The City of North Port Department of Public Works has identified 29.15 miles of roads to receive the application of an asphaltic rejuvenating agent in fiscal year 2019. The City of Punta Gorda has granted the City of North Port permission to piggyback their Contract with Pavement Technology, Inc. Please note that Pavement Technology, Inc. has agreed to honor their unit contract price (remained the same since 2015) included in the City of Punta Gorda Contract. The estimated cost is \$278,938.08, with a contingency of \$21,061.92, for an estimated total of \$300,000.00.

The work location will be in the Jeannin Boulevard and Nordendale Boulevard corridors, from south of Price Boulevard to north of Hillsborough Boulevard. Work is anticipated to commence on, or immediately after, May 31, 2019, and shall be completed within 55 calendar days after the issuance of the Notice to Proceed.
