\$30,175 + [(254,893 - 200,000) \times 0.01575]] \times 1.292 \times 1.0015 \times 3.2985 = \$132,479$$

Salaries of Elected County Constitutional Officers:

Table 3 displays the salaries for the county constitutional officers calculated pursuant to the statutory formula. As previously mentioned, these salaries apply to all designated officers in all counties, except those officials whose salaries are not subject to being set by the Legislature due to the provisions of a county home rule charter, as well as those officials of counties that have a chartered consolidated form of government as provided in Chapter 67-1320, L.O.F., (i.e., Duval County). The formula-based salaries of supervisors of elections are based upon a five-day workweek; however, if a supervisor does not keep his or her office open five days per week then the salary is prorated accordingly.¹⁹ The EDR's calculation of each supervisor of elections' salary is based on the assumption of a five-day workweek and does not reflect any applicable pro rata reduction. Each elected county constitutional officer may reduce his or her salary rate on a voluntary basis; however, the salary figures published in this report do not reflect any such voluntary reductions.²⁰

19. Sections 145.09(2), F.S.

20. Sections 145.031(3), 145.051(3), 145.071(3), 145.09(4), 145.10(3), 145.11(3), F.S.

Additionally, these salary figures do not include any special qualification salary (discussed in the section entitled *Additional Compensation*), which may be awarded to eligible officers.

Salaries of Elected School Superintendents and School Board Members:

Table 3 also displays the salaries for the school superintendents and school board members calculated pursuant to the statutory formula. The formula-based salary computation is made for each school district's superintendent and included in the table even though the statutory provisions apply only to elected superintendents. Additionally, the salary figures do not include any special qualification salary, performance salary incentive, or district school board-approved salary (each discussed in the section entitled *Additional Compensation*), which may be awarded to eligible elected school superintendents. Each elected school board member and school superintendent may also reduce his or her salary rate on a voluntary basis; however, the salary figures published in this report do not reflect any such voluntary reductions.²¹

Effective Date of Salary Changes:

Elected county and school officers' salaries are adjusted annually pursuant to law, but the law fails to specify the effective date of these annual changes.²² Florida's county governments operate on the October 1st to September 30th local fiscal year, while Florida's school districts operate on the July 1st to June 30th state fiscal year. In an attempt to clarify this uncertainty, Florida's Attorney General opined that salary increases are effective October 1st for the elected county officers and July 1st for the elected school district officials.²³

Additional Compensation:

Select county constitutional officers are eligible to receive a special qualification salary of up to \$2,000 added to their formula-based salary; however, the officer must first successfully complete the required certification program.²⁴ Any officer becoming certified during a calendar year receives in that year a pro rata share of the special qualification salary based on the remaining period of the year. Any special qualification salary is added after the calculation of the formula-based salary.

Certification programs are offered to the clerks of circuit court, sheriffs, supervisors of elections, property appraisers, tax collectors, and elected school superintendents, and the officer is required to complete a course of continuing education to remain certified.²⁵ The following state agencies prescribe the courses of continuing education: the Supreme Court for clerks of circuit court; the Department of Law Enforcement for sheriffs; the Department of State's Division of Elections for supervisors of elections; the Department of Revenue for property appraisers and tax collectors; and the Department of Education for elected school superintendents.

In addition to the special qualification salary for elected school superintendents, the Department of Education also provides a leadership development and performance compensation program, which consists of two phases: a content, knowledge, and skills phase; and a competency acquisition phase.²⁶ Upon successful completion of both phases and demonstrated successful performance, the school superintendent is issued a Chief Executive Officer Leadership Development Certificate and given an annual performance salary incentive of not less than \$3,000 nor more than \$7,500 based upon his or her performance evaluation. For elected school superintendents, current law also provides that a district school board may approve, by

majority vote, a salary in excess of the formula-based amount.²⁷

Payment of Group Insurance Premiums or Charges:

Current law authorizes the payment of premiums or charges for group insurance for those county officers whose compensation is fixed by Chapter 145, F.S.²⁸ All or any portion of the payment of the costs of life, health, accident, hospitalization, or annuity insurance for county officers, as authorized in s. 112.08, F.S., is not deemed to be compensation within the purview of Chapter 145, F.S.²⁹

Role of the EDR:

As previously mentioned, the EDR has continued the annual calculations of elected county constitutional officers and school district officials' salaries as a service to interested parties. No legislative entity is under statutory obligation to perform these annual calculations; therefore, county government and school district officials are encouraged to independently compute the salaries of their own elected officers in order to verify the salary figures published in this report.

Beyond making the formula-based salary calculations and publishing this annual report, the EDR does not collect any of the following information: 1) the salary figures of those officers whose salaries are not set pursuant to the statutory formula; 2) the salary figures of those officers choosing to voluntarily reduce their salary; 3) a listing of county constitutional officers and elected school superintendents receiving any special qualification salary and the amounts of those supplemental awards; 4) a listing of elected school superintendents receiving any performance salary incentive or district school board-approved salary and the amounts of those supplemental awards; and 5) the amounts of any group insurance premiums or charges paid on behalf of those county officers whose compensation is fixed by law. Persons interested in obtaining such figures should contact the county government or school district directly.

Salaries of Other Elected State Officials and Full-Time Members of Commissions:

The salaries of Florida's elected state officials and full-time members of commissions are not set by a statutory salary formula, but are set annually in the General Appropriations Act and may be reduced on a voluntary basis.³¹ Listed below are the salaries of those elected officials and commission members, effective July 1, 2016, which do not reflect any voluntary reductions.

The annual salaries of members of the Florida Senate and House of Representatives are set as a fixed dollar amount, but current law includes a provision for annual adjustment on July 1st based on the average percentage increase in the salaries of state career service employees for the fiscal year just concluded.³² However, notwithstanding the provisions of s. 11.13(1), F.S., the authorized salaries of state legislators for the 2016-17 fiscal year are set at the same level in effect on July 1, 2010.³³ Consequently, the 2016-17 salaries for the Senate President and House Speaker are \$41,181 each, and the salaries for all other Senate and House members are \$29,697 each.

Table 3 Finalized Salaries of Elected County Constitutional Officers and School District Officials for Fiscal Year 2016-17 Pursuant to the Salary Formula in Chapter 145, Florida Statutes See Table Notes for Additional Clarification								
County	Elected County Constitutional Officers						Elected School District Officials	
	Clerk of Circuit Court	Property Appraiser	Supervisor of Elections	Tax Collector	Sheriff	County Commissioners	School Superintendent	School Board Members
<p>Notes:</p> <p>1) Salary figures have been calculated by the Florida Legislature's Office of Economic and Demographic Research (EDR) pursuant to the statutory formula in Chapter 145, F.S. Although not required by law, the EDR calculates salaries of elected county constitutional officers and school district officials as a service to county governments and school districts. County and school district officials are encouraged to independently compute and verify these salary figures.</p> <p>2) The calculated salary figures for all officers reflect the use of 2015 countywide population estimates listed in "Florida Estimates of Population 2015" published by the University of Florida's Bureau of Economic and Business Research.</p> <p>3) These salary figures may not be applicable to those elected county officers of a chartered consolidated government or those elected officers in counties having a home rule charter, which specifies another method of salary compensation. As indicated in this table, Florida currently has 20 charter counties.</p> <p>4) Salary figures are included for each school district's superintendent even though the salaries determined by statutory formula are applicable only to elected school superintendents. As indicated in this table, Florida currently has 41 elected school superintendents.</p> <p>5) These salary figures do not include any special qualification salary available to eligible clerks of circuit court, property appraisers, sheriffs, supervisors of elections, and tax collectors who have completed the required certification program specified in the relevant sections of Chapter 145, F.S. Additionally, the salary figures for elected school superintendents do not include any special qualification salary and performance salary incentive available to eligible elected school superintendents who have completed the required certification programs specified in Section 1001.47, F.S.</p> <p>6) As the result of recent statutory authorizations (i.e., Chapters 2009-3, 2009-59, and 2011-158, L.O.F.), each elected county constitutional officer and school district official may voluntarily reduce his or her salary rate. However, the salary figures listed in this table do not reflect any such voluntary reductions.</p> <p>7) This table reflects the statutory change enacted by Chapter 2016-157, L.O.F., which made the base salaries and group rates used to calculate a supervisor of election's salary the same as the current base salaries and group rates used to calculate the salaries of the clerks of circuit court, county comptrollers, property appraisers, and tax collectors.</p> <p>8) Pursuant to law, the Florida Department of Management Services must annually certify two components of the salary formula calculation: the annual factor and cumulative annual factor. For the 2016-17 fiscal year, the certified annual factor is 1.0015 and the certified cumulative annual factor is 3.2985.</p>

Chapter 28041, 1953 L.O.F., modified the thresholds in the defined schedule that set the compensation of fee or commission-based county officials.

Chapter 61-461, L.O.F., provided for the compensation of county officers (i.e., members of the board of county commissioners, members of the board of public instruction, clerk of circuit court, county judge, sheriff, superintendent of public instruction, supervisor of registration, tax assessor, and tax collector). The Legislature acknowledged that the functions, powers, duties, and responsibilities vary between county officers in the same county and between the same county officer in different counties with respect to the county's population, geography, economy, and government. Consequently, the amount of compensation set in law for each type of county officer varied from county to county, except for Dade County where compensation was determined locally based on home rule powers. The intent of the legislation was not to repeal, affect, or modify any local or special law, or general law of local application enacted prior to or during 1961 as to the compensation of county officers, travel expenses of county officers, or payment of extra compensation of the chair of the board of county commission or board of public instruction. Also, the legislation was not applicable where in conflict with relevant local laws in Franklin, Gadsden, Liberty, and Wakulla counties.

Chapter 63-560, L.O.F., increased, decreased, or left unchanged from amounts set in Chapter 61-461, L.O.F., the compensation for members of the board of county commissioners, members of the board of public instruction, clerk of circuit court, county judge, sheriff, superintendent of public instruction, supervisor of registration, tax assessor, and tax collector. The legislation also provided for the compensation of county officials whose compensation for official duties was paid in whole or part by fees or commissions. The amount of such compensation was not to exceed \$7,500, unless otherwise provided in law.

Chapter 65-356, L.O.F., increased, decreased, or left unchanged from amounts set in Chapter 63-560, L.O.F., the compensation for members of the board of county commissioners, members of the board of public instruction, clerk of circuit court, county judge, sheriff, superintendent of public instruction, supervisor of registration, tax assessor, and tax collector.
