

BISCAYNE DRIVE MEDIANS CROSSWALKS ANALYSIS

SOUTH BISCAYNE DRIVE CROSSWALKS ANALYSIS

- **January 24, 2017:** City Commission approved Contract No. 2017-08 between C-Squared Certified General Contractor, Inc. to construct curbing around the South Biscayne Drive medians subject to the following conditions:
 1. Conduct crosswalk analysis and bring back to the City Commission at the next possible meeting.
 2. Adding the responsibility of Maintenance of Traffic (MOT) back to the contractor.
- **Criteria for Crosswalks:**
 1. Sidewalks on both sides of South Biscayne Drive
 2. Crosswalks cannot conflict with vehicular traffic movement
 3. Width and location of intersection must be conducive to the safety of the crosswalk
- **January 30, 2017:** Staff conducted crosswalk analysis and site inspection to determine the need for pedestrian crosswalks within the median improvements of South Biscayne Drive project limits between Safford Terrace and Elyton Drive.

BISCAYNE DRIVE MEDIANS CROSSWALKS ANALYSIS

- The only location that met all of the criteria for crosswalks was the intersection of South Biscayne Drive and Hyde Park Avenue.
- Staff has determined that one additional crosswalk at the South Biscayne Drive and Hyde Park Avenue intersection should be constructed.
- Staff will process an administrative change order in the amount of \$2,807.18 with C-Squared Certified General Contractors, Inc. for construction of the additional crosswalk.
