Jason:

The following is in response to Vice-Mayor McDowell's requests information to the Biscayne Drive Median Landscape Project:

1. **Requests:** Vice Mayor is requesting pictures of the various plants in season and out of season for the staff's recommendation (1B) for Biscayne. She also wanted the same kinds of photos for the existing plantings of Juniper, Muhly Grass, Dwarf Firebush, and Schefflera. In addition, I need a memo of staff hours spent on Biscayne project since we started doing weekly reports. We also need to calculate the average staff hourly cost for the folks working to maintain Biscayne.

Response: I will be hand-delivering all of the requested information to Katy for distribution to the Commissioner in approximately 30 minutes and also copies to you for yourself, Pete, Cari and Amber.

Thank you.
