See responses below, I don't believe we covered this in our meeting. Also attached are the fiscal impact analysis cover sheets that she requested.

The code reference for the land use mix in the Town Center is Sec. 53-212.C.

Subject: Agenda 7/11 - Ord. 2019-24

Reading the legislative text the last paragraph states the CA and staff recommend language be moved to 53-214c(2). I can't find any language or reference to 53-214c(2) in the ordinance. Why is it MIA?

RESPONSE: This is the section we are recommending moving the language to. It is not currently in the ordinance, but would be revised between first and second reading. It is covered in the block for advertisement purposes.

In the PZAB draft minutes in the motion it references "TXT19-125 with staff changes" Where is this referenced in our back up materials? What is it?

RESPONSE: In the language from the draft minutes below, the staff change is referring to recommended change in language in line 223. This is the only difference in the ordinances attached to the agenda item – this change was reflected in the Ordinance with PZAB edits.

Ms. Galehouse provided an overview and noted that the West Villages Index Map and Pattern Book were adopted by ordinance but never codified into the Unified Land Development Code (ULDC).. Following staff and legal review, it was determined that it was in the City's best interest to adopt the Ordinance into the ULDC, the ordinance has been properly advertised and reviewed by the City Attorney for form and correctness, requested that, if approved, the motion include a change on page 6, line 223, subsection F, replacing with "Public facilities such as schools, fire stations, parks, police stations and wastewater and water treatment facilities may be developed at any time with subsequent to review and approval of a major site and development plan . All other developments within the Wet Villages shall require the adoption of the Village District Pattern Plan" and noted staff is recommending approval with conditions.

I think there's a typo in the PZAB draft minutes ... it references page 6, line 223 subsection f with quoted language, however that line doesn't match up, maybe it should be LINE 203. Unless, PZAB is given a different ordinance than commission to review, then I have follow up questions!

RESPONSE: This is a typo, it should say line 203.

Which brings me to Line 203 - what language do you want us to approve, the language presented on lines 203 to 216, the language referenced and recommended in the legislative text for 53-214c(2) which is MIA in the ordinance (see 1st item in this email) or the language in the PZAB with edits Ordinance lines 203 to 207?

RESPONSE: The language in the last paragraph of the legislative text, being moved to Sec. 53-214(c).

If feel a conversation is warranted, give me a call at your convenience. I should be in the office most of the day.

Thanks Debbie
