NORTH PORT PUBLIC ART ADVISORY BOARD

FIVE
YEAR
PLAN

North Port Public Art Theme Proposal

- The City of North Port Art Advisory Board recommends that the visual art theme for public art installations in The City of North Port should be Native Florida Flora and Fauna with concentration on the native flora and fauna of southwest Florida.
- Any and all participating artists shall be full or part-time Florida residents.

North Port Theme Proposal, continued

- In public, common areas, sculpture installations will be native Florida birds and in public parks and schools, Gopher Tortoises.
- Mural Installations on public buildings will be native fauna set in scenes of native flora or native Florida flora (genre variations will be encouraged).
- Provisions for exceptions to the theme might be made for site specific art installations (e.g.; North Port Skate Park, Braves Spring Training Facility, etc.). Such requests will go through a specific appeals process. Any exceptions will be few and far between as the City of North Port seeks to maintain a strong visual identity.

2019 PROJECT

ARTIST DONALD GIALANELLA

“Dream
Sparrow”
Orlando, FL

“Dali Stache”
