Re: Vehicle Quotes

December 29, 2016

Ralph,

I would like to first thank you for the opportunity for us to do business with you and the City of North Port. Please see enclosed hand written quotes per your request. I have also enclosed the contract we hold with The City of Cape Coral and the pricing is being "piggy backed" for you.

We will be opening our (local) Sarasota Location mid to late January 2017. This facility will be staffed Monday – Friday from 9am – 5pm with 2 EVT Certified Technicians. We anticipate a fast delivery time frame and quality installations done right the first time. LWS also offers an onsite service for any warranty installation issues that may arise.

The installation labor reflects LWS supplying the parts that we have quoted and this will assure that the labor rate will stay at a lower cost. As stated in the Cape Coral contract shipping will be a direct pass through with no mark up. LWS has no problems meeting the installation requirements you have drawn out in the bid you have supplied us.

Thank you again for the opportunity and we look forward to serving you and the City of North Port!

Sincerely,

A handwritten signature in blue ink, appearing to read 'Mike Segal', is written over the printed name.

Mike Segal
Vice President
