I have included a link to the minutes for your review.

While the minutes do not give a date bring it back to commission, however, there was NO consensus to wait for the ULDC revision either – it was only a recommendation. The only consensus given about the ULDC re-write is about terminating the contract.

I am preparing an agenda item for the next commission meeting to get clear direction.

It is my understanding that the direction here was to include this in the revision of the ULDC. This involves input from the City Arborist and the ULDC consultant who will be engaged in late Spring.

Any suggestions? I don't remember the direction off the top of my head.

On May 25, 2016 we held a workshop on the Tree Ordinance. It's been 9 months ... do you know when we'll have another meeting on this subject?

Debbie
