Why do you desire to serve on the above Board/Committee? Please list any relative experience, if applicable.

I want to be involved in the environmental board committee because I want people to have a better understanding of the education of wildlife and how actions taken in building have impacts on animals and wildlife. I would also like to mention how art and the environment are so impactful on the education of young minds and how we can better our future by helping to keep its animals safe and building elsewhere.
