will be in addition to every other remedy so specifically given or otherwise so existing and may be exercised from time to time and as often and in such order as may be deemed expedient by the City. The exercise, or the beginning of the exercise, of one remedy will not be deemed to be a waiver of the right to exercise, at the same time or thereafter, any other remedy. **POST AWARD OF QUALIFICATION BASED MASTER CONTINUING CONTRACTS -
PROCEDURE & SELECTION OF CONSULTANTS WITHIN THE CONTINUING CONTRACT:**

Work Assignments

Work Assignment size may vary. No guarantee is expressed or implied as to the quantity of services, if any, to be procured under this Request for Proposals by the City.

Florida State Statute Limits – A "continuing contract" is a contract for professional services entered into in accordance with all the procedures of this act between an agency and a firm whereby the firm provides professional services to the agency for projects in which the estimated construction cost of each individual project under the contract does not exceed **\$7.5 million**, for study activity if the fee for professional services for each individual study under the contract does not exceed **\$500,000**, or for work of a specified nature as outlined in the contract required by the agency, with the contract being for a fixed term or with no time limitation except that the contract must provide a termination clause. Firms providing professional services under continuing contracts shall not be required to bid against one another.

Any work assignment **\$100,000** or greater requires Commission approval.

Reasonable attempts will be made to equalize projects amongst qualified candidates in terms of project worth provided such distribution does not violate the principle of selection of the most highly qualified firm responding to a particular letter of Interest. The respondent to a Letter of Interest deemed most qualified will be chosen to submit a scope and fee for the Work Assignment.

NON-EXCLUSIVITY: No guarantee of certain services, volume of work, or quantity of projects is implied. This contract does not entitle any firm to exclusive rights to City contracts. The City reserves the right to acquire professional services from other firms or perform "in-house" services for any purpose as it deems appropriate. The City may, in its sole discretion, procure the services of any consultant at any time for any project other than those selected for this continuing contract.

Letter of Interest Process

When the City requires professional services, it is anticipated, but not necessarily required, that the process will proceed in the following manner:

- i) For each specific project to be completed under a continuing services contract, Utilities will send a Letter of Interest to all qualified firms awarded the continuing services agreement in the specified category. The letter of interest that will include, but not be limited to, the following information along with request for interested firms to submit a qualifications-based proposal for the specific project.
 - a. Project description;
 - b. General scope of work;
 - c. Goals of project;

- d. Potential unknowns;
 - e. Any special conditions associated with the project;
 - f. Proposed schedule for project;
 - g. Proposed budget for project;
 - h. Limited references request;
 - i. Limited page limit on qualifications-based project-specific proposal; and,
 - j. Deadline for submittal of qualifications-based proposal for the project.
- ii) Each firm in the specified category shall then have the opportunity to submit a qualifications-based proposal for the specific project.
- iii) City staff will evaluate the qualifications-based proposals on general criteria including, but not limited to, the following:
- a. Understanding of project and required deliverables;
 - b. Ability and relevant expertise/qualifications of the firm's personnel to be used in performing the service;
 - c. Availability of staff and ability to meet project schedule;
 - d. Evaluations on prior City projects.
 - e. Conflict of Interest form,
 - f. Disclosure form for Consultant/Engineer/Architect; and,
 - g. Scrutinized Company Certification Form
 - h. E-Verify Certification Form
- iv) City staff will obtain from selected Consultant a finalized detailed scope with tasks, fee schedule based on hourly rates submitted with master contract, and project schedule. Negotiations may be required to fine tune scope and issue a Work Assignment.

The City reserves the right to be the sole determination of responsiveness and responsibility of any submittals received in response to requests for proposals, requests for qualifications, and/or letters of interest.

The Consultant shall neither commence any Work, nor enter a City Work premise, until the Consultant has received a **fully executed Work Assignment** from the City serving as written Notice to Proceed ("NTP").

The parties agree that the scope of services for any Work Assignment is a description of Consultant's obligations and responsibilities and is deemed to include preliminary considerations and prerequisites, and all labor, materials, equipment, and tasks which are such an inseparable part of the work described that exclusion would render performance by Consultant impractical, illogical, or unconscionable.

Consultant and City acknowledge that Scope of Services may not delineate every detail and minor work task required to be performed by Consultant to complete the Project. If, during the course of the performance of the services included in the Work Assignment, Consultant determines that work should be performed to complete the Project which is in the Consultant's opinion outside the level of effort originally anticipated, whether or not the Scope of Services identifies the work items, Consultant shall notify the City in writing in a timely manner before proceeding with the work. If Consultant proceeds with said work without notifying the City, said work shall be deemed to be

within the original level of effort, whether or not specifically addressed in the Scope of Services. Notice to the City does not constitute authorization or approval by City to perform the work. Performance of work by Consultant outside the originally anticipated level of effort without prior written City approval is at Consultant's sole risk.

Consultant acknowledges and agrees that services under this Agreement will be requested by City on an as-needed basis only, and no representation or guarantee is made by City to Consultant that City will utilize Consultant's services exclusively or at all.

Direct Work Assignment Process:

Upon approval from the Sr. Purchasing Administrator or designee, City staff may forego the Letter of Interest Process and proceed directly with the Work Assignment process. A scope with itemized tasks and fee schedule based on contracted hourly rates will be obtained from one of the contracted firms, reviewed, negotiated and awarded. This process will be used when circumstances warrant a more expedient process.

INVOICING:

Consultants shall invoice the City for each project or assignment, as negotiated. Each invoice shall identify the invoice number; project or assignment; detail the contract price; payments made to date; percentage of completion of the assignment/project/phase and/or employees names, titles, direct labor rates, and multiplier; payment due this invoice; remaining balance due; attached list of approved reimbursables with appropriate receipts. Invoices shall itemize hours, hourly wage, or other unit agreed upon as measurement of payment during negotiations, if requested. If hourly, invoices shall identify the name and title of personnel who performed the work.

Invoices shall also include a detailed bullet list of work completed within the period of the invoice. Bullet list of work completed shall clearly identify the work associated with the current billing.

COMPENSATION:

Compensation to the consultant shall include the following: all profit, direct and indirect labor costs, personnel related costs, overhead and administrative costs, and all other costs not indicated as non-reimbursable below.

No claim for reimbursement for these expenses shall be made to the City:

- E.** All travel and vehicle related expenses within Sarasota County, Charlotte County and DeSoto County. (Types of travel outside these counties to be considered during negotiations).
- F.** Three (3) sets of signed and sealed permitting plans.
- G.** Computer usage, telephone expenses, fax, copies, printing, and postage.
- H.** Subcontractor mark-up.

A copy of the invoice for each reimbursable expense shall be attached to consultant's invoice.

The City will not allow Prime Consultant markups on any services provided by a Sub-Consultant.

CHANGE ORDERS:

All requests for changes to the resulting Agreement shall be made in writing and are subject to approval by the appropriate level of City authority.

All change orders, including no-cost change orders, to Work Assignments require approval by City Manager, at a minimum. Some change orders will require Commission approval.

The consultant shall fully understand the City's Change Order Policy. In the event the consultant begins work on unauthorized changes to scope prior to receiving a signed Change Order by the City's appropriate level of authority, they do so at their own expense and risk not being compensated by the City for performing unauthorized work.

SCHEDULE:

An understanding and agreement, by and between the Consultant and the City, that the completion time will be as specified in approved work assignments and that all work shall be prosecuted regularly, diligently, and uninterrupted at such rate of progress as will ensure full completion thereof as specified in the Scope of Services.
