Jennifer Desrosiers, CGFO
Acting Utilities Director
North Port Utilities
North Port, Florida

Re: North Port Utilities Site

Dear Ms. Desrosiers,

Jennifer, consistent with our prior communications, please accept this as confirmation that the District and developer recognize that the pending utility site acquisition may not be of sufficient size to serve ultimate build out of the West Villages and, should that be the case, additional lands will be provided to meet the demand and plant siting requirements.

Please feel free to call me with any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Martin Black", is displayed on a light blue rectangular background.

Martin Black, General Manager
