This is wonderful news! Thank you so much for your message.

Each month the Commission has a meeting in which proclamations and special recognitions are done and this is certainly something that would be fitting to recognize the students for their accomplishments.

I am including the city clerk on this message so that she can obtain the necessary information and place an item on a future meeting for recognition of the winners and participants from our North Port Schools.

Thank you again for reaching out to communicate this exciting news.

Sincerely,
Mayor Linda M. Yates
North Port City Commissioner Seat 5

Subject: Atwater Elementary County science fair winners!

Dear Commissioners,

I wanted to inform you that Atwater Elementary's 3rd grade Advanced students took 1st, 2nd, and 3rd place at last week's Sarasota County Science Fair. We are waiting to hear the results of the other schools, but we believe this is the first time a North Port school has done this. I know Mr. Hutchinson, the Atwater Principal, and Mr. Stephen Lord, the Advanced 3rd grade teacher, are very humble gentlemen and are not looking for accolades for their students' works. As one of the parents of the winning participants, I would like to see if there is anything you all could do to recognize this historic accomplishment.

Thank you for your time and consideration on this matter.

Sean Kirkpatrick

North Port High School

Biology & Physical Science
