TITLE: Discussion and possible action regarding the recruitment of a new City Manager

Recommended Action

Discuss and provide direction on how to recruit a new City Manager.

Background Information

For the last City Manager recruitment (2010/11), Commission directed the City Manager to have Human Resources recruit for a new City Manager, specifically by soliciting proposals for a national executive search firm to facilitate the recruitment and selection process.

If the Commission wishes to go in this direction again the following is one possible plan of action.

- A Request for Professional (RFP) Services could be issued by the Purchasing Division immediately to secure a nationally known local government executive search firm.
- The RFP be would be out for thirty days.
- Staff could recommend a short list of the top three firms to be reviewed.
- The Commission would review and approve their section of a recruitment firm. Hopefully this would occur by the end of April.

The timing of the recruitment and selection would be a point of discussion between the recruitment firm and the Commission. It is realistic to think that the entirety of the process could take 6 to 8 months.

The Commission should consider what steps it would like to take to select an Interim City Manager, the current City Manager's last day is April 3, 2017.
