Background Information

At its April 26, 2018 strategic planning session, the Commission directed all Charter officers to provide a monthly report as to the status of Commission directed activities.

The attached *Commission Directives to the City Attorney* includes matters the City Commission directly assigned to the City Attorney. These matters have been opened or worked during the current fiscal year (October 1 to present).

The *Matter List (Redacted)* includes all currently active legal matters, many of which involve legal review of Commission directives to other charter officers. Some matter names have been redacted due to legal confidentiality.
