

To whom it may concern:

I hope this letter finds you well. I am writing to announce a contest that invites talented artists and creative minds to design a logo representing the Environmental Advisory Board of the City of North Port. The selected logo will be used for various promotional and informational purposes, including advertisement campaigns, advisory board projects, official letterheads, and other relevant materials.

The logo design should reflect the core objectives of the Environmental Advisory Board, as outlined below:

(a) The environmental advisory board shall serve as an information resource to and advise the city commission on ways to protect, conserve, enhance, and raise public awareness of the city's natural and environmental resources, its wildlife habitat, its flora and fauna, and on safeguarding environmental quality for the future.

(b) The environmental advisory board shall: (1) Advise the city commission on matters pertaining to preserving and promoting clean air and water quality. (2) Advise the city commission on matters pertaining to preserving and promoting wildlife and habitat protection. (3) Advise the city commission on state and federal environmental regulations that may impact the city. (4) Analyze and consider environmental concerns raised by citizens. (5) Identify educational and outreach community opportunities related to preserving and protecting the environment and wildlife habitat. (6) Research and recommend grants and incentives related to preserving and protecting the environment and wildlife habitat. (7) Advise the city commission on matters pertaining to tree planting and care, landscaping, beautification of public road rights-of-way and public places within the city, grant opportunities, and the availability of special programs to assist the public. (8) Perform other duties relating to preserving and protecting the environment, wildlife habitat, trees, landscaping, and beautification of public places as the city commission may from time-to-time direct.

The submissions for the logo design contest must be in PDF format and sent to jrogus@cityofnorthport.com no later than January 1, 2024. The winner will receive a small prize, and city-wide recognition for their exceptional contribution.

We look forward to receiving creative and innovative designs that represent the ethos and objectives of our Environmental Advisory Board.

Thank you for your participation and support in promoting environmental consciousness and preservation within our community.

Sincerely,

Erin Hall
